MISSION, VISION & VALUES STATEMENT

The provisions of this catalog are not to be regarded as an irrevocable contract between the student and the University. West Chester University reserves the right to change any provisions or requirements at any time. An electronic version of this catalog is also available online at http://catalog.wcupa.edu.

Mission Statement

West Chester University is a community of educators that develops graduates to succeed personally and professionally and contribute to the common good.

WCU graduates will:

• Apply scientific reasoning and demonstrate quantitative and qualitative literacy
• Collaborate with others to solve problems and address societal needs
• Communicate effectively and participate in civic discourse
• Engage inclusively in a diverse society
• Understand the ethical implications of decisions and the world in which they live

Institutional Goals

To fulfill its Mission as a public institution serving the Commonwealth, West Chester University will focus on student success and institutional improvement as measured by the degree to which WCU demonstrates:

• Access to learning
• Community and cultural engagement
• Continuous improvement
• Critical thinking
• Inclusion
• Scholarly and creative activities
• Sustainability

Vision Statement

West Chester University is dedicated to academic excellence. University faculty and staff will create a dynamic and supportive learning environment that prepares students for successful and rewarding personal, professional, and civic lives. Moreover, WCU is committed to partnering with other schools, government, businesses, and nonprofits to enhance economic development and the quality of life for all.

West Chester University will build on its standing as a national model for excellence for public regional comprehensive universities. The institution is especially noted for:

• Undergraduate programs that actively engage students in connecting the life of the mind to the world in which they live and work
• The responsiveness of its graduate and post-baccalaureate programs to regional needs
• Its focus on providing lifelong learning, technical, and applied skills essential to graduates' success now and in the future
• A commitment by faculty, staff, and administrators to provide access and to serve effectively the educational needs of a diverse student body
• Its role as a leading educational and cultural resource and partner in fostering the economic, social, and cultural vitality of southeastern Pennsylvania

Values Statement

West Chester University is committed to attracting, enrolling, and graduating quality students from a wide variety of educational, cultural, and economic backgrounds. This endeavor requires the University to attract and retain highly qualified faculty and staff and to provide each member of the University community with learning and leadership development opportunities. To this end, the University supports and encourages programs which benefit all people and which seek to eradicate discrimination and injustice. We treasure what we believe to be the highest principles of American society: the worth and uniqueness of each individual, the belief that success is to be earned by individual effort put forth in an environment founded on equality of opportunity, and the appreciation of the ideal of an inclusive society.

West Chester University’s community strongly supports the principles of academic integrity and academic responsibility, viewing both as the province of every member of the campus community. We hold the highest esteem for teaching directed toward student learning and affirm that mastery of content as well as mastery of teaching skills necessary to communicate such content are paramount.

This values statement is intended to be a living document which will serve West Chester University as it changes and evolves in the coming years.

ABOUT THE UNIVERSITY

Introducing West Chester University

West Chester University, a member of the Pennsylvania State System of Higher Education, is a public, comprehensive institution committed to offering high-quality undergraduate education, selected post-baccalaureate and graduate programs, and a variety of educational and cultural resources for its students, alumni, and citizens of southeastern Pennsylvania.

The University offers more than 100 graduate and undergraduate programs in the sciences and mathematics, business and public management, arts and humanities, health sciences, education and social work, music, and interdisciplinary studies. See Programs at West Chester (p. 65) for a complete listing of degree programs.

Undergraduates are encouraged to participate in experiential learning opportunities, which range from internships to collaborative research with faculty members. Several years ago, WCU launched a Summer Undergraduate Research Institute that offers even more undergraduates the chance to pursue significant research. Service learning is an integral component of many courses at West Chester and the keynote of the Honors College.

Currently, more than 17,000 undergraduate and graduate students are enrolled at West Chester University. WCU is one of the most sought-after universities in the mid-Atlantic region. We received more than 14,000 applications for the fall 2017 first-year class, which was comprised of 2,550 students. We are the largest state-owned university in the Commonwealth of Pennsylvania and the premier state institution in such key measures as retention and graduation rates. Our entering students come from the top third of their high school class, and their SAT scores significantly outpace the state and national averages.

West Chester University continues to expand its international learning experiences. Currently, WCU has partnerships with 25 colleague institutions worldwide for cultural, educational, and scholarly exchanges. More than 500 students took advantage of international learning experiences last year. These experiences included traditional study abroad programs, as well as participation in conferences, service learning, music performances, and more. An English-as-Second-Language program launched in 2016 and should help to further increase international enrollment on WCU’s campus.
Distance education — comprising both fully online and hybrid programs involving limited campus time — is helping WCU to meet enrollment demands. The University also offers a variety of programs at our Center City Philadelphia location, including an RN-to-BSN program in nursing, both a B.S.W. and M.S.W. in Social Work, and an M.S. in Criminal Justice with an advanced standing B.S. option.

**History of the University**

Although its founding year is 1871, the University can actually trace its roots to West Chester Academy, a private, state-aided school that existed from 1812 to 1869. The academy enjoyed strong support from the Chester County Cabinet of the Natural Sciences. It was recognized as one of Pennsylvania’s leading preparatory schools, and its experience in teacher training laid the groundwork for the normal school years that were to follow.

As the state began to take increasing responsibility for public education, the academy was transformed into West Chester Normal School, still privately owned but state certified. The Normal School admitted its first class, consisting of 160 students, on September 25, 1871. In 1913, West Chester became the first of the normal schools to be owned outright by the Commonwealth.

West Chester became West Chester State Teachers College in 1927 when Pennsylvania initiated a four-year program of teacher education. In 1960, as the Commonwealth paved the way for liberal arts programs in its college system, West Chester was renamed West Chester State College, and two years later introduced the liberal arts program that turned the one-time academy into a comprehensive college.

In recognition of the historic merit of the campus, the West Chester State College Quadrangle Historic District was placed on the National Register of Historic Places in 1981. The buildings included in this historic district are Philips Memorial Building, Ruby Jones Hall, Recitation Hall, and the Old Library. Except for Philips, these buildings are all constructed of native Chester County serpentine stone.

West Chester State achieved another major milestone with passage of the State System of Higher Education bill. West Chester became one of the 14 universities in the State System of Higher Education on July 1, 1983. Along with its new name - West Chester University of Pennsylvania of the State System of Higher Education - the institution acquired a new system of governance and the opportunity to expand its degree programs.

**Location of the University**

West Chester University is located in West Chester, Pennsylvania, a town that has been the seat of government in Chester County since 1786. Nestled in the heart of Pennsylvania’s Brandywine Valley, West Chester is a picturesque and historic community that offers small-town charm with cosmopolitan flair. *The Philadelphia Inquirer* called it "one of the world’s most perfect small towns."

West Chester was settled in the early 18th century, principally by members of the Society of Friends. In the heart of town is its courthouse, a classical Revival building designed in the 1840s by Thomas U. Walter, one of the architects for the Capitol in Washington, D.C.

Philadelphia is 25 miles to the east and Wilmington 17 miles to the south, putting the museums, libraries and other cultural and historical resources of both cities in easy reach. Valley Forge, the Brandywine Battlefield, Longwood Gardens and other world-class attractions are nearby. New York and Washington are easily accessible by car or train.

**How to Reach West Chester**

The Borough of West Chester can be accessed by car and public transportation. Route 3, the West Chester Pike, leads directly into town from Center City Philadelphia. From the Pennsylvania Turnpike, motorists traveling west should take Route 202 south from the Valley Forge Interchange or the E-Z Pass-only exit (#320), while those traveling east can arrive via Route 100 south from the Downingtown Interchange. From the south, Route 202 from Wilmington and Routes 100 and 52 from U.S. Route 1 all lead to West Chester.

Public transportation is available from Philadelphia and other nearby communities.

Information on public transportation and carpooling is available in Sykes Student Union, 610-436-2984.

### The Frederick Douglass Institute

The Frederick Douglass Institute (http://www.wcupa.edu/fDouglass) at West Chester University is an academic program for advancing multicultural studies across the curriculum and for deepening the intellectual heritage of Frederick Douglass, the former slave, distinguished orator, journalist, author, and statesman. Douglass, who was a frequent visitor to the West Chester area, gave his last public lecture on West Chester’s campus on February 1, 1895; an official historical marker has been placed to denote that location. Thirty years earlier, in October 1865, at the inauguration of a Baltimore, Maryland, institute named for him, Douglass said that the mission was “to be a dispenser of knowledge, a radiator of light. In a word, we dedicate this institution to virtue, temperance, truth, liberty, and justice.”

At West Chester University, the Douglass Institute is primarily involved in four academic areas:

1. Conducting research in multiculturalism and on Frederick Douglass
2. Sponsoring distinguished exhibits and lectures
3. Establishing opportunities for advanced study for public, private, and college-level teachers
4. Collaborating with historical societies and other educational and cultural agencies

West Chester University’s Douglass Institute is recognized as the model for other Pennsylvania campuses and is called collectively the Frederick Douglass Institute of the Pennsylvania State System of Higher Education.

The activities of the institute take place on and off campus. With undergraduate and graduate students, and West Chester faculty, the institute sponsors seminars and forums on selected topics. The Anna Murray Douglass Circle is a lecture series offering a platform for today’s leading intellectuals. Annually in October, the institute sponsors Douglass Days, a festival of educational activities on Douglass and multiculturalism that involves the entire campus and surrounding communities.

For further information, call the Frederick Douglass Institute at 610-436-2766, or e-mail FDouglass@wcupa.edu. The fax number is 610-436-2769.

### The Frederick Douglass Society

Drawing its content from our campus history of social consciousness and its structure from a variety of models in public life, the Frederick Douglass Society (http://www.wcupa.edu/fds) of West Chester University is the organization of faculty and staff at West Chester who embrace Frederick Douglass’ quest for freedom and inclusiveness. Named in 1983 for one of the 19th century’s most distinguished advocates of human freedom, the organization is oriented toward self-help and improvement by offering a collective voice in the affairs of the University. Its programs also aim to stimulate other groups on campus to enrich our climate. The society annually raises money for scholarship funds. It also seeks, by the example of Douglass, to promote an intellectual standard that is not only grounded in excellence but profoundly rooted in the public mission of higher education.

### Institute for Women

The Institute for Women (http://www.wcupa.edu/instituteForWomen) was initially designated to serve as the parent organization to represent the interests of women on campus. The institute is an independent body headed by the director of the Center for Women and Gender Equity (http://www.wcupa.edu/womensCenter). Along with the Commission on the Status of Women and the Women’s and Gender Studies program, the Institute for Women engages in campus activities for the benefit of women students, faculty, and staff.

The institute sponsors activities to enhance the self-esteem and career success of women at the University including the Graduate Grant, Endowed Book Funds, and support for campus programs. The institute prepares periodic reports on the status of women at the University and has also secured Charlotte W. Newcombe Scholarship Grants for mature or second-career women for more than 25 years. For more information contact Alicia Hahn-Murphy, director, at 610-436-2122.

### Ethnic Studies Institute

The Ethnic Studies Institute, established in 1974, is designed to organize, support, and encourage interdisciplinary scholarly research, teaching, and service/outreach programs and activities that are directed toward exploring and understanding the social and historical experience of racial and ethnic groups in the United States. The Institute works with groups and constituencies concentrating on diversity, racial, and ethnic understanding, and fostering the development of a diverse university environment. The Institute encourages and supports faculty and students in their research on race and ethnic studies. The Ethnic Studies Institute also works with local groups to meet community needs.

The Ethnic Studies Institute offers an interdisciplinary minor which provides students with a critical understanding of the social and historical experience of racial and ethnic groups in the U.S. and the impact of social, economic, political, philosophical, and cultural systems and structures on these groups. The minor offers six areas of concentration: African American Studies, Asian American Studies, Jewish American Studies, Latino/a Studies, Native American Studies, and Multiethnic Studies. The Institute is responsible for curriculum development and assessment of the minor, and student academic advising.

For more information about the Ethnic Studies Institute (http://www.wcupa.edu/ethnicStudies) or the minor, contact Dr. Miguel Ceballos, director, at mceballos@wcupa.edu (610-436-2308).

### Poetry Center

The West Chester University Poetry Center (http://www.wcupa.edu/poetry) hosts the annual West Chester University Poetry Conference (the nation’s premier all-poetry writing conference), sponsors the University’s Poet-in-Residence program, presents poetry readings throughout the year, and collaborates on poetry and music concerts with the College of Arts and Humanities. The center also oversees national poetry awards under the auspices of the Iris N. Spencer Poetry Awards. The center is located in the WCU Poetry House, and is directed by the Office of the Dean in the College of Arts and Humanities. For more information, email (poetry@wcupa.edu) the Poetry Center, or call 610-436-3245.

### WCU Community Mental Health Services (CMHS)

WCU Community Mental Health Services (CMHS) is affiliated with the West Chester University Doctor of Psychology (Psy.D.) Program. CMHS serves as a training center for graduate students in the Psy.D. Program and as a clinical research site for faculty in the Psychology Program. As a non-profit training and research facility, CMHS provides low-cost, high-quality psychotherapy and testing for members of the
greater West Chester community, staff and faculty of WCU, as well as WCU students referred from the University Counseling Center. Services include psychotherapy for a wide range of psychological disorders and educational assessments, including assessments for ADHD, learning disabilities, and other disorders that may require documentation to secure classroom accommodations. CMHS is located on the 8th Floor of Wayne Hall. For additional information or to schedule an appointment, please call 610-436-2510 or go to http://www.wcupa.edu/communityMentalHealth.

Dub-C Autism Program (D-CAP)
The Dub-C Autism Program (www.wcupa.edu/dcap) is part of the Pennsylvania State System of Higher Education (PASSHE) Autism Initiative. D-CAP is a campus program supporting full-time, matriculated students on the autism spectrum. The program provides students services across the areas of Executive Functioning, Self-Care, Social Competence, Self-Advocacy, and Career Preparation. Students set their own goals, and skill development is addressed via individual appointments, group meetings, and/or social engagements. In addition, the program provides training and support for faculty, staff, and peers helping West Chester University build an inclusive and accepting campus community. For additional information go to www.wcupa.edu/dcap or call 610-436-3168.

CALENDAR & TERM INFORMATION

Fall and Spring Terms
West Chester University operates on a semester system. As WCU is a State System university, the academic calendar is determined by Pennsylvania’s State System of Higher Education (PASSHE). The academic year begins with the fall semester in August and concludes at the end of the spring semester in May. Though many students take advantage of WCU’s summer and winter sessions, the bulk of any student’s course work is taken during these two main semesters. Offerings are available in every department and in interdisciplinary areas.

Students from any college or university, as well as nontraditional students, may take courses for enjoyment, personal growth, or degree credit.

Academic Calendar
Our Academic Calendar provides important University dates and deadlines related to holidays, semester and session start-end, commencement, add/drop, withdrawal, and refund periods, final exams and grades, and financial aid.

Visit the Registrar’s website for the academic calendar (http://wcupa.edu/registrar/calendar).

Summer Sessions
West Chester University’s summer program, among the oldest university-sponsored summer programs in the United States, has one of the largest enrollments in the State System of Higher Education. More than 600 courses, both graduate and undergraduate, are offered, including workshops, seminars, and internships, as well as the typical semester classes. Offerings are generally available in every department and in interdisciplinary areas. Students from any college or university, as well as nontraditional students, may take courses for enjoyment, personal growth, or degree credit.

Winter Sessions
West Chester University offers a variety of undergraduate and graduate courses, in a number of delivery modalities (onsite, offsite, and online), between the fall and spring semesters. Students from any college or university, as well as nontraditional students, may take courses for enjoyment, personal growth, or degree credit.

CAMPUS & FACILITIES

West Chester University Campus
West Chester University’s campus is a mixture of 19th century collegiate Gothic and contemporary architectural styles. The distinctive buildings and magnificent old trees make the campus one of the aesthetic treasures of southeastern Pennsylvania.

Approaching West Chester Borough from the south, the University stretches westward from High Street and provides a gateway to the borough. The Academic Quadrangle serves as a landmark surrounded by the University’s oldest buildings – Philips Memorial Building, Recitation Hall, Anderson Hall, Ruby Jones Hall, and the Old Library. Three of these buildings are constructed of the green-hued serpentine
2017-2018 UNDERGRADUATE CATALOG

stone that has given West Chester its particular character for more than a century. Over the ensuing decades, the University expanded to the west and south to include residence halls, student activity and athletic facilities, a dining facility, and general academic buildings. Focal point of student leisure life outside the classroom include the Sykes Student Union, which houses a movie theater, food court, meeting rooms, and lounges, and the Student Recreation Center, which features a popular three-story climbing wall, basketball courts, exercise rooms with cardio equipment and weights, a running track, and a smoothie cafe for post-workout refueling. The Business and Public Management Center, which opened in January 2017, is now the largest academic classroom building on campus. The building features 23 multimedia classrooms, five collaborative classrooms, 13 classrooms with tiered seating, a 189-seat lecture hall, five seminar/conference rooms, and 137 offices.

Just three-quarters of a mile away is South Campus, a 300-acre expanse that includes apartment complexes housing more than 1,200 students and the Sturzebecker Health Sciences Center, a nationally acclaimed teaching, performance, and research facility. Surrounding the center are tennis courts, two multipurpose artificial turf fields, and Farrell Stadium, which is equipped with the same artificial turf used by professional football teams.

Also at South Campus is the Gordon Natural Area. This 70-acre site encompasses two parcels of land, a 47-acre forest, which is east of Farrell Stadium on South Campus, and a 23-acre tract of old farm fields, floodplains, and wetlands southwest of the stadium. Gordon Natural Area currently is home to more than 35 research projects, ranging from stream water quality assessments to seismic monitoring. In its efforts to protect biodiversity, the natural area conducts plant surveys, removes invasive plant species, and organizes tree plantings.

