CAMPUS AND FACILITIES

West Chester University Campus

West Chester University’s campus is a mixture of 19th century collegiate Gothic and contemporary architectural styles. The distinctive buildings and magnificent old trees make the campus one of the aesthetic treasures of southeastern Pennsylvania.

Approaching West Chester Borough from the south, the University stretches westward from High Street and provides a gateway to the borough. The Academic Quadrangle serves as a landmark surrounded by the University’s oldest buildings – Phillips Memorial Building, Recitation Hall, Anderson Hall, Ruby Jones Hall, and the Old Library. Three of these buildings are constructed of the green-hued serpentine stone that has given West Chester its particular character for more than a century. Over the ensuing decades, the University expanded to the west and south to include residence halls, student activity and athletic facilities, a dining facility, and general academic buildings. Focal points of student leisure life outside the classroom include the Sykes Student Union, which houses a movie theater, food court, meeting rooms, and lounges, and the Student Recreation Center, which features a popular three-story climbing wall, basketball courts, exercise rooms with cardio equipment and weights, a running track, and a smoothie cafe for post-workout refueling. The Business and Public Management Center, which opened in January 2017, is now the largest academic classroom building on campus. The building features 23 multimedia classrooms, five collaborative classrooms, 13 classrooms with tiered seating, a 189-seat lecture hall, five seminar/conference rooms, and 137 offices.

Just three-quarters of a mile away is South Campus, a 300-acre expanse that includes apartment complexes housing more than 1,200 students and the Strubecker Health Sciences Center, a nationally acclaimed teaching, performance, and research facility. Surrounding the center are tennis courts, two multipurpose artificial turf fields, and Farrell Stadium, which is equipped with the same artificial turf used by professional football teams.

Also at South Campus is the Gordon Natural Area. This 70-acre site encompasses two parcels of land, a 47-acre forest, which is east of Farrell Stadium on South Campus, and a 23-acre tract of old farm fields, floodplains, and wetlands southwest of the stadium. Gordon Natural Area currently is home to more than 35 research projects, ranging from stream water quality assessments to seismic monitoring. In its efforts to protect biodiversity, the natural area conducts plant surveys, removes invasive plant species, and organizes tree plantings.

Information Services & Technology

The Information Services & Technology Division (IS&T) provides information technology services for the University community, including communications networks, collaboration tools, multimedia and video services, services for distance education courses, and multiple on-campus student computing labs. The labs are staffed with support consultants to assist students with technical questions, and open hours are posted online at https://wcupa.edu/ITHelpdesk.

The labs provide access to a range of software and OneDrive cloud storage, as well as to multi-function printers and scanners. All lab computers support general-purpose applications such as word processing, spreadsheets, graphics, and database management systems (Microsoft Office suite), plus course-specific software such as SPSS, SAS, Minitab, Mathematica, Quark, and others. The software and applications are also available for remote access through RamCloud (https://wcupa.edu/RamCloud).

IS&T also provides access to training and educational materials such as Lynda.com (https://lynda.wcupa.edu), Gartner’s Core Research Library (https://wcupa.edu/Gartner), and services to promote the use of technology in the teaching and learning environment, including instructional design services, active learning space design, and a Learning Management System. For further information, contact the IT Help Desk at 610-436-3350.

University Libraries

West Chester University has two libraries, the Francis Harvey Green Library (http://www.wcupa.edu/library), at the corner of High Street and Rosedale Avenue, and the Presser Music Library (http://www.wcupa.edu/presserLibrary), 121 Swope Music Building and the Performing Arts Center. Both libraries offer excellent environments for study and research. Library collections compare favorably with other major public and private libraries in the region. Complete library holdings total almost three million items.

The library’s website (http://www.wcupa.edu/library) provides continually updated access to a wide array of resources and services with links to the library’s catalog, databases, electronic reserves, library services and hours, and more. OneSearch provides a single, Google-like interface to search the majority of materials owned or licensed by WCU University Libraries. OneSearch and library databases are available from any computer. WCU faculty, students, and staff must enter their WCU ID and password to access library resources. A mobile interface and downloadable applications for streaming media provide access to services on smartphones and tablets.

Francis Harvey Green Library

The Francis Harvey Green Library is the main library on campus. Key library services include reference (in-person, text, telephone, chat, and e-mail); library instruction; electronic reserves; interlibrary loan; laptops; and access to scanners, photocopiers, and microform copiers. Most articles requested on interlibrary loan are delivered by e-mail. Most books and other physical material requested on interlibrary loan from other libraries must be picked up at the Green Library. Questions regarding library materials and services should be directed to the Green Library Research Help Desk at 610-436-2435 or refdesk@wcupa.edu.

