The University maintains a Student Health Center staffed by physicians, nurse practitioners, registered nurses, health educators, and a nutritionist. The Health Center staff is available to meet emergency and first-aid needs, and to perform routine treatment of minor illnesses and minor surgical conditions. Student Health Services also offers programs designed to enhance wellness, disease prevention, and health education.

Care provided by Student Health Services includes the following:
1. Acute medical care, including sore throat, cold, flu, and other illnesses
2. Minor surgical care, including suture placement and removal, and abscess care
3. Sexually transmitted infection (STI) and HIV testing, treatment, and referrals
4. Gynecological services, including routine examinations, contraceptives, and pregnancy testing
5. General preventative care, including immunizations and nonathletic general physicals
6. Wellness promotion, including general wellness, nutrition, and alcohol, tobacco, and other drugs (ATOD) education and resources
7. First-aid

During the fall and spring semesters, Student Health Services is open Monday-Friday, 8 a.m.-6 p.m., and Saturday, 10 a.m.-6 p.m. Hours of operation during summer and winter sessions are 8 a.m.-4 p.m. Visits are by appointment, except for emergency situations. Any emergencies during the night and on weekends may be treated at the Chester County Hospital Emergency Room.

All Student Health Services practitioners have received training to meet the unique needs and situations of the LGBT community.

Student Health Services is located on the lower level of Commonwealth Hall. The Student Health Center phone number is 610-436-2509. The Wellness Education phone number is 610-436-3276.

Speech and Hearing Clinic

The Speech and Hearing Clinic, located at 201 Carter Drive, Suite 400, is maintained by the Department of Communication Sciences and Disorders to train student clinicians under the supervision of licensed, certified faculty. The clinic provides evaluation, intervention, and consultation services to individuals with speech and language disorders, communication differences, and professional communication enhancement needs, as well as comparable services to those with various hearing disorders. The clinic also provides diverse community outreach and education opportunities for individuals and institutions. Clinic services offered are complimentary for students, faculty, and staff at West Chester University, as well as for students at Cheyney University. Those outside the University community may access clinical services in accordance with a modest fee schedule. Additional information or appointments can be made through the clinic office, 610-436-3402.

Department of Counseling and Psychological Services

The Department of Counseling and Psychological Services (http://www.wcupa.edu/counselingCenter) (The Counseling Center) is located in Commonwealth Hall (610-436-2301). All currently enrolled undergraduate and graduate students may walk in for a brief triage assessment (M - F, between 1 and 3 pm), at which time a determination is made to help the student receive the most appropriate mode of treatment (e.g., individual, group, or a referral off campus).

The Counseling Center includes licensed psychologists, consulting psychiatrists, and graduate-level trainees with whom students may discuss their concerns in strict confidence.

Counseling Services

Since the Counseling Center provides services for a wide range of concerns, each student’s experience will be tailored to his or her needs. Students may wish to improve their interpersonal skills, resolve personal conflicts, or clarify their educational or vocational choices. Any of the following approaches may be implemented to address a student’s concerns:

1. Individual psychological counseling consists of a brief form of treatment in which the counselor and the student engage in a one-to-one experience. The focus is typically on resolving personal or interpersonal conflicts. The goal is to improve the student’s expertise at making meaningful choices and recognizing patterns of behavior that can be changed for the better. Counseling also may help students avoid choosing behaviors that restrict personal growth and undermine their well-being.

2. Group counseling consists of a small number of peers and one or two facilitators. Such groups meet weekly with a goal of improving interpersonal relationships. In addition, some groups have a very specific focus. Past groups have included students who have experienced the death of a parent or family member, an examination of bad habits that block personal growth, eating disorders, and assertiveness training. An updated list of ongoing groups can be found on the Counseling Center’s web page at http://www.wcupa.edu/CounselingCenter.

3. Individual career counseling consists of a one-to-one experience that focuses on clarifying the student’s interests and career aspirations. Career choice is most solid when it is an outgrowth of better understanding oneself. Such understanding is advanced by the thoughtful exploration of values, interests, and abilities.

4. Testing is primarily limited to vocational interest tests which can help clarify educational choice and career planning. The student and counselor can determine whether such testing might be helpful. The Counseling Center does not offer disability testing; please contact the Office of Services for Students with Disabilities (http://www.wcupa.edu/ossd) (OSSD) for off-campus sites. If psychological testing is required or desired, an appointment may be made with the Counseling Center’s Case Manager to locate a provider in the community who conducts such testing.

5. Consultation services for staff and faculty are available on a limited basis. Psychologists may be able to assist with crises, program planning, group and interpersonal communications, and referrals to other agencies.

6. The Counseling Center also has an Alcohol and Other Drug (AOD) counselor. Note that students may not use this individual to meet sanctions imposed by the court. The AOD counselor does not send notice of attendance or progress to any outside individual. Most students who are motivated to make changes and reduce their drug or alcohol consumption are appropriate for the AOD counselor. This person also works with students who have received WCU Judicial Sanctions.