West Chester University is committed to developing and managing its financial and physical resources through sustainability. In 2010 the University released a comprehensive facilities plan which identified academic space needs and deficits. A follow-up report in 2011 looked at space needs at the individual department level. These documents provided a framework for the University to improve the physical campus environment. Considerable progress has been made toward overcoming space deficits, most notably in the construction of the Business and Public Management Center, which is the largest academic building at WCU. While the comprehensive facilities plan has served the University well, continued growth and success requires a realignment of facilities space. In 2015, a mid-decade update was released to identify key issues that now direct the plan moving forward.

Information Services & Technology

The Information Services & Technology Division (IS&T) provides computing, information, and network services to the entire campus community. A campus-wide network for data, voice, and video communication provides phones, data, and video connectivity for students, faculty, and staff. In addition to supporting many college and department-specific student computing labs, the Academic Computing Center on the ground floor of Anderson Hall serves as the focal point for instructional computing activity and manages student labs totaling more than 200 workstations. The labs, which post their open hours online (http://www.wcupa.edu/infoservices/clientServices/itHelpDesk/), have consultants on duty to assist students. All computers support general-purpose applications such as word processing, spreadsheets, graphics, and database management systems (Microsoft Office suite) plus course-specific software such as SPSS, SAS, Minitab, Mathematica, Quark, and others. The software and applications are also available for remote access through RamCloud. https://www.wcupa.edu/InfoServices/ramCloud/

The labs also provide access to multi-function printers and scanners. Student computing facilities are also located in Library and Sykes Student Union. IS&T provides many resources and services to promote the use of technology in the teaching and learning environment. More than 150 classrooms are equipped with multimedia technologies. For further information, contact the IT Help Desk at 610-436-3350.

University Libraries

West Chester University has two libraries, the Francis Harvey Green Library (http://www.wcupa.edu/library), at the corner of High Street and Rosedale Avenue, and the Presser Music Library (http://www.wcupa.edu/presserLibrary), 121 Swope Music Building and the Performing Arts Center. Both libraries offer excellent environments for study and research. Library collections compare favorably with other major public and private libraries in the region. Total library holdings include more than four million items.

The library’s website, http://www.wcupa.edu/library, provides continually updated access to a wide array of resources and services with links to the library’s catalog, databases, electronic reserves, library services and hours, and OneSearch. OneSearch provides a single, Google-like interface to search the vast majority of materials owned and licensed by WCU Library Services. OneSearch and library databases are available on any computer with Internet access. WCU faculty, students, and staff not using a computer on the WCU campus network must enter their WCU ID and password to gain access to many library resources. An automatic mobile interface, and downloadable applications for streaming media allow access to many library resources and services on smartphones and tablets.

Francis Harvey Green Library

The Francis Harvey Green Library (http://www.wcupa.edu/library) is the main library on campus. Key library services include reference (in-person, text, telephone, chat, and e-mail), library instruction, electronic reserves, interlibrary loan, wireless laptops for use in the library, and access to scanners and coin-operated photocopiers and microform copiers. Most articles requested on interlibrary loan are delivered by e-mail. Most books and other physical material requested on interlibrary loan from other libraries must be picked up at the Green Library. Questions regarding library materials and services should be directed to the Green Library Reference Desk, 610-436-2435, refdesk@wcupa.edu.

There is a Starbucks on the first (ground) floor of the Green Library with an exterior entrance from the Quad and an interior entrance from the library.

Presser Music Library

The Presser Music Library (http://www.wcupa.edu/presserLibrary) contains the University’s collection of print scores as well as sound recordings, music books, periodicals, and microforms. Desktop computers, music composition software, and laptops for in-library use are available.

Library Holdings

- More than 740,000 print volumes
- More than 2,000 print subscriptions
- More than 12,000 films, videos, and DVDs
- More than 56,000 sound recordings
- More than 760,000 electronic books
- More than 27,000 electronic journal subscriptions
- More than 2.2 million art images
- More than 770,000 albums of streaming audio
- More than 49,000 scores
- Full text of articles from more than 97,000 journals through licensed databases
- More than 926,000 microfilms, microfiche, and microcards

Interlibrary Loan

Books and articles not owned or licensed by WCU Library Services may be requested online using interlibrary loan services, including ILLiad and PALS/PALCI EZ-Borrow. Special interlibrary loan services are available to students who do not take classes on the main campus.
including distance education students and students at other locations, such as the Graduate Center or the Philadelphia campus. There is no charge for interlibrary loan.

Special Collections
West Chester University Library Services Special Collections (http://subjectguides.wcupa.edu/speccoll) preserves and provides access to materials of significant historical and research value related to University history and the teaching and learning needs of the University community. Special Collections offers access to local and statewide community residents and other outside researchers.

Special holdings include the Chester County Collection of Scientific and Historical Books, the Normal Collection (publications by faculty and alumni), and the Stanley Weintraub Center for the Study of Arts and Humanities. Important rare books include The Biographies of the Signers of the Declaration of Independence by John Sanderson and the first four folios of Shakespeare. Collections worthy of note, but not in Special Collections, include children’s literature, instructional media in the FHG Library, and the Philips Autographed Library in Philips Memorial Building.

Philadelphia Campus
West Chester University’s Philadelphia campus offers programs of study within four different colleges, all under one roof. WCU Philadelphia specializes in part-time courses for busy professionals who are looking to obtain their bachelor’s or master’s degrees.

Small class sizes and distinguished faculty members are the hallmarks of a WCU Philadelphia education, and create a positive and successful learning experience for students. In addition to attaining a customized education experience, students will network and build connections, setting them on the right path for a successful future. Academic colleges represented at the Philadelphia campus include:

- College of Arts and Humanities
- College of Business and Public Management
- College of Health Sciences
- College of Education and Social Work

Location
West Chester University’s Philadelphia campus is surrounded by many of the restaurants, shops, and cultural attractions that the city is famous for. Located in the heart of Center City at 701 Market Street, WCU Philadelphia is easily accessible by public transportation. SEPTA’s Jefferson Station is a short walk from campus, and a bus stop is located just outside of the building. If you drive to campus, WCU students are eligible for discounted parking rates at local parking lots and garages. On street metered parking is also available.

Resources
West Chester University’s Philadelphia campus is a state-of-the-art classroom and meeting space equipped with educational resources to help students reach their fullest academic potential, including:

- Computer lab
- Counseling services
- Writing center
- Full-time Coordinator of Support Services in Center City (links services offered in West Chester to our Philadelphia students)

Graduate Center
The Graduate Center (http://www.wcupa.edu/graduateCenter), located within the Greenhill Corporate Park at 1160 McDermott Drive in West Chester, is home to the MBA Program and the Department of Counselor Education. Additionally, it is home to the Southeastern Pennsylvania Autism Resource Center (SPARC), a non-profit clinic that provides services to individuals with autism and a variety of behavioral challenges.

Geology Museum
The WCU Geology Museum in the Schmucker Science Center displays specimens from collections of historic and scientific importance. The museum is unique in the U.S. because University students who are majors in the Department of Earth and Space Sciences have created each exhibit. These exhibits use minerals, rocks, and fossils from around the world drawn from notable 19th and 20th century collectors who lived in Chester County, including William Yocom, William Brinton, Hugh McKinstry, and Ruth Bass. Each exhibit highlights an interesting topic about minerals and rocks. Students can explore electricity and magnetism in minerals using an interactive display; discover how Chester County rocks have been mined and used for hundreds of years; find the beauty of fluorescent minerals under ultraviolet light, from the extensive collection of John Stolar, Sr.; and explore ancient life through the marine creatures preserved along waterways. The museum is free and open to the public Monday through Thursday from 10 a.m. to 2 p.m. during the fall and spring semesters, and is open by appointment during summer and winter sessions. Please contact the Department of Earth and Space Sciences at 610-436-2727 for more information or to make an appointment.

WCU Observatory
The College of the Sciences and Mathematics operates an observatory on top of the Schmucker Science Center. The facility houses a 14-inch, Schmidt-Cassegrain telescope with photometric, spectrographic, and photographic instrumentation. The observatory serves mostly as an introduction to astronomy research for interested students, but it is also used for public outreach and is available for use in astronomy courses.

Mather Planetarium
The Department of Earth and Space Sciences operates the Dr. Sandra F. Pritchard Mather Planetarium, located in the Schmucker Science Center. The planetarium is equipped with a state-of-the-art SciDome XD Touch digital projector and a 32-foot nanoseam dome, manufactured by Spitz, Inc. The planetarium is used for WCU astronomy classes, school groups (Pre K to 12), and public programs. Annual attendance approaches 2,000. During the regular academic year, public shows are offered several times a month. Live shows, presented by a Ph.D astronomer, give an overview of the current night sky and focus on a special topic in astronomy. Pre-recorded shows consist of a short sky tour followed by an astronomy-themed movie. These movies are specially formatted for the planetarium dome, providing an impressive and immersive experience that is both educational and entertaining. Programs are made possible by funding from the WCU College of the Sciences and Mathematics, admissions fees, and generous donations from WCU faculty, staff, alumni, and the public. For more information or to join the e-mail list, see http://www.wcupa.edu/planetarium.

Darlington Herbarium
The Darlington Herbarium, housed in Schmucker Science Center, is one of the most highly regarded historical collections of dried plant specimens in the East. Among the 20,000 specimens are plants collected by such famous explorers and botanists as Captain John Fremont, Thomas Nuttall, Sir William Hooker, C.S. Rafinesque, and George Englemann. More than 200 collectors from America’s formative years of 1820 to 1850 are represented. The herbarium was the work of Dr. William Darlington (1782-1863), a member of the West Chester Cabinet of Science. Dr. Darlington was eminent in West Chester as a physician, educator, banker, businessman, historian, and botanist. His plants, however, were his first love. A state park has been established in northern California to preserve a rare species of insectivorous plant named in his honor - Darlingtonia.
Robert B. Gordon Natural Area for Environmental Studies

The University has conserved 70 acres of natural woodland, field, and streamside habitat at the Gordon Natural Area, located on South Campus. Dedicated in 1973, the area was named for Robert B. Gordon, faculty member and chairperson of the University’s department of science from 1938 to 1963. The Gordon Natural Area encompasses two parcels of land: a 47-acre forest, which is east of Farrell Stadium on South Campus, and a 23-acre tract of old farm fields, floodplain, and wetlands southwest of the stadium. Gordon Natural Area currently is home to more than 35 research projects, ranging from stream water quality assessments to seismic monitoring. In its efforts to protect biodiversity, the natural area conducts plant surveys, removes invasive plant species, and organizes tree plantings. As part of its outreach mission, the Gordon Natural Area partners with area organizations on projects such as the Pennsylvania Horticulture Society’s Tree Tenders program and the East Goshen Township Forest Restoration Project. In addition, more than 900 West Chester University students visit this outdoor classroom annually. While frequented by field botany and general ecology students, it’s also used by business and education classes, Honors College programs, ROTC students, student wellness, and athletic programs.

Historical Properties

The Chester County Cabinet of Natural Sciences (1826-1871) and the West Chester Academy (1811-1871) merged to form the West Chester Normal School, which evolved into West Chester University. Historical properties came to the Normal School from the Chester County Cabinet, including a grandfather’s clock that belonged to Benjamin Franklin, a telescope owned by Revolutionary War General Anthony Wayne, the Darlington Herbarium, and various library and museum collections. Especially notable are the letters of Anthony Wayne, including letters to Wayne from George Washington, Benedict Arnold, and others. The Wayne telescope, letters, and library collections are housed in the Francis Harvey Green Library Special Collections.

Art Collections

The University’s permanent art collection is made up primarily of gifts from interested art patrons, senior class purchases, and gifts from the alumni. The permanent art collection is on display in buildings throughout the campus. The collection consists of a number of important works, such as the watercolor, Andress Place, by Andrew Wyeth.

Speech and Hearing Clinic

The Speech and Hearing Clinic (http://www.wcupa.edu/speechHearing) (located at 201 Carter Drive, Suite 400) is maintained by the Department of Communication Sciences and Disorders to train student clinicians under the supervision of licensed, certified faculty. The clinic provides evaluation, intervention, and consultation services to individuals with speech and language disorders, communication differences, and professional communication enhancement needs, as well as comparable services to those with various hearing disorders. The clinic also provides diverse community outreach and education opportunities for individuals and institutions. Clinic services offered are complimentary for students, faculty, and staff at West Chester University, as well as for students at Cheyney University. Those outside the University community may access clinical services in accordance with a modest fee schedule. Additional information or appointments can be made through the clinic office, 610-436-3402.

UNDERGRADUATE ADMISSIONS

West Chester University welcomes applications from qualified residents of Pennsylvania, other U.S. states, and international students. The University evaluates its applicants on the basis of scholarship, character, and potential for achievement in the programs to which they apply. The Office of Admissions (https://www.wcupa.edu/admissions) completes a preliminary evaluation of applications once all information has been received and processed. Every application is reviewed individually and each aspect of a student’s file is considered: academic record, standardized test scores, personal statement, and selected program of study. Applicants with the strongest academic credentials are prioritized during the review process and notified of the decision as quickly as possible upon completion of their file. Other candidates may be required to submit additional information and/or be referred to the admissions committee for a second review. All decisions are communicated to applicants in writing. Qualified students of any age, from all racial, religious, ethnic, and socio-economic backgrounds are welcome at West Chester University. Studies may be pursued on a full- or part-time basis.

FRESHMEN ADMISSIONS

General Requirements for Admission of Freshmen

1. Graduation, with satisfactory scholarship in a college-preparatory curriculum, from an approved secondary school or approval by the Credentials Evaluation Division of the Pennsylvania Department of Education, or Pennsylvania Homeschoolers Accreditation Agency.

2. Either a satisfactory score on the SAT of the College Entrance Examination Board (CEEB) or satisfactory scores on the tests given in the American College Testing Program (ACT). Applicants who graduated from high school more than three years ago do not need to submit test scores.

How and When Freshmen Should Apply

Applicants apply electronically by accessing the University’s website at www.wcupa.edu and clicking Apply Now. Freshmen for the fall semester are urged to begin the application process early in their senior year of high school. Candidates will receive written notification from the director of admissions after decisions are reached.

Students denied formal admission to the institution are eligible to enroll in coursework through the non-degree program, assuming they meet the admission and prerequisite requirements.

Policy on Early Admission

In exceptional circumstances, students with superior academic qualifications and unusually mature personal development are admitted as freshmen upon completing their junior year of secondary school. Students who, in the opinion of their guidance counselors or high school principal, warrant consideration for early admission may obtain more information from the Office of Admissions (https://www.wcupa.edu/admissions). Early admission applications should be submitted in accordance with deadlines recommended for freshmen.

Arranging for Tests

Information about the SAT and ACT may be obtained from high school guidance counselors. It is the student’s responsibility to ensure that all required test scores are forwarded to the Office of Admissions (https://www.wcupa.edu/admissions).

WCU recognizes excellence demonstrated by students on the Advanced Placement (AP) and International Baccalaureate (IB) examinations. With respect to AP tests, only scores of 3 – 5 will be considered for transfer credit. With respect to the IB diploma tests, only scores of 5 – 7 will be considered for transfer credit. Consult individual departments for equivalencies to specific West Chester University courses. Students are encouraged to submit their scores to the Office of the Registrar (http://www.wcupa.edu/registrar) as early as possible to be scheduled appropriately for their first semester.

TRANSFER ADMISSIONS

General Requirements for Admission of Transfers

Individuals who have been enrolled in any postsecondary institution after graduation from high school and/or have attended West Chester
University on a nondegree basis must apply as transfer students. Applicants whose secondary school credentials would not warrant admissions consideration as freshmen must complete 24 semester hours of credit prior to attempting a transfer. A minimum cumulative grade point average (GPA) of 2.00 is required for transfer consideration. However, the University gives priority to applicants with the strongest academic credentials. In addition, some academic departments have established prerequisite course work and specific grade point average requirements for admission. Special consideration is awarded to graduates of Pennsylvania community colleges and to students transferring from other universities in the Pennsylvania State System of Higher Education. Specific information may be obtained from the Office of Admissions (https://www.wcupa.edu/admissions).

How and When Transfers Should Apply

It is recommended that transfer applicants for the fall semester complete the application process early in the preceding spring semester, preferably no later than April 1, and that spring semester applications should be completed no later than October 15; however, certain academic programs can close earlier. If enrollment limits are met before this time, admissions will be closed.

Applicants should apply electronically by accessing www.wcupa.edu and clicking Apply Now. Please follow all instructions and submit required materials.

The Office of Admissions (https://www.wcupa.edu/admissions) should receive a official transcript from all institutions attended. If preliminary transcripts are submitted, the student must see that final transcripts are received at the end of the semester.

If a student has completed less than 24 semester hours of credit at the time of application, he or she must supply SAT or ACT scores and an official, final high school transcript. If the applicant has been out of high school for 3 or more years, SAT or ACT scores are no longer required.

Any offer of admission is contingent upon successful completion of current course work with at least a C average as documented by transcripts of all work attempted or completed.

Transcripts are evaluated and course/credit equivalencies are determined by the Office of the Registrar (http://www.wcupa.edu/registrar) in accordance with the policies of the department to which the student seeks admission.

Transfer students denied formal admission to the institution are eligible to enroll in coursework through the non-degree program, assuming they meet the admission and prerequisite requirements.

Academic Passport

The Board of Governors of the Pennsylvania State System of Higher Education adopted an Academic Passport Policy (http://www.wcupa.edu/registrar/academicPassport.aspx) effective January 1999. The goal of this policy is to facilitate transfer to State System universities from Pennsylvania community colleges and other State System universities.