Presser Music Library

The Presser Music Library (http://www.wcupa.edu/presserLibrary) contains the University’s collection of print scores as well as sound recordings, music books, periodicals, and microforms. Desktop computers, music composition software, and laptops are available.

Library Holdings

- More than 285,000 print volumes
- More than 850 print subscriptions
- More than 76,000 films, videos, and DVDs
- More than 1.5 million electronic books
- More than 124,000 electronic journal subscriptions
- More than 870,000 albums of streaming audio
- More than 49,000 scores
- Full text of articles from more than 124,000 journals through licensed databases
- More than 150,000 microfilms, microfiche, and microcards

Interlibrary Loan

Books and articles not owned or licensed by WCU University Libraries may be requested online using the interlibrary loan (http://library.wcupa.edu/ill) services ILLiad and EZ-Borrow. Special interlibrary loan services are available to students who do not take classes on the main campus, including distance education students and students at other locations, such as the Graduate Center or the Philadelphia campus. There is no charge for interlibrary loan.

Special Collections

University Libraries Special Collections (http://subjectguides.wcupa.edu/speccoll) preserves and provides access to materials of historical and research value related to the history of the University and the West Chester region. Special holdings include the
Chester County Collection of Scientific and Historical Books, the Normal Collection (publications by faculty and alumni), and the Stanley Weintraub Center for the Study of Arts and Humanities. Important rare books include The Biographies of the Signers of the Declaration of Independence by John Sanderson and Shakespeare’s first four folios.

**Philadelphia Campus**

West Chester University’s Philadelphia campus offers programs of study within four different colleges, all under one roof. WCU Philadelphia specializes in part-time courses for busy professionals who are looking to obtain their bachelor's or master's degrees.

Small class sizes and distinguished faculty members are the hallmarks of a WCU Philadelphia education, and create a positive and successful learning experience for students. In addition to attaining a customized education experience, students will network and build connections, setting them on the right path for a successful future. Academic colleges represented at the Philadelphia campus include:

- College of Business and Public Management
- College of Health Sciences
- College of Education and Social Work

**Location**

West Chester University’s Philadelphia campus is surrounded by many of the restaurants, shops, and cultural attractions that the city is famous for. Located in the heart of Center City at 701 Market Street, WCU Philadelphia is easily accessible by public transportation. SEPTA's Jefferson Station is a short walk from campus, and a bus stop is located just outside of the building. If you drive to campus, WCU students are eligible for discounted parking rates at local parking lots and garages. On street metered parking is also available.

**Resources**

West Chester University’s Philadelphia campus is a state-of-the-art classroom and meeting space equipped with educational resources to help students reach their fullest academic potential, including:

- Computer lab
- Counseling services
- Student Success Center
- Full-time Coordinator of Support Services in Center City (links services offered in West Chester to our Philadelphia students)

**Graduate Center**

The Graduate Center (http://www.wcupa.edu/graduateCenter), located within the Greenhill Corporate Park at 1160 McDermott Drive in West Chester, is home to the MBA Program and the Department of Counselor Education. Additionally, it is home to the Southeastern Pennsylvania Autism Resource Center (SPARC), a non-profit clinic that provides services to individuals with autism and a variety of behavioral challenges.

**Geology Museum**

The WCU Geology Museum in the Schmucker Science Center displays specimens from collections of historic and scientific importance. The museum is unique in the U.S. because University students who are majors in the Department of Earth and Space Sciences have created each exhibit. These exhibits use minerals, rocks, and fossils from around the world drawn from notable 19th and 20th century collectors who have been established in northern California to preserve a rare species of insectivorous plant named in his honor – Darlingtonia.

**WCU Observatory**

The College of the Sciences and Mathematics operates an observatory on top of the Schmucker Science Center. The facility houses a 14-inch, Schmidt-Cassegrain telescope with photometric, spectrographic, and photographic instrumentation. The observatory serves mostly as an introduction to astronomy research for interested students, but it is also used for public outreach and is available for use in astronomy courses.

