CRIMINAL JUSTICE (CRJ)

College of Business and Public Management

Courses

CRJ 500. Comparative Criminal Justice Systems. 3 Credits.
This course examines criminal justice systems worldwide, focusing primarily on the
relationships between the police, courts, corrections and the society these subsystems serve.
The primary focus will be on the four legal traditions: common law, civil law, socialist, and
Islamic systems of law and social control. Descriptive material on selected countries will be
analyzed and compared.
Pre / Co requisites: CRJ 500 requirement - Majors only.

CRJ 503. Criminal Behavior And The Law. 3 Credits.
This course is designed to help the student understand behavior by comparing criminal
with normal behavior. A survey course, it reviews types of abnormal behavior and mental
disorders, methods of diagnosis, and treatment and resolution of internal personal conflicts.
Also included is an understanding of criminal behavior as it applies to abnormality.
Pre / Co requisites: CRJ 503 requirement - Majors only.

CRJ 505. Criminological Theory. 3 Credits.
This course is a survey of the historical and contemporary attempts to explain the phenomena
of crime and criminal behavior from the perspectives of sociology, psychology, economics,
biology, and law. Emphasis will be placed on contemporary theories and the analysis of
evidence supportive of various theoretical positions.
Pre / Co requisites: CRJ 505 requirement - Majors only.

CRJ 506. Leadership/Management Strategies for CRJ Professionals. 3 Credits.
This course offers graduate students insight and understanding into the strategies and skills
necessary to become outstanding supervisors and leaders. The course content provides
students with the opportunity to develop personally and professionally through exploration of
theory, application of theory to practice and skill development related to leadership concepts.
Students will have the opportunity to practice skill sets in a classroom setting and receive
immediate feedback.
Pre / Co requisites: CRJ 506 requirement - Majors - only.

CRJ 507. CRJ System: Contemporary and Ethical Issues. 3 Credits.
This course is designed to identify and examine ethical issues among practitioners and
students in the criminal justice field. Such issues include the discretionary power of arrest, the
use of deadly force, the decision to prosecute, participation in plea bargaining, representation
of the guilty, and the imposition of punishment.
Pre / Co requisites: CRJ 507 requirement - Majors only.

CRJ 508. Research Design & Data Analysis. 3 Credits.
This course is intended to introduce the graduate student to the process of social research. It
discusses research concepts such as problem identification, data collection, data analysis,
hypothesis testing, and the development of conclusions and recommendations.
Pre / Co requisites: CRJ 508 requirement - Majors only.

CRJ 509. Criminal Jurisprudence. 3 Credits.
This course examines the complex concepts and principles of criminal law and procedure. The
foundations of these disciplines will be initially reviewed, followed by a more comprehensive
and incisive analysis and investigation of the difficult issues which have evolved through
decisions of the United States Supreme Court. Supreme Court jurisprudence is examined and
contrasted with the jurisprudence of the Pennsylvania courts.
Pre / Co requisites: CRJ 509 prerequisite open to criminal justice majors only.
Distance education offering may be available.
Typically offered in Fall & Spring.

CRJ 515. Crime Mapping and Analysis. 3 Credits.
This course is an examination of the process of electronically mapping the distribution of
crime and other spatially defined data. The focus is on the distribution and analysis of crime
and social services information over time relative to the relevant demogaphic and social
environment. The goal is to teach law enforcement and related social service personnel how to
create, map and analyze data within the spatial context of the relevant community.

CRJ 522. Corporate and Financial Crime. 3 Credits.
This course facilitates the study of complex and significant areas of economic crime, better
known as "white collar crime". Examples of these types of crimes include: insider trading,
fraud against the government, corruption of public funds by elected or appointed officials,
bid rigging, and unethical industry practices such as "off-labeling" of pharmaceuticals. Basic
statutory laws, including the Sherman Anti-Trust Act, will be reviewed.
Pre / Co requisites: CRJ 522 requirement - Majors only.

CRJ 524. Juvenile Law. 3 Credits.
This course will bring together the leading cases that have reached the Supreme Court, as well
as other important federal and state court decisions relating to the juvenile justice process.
Pre / Co requisites: CRJ 524 requirement - Majors only.

CRJ 525. Restorative Justice. 3 Credits.
This course will examine the use of restorative justice in the criminal justice system. The impact
of restorative justice approaches on victim and family of victim, offender and community
will be examined at the adult and juvenile level. In addition, the history and philosophy of
punishment will be explored. A critique and overview of contemporary models of restorative
justice will also be undertaken.

CRJ 526. Contemporary Issues in Law Enforcement. 3 Credits.
This course is designed to examine current policing strategies and political issues that have
developed as a result of those strategies. It will also explore the future of policing in America
and will present several interdisciplinary approaches to new theoretical perspectives.
Pre / Co requisites: CRJ 526 requirement - Majors only.

CRJ 528. Advances in Law Enforcement Technology. 3 Credits.
This course will present, identify and discuss major trends and cutting edge initiatives in law
enforcement technology. The course will address the latest technology in two aspects: in the
lab and in the field. Potential problems with new technologies will be examined, including
constitutional issues, public policy implications, and difficulties of implementation.