Pennsylvania community college students who have earned the associate of arts degree (A.A.) or the associate of science (A.S.) degree in a transfer program containing a minimum of 30 credits of liberal arts courses for the A.S. and 45 credits of liberal arts courses for the A.A. degree with a 2.00 GPA or above are considered to have an Academic Passport. Students completing 12 credits or more from another State System university with a minimum 2.00 GPA are said to have an Academic Passport as well. The transfer-credit provisions described in the Academic Passport are extended to community college students without an associate degree who transfer 12 or more credits to a State System institution. In addition, West Chester University extended the transfer-credit provisions to all transfer students from accredited institutions, effective January 1999.

The Academic Passport policy states

*Up to a maximum of 45 general education credits and liberal arts course credits shall be used to meet lower-division university general education requirements, even if the receiving university does not offer the specific course being transferred or has not designated that course as general education. A course-by-course match shall not be required.*

Transfer credit not applied to general education will be applied to major requirements and other degree requirements. Effective fall 2014, under the Academic Passport, incoming students with an associate of art (A.A.), associate of fine arts (A.F.A) or associate of science (A.S.) degree from a Pennsylvania community college will automatically have satisfied the first 45 credits of general education requirements. This includes English composition, mathematics, public speaking, interdisciplinary, distributive requirements, and student electives. The diversity and writing emphasis requirements are not included. Students also must complete any prerequisites and/or related major requirements.

Statewide Program to Program (P2P)

Statewide P2P permits students with specific associate degrees from participating Pennsylvania community colleges to pursue comparable bachelor-degree programs at West Chester University. As long as the student completes an approved P2P at the Pennsylvania community college, upon admission, he or she will have junior standing. Students will earn at least 60 credits from their associate degree in transfer. Students must meet the admissions requirements at the participating institution; this program does not guarantee admission. More information about eligible degrees and participating institutions is available on the Pennsylvania Transfer and Articulation Center (http://www.patrac.org) website.

Transfer of Credit

Credit may be awarded for equivalent courses completed at accredited institutions of higher education. A list of recognized accrediting organizations may be found on the Registrar’s website. Credit for work completed at an unaccredited institution may be awarded on the recommendation of the student’s major department, in consultation with the school or college dean and transfer credit analyst. (See also "Admissions Information (http://catalog.wcupa.edu/general-information/admissions-enrollment)" and "Taking Courses Off Campus (http://www.wcupa.edu/registrar/nonWCUCredits.aspx)."

Grades of D or above will be accepted for transfer. However, grades in a course submitted for transfer as a major and/or minor program requirement must meet the minimum grade required by the department. For example, if a program requires that a student earn a B or better in a major and/or minor program requirement, then the student requesting transfer credit from another institution must have earned a minimum of a B in the parallel course. If a student earns a lower grade than the requirement, the department may require that the course be repeated at West Chester University.

If a student changes his or her major and/or minor, grades originally approved for transfer will be re-evaluated by the new major/minor department.

No course equivalency transfer credit will be given for WCU courses numbered at the 400 level, unless the courses are taken at an institution that awards baccalaureate degrees. Departments have the right to accept courses for majors as 199 or TRN 199.

Transcripts will be evaluated by the Office of the Registrar (http://www.wcupa.edu/registrar) prior to enrollment. Students will be sent a copy of the evaluation.

Transfer Credit Appeals Process

All questions regarding the transfer of credit to West Chester University should be directed to the transfer credit area within the Office of the Registrar (http://www.wcupa.edu/registrar). If students want to appeal a transfer equivalency decision, they must complete the Transfer Credit Appeal form, which is available on the Office of the Registrar’s website.
Students must complete and submit this form, along with a course description and/or syllabus, to the appropriate academic department for approval. If additional information is needed to further review the student’s appeal, it will be the student’s responsibility to provide this information. Please allow two to three weeks for departments to make a final determination.

University Policies for Students Transferring from a Non-accredited Institution

Applicants from collegiate institutions (including community colleges and junior colleges) that are not accredited by one of the six regional associations in the United States will be considered for admission if the applicant’s cumulative index is 2.00 (C) or better. High school credentials may be requested.

The evaluation of courses listed on transcripts from an institution not accredited by one of the six regional associations will be made by the student’s major department in consultation with the faculty dean and transfer credit analyst. All evaluations are subject to review by the provost and academic vice president.

INTERNATIONAL STUDENT ADMISSIONS

Undergraduate International Student Admission

Students from foreign countries may be considered for degree admission if, in addition to satisfying the general requirements, they also demonstrate proficiency in English. Evidence of completed academic credentials must be submitted to an approved evaluation service. Submission requirements vary, and applicants should refer to guidelines set by the individual credential evaluation service. Acceptable evaluation services include Educational Credential Evaluators, Inc. (ECE); Josef Silny and Associates, Inc.; or World Educational Services (WES). Evaluations conducted by other National Association of Credential Evaluation Services (NACES) approved members will be considered. International students must apply electronically as well as supply all supporting documents to the Office of Admissions (http://www.wcupa.edu/admissions), allowing sufficient time for the admissions review and visa process to be completed.

Standardized test scores from one of the following must be submitted with the application: Test of English as a Foreign Language (TOEFL), International English Language Testing Service (IELTS - Academic Test), SAT, or American College Test (ACT). Non-native English speakers are encouraged to submit the TOEFL or IELTS - Academic Test. A minimum score of 550 is required for the written exam, 80 for the Internet-based score, and at least 213 for the computer-based test on the TOEFL.

An overall IELTS - Academic Test score at band 6.0 or above is required, and minimum scores of 6.0 for speaking, listening, reading, and writing are preferred to demonstrate proficiency in English.

West Chester University partners with ELS Educational Services (https://www.els.edu) to provide conditional admission for students who are academically qualified but who do not meet our English Language proficiency requirements at the time of application to the university. We accept proof of completion of ELS Language Center's intensive English for Academic Purposes Level 112 as satisfying the requirements for English proficiency for all degree programs at the undergraduate level.

International students are admitted for both the fall and spring semesters. Applications for the fall should be submitted to the Office of Admissions by May 1, while applications for the spring semester should be submitted by October 15. All students are required to submit an application fee. Accepted students must be able to verify their ability to fully meet all educational and living expenses before any immigration documents can be issued. Because of the amount of time it takes for a student visa to be secured, international applicants are encouraged to complete the admissions process well in advance of the May 1 and October 15 deadlines.

Insurance Requirements for International Students

International students at West Chester University are required to carry adequate health insurance in the United States that is effective for all periods of time the student has been authorized to be in the United States by an immigration document issued by the University. Health insurance policies must be purchased through a company that sells insurance in the United States. West Chester University complies with the coverage standards set forth by the Department of State which must be met by all insurance policies. Information about the minimum standards is available at the Center for International Programs Office (http://www.wcupa.edu/international/healthInformation.aspx), 610-436-3515.

To assure compliance with the insurance requirement, all international students must come to the Center for International Programs (http://www.wcupa.edu/international) (CIP) by August 31 of each academic year (January 31 for students entering spring semester). At the CIP, students may obtain information as to the amount of insurance required and the means of obtaining coverage to meet the insurance requirement.

NON-DEGREE ADMISSIONS

Undergraduate Non-Degree Admissions

“Non-degree” is an academic term used to describe students who are “not formally accepted into a degree-seeking program.” It is a great way to start your college career or to grow on a personal or professional level.

Non-Degree Application

The Non-Degree Application will become available once the course schedule for the semester becomes accessible online. The application will remain active until the day before the end of the Add/Drop period each semester. Students will not be permitted to apply on the last day of the Add/Drop period for that particular semester.

We recommend that non-degree applicants complete the application prior to the start of open registration. This will allow time for admission and prerequisite requirements to be assessed, as well as communication with academic departments, if deemed necessary.

Tips for Applying

- You will need to provide personal information, such as your date of birth, social security number, mailing address, and email address on the application.
- Once the application is submitted, you will receive an email notification almost immediately, sent to the email address supplied, verifying that the application was submitted successfully. Some non-degree applicants, such as high school students, will be emailed additional paperwork that will need to be completed. Your online application will not be processed until all supporting documentation is received and it is determined that you meet the admission requirements for the non-degree program. Once the application is processed, a second email will be sent containing important information, including a WCU ID number and directions on how to set up your self-service account (myWCU).
- You will use that WCU ID number to activate your account. Once activated, you will be able to enroll in courses, as long as you meet the prerequisite requirements. If you have taken the prerequisites at another institution, you will need to be given permission to enroll by a WCU staff member.

Please visit our website at http://www.wcupa.edu/registrar/nondegree.aspx for more information regarding admission requirements and required supporting documentation.
Graduate Non-Degree Admissions

“Non-degree” is an academic term used to describe students who are "not formally accepted into a degree-seeking program." Students often begin their graduate college careers by enrolling in courses in non-degree status for personal and professional growth. Students may enroll in graduate-level courses on a non-degree basis after having earned a baccalaureate degree from a regionally accredited institution.

Non-degree students may schedule up to nine credits of course work on a non-matriculated basis and may be permitted to take a workshop or other noncredit bearing class. Non-degree students are permitted to enroll in any graduate course in which they possess the necessary prerequisite coursework and/or can demonstrate, prior to enrollment, minimum performance competencies. Non-degree students may also be required to seek permission from the instructor.

Students enrolling in courses under this policy are expected to meet the minimum GPA required for graduate work and are encouraged to seek the academic guidance of the graduate coordinator in their intended discipline. Completing courses on a non-degree basis does not guarantee admission, and credits earned may not necessarily be applied to a degree program at a later date. Non-degree students are not eligible to receive financial aid. Additional coursework may be taken only after the student has applied and been accepted as a matriculated student into one of the categories described above. Students taking only special courses, such as workshops, are the exception to this rule. Students should begin the formal application process immediately after they have decided to pursue a graduate degree at West Chester University.

For additional information, contact the Office of Graduate Studies at 610-436-2943, via e-mail at gradstudy@wcupa.edu, or view more information on the Office of Graduate Studies (http://www.wcupa.edu/grad) website.

OTHER ADMISSIONS INFORMATION

Physical Examination Requirements

Information on physical examination requirements is available in the Student Affairs section of this catalog.

Students with Disabilities

West Chester University will make every effort to assure that students with disabilities will have access to all classes required for their program of study and will endeavor to remove all obstacles to a fulfilling, comprehensive university experience.

Students should contact the Office of Services for Students with Disabilities (http://www.wcupa.edu/ossd) in Room 223 Lawrence Center to arrange suitable accommodations. Additional information can be obtained by calling 610-436-2564.

Second Baccalaureate Degree

An individual may pursue a second baccalaureate degree at West Chester University after earning the first baccalaureate degree either at West Chester University or another institution. Such an individual must apply for admission through the Office of Admissions (http://www.wcupa.edu/ADMISSIONS) as a transfer student.

Post-Baccalaureate Teacher Certification

Individuals who are interested in post-baccalaureate teacher certification, at either the undergraduate or graduate level, should contact the Office of Graduate Studies (http://www.wcupa.edu/grad) for admissions materials. Applicants will be referred to the appropriate faculty advisor(s) for completion of the Approved Program of Studies form.

Readmission of Former Undergraduate Students

Degree students who have not attended West Chester University for three or more consecutive semesters are classified as "inactive" and must request an application for readmission from the Office of Admissions (http://www.wcupa.edu/admissions). Students applying for readmission who have attended any institutions of higher learning since leaving West Chester must request those institutions to forward transcripts of their records to:

Office of Admissions
West Chester University
West Chester, PA 19383

Readmitted students who have a disability that they previously did not disclose but wish to do so should contact the Office of Services for Students with Disabilities (http://www.wcupa.edu/ossd) at 610-436-2564. These students will be informed of the appropriate documentation to submit as well as the assistance and support services available to them. Students who believe that their disability had an effect on their previous course work at the University and wish to have this fact considered should include that information in their personal statement. They also may wish to seek the support of the OSSD in the readmission process.

Readmitted students are bound by the requirements in general education, major, minor, and cognate areas at the time of readmission, except where permission is granted by the respective department concerning departmental requirements.

Students intending to enroll in student teaching in the first semester of readmission must file an application for student teaching with the individual departments at least four months before their expected readmission. See also "Student Teaching" in the section entitled "Academic Affairs."

All readmission applications, including all supporting documents, should be filed by August 1 for the fall semester and December 1 for the spring semester.

Readmission of Former Graduate Students

Readmission is not automatic and may be subject to additional conditions set by the department, school or college, or by the Dean of Graduate Studies. Students inquiring about readmission to their previous graduate program should contact the Office of Graduate Studies at 610-436-2943 or gradstudy@wcupa.edu.

Second Master's Degree

Students wishing to obtain a second master’s degree from West Chester University (where the baccalaureate degree may have been earned at West Chester University or another institution) must meet all academic requirements set by the Office of Graduate Studies and the department concerned. Candidates for a second master’s degree must earn a minimum of 24 credits beyond the hours applied toward the first master’s degree. All new credits and additional departmental academic requirements must have been completed within a six-year period preceding the awarding of the second degree.

Senior Citizen Policy

The Senior Citizen Program allows retired Pennsylvania residents to attend West Chester University tuition free on a space-available basis. To qualify, the student must be retired, at least 60 years old, and have been a Pennsylvania resident for at least a year. Students may enroll as either degree or non-degree and may audit or take courses for credit. The program does not include internships, independent study, individualized instruction, student teaching, thesis, seminar, or any similar course requiring extra faculty compensation for the additional enrollment.

Senior citizen students may not register prior to the beginning of classes. They must attend the first meeting of the class(es) for which they wish to register and obtain the instructor’s signature on their enrollment form, indicating there is space available in the class. They then return their completed enrollment form, along with a signed Senior Citizen Fee Waiver form, to the Registrar’s Office. The
Registrar’s Office then schedules the student and submits the fee waiver to the Bursar’s Office.

For additional information, visit the Registrar’s Office (http://www.wcupa.edu/registrar/nonDegreeSeniorCitizen.aspx) website.

**Criminal Convictions Policy**

West Chester University is committed to ensuring a safe learning environment for all students and employees. As a result, policy and procedures have been developed to protect all members of the University Community.

**Definition**

Criminal conviction: “Any instance in any state or national jurisdiction where you have plead guilty or been found guilty by judge or jury to charges that you committed a **felony offense**. This includes any plea of ‘no contest’ or ‘nolo contendere,’ and any conviction that may be under current appeal.”

The term “criminal conviction” is not applicable to the following situations:

1. An arrest not resulting in a charge
2. A dropped charge
3. An acquittal
4. A conviction overturned on appeal
5. An expunged conviction
6. An executively pardoned conviction

**Procedure**

If a prospective student (degree-seeking or non-degree) who meets all criteria for general university admission confirms a prior criminal conviction on his or her admission application, the following process is carried out:

1. A copy of West Chester University’s Criminal Convictions Policy is provided to the applicant.
2. A copy of the “Consent and Authorization to Access Additional Information” form is completed and returned by the applicant to the best of his or her ability.
3. The applicant provides a written, detailed explanation of each incident that led to a conviction.
4. The applicant submits a copy of all appropriate court documents.
   a. The criminal complaint(s) that initiated the criminal case(s)
   b. The guilty plea(s) or verdict form(s) that establish guilt
   c. The sentencing agreement(s) or order(s) that establish the criminal sentence
5. The application and related materials enter the review process.

**Consideration of Applicant’s Information**

A prior conviction, in and of itself, does not automatically result in the denial of admission to the University, to a particular academic program, or to housing. Cases are reviewed by the Criminal Convictions Review Committee on an individual basis, and information is only considered when it has been determined that all necessary admission criteria for the university and specific major to which the applicant applied have been met. However, because some state professional standards and licensure requirements bar the issuing of a license to an individual with certain criminal convictions, an individual who indicates such a conviction may be deemed ineligible for acceptance into related academic majors/programs, regardless of whether other university requirements have been met. In addition, the University does not generally accept anyone who has not completed their criminal sentence, absent any extraordinary circumstances.

Ultimately, decisions regarding admission and the imposition of conditions will be evaluated on the following criteria:

1. The nature and severity of the offense or offenses
2. The length of time since completion of the sentence, if applicable
3. Whether the student has other criminal conduct
4. The applicant’s attitude toward the offense and its effect on the applicant’s life
5. The extent to which the conduct would be relevant to the applicant’s participation in the University Community

Questions about this policy may be directed to Undergraduate Admissions (610-436-3479), Graduate Admissions (610-436-2462), or the Office of the Registrar for non-degree (610-436-3541).

**FEES & EXPENSES**

## Housing Fee

### North Campus Residence Halls

This fee entitles the student to occupancy of a standard double room in any University-owned residence hall with one roommate.

- Per Student: $2,704.00 per semester

### South Campus Apartment Complex

This fee entitles the student to occupancy of a four- or five-person apartment that is University-owned with the following bedroom occupancy. Rates are per student.

- Single occupancy bedroom: $3,220.00 per semester
- Double occupancy bedroom: $2,958.00 per semester

### College Arms Apartment Complex

This fee entitles the student to occupancy of various living arrangements that are University-owned with bedroom occupancies indicated below. All rates are per student.

- Single apartment - single occupancy: $4,287.00 per semester
- 1-bedroom apartment - double bedroom: $3,572.00 per semester
- 1-bedroom apartment - triple bedroom: $3,036.00 per semester
- 1-bedroom apartment - quad bedroom: $2,769.00 per semester
- 2-bedroom apartment - single bedroom: $3,930.00 per semester
- 2-bedroom apartment - double bedroom: $3,305.00 per semester

Students in the North Campus residence halls losing their roommates who do not have another roommate assigned to them will be assigned a roommate, be relocated, or charged a private room fee of $50.00 per week for every week that they occupy the room alone. These options are available on a limited basis; however, available spaces will be used if demand requires.