**Mather Planetarium**

The Department of Earth and Space Sciences operates the Dr. Sandra F. Pritchard Mather Planetarium, located in the Schmucker Science Center. The planetarium is equipped with a state-of-the-art Scidome XD Touch digital projector and a 32-foot nanoseam dome, manufactured by Spitz, Inc. The planetarium is used for WCU astronomy classes, school groups (Pre K to 12), and public programs. Annual attendance approaches 2,000. During the regular academic year, public shows are offered several times a month. Live shows, presented by a Ph.D astronomer, give an overview of the current night sky and focus on a special topic in astronomy. Pre-recorded shows consist of a short sky tour followed by an astronomy-themed movie. These movies are specially formatted for the planetarium dome, providing an impressive and immersive experience that is both educational and entertaining. Programs are made possible by funding from the WCU College of the Sciences and Mathematics, admissions fees, and generous donations from WCU faculty, staff, alumni, and the public. For more information or to join the e-mail list, see http://www.wcupa.edu/planetarium.

**Darlington Herbarium**

The Darlington Herbarium, housed in Schmucker Science Center, is one of the most highly regarded historical collections of dried plant specimens in the East. Among the 20,000 specimens are plants collected by such famous explorers and botanists as Captain John Fremont, Thomas Nuttall, Sir William Hooker, C.S. Rafinesque, and George Englemann. More than 200 collectors from America’s formative years of 1820 to 1850 are represented. The herbarium was the work of Dr. William Darlington (1782-1863), a member of the West Chester Cabinet of Science. Dr. Darlington was eminent in West Chester as a physician, educator, banker, businessman, historian, and botanist. His plants, however, were his first love. A state park has been established in northern California to preserve a rare species of insectivorous plant named in his honor - Darlingtonia.

**Robert B. Gordon Natural Area for Environmental Studies**

The University has conserved 70 acres of natural woodland, field, and streamside habitat at the Gordon Natural Area, located on South Campus. Dedicated in 1973, the area was named for Robert B. Gordon, faculty member and chairperson of the University’s department of science from 1938 to 1963. The Gordon Natural Area encompasses two parcels of land: a 47-acre forest, which is east of Farrell Stadium on South Campus, and a 23-acre tract of old farm fields, floodplain, and wetlands southwest of the stadium. Gordon Natural Area currently is home to more than 35 research projects, ranging from stream water quality assessments to seismic monitoring. In its efforts to protect biodiversity, the natural area conducts plant surveys, removes invasive plant species, and organizes tree plantings. As part of its outreach mission, the Gordon Natural Area partners with area organizations on projects such as the Pennsylvania Horticulture Society’s Tree Tenders program and the East Goshen Township Forest Restoration Project. In addition, more than 900 West Chester University students visit this outdoor classroom annually. While frequented by field botany
and general ecology students, it’s also used by business and education classes, Honors College programs, ROTC students, student wellness, and athletic programs.

**Historical Properties**

The Chester County Cabinet of Natural Sciences (1826-1871) and the West Chester Academy (1811-1871) merged to form the West Chester Normal School, which evolved into West Chester University. Historical properties came to the Normal School from the Chester County Cabinet, including a grandfather's clock that belonged to Benjamin Franklin, a telescope owned by Revolutionary War General Anthony Wayne, the Darlington Herbarium, and various library and museum collections. Especially notable are the letters of Anthony Wayne, including letters to Wayne from George Washington, Benedict Arnold, and others. The Wayne telescope, letters, and library collections are housed in the Francis Harvey Green Library Special Collections.

**Art Collections**

The University’s permanent art collection is made up primarily of gifts from interested art patrons, senior class purchases, and gifts from the alumni. The permanent art collection is on display in buildings throughout the campus. The collection consists of a number of important works, such as the watercolor, *Andress Place*, by Andrew Wyeth.

**Speech and Hearing Clinic**

The Speech and Hearing Clinic (http://www.wcupa.edu/speechHearing) (located at 201 Carter Drive, Suite 400) is maintained by the Department of Communication Sciences and Disorders to train student clinicians under the supervision of licensed, certified faculty. The clinic provides evaluation, intervention, and consultation services to individuals with speech and language disorders, communication differences, and professional communication enhancement needs, as well as comparable services to those with various hearing disorders. The clinic also provides diverse community outreach and education opportunities for individuals and institutions. Clinic services offered are complimentary for students, faculty, and staff at West Chester University, as well as for students at Cheyney University. Those outside the University community may access clinical services in accordance with a modest fee schedule. Additional information or appointments can be made through the clinic office, 610-436-3402.