CRJ 530. Advanced Interviewing Skills for CRJ Professional. 3 Credits.
This course describes, explains, and teaches the techniques used by experienced interviewers
based upon the sciences of human communication and interaction. This course defines
the more clinical interview by mental health professionals and distinguishes it from the
investigative interview as an analytical crime-solving tool.
Pre / Co requisites: CRJ 530 requirement - Majors only.

CRJ 545. Criminal Profiling. 3 Credits.
This course describes and explains the art and science of criminal profiling used as an
investigative technique to identify the demographic, personality and behavioral characteristics
of offenders. The course defines the differences between clinical profiling by mental health
professionals and profiling as an analytical investigative tool.

CRJ 546. Addiction. 3 Credits.
This course is designed to explore the history and extent of alcohol and other drugs of abuse
and the relationship to crime. The current criminal justice response will be analyzed as will
past efforts at crime control. This course will provide students with the factual, theoretical and
philosophical information necessary to understand the multifaceted dimensions of drug abuse
and addiction and a rational approach to address the problem.

CRJ 555. Topical Seminar in Criminal Justice. 3 Credits.
This course will provide an intensive examination of a selected area of study in the field of
criminal justice. Topics will be announced at the time of offering. This course may be taken
more than once when different topics are presented.
Pre / Co requisites: CRJ 555 requirement - Majors only.
Distance education offering may be available.
Repeatable for Credit.

CRJ 560. Applied Legal Studies. 3 Credits.
The course will examine selected factual accounts of criminal law and process. Through critical
examination and analysis of these cases, the student will be able to understand the practical
realities of the criminal justice system, and to compare theory and philosophy with practice.
Distance education offering may be available.
Typically offered in Fall.

CRJ 565. Victimization: Theory, Research and Practice. 3 Credits.
This course is designed to analyze historical and contemporary issues in the areas of
victimology and victim services. The course will cover the historical and modern-day roles of
victims in criminal justice, victimization trends and patterns, theories of victimization, current
research findings related to crime victims, legal rights of victims, and available victim services.
Distance education offering may be available.
CRJ 566. Contemporary Issues In Corrections. 3 Credits.
This course is designed to analyze contemporary issues in the area of corrections. Such issues will include the privatization of corrections, diversion, restorative justice, treatment of the mentally ill, sentencing disparity, the politics of corrections, the incarceration of youth, the death penalty, prison overcrowding, inmate rights, the media and corrections, and the use of technology in corrections.
Pre / Co requisites: CRJ 566 requirement - Majors only.
Distance education offering may be available.

CRJ 570. Gender, Crime and Justice. 3 Credits.
This course will examine the impact gender has on various aspects of the criminal justice system. The course will offer an exploration of the victimization of women, and the culture that supports it. It will also address the unique issues of women as criminals, women as prisoners, and women as workers in the criminal justice system.
Pre / Co requisites: CRJ 570 requirement - Majors only.

CRJ 575. Bioterrorism, Bio-Crises & Public Health. 3 Credits.
This course addresses the protection of the public’s health and that of workers such as first responders from biological agents that cause disease and/or death. Students will learn scientific concepts, issues and techniques currently used in disaster mitigation and response for vio-crises such as disease outbreaks, epidemics and pandemics as well as bioterrorism emergencies. Students will manage scenarios to enhance leadership skills. As available, a service learning research project will be incorporated.

CRJ 580. Cyber Crime. 3 Credits.
This course addresses the evolution of criminal activity conducted using internet technology. Areas of study will include cyber terrorism, cyber stalking, espionage, information warfare, electronic fraud, "phishing", systems interference and other virtual crimes.

CRJ 582. Controversial Criminal Jurisprudence. 3 Credits.
This course presumes a sophisticated working knowledge of criminal law and procedure (successful completion of CRJ 509). It provides an in-depth analysis of the Supreme Court’s historical and contemporary approach to the most controversial issues of criminal law and procedure. The perspectives and arguments will be examined through the study and analysis of U.S. Supreme Court cases.
Pre / Co requisites: CRJ 582 requires prerequisite of CRJ 509 (Majors only)

CRJ 599. Independent Studies in Criminal Justice. 1-3 Credits.
This course will entail research projects, reports, and readings in criminal justice.
Pre / Co requisites: CRJ 599 requirement - Majors only.
Consent: Permission of the Department required to add.
Repeatable for Credit.

CRJ 600. Proseminar. 3 Credits.
This capstone course requires the successful completion of a significant empirical research study. It builds on the knowledge and skills acquired in CRJ 508, as well as the general concepts learned in other graduate CRJ courses. The student is required to present the study's findings in a scholarly paper and an oral presentation.
Pre / Co requisites: CRJ 600 requires a prerequisite of B or better in CRJ 508.

CRJ 610. Thesis. 3 Credits.
Bound and shelved in the library, the thesis represents the student’s ability to plan, organize, and direct a research effort designed to discover, develop, or verify knowledge. Only for these students taking the thesis track.
Pre / Co requisites: CRJ 610 requirement - Majors only.