Students may also obtain housing through University Student Housing, which operates four housing facilities on campus (Allegheny, Brandywine, Commonwealth, and University halls, as well as The Village at WCU). WCU hires, trains, and supervises the residence life staff for each location and handles all student issues. University Student Housing is responsible for occupancy management (leases), as well as facility-related issues. Information about applying for these facilities is available by sending an e-mail to info@wchousing.com, logging on to www.wchousing.com (http://www.wchousing.com), or calling 610-436-2368.

### Housing Deposit

All new and returning students who wish to live in University-owned housing (residence halls, College Arms Apartment Complex, and the South Campus Apartment Complex) are charged $200.00. The deposit is credited against the student’s housing fee and is nonrefundable if a student cancels housing, withdraws, transfers, is released from his/her occupancy agreement, or cancels his/her acceptance.

### Meal Fee

All students residing in a North Campus residence hall (including affiliated housing) must be on the University meal plan as a condition of occupancy and must choose one of the four meal plans indicated below. Students with medical problems who cannot meet this requirement may request a meal waiver.

Diners can choose any combination for meals. For all meal plans except flex, the meal week runs from Saturday brunch through Friday late night. Unused meals will carry over week to week until the end of each semester. However, there are no refunds for unused meals. Each plan includes a minimum flex amount of $250.00, with an option to add $25.00 increments. Unused flex will carry over until graduation; however, there are no refunds for unused flex.

For additional information regarding meal plans and meal zones that apply only to the unlimited meal plan, contact Dining Services at 610-436-2730.

All meal plans may be used in the following locations: Lawrence Dining Hall; the Diner, C-Stores/Grill operations; and the Ram's Head Food Court. On-campus national brands, such as Chick-fil-A, Subway, Einstein's Bagels, and Freshens will take cash and flex only. Students in North Campus residence halls will have their meal plan cost included in their University bill. Off-campus, commuter, College Arms, and South Campus Apartment/Village students can sign up for a meal plan by applying at the Office of the Bursar (http://www.wcupa.edu/bursar) at 25 University Avenue. Any meal plan changes must be submitted within the first two weeks in the beginning of each semester. After that deadline, the Assistant Vice President for Student Affairs must approve any change requests. The diner is permitted to use four meals in one day and may combine up to two meals per meal zone to convert to the meal/cash allowance. Diners may use five of their meals per semester for a guest.

### Other Fees

#### Acceptance Fee

All newly accepted and readmitted undergraduate students pay $200.00 as proof of intention to enroll at the University. This is a nonrefundable fee, which will be credited to the student’s account upon enrollment.

All newly accepted and readmitted graduate students pay $100.00 as proof of intention to enroll at the University. This is a nonrefundable fee, which will be credited to the student’s account upon enrollment.

#### Application Fee

Undergraduate: $45.00 is charged to all prospective students for the processing of their applications to the University. The fee is nonrefundable and is not credited to the student’s account.
Graduate: All prospective students are charged a $50.00 application fee for the processing of their applications to the University. This fee is nonrefundable and not credited to the student’s account.

**Art + Design Portfolio Fee**
Electronic Portfolio Upload $10.00

**Commencement Fee**
The University charges $99.00 to all students enrolled in a degree program who will have fulfilled their degree requirements by the end of the semester. This fee is paid after the student applies for graduation via their myWCU (https://my.wcupa.edu) account and is approved for graduation.

**Course Audit Fee**
Students who audit courses pay the same fees as students taking the courses for a letter grade.

**Credit by Examination Fee**
A charge is made to all students who register for a Credit by Examination through the Office of the Registrar (http://www.wcupa.edu/registrar). Each Credit by Examination course costs $92.00 or equivalent cost of the College Level Examination Program (CLEP).

**Damage Fee**
Students are charged for damage or loss of University property. This fee varies, depending on the extent of the damage.

**Fees for Health and Physical Education Majors**
Students in the B.S. degree programs in health and physical education must purchase uniforms at the University Bookstore. All students must be in proper uniform for activity classes.

**Doctor of Nursing Practice Program Fee**
Full-time students are charged $200.00 per semester; part-time students are charged $100 per semester.

**Identification Card Fees (RAMeCARD)**
The RAMeCARD will serve as a ticket to the offerings at Lawrence Food Court, Campus Corner, Convenience Stores, and Sykes Ram’s Head Food Court. The University charges a $12.00 fee to issue an identification card to each full- or part-time student. If this card is lost, stolen, or damaged, the student will be charged $15.00 for a replacement card. Damaged ID cards can be exchanged for a $10.00 fee. This fee is payable at the Student Services, Inc. (SSI) service center located on the ground level of Sykes Student Union.

**Late Payment Fee**
Students who fail to pay or submit their semester bills by their due date will be assessed a $50.00 late payment fee. Non-receipt of a bill does not relieve students of the responsibility of paying or submitting their bill by the due date. For those paying by mail, please allow sufficient time for payment to reach the University by the due date. Financial aid students who fail to confirm their attendance by the due date, even if no payment is due, will also be liable for this fee.

**Late Registration Fee**
All students who schedule during the late registration period are charged a $35.00 nonrefundable late registration fee.

**Lost Key Replacement**
Students who lose the key to their University-owned residence hall room, College Arms Apartment Complex rooms, or South Campus Apartment bedroom are charged a nonrefundable fee of $30.00 to replace the lock.

**Music Audition Fee**
Scheduling Fee $20.00

**Music Instrument Rental Fees**
Each student renting a musical instrument for a semester is charged $20.00 per instrument. Each student using a pipe organ for practice for one period each weekday is charged $36.00 per semester.

**New Student Fee**
All newly admitted undergraduate students, including transfers, will be assessed a one-time fee of $135.00 to attend orientation related services.

**Parking Fees**
The University charges a nonrefundable parking fee to students who are eligible to purchase a permit to use University parking lots. The current parking fee is $30.00 per year. Parking permits are available at the Department of Public Safety or on the Web at https://www.wcupa.edu/Permits/. Parking fines are assessed at $20.00 up to $40.00 depending on the violation.

**Portfolio Assessment Fee**
Equal to 50 percent of the per credit hour rate, this fee is charged to have a faculty member assess a student’s prior knowledge in a particular course.

**Recording Fee**
A $75.00 per hour recording fee will be charged for non-instructional recording, mixing, and editing services provided by the School of Music, such as promotional CDs, fund-raising projects, or recordings by nonacademic groups, e.g., barbershop quartets. No charge will be made for faculty/student recitals, ensemble performances, final theory/composition projects, or demonstration tapes for graduate school applications.

**Study Abroad Application Fee**
This $100.00 fee applies to students completing an online application to study or participate in an internship abroad. It will support resources for pre-departure advising, health, and safety assurances.

**Transcript Fee**
The fee for transcripts is $7.00 per copy. Transcript request forms are available in the Office of the Registrar (http://www.wcupa.edu/registrar).

**Undergraduate Credit Crossover Registration**
Students who are admitted to graduate study and need to take undergraduate course work to correct academic deficiencies are advised to enroll in undergraduate courses exclusively, and they will be billed undergraduate fees. Graduate students who are enrolled in graduate and undergraduate courses during the same semester will pay graduate fees for all course work. Further, all such courses or combinations are to appear on a single graduate transcript that includes a code or legend which differentiates between undergraduate and graduate courses.

**PAYMENT INFORMATION**

**Payment of Fees**
Students should receive fall semester bills by mid to late July and spring semester bills by the first week of December. All initial semester bills will be mailed to the students’ home address and sent electronically to the students’ official WCU e-mail address.

Mid-semester statements, including those for the Partial Payment Plan, will only be sent electronically to the student’s WCU e-mail address. Students will be required to check their WCU e-mail often for important dates and deadlines. For students who rely on parents/guardians to pay their bills, it is highly recommended that students select parents/guardians as authorized payers through the web-based QuikPAY system. Doing so will assure that both students and
REFUND INFORMATION

Refund Policy

Please consult the Academic Calendar (http://www.wcupa.edu/registrar/calendar) for add/drop deadlines each semester. During the open enrollment period, if students drop classes which results in a change to their bill, refunds will be processed automatically by the Office of the Bursar (http://www.wcupa.edu/bursar). Appeals concerning the refund policy for tuition and the general fee are made to the Office of the Registrar (http://www.wcupa.edu/registrar). Appeals concerning the Housing or Meal Fee are made to the Office of Residence Life (http://www.wcupa.edu/residenceLife). Further appeals, if necessary, may be made to the Appeals Committee.

The refund policy does not affect the time line for W grades as described under “Withdrawing from a Course (p. 86).” Individual fees will be refunded according to the policies described below.

Tuition and General Fee Refunds

Full refunds for tuition and the general fee are available only through the eighth calendar day that the University is in session. After that, tuition and the general fee are refunded according to the schedule below. These percentages apply to the total tuition bill, not to partial tuition payments. Questions about this, as well as when students will receive their refund, should be directed to the Office of the Bursar (http://www.wcupa.edu/bursar).

No refund will be given if the student:
1. Drops a course but retains full-time status,
2. Reduces his/her credit load after the end of the drop period but retains part-time status, or
3. Owes the University money.

Technology Tuition Fee Refund

Only refundable in full if the student drops all courses by the end of the drop period, which is through the eighth calendar day of the semester. This fee will not be refunded partially or in full for any courses dropped after the eighth calendar day.

Housing Fee (University-Owned Housing) Refund

In full prior to the first day of the semester; after the first day of the semester, prorated refunds are made on an individual basis through the Office of Residence Life and Housing Services (http://www.wcupa.edu/residenceLife). For affiliated student housing, please contact the private management company (University Student Housing (http://www.wcuhousing.com)) operating the property.

Meal Fee Refund

In full prior to the first day of the semester; after the first day of the semester, prorated refunds are made on an individual basis through the Office of Residence Life (http://www.wcupa.edu/residenceLife) for resident students, and through the Office of the Bursar (http://www.wcupa.edu/bursar) for commuter students.

FINANCIAL AID

Financial Aid Program

The financial aid program at West Chester University provides financial assistance and counseling to students who can benefit from further education, but who cannot obtain it without such assistance. Financial aid consists of gift aid in the form of scholarships or grants, and self-help aid in the form of employment or loans. The main responsibility for meeting educational expenses rests with students and their families. Financial aid is a supplement to family contribution and is to be used for educational expenses.

Eligibility for financial aid, with the exception of some scholarships, the Parent Loan Program, and some assistantships (graduate students),
is based on demonstrated financial need. Family income, assets, and family size influence a student’s demonstrated financial need.

All documents, correspondence, and conversations among the applicants, their families, and the Office of Financial Aid (http://www.wcupa.edu/financialAid) are confidential and entitled to the protection ordinarily arising from a counseling relationship.

In order to receive financial aid, the student must

1. Be accepted for admission as a degree student enrolling at West Chester University, or, in the case of a student already attending the University, be enrolled and making satisfactory academic progress as a degree student. See the Financial Aid Office (http://www.wcupa.edu/financialAid) for a more detailed explanation of this requirement.

2. Submit a Free Application for Federal Student Aid (FAFSA) before February 15 for priority consideration. This application will be used to determine demonstrated financial need for the student. All students are encouraged to complete this application.

3. Apply for the PA state grant on the FAFSA if the student is a PA resident. If the student lives out of state, he or she should check with his or her state agency about grant availability.

4. Submit any other requested documentation concerning financial and family circumstances that may be requested by the Office of Financial Aid, or any agency that administers financial assistance programs. Financial aid applicants may be required to submit tax transcripts of their IRS forms, and/or their parents’ forms, or various other income-related documents.

Submission of the above does not automatically entitle a student to receive financial aid. The Office of Financial Aid follows the regulations established by the federal and state governments in awarding aid. Aid applicants are ranked according to unmet need (based on budget, federal and state grants, and expected family contribution), and available funds are offered to the neediest students first. Students must apply for financial aid each academic year.

Unless otherwise specified, requests for scholarships, grants, loans, and employment opportunities described in this catalog should be made to the Office of Financial Aid. Application forms for state and federal grants may be obtained online.

Questions concerning financial aid may be directed to the:

Student Consumer Rights and Responsibilities

You have the right to ask a school...

1. The names of its accrediting organizations.
2. About its programs; its instructional, laboratory, and other physical facilities; and its faculty.
3. What the cost of attending is and what its policies are on refunds to students who drop out.
4. What financial assistance is available, including information on all federal, state, local, private, and institutional financial aid programs.
5. What the procedures and deadlines are for submitting applications for each available financial aid program.
6. What criteria it uses to select financial aid recipients.
7. How it determines your financial need. This process includes how costs for tuition and fees, room and board, travel, books and supplies, personal and miscellaneous expenses, etc. are considered in your budget. It also includes what resources (such as parental contribution, other financial aid, your assets, etc.) are considered in the calculation of your need.
8. If you have a loan, what the interest rate is, the total amount that must be repaid, the length of time you have to repay the loan, when payments are to begin, and any cancellation and deferment provisions that apply.
9. If you are offered a work study job, what kind of job it is, what hours you must work, what your duties will be, what the rate of pay will be, and how and when you will be paid.
10. To reconsider your aid package, if you believe a mistake has been made.
11. How the school determines whether you are making satisfactory academic progress, and what happens if you are not.
12. What special facilities and services are available to the disabled.

You have the responsibility to...

1. Review and consider all information about a school’s program before you enroll.
2. Pay special attention to your application for student financial aid, complete it accurately, and submit it on time to the right place. Errors can delay your receipt of financial aid.
3. Provide all additional documentation, verification, corrections, and/or new information requested by either the Office of Financial Aid or the agency to which you submitted your application.
4. Read and understand all forms that you are asked to sign and keep copies of them.
5. Accept responsibility for the promissory note and all other agreements that you sign.
6. If you have a loan, notify the lender of changes in your name, address, or enrollment status.
7. Perform in a satisfactory manner the work that is agreed upon in accepting a college work study job.
8. Know and comply with the deadlines for application for aid.
9. Know and comply with your school’s refund procedures.

Federal Work Study Program

The Federal Work Study Program provides part-time employment to help needy students finance the cost of postsecondary education. Students may be employed on campus; at a federal, state, or local public agency; or a private nonprofit organization. Application is made through the Free Application for Federal Student Aid (FAFSA) and the WCU Student Employment Application. The priority deadline is February 15th.

Federal Pell Grant

The Federal Pell Grant Program provides need-based grants to low-income undergraduate students to promote access to postsecondary education. Grant amounts are dependent on: the student’s expected family contribution (EFC); the cost of attendance (as determined by the institution); the student’s enrollment status (full-time or part-time); and whether the student attends for a full academic year or less. Students may not receive Federal Pell Grant funds from more than one school at a time. Interested students must file the Free Application for Federal Student Aid (FAFSA). WCU’s priority deadline is February 15 of the current academic year.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The Federal Supplemental Educational Opportunity Grant (FSEOG) program provides grants for undergraduate students with exceptional financial need. Students who will receive Federal Pell Grants and have
the most financial need will receive FSEOG funds first. Students must file the Free Application for Federal Student Aid (FAFSA). The priority deadline is February 15.

State Grants
The Pennsylvania Higher Education Assistance Agency (PHEAA) awards state grants to students who are Pennsylvania residents and who demonstrate need on the FAFSA. Students must be enrolled for at least 6 credits per semester in an undergraduate degree program to qualify, and not more than 50% of those credits per semester can be online courses. First-time applicants must complete additional information requested by the Agency before grant eligibility can be determined. In accordance with PHEAA policy, state grant recipients must successfully complete 24 credits per year for each full-time year of state grant awarded. The FAFSA must be filed by May 1 of each year to meet the state grant deadline.

Other states award grants to their residents to attend Pennsylvania schools. These states include Delaware, the District of Columbia, Ohio, Massachusetts, Vermont and West Virginia. Eligibility requirements vary per state. Students should contact their agencies in these states for more information.

Direct Loan Programs
Direct Loans are low-interest loans for students and parents to help pay for the cost of a student’s education. The lender is the U.S. Department of Education rather than a bank or other financial institution.

To be eligible for a loan, a student must do the following:
1. Be enrolled or accepted in a degree program
2. File a Free Application for Federal Student Aid (http://fafsa.gov) (FAFSA)
3. Maintain satisfactory academic progress
4. Be classified as at least a half-time student

Subsidized loans are for undergraduate students with demonstrated financial need, as determined by federal regulations. No interest is charged while a student is in school at least half-time, during the grace period, and during deferment periods. Direct Loans do not require a credit check.

The federal government also limits the amount of money that can be borrowed each academic year. Annual loan limits are $5,500 for first-year students, $6,500 for second-year students and $7,500 for undergraduate students who have completed two years. Independent students may borrow additional unsubsidized funds: up to $4,000 per year for their first two years, and up to $5,000 per year after they have completed two years. The total maximum indebtedness for a dependent undergraduate is $31,000 with $23,000 being subsidized and $57,500 for independent students with $23,000 being subsidized. The academic level maximum amounts are not guaranteed. The loan amount is influenced by the receipt of other aid. Interest rates are determined each spring for new loans being made for the upcoming award year, which runs from July 1 to the following June 30. Each loan will have a fixed interest rate for the life of the loan. Borrowers may defer payments while the student is enrolled at least half time. Application is made online at www.studentloans.gov (http://www.studentloans.gov).

Withdrawal/Enrollment Change and Aid
Students who officially withdraw or change their enrollment status may be entitled to a refund of certain fees, in accordance with University policy (see "Refund Information (p. 19)" section). If the student has been awarded financial aid for the semester in which the withdrawal or enrollment change occurs, a portion of the refund will be returned to financial aid program funds. When aid is returned, the student may owe a debit balance to the University. The student should contact the Office of the Bursar (http://www.wcupa.edu/bursar) to make arrangements to pay the balance.

Financial aid refunds due to withdrawals or enrollment changes are processed in accordance with federal, state, and awarding agency guidelines and regulations. A student considering withdrawal or an enrollment status change should consult the Office of Financial Aid (http://www.wcupa.edu/financialAid) to determine the impact of that action on current and future financial aid.

Title IV Federal Financial Aid Compliance Policy
The administration of federal financial student aid under Title IV of the Higher Education Act requires universities to determine whether or not financial aid must be returned for Title IV recipients who withdraw (officially or unofficially) during the term. Proper calculation for the return of Title IV funds is dependent upon verifying attendance in academically related activities.

Attendance under Title IV regulations is defined more broadly than physically attending a class, and must be verified independent of an instructor’s individual course attendance policy. That is, even if an instructor does not require students to physically attend class, active participation in the course must be verified. This verification will be captured at two points during the semester, once at the end of the add/drop period, and again at the point when 60 percent of the term is completed.

Students who stop attending a course and fail to officially withdraw from it will receive a grade of Z, which indicates that the student was not engaged in academically related activities in the course. This also represents an unofficial withdrawal from the course. Students with unofficial course withdrawals may no longer be eligible for the full amount of Title IV funds that the student was originally scheduled to
receive. The withdrawal date is set as the last date of an academically related activity in which the student participated.

Faculty will utilize their attendance verification roster in myWCU to electronically report whether their students are in good attendance. During the two attendance periods, faculty need to consider whether a student has been engaged in academically related activities for their course. A student's absence from class on the attendance day is not the only factor to consider when noting attendance. The following guidelines have been developed to assist faculty and students in understanding what types of academically related activities should be considered when determining whether a student is in good attendance for the course. In the event that the student fails a course, faculty will be asked to report the date of last attendance.

Academically related activities include but are not limited to:

- Physically attending a class where there is an opportunity for direct interaction between the instructor and students;
- Submitting an academic assignment;
- Taking an exam, an interactive tutorial, or computer-assisted instruction;
- Attending a study group that is assigned by the instructor;
- Participating in an online discussion about academic matters;
- Initiating contact with a faculty member to ask a question about the academic subject studied in the course; and,
- Reporting to internship, practicum, or field experience site.

Academically related activities do **not** include activities where a student may be present but not academically engaged, such as:

- Living in institutional housing;
- Participating in the university's meal plan;
- Logging into an online class without active participation; or,
- Participating in academic counseling or advisement.

Academically related activity for distance education courses: In a distance education context, documenting that a student has logged into an online class is not sufficient, by itself, to demonstrate academic attendance by the student. The faculty member must determine whether a student participated in class or was otherwise engaged in an academically related activity. Academically related activities in a distance education course include but are not limited to:

- Student submission of an academic assignment;
- Student submission of an exam;
- Documented student participation in an interactive tutorial or computer-assisted instruction;
- A posting by the student showing the student's participation in an online study group that is assigned by the instructor;
- A posting by the student in a discussion forum showing the student's participation in an online discussion about academic matters; and,
- An email from the student or other documentation showing the student initiated contact with a faculty member to ask a question about the academic subject studied in the course.

2018 UNDERGRADUATE CATALOG

COURSE PREFIX GUIDE

Many program descriptions in this catalog refer to courses offered by other departments using a course abbreviation called a prefix. In addition, some course prefixes do not use the logical initials of the courses to which they refer (e.g., ABC is used to indicate instrumental music courses). To assist in locating the department or program which uses each prefix, the following guide to course prefixes is provided.

Nondiscrimination/Affirmative Action Policy
West Chester University is committed to providing leadership in extending equal opportunities to all individuals. Accordingly, the University will make every effort to provide these rights to all persons regardless of race, color, sex, sexual orientation, gender identity, religion, creed, national or ethnic origin, citizenship status, age, disability, veteran status or any other legally protected class. This policy applies to all members of the University community including students, faculty, staff, and administrators. It also applies to all applicants for admission or employment and all participants in University-sponsored activities.

West Chester University will take all necessary steps to:
1. Recruit, hire, utilize, train, and promote for all job classifications without regard to race, color, sex, sexual orientation, gender identity, religion, creed, national or ethnic origin, citizenship status, age, disability, veteran status or any other legally protected class.
2. Recruit and admit students without regard to race, color, sex, sexual orientation, gender identity, religion, creed, national or ethnic origin, citizenship status, age, disability, veteran status or any other legally protected class.
3. Base decisions on selection, employment practices, employee utilization, job training, career mobility, promotion, program operations, and services provided so as to further the principles of equal opportunity and affirmative action.
4. Create and maintain a climate free from discrimination and harassment of any individual.
5. Create and maintain a climate free from sexual harassment of any individual.
6. Make every effort to increase the admission and employment opportunities for qualified persons with disabilities.
7. Assure that reasonable accommodation will be made for all the physical and mental limitations of qualified individuals.
8. Assure that in offering employment or promotion to persons with disabilities, no reduction in compensation would result because of disability, income or other benefits.

Any individual having suggestions, complaints, or grievances with regard to equal opportunity or affirmative action, or to request a translation of this publication into a language other than English, should be directed to Lynn Klingensmith, Social Equity Director/Title IX Coordinator, 13/15 University Avenue, West Chester, PA 19383; phone 610-426-2433 or email at lklingensmith@wcupa.edu.

Sexual Harassment Policy
West Chester University is committed to equality of opportunity and freedom from unlawful discrimination for all its students and employees. Sexual harassment is a form of unlawful discrimination based on sex and will not be tolerated in any form by faculty, staff, students, or vendors. Upon official filing of a complaint, immediate investigation will be made, culminating in appropriate corrective action where warranted, which may include termination of the relationship with the University. Retaliatory actions against persons filing a complaint of sexual harassment, or any person cooperating in the investigation of a complaint, are also prohibited. Acts of retaliation shall constitute misconduct subject to disciplinary action and should be reported to the Title IX Coordinator/Social Equity Director.

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other harassing conduct of a sexual nature. Sexual harassment occurs when:

1. submission to the unwelcome conduct of a sexual nature is made either explicitly or implicitly a term or condition of an individual's employment or status in a course, program, or activity;
2. submission to or rejection of the unwelcome conduct of a sexual nature by an individual is used as the basis for an academic or employment-related decision affecting such an individual; or
3. the unwelcome conduct of a sexual nature is sufficiently severe, persistent, or pervasive as to substantially limit or interfere with an individual's work, educational performance, participation in extracurricular activities, or equal access to the University's resources and opportunities; or
4. such conduct creates an intimidating, hostile, or abusive living, working, or educational environment.

Sexual violence is a form of sexual harassment. Sexual violence refers to physical acts perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs, alcohol or disability. Physical sexual acts include rape, sexual assault, sexual battery and sexual coercion.

All incidents of sexual harassment must be reported to the Lynn Klingensmith, Social Equity Director/Title IX Coordinator, 13/15 University Avenue, phone 610-436-2433 or lklingensmith@wcupa.edu, or http://www.wcupa.edu/sexualmisconductreport.

This policy and the procedures addressed herein are in addition to, and not a replacement for, criminal remedies that may be available. Anyone interested in pursuing a criminal complaint should contact the Office of Public Safety at 610-436-3311 or dial 911 in the case of an emergency. If the incident occurred off campus, the WCU Public Safety Office will assist the complainant in filing the complaint in the appropriate jurisdiction.

This policy is not intended to interfere with the protections afforded by law to freedom of speech. Additional information, including examples of what constitutes sexual harassment, is available from the Office of Social Equity. Individuals who believe themselves to have been sexually
harassed, or who have questions about the University’s policy on this matter, should contact Lynn Klingensmith.

Complaints may also be filed with the U.S. Department of Education, Office of Civil Rights at https://wdrpobcolp01.ed.gov/cfapps/OCR/contactus.cfm or by phone at 215-656-8541.

**ADA Policy Statement**

West Chester University is committed to equality of opportunity and freedom from discrimination for all students, employees, applicants for admission or employment, and all participants in public University-sponsored activities. In keeping with this commitment, and in accordance with the Americans with Disabilities Act of 1990 and the Rehabilitation Act of 1973, the University will make every effort to provide equality of opportunity and freedom from discrimination for all members of the University community and visitors to the University, regardless of any disability an individual may have. Accordingly, the University has taken positive steps to make University facilities accessible to individuals with disabilities and has established procedures to provide reasonable accommodations to allow individuals with disabilities to participate in University programs.

The Director of the Office of Social Equity (http://www.wcupa.edu/socialEquity) has been designated as the ADA coordinator for the University. In this capacity, the director of social equity works with the University ADA Committee to advance University policies and procedures that will provide equal educational and employment opportunities for individuals with disabilities. The Office of Social Equity has an established process to investigate and address any complaints of discrimination on the basis of a disability. Any individual who has a suggestion, question, or complaint regarding ADA issues is encouraged to contact Lynn Klingensmith, Social Equity Director / Title IX Coordinator, 13/15 University Avenue, phone 610-436-2433 or lklingensmith@wcupa.edu.

West Chester University has also established the Office of Services for Students with Disabilities (http://www.wcupa.edu/ossd) (OSSD), which operates as a centralized service for addressing the needs of students with disabilities and as a resource center for students, faculty, and staff. A student who wants to request an accommodation and/or receive specialized services should contact the director of the OSSD. The policies and procedures used by the OSSD are contained in the West Chester University Handbook on Disabilities, which is available in the OSSD, 223 Lawrence Center, V/TDD 610-436-321, or the following website: www.wcupa.edu/usss/ossd/documents/RevisedADAhandbook.pdf.

Various housing facilities and services are available for resident students with disabilities. For this and other information about on-campus housing and food service, please contact the Office of Residence Life and Housing (http://www.wcupa.edu/residenceLife), 202 Lawrence Center, 610-436-3307.

The Office of Human Resource Services (http://www.wcupa.edu/hr) has been designated as the contact for employees and applicants seeking to request an accommodation. The Office of Human Resource Services is located at 201 Carter Drive, 610-436-2800.

West Chester University is involved in the ongoing process of renovating campus buildings and grounds to ensure accessibility for all individuals. Many of our buildings are currently accessible, but some are awaiting renovation. To find out whether a particular location is accessible or how to access a location, please contact the space manager at 610-436-3348. To request special accommodations at a particular facility to ensure accessibility, please contact the Facilities Division at 610-436-3200.

**ADA Policy and Accommodations**

The University’s complete ADA Policy Statement and commitment to accommodations compliance is above.

The provisions of this catalog are not to be regarded as an irrevocable contract between the student and the University. West Chester University reserves the right to change any provisions or requirements at any time. Please check the University’s website, www.wcupa.edu, for any updates.

**ACADEMIC POLICIES AND PROCEDURES**

**ACADEMIC INTEGRITY**

**Undergraduate Student Academic Integrity Policy**

Any situation involving a violation of academic integrity is of major concern to the University. Faculty members preserve and transmit the values of the academic community through example in their own academic pursuits and through the learning environment that they create for their students. They are expected to instill in their students a respect for integrity and an understanding of the importance of honesty within their chosen profession. Faculty must also take measures to discourage student academic dishonesty.

Commitment to maintaining and encouraging high standards of academic integrity is demonstrated in many ways. One way is through the establishment of policies and procedures governing violation of the standards of academic integrity. The following policies, procedures, and definitions are intended to help faculty meet these responsibilities.

First, the instructor has both the right and responsibility to demand academic honesty if a student is to remain in good standing in the course and is to be evaluated fairly by the instructor. A grade certifies both knowledge and a standard of academic integrity. It is essential that the instructor retain the right to set the minimum academic penalty for academic dishonesty in a course, subject to the appeal rights of a student.

Second, cheating is not just a matter between an instructor and student in a specific course. While it is the right and duty of the instructor to set minimum penalties for dishonesty in a particular course, the University is responsible for the minimum standards of academic integrity and achievement on which degrees are based. It is the University that permits students to remain members of the academic community and finally certifies that students have attained sufficient academic credit and exhibited acceptable standards of conduct to entitle them to a degree. Incidents of academic dishonesty, especially when they recur and become patterns of dishonest behavior, require that the University be in position to use more severe disciplinary measures than those available to the professor, including expulsion of the student from the University. It is therefore imperative that individual instances of academic dishonesty, accompanied by details concerning penalties, become a part of the student’s academic record.

Third, students accused of academic dishonesty have the right to have their case heard in a fair and impartial manner, with all the safeguards available within the bounds of due process.

As responsible members of the academic community, students are obligated to comply with the basic standards of integrity. They are also expected to take an active role in encouraging other members to respect those standards. Should a student have reason to believe that a violation of academic integrity has occurred, he/she is encouraged to make the suspicion known to a member of the faculty or University administration. Students should familiarize themselves with the University’s policies, procedures, and definitions of types of violations, as provided in the Undergraduate Catalog.

**Violations of Academic Integrity**

Violations of the academic integrity standards of West Chester University fall into six broadly defined categories listed below.

1. **Plagiarism**
a. Plagiarism is the inclusion of someone else's words, ideas, or data as one's own work. When a student submits work for credit that includes the words, ideas, or data of others, the source of that information must be acknowledged through complete, accurate, and specific references and, if verbatim statements are included, through quotation marks as well. By placing his/her name on work submitted for credit, the student certifies the originality of all work not otherwise identified by appropriate acknowledgments. Plagiarism covers unpublished as well as published sources.

2. Fabrication
a. Fabrication is the use of invented information or the falsification of research, information, citations, or other findings.

3. Cheating
a. Cheating is an act or an attempted act of deception by which a student seeks to misrepresent his/her mastery of the information or skills being assessed. It includes, but is not limited to, using or attempting to use unauthorized materials, information, or study aids in any academic exercise.

4. Academic Misconduct
a. Academic misconduct includes, but is not limited to, other academically dishonest acts such as tampering with grades; or taking part in obtaining or distributing any part of a test that has not yet been administered; or disrupting or interfering with the ability of others to complete academic assignments. It also includes violations of the Student Code of Conduct, as they relate to the academic environment.

5. Facilitating Academic Dishonesty
a. Facilitating academic dishonesty includes helping or attempting to help another to commit an act of academic dishonesty.

6. Breach of Standards of Professional Ethics
a. In certain degree programs, students will be instructed on and provided with that particular profession's code of ethics (e.g., the American Nurses Association Code for Nurses). Under some circumstances, if a student is found to have violated that professional code, that violation may be considered a breach of the Academic Integrity Policy.

Procedures for Handling Cases
Faculty are responsible for determining the grades earned in their courses, and they are the first step in determining if a violation of academic integrity has occurred. They are also the first individuals to determine what penalty should be levied. A faculty member responsible for assigning final grades in a course may acquire evidence, either directly or through information supplied by others, that a student violation of academic integrity may have occurred. After collecting the evidence available, the faculty member will meet with the student to present the evidence of an alleged violation and request an explanation.

If the faculty member accepts the student's explanation, no further action is taken. If the faculty member determines that a violation has occurred, the faculty member informs the student, within five days of his/her decision, in writing, of the penalty that will be imposed. The faculty member will also inform the student of his/her right to file an appeal within 10 days of the faculty member's decision.

Once a faculty member has charged a student with academic dishonesty, the student may not withdraw from the course to avoid a grade penalty or to prevent the filing of the Report of Violation of Academic Integrity. Any student who withdraws from a course before the charge is made may be re-registered for the course so that appropriate action can be taken.

The faculty member fills out and forwards a copy of the Report of Violation of Academic Integrity, together with any additional supporting documentation, to his/her department chairperson. In departments that have a departmental Academic Integrity Board, the faculty member will forward the information to the departmental board. The department chair (or chair of the departmental board) will forward the information to the college dean. If the faculty member is the department chair and there is no departmental board, the report will be sent directly to the dean. The dean will then forward the information to the vice provost or his/her designee. The report includes:

- The nature of the charge/evidence against the student
- A brief summary of the meeting with the student
- The faculty member's decision
- The right of appeal to the department chair (or departmental board)

If the faculty member who accuses the student and files the report is the department chair, and there is no departmental board, the college dean is the first step in the appeal process.

If the student is subsequently found not guilty of the charge, the student may:

- Remain in the course without penalty
- Withdraw from the course regardless of any published deadlines

If the student is found guilty of violating the student Academic Integrity Policy, the student may not withdraw from the course and will receive the sanction imposed by the instructor or other academic authority.

Penalties
All acts of academic dishonesty violate standards essential to the existence of an academic community. Most offenses are properly handled and remedied by the faculty member teaching the course in which they occur. The penalties that may be assessed by the faculty member include the following:

- Completion of alternative work, with or without a grade reduction
- A reduced grade (including F or zero) for the assignment
- A reduced grade (including F) for the entire course

The faculty member may also request that his/her department chairperson contact the appropriate dean and request that an Academic Integrity Board be convened, for the purpose of imposing further sanctions. See below for a list of possible sanctions.

Whatever the penalty, the report describing the incident and recording the decision will be kept by the vice provost's designee until the student has graduated and the degree has been awarded. In addition, the vice provost will forward a copy of the report to the student's major department chairperson. Individual departments may establish a "zero tolerance" policy for their majors. Students must be clearly informed of such a policy by those departments.

The purpose of this record keeping is to ensure that students who violate the University's student Academic Integrity Policy a second time are dealt with appropriately. A second purpose is to deter students from repeating offenses. A record of the first-offense is kept in the student's academic file in the Office of the Vice Provost as an internal record and is not available to faculty who may be bringing charges against a student. Information as to whether or not such a file exists is available to individuals or committees who are writing letters of reference for students, when the form asks if the student has ever been sanctioned for academic dishonesty. The file is destroyed once the student's degree is awarded.

A second violation of the Academic Integrity Policy may result in formal charges being brought against the student. In addition to the sanctions listed above, sanctions for a second or subsequent violation may include:

- Suspension from the University for a designated period of time
- Expulsion from the University
- Any sanctions listed in the Student Code of Conduct

In the determination of penalties, the following factors may be considered:
Membership of the Academic Integrity Board

The Academic Integrity Board may be convened under any of three sets of circumstances.

1. The nature and seriousness of the offense
2. The injury or damage resulting from the misconduct
3. The student’s prior academic file

Appeal Procedures

A student may appeal the instructor’s unilateral imposition of a reduced or failing grade. A student who files an appeal within 10 days of the faculty member’s determination will suffer no worse penalty as a result of the appeal than he/she would have suffered if he/she had not appealed the instructor’s unilateral action. A student who files an appeal to the next level must do so within 10 days. The Request for Appeal should contain any and all information that the student believes is relevant to his/her case. After the initial appeal to and decision by the department chair, the student will have five days to appeal the decision to the appropriate dean, if he/she so wishes.

The progression of the appeal involves the following:

1. Chair of the department in which the course is housed (or departmental board). The appeal must be filed within five days of the faculty decision. The chair will submit a written response to the student within five class days after receipt of the student’s appeal.
2. Dean of the department in which the course is housed. The appeal must be filed within five days of the department’s decision. The dean will submit a written response to the student within five class days after receipt of the student’s appeal.
3. WCU Academic Integrity Board. The appeal must be filed within five days after the dean’s decision. The provost (or provost’s designee) will convene the Academic Integrity Board as soon as possible, but no later than 15 class days after the receipt of the written request.

If the faculty member who has brought the charges is also the chair of the department, the appeal moves directly to the college dean.

Academic Integrity Board

The Academic Integrity Board may be convened under any of three sets of circumstances.

1. It may be requested by an accused student as part of the appeal process.
2. It may be requested by the faculty member who believes that a penalty that is more severe than an F in the course is warranted.
3. It will be convened automatically by the vice provost or his/her designee if a student has a second or subsequent Report of Violation of Academic Integrity placed on file.

Membership of the Academic Integrity Board

1. The provost (or provost’s designee) shall appoint faculty and administration members of the Academic Integrity Board. The vice provost serves as nonvoting chairperson. If the vice provost is not available to serve, the administration will appoint a substitute.
2. A faculty dean not involved in the charging process. A substitute may be appointed as given in paragraph 1.
3. Two faculty members. At the beginning of each academic year, the Office of the Vice Provost shall randomly select two full-time faculty from each academic department in order to constitute the pool. Two faculty members from different departments will be randomly selected from this pool to serve on the Academic Integrity Board.
4. Two undergraduate students. The undergraduate students will be selected from a list of names provided by the Office of Student Conduct, or who are tutors at the LARC, or who are enrolled in the Honors College, or who are members of a WCU Honors Society. The director of the LARC, director of the Honors College, or the appropriate society advisor will provide the Office of Academic Affairs with a list of students who are willing to serve. Such students will be appropriately trained in procedures relating to this policy and the need for confidentiality pursuant to the Family Education Rights and Privacy Act (FERPA).

Hearing Procedures for Academic Integrity Board

The chair will provide notice to all parties which shall include a summary of the matter for disposition, as well as the time and place of the hearing. The student charged will also be advised as to the identity of those sitting on as part of the Academic Integrity Board and witnesses that will be presented by the charging party. Hearings shall proceed to the extent possible according to the following form:

1. The chair shall open the proceedings by reading the statement of charges;
2. The charging party shall then present the case against the accused party, including the presentation of witnesses. This shall be done by the submission of written, physical, and testimonial evidence.
3. The accused party and the board shall have the right to conduct reasonable questioning of the charging party and the charging party’s witnesses; hearsay evidence is not acceptable since it denies the opposing party the opportunity to cross-examine unless such is a business record of the University.
4. After both cases have been presented, the board shall allow rebuttal evidence;
5. At the close of the hearing, the board shall allow closing arguments by the parties.

The board chair shall have authority and be responsible for maintaining an orderly procedure throughout the hearing. All hearings are closed proceedings; witnesses may be excluded from the room until the appropriate time for their testimony. The burden of proof rests on the opposite party and the accused party’s witnesses; hearsay evidence is not acceptable since it denies the opposing party the opportunity to cross-examine unless such is a business record of the University.

Both parties shall have the right to be assisted by advisors, who may be attorneys, and who may be present at hearings. The board chair must be notified in advance of the hearing who the advisors will be. The advisors may only consult and interact privately with their advisees, and may not address the board. Advisors who are disruptive to the process will be asked to leave the proceedings, and the matter will go forward absent their involvement.

All hearings will be recorded. The audio recording of the hearing will be archived in the Office of the Provost, or his/her designee, for five years. A written transcript of the hearing will be provided at the expense of the University pursuant to a validly issued subpoena.

A written recommendation based on a preponderance of evidence, arrived at by majority vote, in which the facts and reasons for the recommendation are set forth shall be issued within 15 calendar days, after the close of the board proceedings. That report shall be sent to the provost and vice president for academic affairs, with copies to all parties, including the deans and the appropriate department chair. The copy to the accused will be sent certified mail, return receipt requested, and first class mail. Within 15 calendar days, the provost shall implement the recommendation of the board, or shall provide a written response containing his/her decision, and explaining to all parties his/her reasons for declining to implement the board’s recommendation. In the event that the provost finds inadequacies in the record, the matter can be remanded back to the board for additional testimony.

Any party who fails without appropriate reason to appear at the hearing consents to the conduction of the hearing in his or her absence and for a final decision to be made based on the facts presented.
The board retains the right to continue a hearing whenever necessary and appropriate.

Either party may express its reaction in writing regarding the recommendation of the board to the provost or his/her designee within seven calendar days of receipt of the recommendation. If the seventh day falls on a weekend or holiday, the seventh day will be the first day that the University is open for business. Written submissions should be submitted to the provost. Any stay of sanction shall be granted only upon application to and at the sole discretion of the provost or his/her designee. The decision of the provost shall be final. If the penalty being levied is an "F" in the course, the provost will direct the registrar to enter the grade of "F" in the student's record.

NOTE: A written statement of the decision and relevant materials shall be placed in the student’s academic file and sent to the student’s academic advisor and department chair. In the absence of a student appeal, the recommended sanctions from the department and dean’s level should be forwarded from the dean’s office to the provost for action. Any actions taken by the provost will be sent to the director of the Office for Judicial Affairs and Student Assistance. A disciplinary file will be established as a permanent record of these actions.

Sanctions

At the conclusion of the appeals process, a student may be exonerated or subject to any combination of the following range of penalties. If the student is found in violation of the Academic Integrity Policy, the board will impose a penalty that is more severe than the one recommended by the faculty member for that infraction. The board will not impose a penalty that is more severe than the one subject to any combination of the following range of penalties. If any of the following sanctions are imposed by the provost, they will be sent to the director of the Office for Judicial Affairs and Student Assistance. A disciplinary file will be established as a permanent record of these actions.

1. The board may agree with the instructor and apply a penalty to the student’s grade, including failure in the course. Further, the board may agree with the faculty member’s recommendation that the student receive a more severe penalty than failure in the course, and apply one of the sanctions listed below. If any of the following sanctions are imposed by the provost, they will be sent to the director of the Office of Student Conduct. A disciplinary file will be established as a permanent record of these actions.
   a. Disciplinary probation: The student is informed in writing that he or she is being placed on disciplinary probation for a specific period of time. This action is a period of official censure. A probation action may specify any conditions with which the individual must comply or any privileges which may be withheld. Probation may include, but not be limited to, the loss of privilege to represent the University in official capacity including but not limited to varsity and non-varsity intercollegiate events, plays, and holding office in campus government or related organizations. If at any time during his or her probationary period the student violates University regulations, he or she may be subject to further disciplinary action from the University up to and including expulsion from the University.
   b. Suspension: The student is informed in writing that he or she is being involuntarily suspended from the University for a designated period of time. A student shall lose student status and may not attend classes, take exams, receive grades, or be on University property except for authorized University business during the suspension period. Authorized University business must be approved in advance by the provost and vice president for academic affairs or designee. After the designated period of time, the student must seek approval from the provost and vice president for academic affairs or designee prior to reapply to return through the Office of Admissions. The board may establish additional requirements which must be fulfilled to the satisfaction of the provost and vice president for academic affairs or designee prior to reinstatement. There will be no refunding of fees. The assignment of grades shall be in accordance with University policy.
   c. Expulsion: The student is informed in writing that he or she is being expelled from the University. The action is one of involuntary separation from the University. The relationship between the student and this University is permanently terminated. The student is not permitted on University property. There will be no refunding of fees. The assignment of grades shall be in accordance with University policy. The fact of the expulsion and the reason for it will be entered upon the student’s official transcript and upon all copies thereof. A student who has been expelled for academic dishonesty will not be awarded a degree from West Chester University.
   d. Restitution: Restitution may be imposed on students whose violation of these standards has involved monetary loss or damage. Restitution as imposed by the board will be regarded by the University as a financial obligation to the University.

2. Hold on records: The University may withhold transcripts, grades, degrees, diplomas, or other official records pending the disposition of cases.

3. If the student has a record of past violations of the Student Academic Integrity Policy, that student is subject to additional sanctions based upon the fact that he/she has a prior record of dishonesty. After the board recommends the penalty for the case in question, the board will be provided with the student’s past record, if any exists. The board shall review that record and consider imposing a more stringent penalty, to include any of the penalties listed above.

Notes

1. If the complainant is not on contract or in residence on the campus, he or she shall have the right to defer the procedure until his or her return. Similarly, if the procedure would normally occur during the summer and the student is not enrolled in any summer session, the procedure may be deferred until the fall semester at the student’s request.

2. Each department must submit to the academic dean its written process for hearing appeals. Likewise, each academic dean must submit to the provost and vice president for academic affairs his or her written process for hearing appeals. These processes must, as a minimum, provide notice to all involved parties and must provide an opportunity for all parties to be heard by a neutral fact finder or body who will render a decision and permit the accused to have an advisor. Such policies and procedures should be readily available to all students of the department.

3. A written statement of the decision and relevant materials shall be placed in the student’s academic file and sent to the student’s academic advisor and department chair. In the absence of a student appeal, the recommended sanctions from the department and dean’s level should be forwarded from the dean’s office to the provost for action.

ACADEMIC RECORDS INFORMATION

Student Standing

The student’s standing is determined by the number of semester hours of credit earned as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Hours of Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0-29.5</td>
</tr>
<tr>
<td>Sophomore</td>
<td>30-59.5</td>
</tr>
<tr>
<td>Junior</td>
<td>60-89.5</td>
</tr>
<tr>
<td>Senior</td>
<td>90 or more</td>
</tr>
</tbody>
</table>

Full-Time Status

A full-time class load ranges from 12 to 18 credits. Credits attempted or earned through the process of Credit by Examination are not counted in the student class load.
Transcripts

Requests for official transcripts are made online. Students who attended during or after 1985 order through the myWCU (http://my.wcupa.edu) portal and have the option to order a paper transcript, to be mailed or picked up, or an eTranscript (certified PDF) to be emailed.

Students who attended during or before 1984 order through our partner service, Parchment (https://exchange.parchment.com/send/adds/index.php?main_page=login&Sc_id=3DvuJSeURjRJlcg), and have the option to order a paper transcript to be mailed or picked up.

The cost is $7 per transcript. Students will not be able to request a transcript if they have any outstanding holds on their account. More detailed ordering information is available on the Registrar’s website, http://www.wcupa.edu/transcripts.

Important note: Current term ”In-Progress” courses will not display on a West Chester University transcript. Only courses that have been graded will display.

Student WCU E-mail Accounts

All incoming students to West Chester University will be issued an official WCU e-mail address. Students are advised to check this e-mail account frequently since University administrators and faculty will be communicating information regarding classes, financial aid, billing, emergency announcements, and other important notifications. These e-mails will only be sent to a student’s “wcupa.edu” e-mail account and not to any other personal e-mail address.

Changes in Name or Address

Students may update their address through the Change my Address link within their myWCU (https://my.wcupa.edu) account. Detailed instructions are located on the Registrar’s website (http://wcupa.edu/registrar/documents/ManageStudentRecords.pdf).

Any student wishing to change his/her name from that currently on record must provide legal documentation supporting the change, such as: a marriage license, court order, divorce decree, etc. A driver’s license is not adequate. All name change requests must go through the Office of the Registrar (http://wcupa.edu/registrar/default.aspx). Requests for name changes received through the mail will be acknowledged by letter.

Exception to Academic Policies

Students may file a petition that requests exception to academic policies. Petition forms are available in the Office of the Registrar (http://www.wcupa.edu/registrar) and on the Registrar’s web page. Students who may request an exception because of a disability should refer to, “Services for Students with Disabilities (p. 94).”

The Family Educational Rights and Privacy Act (FERPA)

West Chester University is committed to protecting the privacy of its students and to maintaining the confidentiality of student education records in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA).

Students at West Chester University are afforded the following rights regarding their education records:

1. The right to inspect and review their education records within 45 days from the date the University receives the student’s request for access.

   The Registrar has been designated by the University to coordinate the inspection and review procedures of student education records. Students must submit a written request to the Office of the Registrar identifying the item or items of their record they wish to inspect. The Registrar’s Office will contact the student as soon as possible, but no later than 45 days from the date the request was received, to arrange a time and place for the student to inspect the requested records. At the time of inspection, the student will be required to show photo identification and must inspect the records in the presence of a representative from the Office of the Registrar.

2. The right to request an amendment to their education records, if he or she believes the record contains inaccurate or misleading information.

   If a student believes his or her education record contains information that is inaccurate, misleading, or is otherwise in violation of his or her privacy rights, the student may request in writing that their record be changed. Students seeking a change of grade should refer to the Grade Appeal policy found in their undergraduate (p. 87) or graduate (http://catalog.wcupa.edu/graduate/academic-policies-procedures/grade-information) catalog. The written request must clearly identify the part of the record the student wants amended and must specify why the record is inaccurate or misleading. If the Registrar agrees with the student’s request, the appropriate records will be amended. If the Registrar decides not to amend the record, the student will be notified of the decision, within a reasonable period of time, and the student will be advised of his or her right to a formal hearing.

   Student requests for a formal hearing to contest the Registrar’s decision must be made, in writing, to the Associate Provost. A hearing committee will be appointed and the student will be notified of the date, time and place of their hearing. The student may present evidence relevant to the issues raised and may be assisted or represented by one or more individuals of their choice, including an attorney, at their own expense. Decisions of the hearing committee, which will be based solely on the evidence presented at the hearing, will be final. Following the hearing, the committee will provide their written decision and a summary of the hearing to the concerned parties. If the decision is in favor of the student, his or her education record will be amended accordingly.

   Students who are dissatisfied with the result of their hearing may place in their education record an explanatory statement commenting on the information that was under review. The explanatory statement will be maintained as part of the students’ education record and will be released when the records in question are disclosed.

3. The right to provide consent prior to the disclosure of personally identifiable information contained in their education records.

   No one outside the university shall have access to, nor will the university disclose, any information from students’ education records without the students’ prior written consent, except to the extent permitted under FERPA. (See "p. 77) WCU Use of Student Directory Information'.

FERPA does establish several exceptions that allow the university to disclose student education records without prior consent. Some of these exceptions include:

- To school officials with a legitimate educational interest.
- To school officials with a legitimate educational interest.

   A school official is a person employed by West Chester University in an administrative, academic, research, or support staff position (including law enforcement unit personnel and health staff); members of the board of trustees; third-parties acting on behalf of the university; or individuals, including students, serving on university committees. School officials are considered to have a legitimate educational interest if the student education information is necessary in order for that official to: complete a task specific to their job description/contract, perform a task related to a student’s education, perform a task related to the discipline of a student, or provide a service or benefit relating to a student.

- To comply with a judicial order or lawfully issued subpoena. The university will make an effort to notify the student in writing prior to disclosing information, unless directed otherwise by the order or subpoena.
• To persons or organizations providing the student financial aid, or who determine financial aid decisions concerning eligibility, amount, conditions and terms of the financial aid.
• To appropriate parties in a health or safety emergency.

4. The right to file a complaint with the United States Department of Education concerning alleged failures by West Chester University to comply with the requirements of FERPA.

FERPA is administered by the Family Policy Compliance Office.

Student complaints can be sent to:
- Family Policy Compliance Office
- U.S. Department of Education
- 400 Maryland Avenue, SW
- Washington, D.C. 20202-4605

5. Additional Provisions

For the purposes of this policy, the term “student” refers to any individual who has secured admission to the University in the form of a deposit, has enrolled in a course, has completed a non-degree application, or any individual who has previously attended West Chester University. The term “education records” refers to any records directly related to a student, with certain exceptions, that are maintained by the university or its agents. These records include but are not limited to grades, transcripts, class lists, student course schedules, student financial information, student identification card photo, and student discipline files.

For the purposes of record inspection and release, the University reserves the right to redact records so that personally identifiable information pertaining to other students can be removed. Pursuant to a subpoena or record request, student records shall be reviewed for all personally identifiable information related to students that are not named as part of the subpoena or request. Once identified, this information shall be redacted to ensure protection of student information as provided by FERPA.

It is the policy of West Chester University that no records of deceased students be released to third parties, unless specifically authorized by the executor of the deceased’s estate or in response to a validly issued subpoena.

**WCU Use of Student Directory Information**

Directory information is information contained in your education record that generally would not be considered harmful or an invasion of privacy if disclosed.

Under FERPA, West Chester University may release the following categories of information without students’ prior consent:

- Student’s name
- Local and permanent address
- Telephone number
- WCU email address, which includes WCU student ID number
- Date and place of birth
- Major field of study
- Dates of attendance
- Enrollment status
- Expected graduation date
- Degrees, awards, and honors received
- Most recent previous educational agency or institution attended by the student
- Participation in officially recognized activities and sports
- Weight and height, if a member of an athletic team

The University will limit information that is made public to categories such as these but will not necessarily publish all such information in every listing.

West Chester University does not make directory information generally available to the public. West Chester University limits its release of directory information for official University purposes, such as: identifying athletic team members, publishing names of scholarship recipients, graduation lists and Dean’s Lists, issuing academic awards, verifying enrollment or degree status, and providing such information to faculty and/or staff as pertains to their job responsibilities or with whom the University has a contractual relationship.

Undergraduate and Graduate students who do not wish to have their directory information published, without their prior consent, must submit a Non-Disclosure of Directory Information Request form (http://www.wcupa.edu/registrar/documents/nondisclosureDirectoryInformationRequestEN.pdf) to the Office of the Registrar. Forms must be submitted within the first 15 calendar days of the semester. Once a student restricts the release of their directory information, the restriction will remain in effect until the student makes a written request to the Office of the Registrar to reverse the non-disclosure restriction.

**ACADEMIC SERVICES**

**Academic Affairs**

West Chester University’s undergraduate programs include teaching certification programs, local certificate programs, and programs of study leading to the bachelor of arts, bachelor of fine arts, bachelor of music, bachelor of science, bachelor of science in education, bachelor of science in nursing, and bachelor of social work. A complete list of undergraduate degree programs are located on the Program Index (p. 65) page. Programs of study at the graduate level are also available. These are listed on the Program Index (p. 65) page and are described in detail in the Graduate Catalog (http://catalog.wcupa.edu/graduated).

**Academic Advising**

West Chester University embraces the concept that effective academic advising is a collaborative teaching and learning process between the student and the faculty advisor. The University believes that effective advising should assist students in achieving their academic, professional, and personal goals. The University community—students, faculty, and staff—shares the responsibility for student success. Faculty advisors will strive to provide accurate, timely, and current information, thus establishing the framework around which students will construct their academic program of study. Students, in turn, must take responsibility for their educational and career goals by assuming an active role in working towards their degree and being aware of and understanding policies and requirements necessary for graduation. The University is responsible for providing a supportive environment where students can receive high quality academic advising and also be referred to other campus resources that will provide opportunities and assistance to help students succeed.

In order to maintain progress towards their goals, all students must meet with their advisors at least once per semester, as well as consult with department and university documents such as advising sheets and Degree Progress Reports. Students can find additional advising support information on the university’s advising website (http://wcupa.edu/academicsAdvising).

Advisor assignments are made by the academic department of the student’s program of study. Students who are admitted to the University as “undeclared” are assigned an advisor through the Pre-Major Academic Advising Center (222 Lawrence Center, 610-436-3505). Students may find the name of their academic advisor on their myWCU portal page (http://my.wcupa.edu).

Students who choose to pursue an academic minor will also be assigned an advisor in the minor. The minor advisor will assist the student in understanding the requirements of that particular program.
Learning Assistance and Resource Center

The Learning Assistance and Resource Center (LARC) provides academic support services to help students become independent, active learners who achieve academic success. The LARC offers tutoring services in most 100- and 200-level general education courses, such as mathematics, writing, natural sciences, social sciences, foreign languages, and introductory business. Tutoring sessions are 50 minutes long and are held by appointment only. Interested students register on a first-come, first-served basis and are assigned tutors depending on availability. The LARC also offers Supplemental Instruction (SI) in several general education and high-risk courses. Additionally, the LARC holds refreshers workshops in preparation for the required standardized tests for prospective education majors. The Academic Success Workshop (ASW) demonstrates the application of learning strategies to the course content through seminars that influence learning, such as stress management, test anxiety reduction, assertiveness, concentration, and motivation; workshops are available to student groups upon request. The LARC website, www.wcupa.edu/larc, includes information on available services, a list of courses being tutored, and links to helpful resources. Additional services, such as online tutoring through Smarthinking, the Diversity 411 Workshop, the Brother-to-Brother Program, and the Early Alert Program are also available. Information regarding these programs can be found on the LARC website.

The LARC provides opportunities for paid practical experience for undergraduate and graduate students and requires participation in a comprehensive training program for new tutors, including seminars, workshops, online training, individualized projects, and peer observation. Opportunities for practicum or internship are available. Tutors employed by the LARC acquire the knowledge and experience necessary to meet the requirements for certification by the College Reading and Learning Association. The LARC is open Monday - Thursday from 8 a.m. to 8 p.m., Friday from 8 a.m. to 4 p.m., and Sunday from 6 p.m. to 9 p.m. For more information call 610-436-2535, e-mail larc@wcupa.edu, see the website at www.wcupa.edu/larc or visit 224 Lawrence Center.

Veterans Affairs

Under the provisions of Title 38, West Chester University is an accredited university for the education of veterans. The University cooperates with the Veterans Administration to see that honorably separated or discharged veterans receive every consideration consistent with either degree or non-degree admission standards.

All veterans, certain dependents of disabled or deceased veterans, and war orphans who wish to obtain educational benefits under the appropriate public laws must register with the Veterans Affairs Office at initial registration. Veterans must renew their registration with this office at the beginning of each subsequent semester and each summer session. The Veterans Administration requires undergraduate students who are veterans to schedule at least 12 semester hours per semester in order to receive full benefits under the GI Bill; and graduate students who are veterans to schedule at least 9 semester hours per semester in order to receive full benefits under the GI Bill.

West Chester University participates in the Yellow Ribbon Program under the Post 9/11 GI Bill. The Post 9/11 GI Bill pays up to the in-state tuition and fees for all students in the program, depending on their qualifying benefit level. For out-of-state students at the 100% benefit level, the University will contribute (and the VA will match) funds to make up the difference between in-state and out-of-state tuition and fees.

West Chester University is compliant with the recent passage of PA Act 11 and HB131 (http://www.legis.state.pa.us/cfdocs/legis/ liluconsCheck.cfm?yr=2015&sessInd=0&Act=11) (referred to as the Veterans Access, Choice, and Accountability Act of 2014). In accordance with Act 46 of 2014, West Chester University offers Priority Registration for Veterans. For guidelines regarding priority scheduling please visit the Registrar’s website (http://www.wcupa.edu/registrar/military.aspx).

The Greg R. and Sandra L. Weisenstein Veterans Center (http://www.wcupa.edu/veteranscenter) is located at 624 South High Street. The Veterans Center provides services and assistance to veterans, service members, and spouse/dependents with their transition to college. Services include but are not limited to Student Veteran Group (SVG) meeting headquarters, a veteran lounge and computer area, the University’s VA educational certifying official, assistance with VA educational benefits, and general VA information.

For information about the Department of Veteran Affairs (VA) benefits programs, assistance in completing the application for benefits, or to submit requests for enrollment certification, contact the Veterans Center (http://www.wcupa.edu/veteranscenter) at 610-436-2862 or e-mail veteranscenter@wcupa.edu.

Veterans’ Residency

West Chester University adheres to the guidelines set forth by the PA Act 11 and HB131 in order to demonstrate compliance with the Veterans Access, Choice, and Accountability Act of 2014. According to WCU policy, your residency status may require you to supply extra documentation to ensure you receive the proper, in-state tuition benefits. Please visit the Registrar’s residency section (http://wcupa.edu/registrar/residencyMilitary.aspx) for further information regarding military personnel.

Scholarly Publications

College Literature: A Journal of Critical Literary Studies is dedicated to publishing original and innovative scholarly research across the various periods, intellectual fields, and geographical locations that comprise the changing discipline of Anglophone and comparative literary studies. Graham MacPhee of the Department of English serves as editor.

Aralia Press

This nationally renowned literary fine press, located in the Francis Harvey Green Library, West Chester University, gives students hands-on experience in the publishing field through traditional book production. For questions regarding materials printed by the Aralia Press, contact the Library Special Collections Department, e-mail libspeccol@wcupa.edu or call 610-436-3456.

Lawrence A. Dowdy Multicultural Center

The mission of the Lawrence A. Dowdy Multicultural Center (http://www.wcupa.edu/multiculturalAffairs) is to help provide and maintain a supportive environment that promotes the academic achievement and personal development of multicultural students at the University.

This is accomplished by providing a wide range of services, programs, and activities aimed at meeting the educational, social, cultural, and developmental needs of multicultural students. In addition, the center collaborates with other offices, organizations, and departments to improve awareness of and appreciation for racial and cultural diversity for the University community.

The Multicultural Center serves as a general gathering place for all students and is also a home-base for the Lawrence A. Dowdy Multicultural Center Mentoring Program, the Board of Governors Scholarship program, and many multicultural student organizations.

The center is located in Room 603 in Sykes Student Union and can be reached at 610-436-3273.

Assessment

The University takes seriously its commitment to excellence and student success, and therefore academic programs and student services regularly engage in assessment of student learning, student preparedness for employment, and student perceptions and satisfaction. All students are
expected to participate in assessment of programs when requested in order to provide valuable feedback to the University community.

The full University policy regarding the assessment of student learning outcomes within programs at West Chester University are available on the web pages of the WCU Teaching, Learning, and Assessment Center (http://www.wcupa.edu/TLAC) as well as the home page of the vice provost (http://www.wcupa.edu/provostPolicies).

**AFFILIATED ACADEMIC ORGANIZATIONS**

**Academic Development Program**

The Academic Development Program (ADP) is special admissions program for students who do not meet current admissions criteria but who show potential to succeed in college.

Students admitted to the program complete a five-week summer session to assist them in developing academic skills in reading, writing, mathematics, and critical thinking, as well as to help them in their transition from high school to college. In addition, the program provides specialized tutoring, academic advising, mentoring and academic monitoring, and academic counseling. Program support continues into the academic year, as students complete SPK 208 and WRT 120 and transition into a major.

For further information, please contact the Academic Development Program, 231 Lawrence Center, 610-436-3274.

**University-Wide Internship Opportunities**

A number of departments offer the opportunity for internships, field experiences, or practica in which students may earn credit while gaining professional experience in their field of interest. Students need to consult with their department and review the various department listings in this catalog. In addition, other information on internship resources, requirements, and contacts is available at www.wcupa.edu/ internships/ and in the Course Policies (p. 81) section of this catalog.

Three University-wide internship opportunities are open to students from any major:

1. The Harrisburg Internship Semester (THIS) is a full-semester, 15-credit experience in Pennsylvania state government. It is open to any junior or senior who has a minimum GPA of 3.0. A stipend is involved. See Department of Political Science (http:// www.wcupa.edu/politicalScience) (HBI 400, HBI 401, HBI 402) or http://www.passhe.edu/this for more information.
2. The Washington Center Internships are 15-credit experiences with the U.S. Congress, Executive Branch, interest groups, and lobbies. See www.twc.edu (http://www.twc.edu) for more information.
3. The Pennsylvania House of Representatives Legislative Fellowship Program, open to all junior/senior students with a minimum GPA of 3.5, involves committee staff assignments in policy development and a stipend.

All three programs are administered by the Department of Political Science (http://www.wcupa.edu/politicalScience); contact the chair at 610-436-2743.

**Pre-Major Academic Advising Program**

The Pre-Major Academic Advising Center (PMAA) (http:// www.wcupa.edu/advising) provides support to undergraduate students before their admission to an academic major. The assignment to PMAA either reflects the student’s own choice or a designation by the University because of one of the following:

1. The student does not meet all of the preparation and/or academic requirements for a particular major
2. The academic major to which the student seeks entrance has reached its maximum enrollment for the academic year and/or semester

Students are encouraged to take prerequisite courses in their intended major and/or in a particular major program because of implied interests. Academic advisors assist students in interpreting University and department policies and requirements, and with selecting appropriate courses. Advisors make referrals and discuss vocational and career interests with undeclared students. Together, the advisor and student develop an educational plan of sound strategies for success.

Students should understand that certain academic programs require prerequisites for further study. If prerequisites are not taken during the period of study as an undeclared major, then University attendance is prolonged. A student may transfer into a program only if all of the following are met:

1. There is a vacancy in the desired program.
2. Prerequisite courses are completed and/or the required GPA is attained.
3. A request has been submitted and approved through the online “Plan Change Request” process.

The PMAA program is located in 222 Lawrence Center. For more information contact advising@wcupa.edu or 610-436-3505.

**Undeclared Major Declaration Policy**

**Policy Requirements**

First year students who entered West Chester University as undeclared/pre-major must declare a major at the completion of 45 West Chester University earned credits. This is most often equivalent to three semesters of full-time study at the University. Transfer students (Internal and External) who are undeclared must declare a major after two semesters of full-time study as an undeclared student. Students must be in good academic standing and must meet all admission requirements specified by the program s/he plans to transfer into. Exception to this policy may be granted to students who are planning to declare a major with highly restrictive admission requirements and may need additional semesters to complete those requirements. Any undeclared student who does not declare a major within the stipulated period of time will be required to develop an action plan addressing his/her academic area(s) of interest before the advisor hold will be lifted to enable the student schedule for the next semester.

**Request to Postpone/Defer Declaring a Major**

An undeclared/pre-major student may submit a request to defer declaring a major if the student is postponing major declaration because s/he has yet to complete the prerequisites for the anticipated major. The process of postponing a major declaration requires an established plan of action by the student, which must be approved by the student’s academic advisor, the chairperson of the department of Educational Development Services (EDS), and the dean/designee of Undergraduate Studies and Student Support Services (USSSS).

**Pennsylvania State System Visiting Student Program**

Undergraduate students enrolled in a degree program who have earned 12 college-level credits and are in good academic standing have the opportunity to enroll as a visitor for a fall, spring, or summer term at any of the other 13 Pennsylvania State System of Higher Education institutions. The program allows students to take advantage of specialized courses, programs, or experiences not available at their home institution without losing (home) institutional residency. Students may take a maximum of 24 credits via the Visiting Student Program. Students cannot use this program to repeat courses. Visiting Student Program information is available at the Office of the Registrar (http:// www.wcupa.edu/registrar), 25 University Ave., 610-436-3085.
Environmental Programs

Students interested in pursuing environmental degree programs may choose from those identified below. Consult the departments listed for details on these programs.

Ecology and Conservation

Offered by the Department of Biology (http://www.wcupa.edu/biology), this program provides a strong background in theoretical and applied ecology and conservation, with an emphasis on field experience. It prepares students for careers as biologists in state and federal environmental agencies, industry, environmental consulting firms, and land conservancies, as well as graduate work in ecology and conservation.

Environmental Geography

Offered by the Department of Geography and Planning (http://www.wcupa.edu/geoPlanning), the BA in Environmental Geography offers course work related to conservation and sustainability oriented towards understanding the spatial patterns of human systems and landscapes, environmental processes, food systems, and the effects of people on the environment. With heavy emphasis on the application of geographic information systems (GIS) and other geospatial technologies, students gain valuable technical skills. The degree prepares graduates for a number of public, private and non-profit career choices including governmental conservation agencies at the federal, state, and local levels; private land conservation agencies, such as the Nature Conservancy and regional land trusts; and environmental consulting companies. The geography environmental degree also prepares students for graduate study in geography, sustainability science, environmental science, landscape ecology, earth sciences, environmental planning, or related disciplines.

Environmental Geology

Environmental geologists monitor and remediate water and soil contamination, address wastewater and stormwater problems, map and analyze earth materials, assess risk from natural hazards, and identify new and sustainable sources of energy and other resources. Offered by the Department of Earth and Space Sciences (http://www.wcupa.edu/earthSpaceSciences), the B.S. Geoscience degree emphasizes skills necessary for environmental employment and meets the course requirements of the Pennsylvania Professional Geologist license. Courses incorporate project-based learning with hands-on training in field methods and cutting-edge scientific instruments. Graduates are prepared for geoscience careers in the thriving environmental industry of the greater Philadelphia region where hundreds of alumni are successfully employed.

Environmental Health

Offered by the Department of Health (http://www.wcupa.edu/health), this program synthesizes a rigorous scientific preparation with specialized, applied environmental courses and a required full semester internship. Courses include topics such as industrial hygiene and safety, risk assessment, environmental regulations, water quality, emergency preparedness, waste management, toxicology, and a research-based seminar. These courses develop the students’ quantitative skills and provide hands-on experience with state of the art sampling and analytical equipment. This degree program prepares graduates for careers as environmental/occupational health and safety scientists in industry, hospitals, research institutions, consulting firms, and government. This program is accredited by the National Environmental Health Science and Protection Accreditation Council (EHAC).

National Student Exchange Program

West Chester University is one of approximately 200 participating colleges and universities across the United States, Canada, Puerto Rico, Guam, and the U.S. Virgin Islands that offers students the opportunity to spend a maximum of one year of study at another college or university. The exchange program enables students to experience a quarter, semester, or year at another institution. While encouraging students to appreciate various cultural perspectives, the National Student Exchange Program (http://www.wcupa.edu/registrar/nationalStudentExchange.aspx) also allows them to take advantage of specialized courses and programs that may not be available at West Chester. Successfully completed course work will transfer back to WCU and be applied to the student’s academic record.

To qualify for the program, students must be full time, have a 2.50 cumulative GPA, and should be a sophomore or junior during the period of exchange. Applications and further information, including the two different tuition options, are available from the National Student Exchange coordinator in the Center for International Programs. The priority deadline for application is February 15th of each year. A nonrefundable fee is required of all students who apply for the National Student Exchange Program (http://www.wcupa.edu/registrar/nationalStudentExchange.aspx). For more information, contact the Center for International Programs (610-436-3515) or email nse@wcupa.edu.

Pre-Professional Study

West Chester University recognizes that some students will select career goals that will require pursuit of academic degrees after the baccalaureate, either in graduate school or at a professional school. Students with such goals are encouraged to discuss them with appropriate members of the faculty.

Pre-Medical

Students interested in graduate studies in one of the health professions (medicine, dentistry, veterinary medicine, optometry, podiatry, or physician assistant studies) are encouraged to apply for admission to the Pre-Medical Program (http://www.wcupa.edu/preMedical), which is supervised by members of the Pre-Medical Committee. More information about this program can be found under the pre-medical program listing in the section, “Programs of Study and Course Offerings.”

Pre-Law

Students who are interested in exploring a career in law are encouraged to meet with the Pre-Law Advisor early in their academic careers and to participate in the Pre-Law Society. Because no single major course of study guarantees admission to law school, students should take courses that sharpen their reading comprehension, critical thinking, analytical reasoning, research, and oral and written communication skills. These skills can be gained through courses across all disciplines. In addition to undergraduate academic performance (reflected in a student’s grade point average), law school admissions officers consider a student’s score in the Law School Admissions Test (LSAT) in making admissions decisions. Beyond these quantitative measures of academic potential, law school admissions officers will consider other nonquantitative factors, including a student’s personal statement and letters of recommendation. The Pre-Law Advisor is available to assist students in preparing all aspects of their application package. For more information, contact Sandra M. Tomkowicz, J.D., Professor and Pre-Law Advisor, 312D Anderson Hall, 610-436-2365, or stomkowicz@wcupa.edu.

Engineering

West Chester University, in cooperation with The Pennsylvania State University at University Park provides a program in which, at the end of five years, a student earns a B.S. in Physics from West Chester University and a B.S. in Engineering from Penn State University. Students spend three years at West Chester University, where they complete all the mathematics, physics, cognate, and general education requirements of the degree. Subsequently, they spend two years at Penn State taking only engineering-related courses. Students may choose from many fields of engineering, some of which are listed in
the "Physics" section of this catalog. This program is not available to transfer students.

A similar dual-degree, cooperative physics/engineering program is available through West Chester University's affiliation with the School of Design and Engineering of Philadelphia University. This program is available to all freshmen and to transfer students. Please contact the Department of Physics (http://www.wcupa.edu/physics) for further information on either of these cooperative programs.

**Armed Services Programs**

Army Reserve Officers' Training Corps (ROTC) is available through a cross-enrollment agreement with Widener University (http://www.widener.edu/?pageId=58). Students receive from 1.0 to 3.0 free elective credits per course (maximum 14 credits) towards their baccalaureate programs.

West Chester students also may enroll in the Air Force Reserve Officers' Training Program (AFROTC) through an agreement with Saint Joseph's University (http://www.sju.edu). All aerospace studies courses are held on the Saint Joseph's University campus, and these courses earn transfer credit at WCU.

The University, with the approval of the Council of Trustees, permits West Chester University students enrolled in the Armed Services Reserve Officer Candidate Program (RO) to receive six baccalaureate credits upon successful completion and certification of RO military requirements. These credits are classified as free elective transfer credits. Depending on the status of the student's program at the time of RO credit transfer, these credits will be counted toward, or in excess of, the 120 credits required for a baccalaureate degree.

ROC programs are contingent on successful completion of a military requirement during vacation and the awarding of a college degree before being granted the service commission.

**Brandywine Ballet Program**

West Chester University and the Brandywine Ballet offer a joint program: an undergraduate degree from WCU and a certificate in ballet from the Brandywine Ballet. This program allows students the opportunity to pursue a University degree with a broad educational emphasis while concurrently receiving advanced ballet training in a professional setting.

The Certificate in Ballet program is a rigorous, professional program that combines ballet training with a full-scale production each semester. The Brandywine Ballet engages professional faculty and choreographers to work with the students whose schedule includes a minimum of five company classes and 10 hours of rehearsal each week. All ballet training is conducted at Brandywine Ballet Company’s state-of-the-art facilities in West Chester, located in close proximity to the West Chester University campus. Each semester will culminate in a full-scale, professional production of contemporary and classical ballet on the WCU campus in the Emilie K. Asplundh Concert Hall. Students enrolled in the Certificate in Ballet program may choose any undergraduate major at West Chester University.

Admission to the Certificate in Ballet program is a two-pronged process. Students must apply and be accepted to West Chester University through the normal application process and audition with the Brandywine Ballet for admittance into the Certificate in Ballet program. Individual auditions will be scheduled by appointment.

Total costs for the certificate in ballet program include standard West Chester University tuition and fees plus an additional fee for participation in the ballet program. West Chester University offers both need- and merit-based scholarships. The Brandywine Ballet offers scholarships specifically applicable to the ballet program fees. Students seeking scholarships are encouraged to apply to the University early in the fall of their senior year.

For information on the Brandywine Ballet program, contact: Brandywine Ballet Company, Howard Business Park, 317 Westown Road, Suite 5, West Chester, PA 19382. Box Office, 610-696-2711; Administrative Office, 610-692-6402; or fax, 610-696-0975.

General questions can be sent to info@brandywineballet.org.

**Post-Baccalaureate Teacher Certification**

Individuals who are interested in post-baccalaureate teacher certification, whether the undergraduate or graduate level, should contact the Office of Graduate Studies and Extended Education (http://www.wcupa.edu/Grad) for admissions materials. Applicants will be referred to the appropriate faculty advisor(s) for completion of the Approved Program of Studies form.

**COURSE POLICIES**

**Overload/Max Credits Per Semester**

An overload is enrollment in more than 18 credit hours in the fall or spring semester, or more than seven credit hours in an individual summer or winter session. The minimum cumulative GPA required to carry an overload is 2.75.

Permission will not be granted for more than 24 credits in a fall or spring semester or 10 credits in an individual summer or winter session.

Student may request an overload through the myWCU (http://my.wcupa.edu) portal. All requests must be made prior to the add/drop deadline. Detailed instructions are available on the Registrar's website (http://wcupa.edu/registrar/documents/requestEnrollmentOverload.pdf).

Students who carry more than 18 credits in a fall or spring semester will be responsible for additional tuition (p. 15) charges at the standard rate per credit hour.

**Repeating Courses**

The Repeat Policy is divided into two sections, i.e., a policy covering developmental courses (Q00-level) that do not count towards graduation, and a policy covering college-level courses.

**Policy Covering Developmental Courses**

Students who enter the University beginning with the 1991 fall semester may have three attempts to pass each developmental course (Q00-level). The repeat privilege for developmental courses will not count within the six-repeat allotment for college-level courses. Credits for these courses do not count towards graduation but are computed count within the six-repeat allotment for college-level courses.

No student may use the repeat option more than six times TOTAL. For example, this means repeating six DIFFERENT courses once each, or repeating three different courses twice.

A single course may not be repeated more than twice.
3. The most recent grade, regardless of whether it is higher or lower, will be the grade used for the GPA calculation.

Undergraduate students who take and complete a course at West Chester may not repeat the course at another institution and have the credits or grade count towards a West Chester degree.

Undergraduates who take a course for graduate credit are subject to the graduate repeat policy. See the Graduate Catalog for information.

Because all students must take and pass WRT 120 to graduate, a student who fails this course after three attempts will be dismissed immediately following the third failure, regardless of GPA.

Repeat Course Procedure
The first time a student completes a course for a grade it is considered the first attempt. The second time a student completes a course for a grade it is considered the second attempt and the first repeat. The third time a student completes a course for a grade it is considered the third attempt and is the second repeat. The most recent grade (regardless of whether it is higher or lower) and credit will be used for the GPA calculation. Students who complete a course with a fourth attempt or more are in violation of the Repeat Policy and will not earn credit.

Pass/Fail Policy
1. All degree students who are sophomores, juniors, or seniors with a cumulative GPA of at least 2.00 are eligible to take courses pass/fail.
2. The pass/fail privilege is limited to one course per semester; only free electives may be taken on a pass/fail basis. Free electives may not be used to satisfy major, core, cognate, or general education (including distributive) requirements. Interdisciplinary, diverse communities, and writing emphasis courses taken to satisfy these requirements may not be taken pass/fail.
3. A grade of pass carries credit value but does not affect the cumulative grade point average.
4. A grade of fail is computed into the cumulative grade point average.
5. After contracting for pass/fail, the student may not request or accept any grade other than a P or an F.
6. This process must be completed by the end of the ninth instructional week of the semester or the equivalent in summer school or winter session. Forms are available in the Office of the Registrar (http://www.wcupa.edu/registrar).

Auditing Privileges
Anyone may attend the University for the sole purpose of auditing courses by first scheduling for the course, paying the regular fee, and then completing an audit application form available from the Office of the Registrar (http://www.wcupa.edu/registrar). An undergraduate student may declare "audit" status in a course through the end of the ninth instructional week of class but may only audit one course per semester. Faculty may refuse to grant auditor status. Full-time students may only audit one course per semester. Faculty may refuse to grant auditor status.

The individualized instruction form is available in the Office of the Registrar (http://www.wcupa.edu/registrar). Forms are available in the Office of the Registrar when the University has canceled or failed to offer a course according to schedule. Individualized instruction is offered only when a student has a specialized and compelling academic interest that cannot be pursued within the framework of a regular course. Students must obtain departmental permission for individual study courses and be registered by the end of the add/drop period. An overall GPA of 2.00 or higher and a minimum GPA of 2.00 in a student’s major courses are required. The independent study form is available in the Office of the Registrar (http://www.wcupa.edu/registrar).

Earning Internship Credit
Students can expect to earn one internship credit for every 45 hours of work per semester, including site-based hours and related activities. A three-credit internship should include 135-180 hours of student work per semester. These hours should encompass both the time spent on site and time spent on any additional internship assignments turned in to the faculty supervisor. Students should check in with their major department for information on application requirements, as well as the maximum number of internship credits that can be applied to their major. The major department will determine if paid experiences are eligible for internship credit.

Supervision of Internships
The pass/fail privilege is limited to one course per semester; only free electives may be taken on a pass/fail basis. Free electives may not be used to satisfy major, core, cognate, or general education (including distributive) requirements. Interdisciplinary, diverse communities, and writing emphasis courses taken to satisfy these requirements may not be taken pass/fail.
Students taking an internship course at WCU should expect to be assigned a minimum of two supervisors: one site-based supervisor and one faculty supervisor. The faculty supervisor will act as liaison between the department and the site supervisor, grade internship assignments, such as student field logs, papers, etc.; and counsel students regarding their professional development, relating to the internship.

Graduate Credit
A senior (90 credits or more) pursuing a bachelor’s degree who has an overall grade point average of 3.00 may, with the permission of the major advisor, course professor, department chair of the course, the Dean of Graduate Studies, and the vice provost, enroll in up to six credits of graduate-level course work. The student must be at the senior level with the designated grade point average at the time the course begins.

If the course is dual numbered, the undergraduate must take the undergraduate-level course and apply it towards the bachelor’s degree. If the course is not dual numbered, but at the 500 level or above, the course may count either as undergraduate credit towards the bachelor’s degree or as graduate credit.

If the student wishes to have the credits count towards the bachelor’s degree, the student must submit a completed "application for an undergraduate student to take a graduate course for undergraduate credit." The form is available in the Office of the Registrar (http://www.wcupa.edu/registrar). If, on the other hand, the student wishes to have the credits count towards a graduate degree, he or she must submit a completed "application for an undergraduate student to take a graduate course for graduate credit." The form is available in the Graduate Office (http://www.wcupa.edu/Grad).

Individual departments have the right to implement more stringent academic standards for courses within their departments. Any student not meeting University or departmental standards when the appropriate semester begins will not be permitted to enroll.

If a course is taken for undergraduate credit, no additional fees will be required. If a course is taken for graduate credit, the student must pay graduate tuition and applicable fees for that course. A student not carrying 12 hours of undergraduate credits will be charged at the appropriate hourly tuition rates for both the undergraduate and graduate credits. All other fees will be charged at the undergraduate level.

No more than six credits taken under this policy may be applied to the master’s degree. Students may not elect to change between undergraduate and graduate credit after the term or semester has begun.

Undergraduate students approved to take a graduate course for undergraduate credit are bound by the undergraduate catalog policy on repeats and withdrawals. Undergraduate students approved to take a graduate course for graduate credit are bound by the graduate catalog policy on repeats and withdrawals.

Undergraduate Student Attendance Policy
Each professor will determine a class attendance policy and publish it in his or her syllabus at the beginning of each semester. When a student fails to comply with the policy, the professor has the right to assign a grade consistent with his or her policy as stated in the syllabus. Absences cannot be used as the sole criterion for assigning a final grade in a course. Excused absences, in accordance with the Excused Absences Policy, will not result in a penalty, provided the student follows this policy. University departments or programs may establish attendance policies to govern their sections as long as those policies fall within these guidelines.

Excused Absences Policy
I. Students participating in University-sanctioned events such as, but not limited to, the Marching Band and NCAA athletic events, will be granted an excused absence(s) by the respective faculty members for class periods missed. Students will be granted the privilege of taking, at an alternative time to be determined by the professor, scheduled examinations or quizzes that will be missed. The professor will designate such times prior to the event and the make up should be as soon as possible following the missed class. Professors can provide a fair alternative to taking the examination or quiz that will be missed. Students must recognize that some activities cannot be directly made up (e.g., a laboratory, group presentation, off-campus experience), and faculty will arrange a fair alternative to the missed work. Students must submit original documentation on University letterhead signed by the activity director, coach, or advisor detailing the specifics of the event in advance. Specific requirements include the following:
1. Responsibility for meeting academic requirements rests with the student.
2. Students are expected to notify their professors as soon as they know they will be missing class due to a University-sanctioned event.
3. Students are expected to complete the work requirement for each class and turn in assignments due on days of the event prior to their due dates unless other arrangements are made with the professor.
4. If a scheduled event is postponed or canceled, the student is expected to go to class.
5. Students are not excused from classes for practice on nonevent days.

II. West Chester University recognizes required (non-voluntary) service in the United States military including the Pennsylvania National Guard as a legitimate reason to miss up to the equivalent of 2 weeks during a 15-week semester. Service members must submit a copy of their orders to the Registrar’s Office. The Registrar’s Office will communicate with respective faculty members and the student will be granted an excused absence(s) for the class periods missed. All points covered in part I of this policy including make-up work and specific requirements 1-4 also apply. Service members required to miss more than the equivalent of 2 weeks during a 15-week semester can withdraw from the term in a non-punitive manner in accordance with Pennsylvania state law. Students are expected to work closely with faculty and the Registrar’s Office to ensure their academic success. Students in programs with external accrediting bodies must also be aware that there may be attendance requirements that cannot be made up.

III. In the event of a student’s unplanned medical emergency, including serious health conditions as outlined in the Family and Medical Leave Act, or the death of a student’s immediate family member, faculty members are expected to provide, within reason, an opportunity for students to make up work. Students are responsible for providing proper documentation and will work with respective faculty members to make up course work as described in part I of this policy. Students are encouraged to contact the Assistant Dean of Students and refer to the website on Student Assistance (http://www.wcupa.edu/_services/stu.sai) for additional information.

IV. Consistent with guidelines set forth by the Family and Medical Leave Act, students who become parents of new children or have children with serious health conditions that require the student-parent to miss up to the equivalent of 2 weeks during a 15-week semester shall be given an excused absence for the courses that are missed. Students will work with respective faculty members to make up course work as described in part I of this policy. Students required to miss more than the equivalent of 2 weeks during a 15-week semester can withdraw from the term up until the term-withdrawal deadline. Students required to miss more than one semester should also refer to Admissions policy on consecutive non-enrollment. Students are encouraged to contact the Assistant Dean of Students and refer to the website on Student Assistance.
Process (http://www.wcupa.edu/_services/stu.sai) for additional information.

V. West Chester University recognizes excused absences in accordance with federal and state legal statutes including but limited to compliance with jury duty, subpoenas, and notices of deposition. Such excused absences will be dealt with as described in part I of this policy.

Closed Captioning Policy
West Chester University is committed to providing reasonable accommodations to qualified individuals with disabilities as defined by Sections 504 and 508 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Individuals with hearing deficits or other documented disabilities can contact the Office of Services for Students with Disabilities (OSSD) (http://www.wcupa.edu/viceProvost/ussss/ossd) to set up alternative forms of classroom assistance.

The University recognizes that the most efficient means of providing equal access to video media is through use of products with open or closed captioning and/or subtitles. When faculty utilizes essential video material, they should ascertain if a captioned version is available. If such a version is available, the faculty member is required to use it.

Policy on Disruptive Classroom Behavior
1. Definition of disruptive classroom behavior
   a. Disruptive behavior is defined as an act that is disorderly, that might include but is not limited to that which disrespects, disrupts, harasses, coerces, or abuses, and/or might threaten or harm property or person, so that it interferes with an orderly classroom, teaching process, or learning function.
   b. Such behavior originates in a classroom, faculty member's office, or other site so long as it is related to the academic classroom or classroom function.

2. Limitation of Policy
   a. This policy addresses only student classroom behavior as defined here. Nonacademic student behavior is addressed in the Student Code of Conduct and the Judicial Board process as outlined in the Ram's Eye View.

3. Classroom Management
   a. This policy acknowledges the need for protection of academic freedom in the classroom, for faculty authority in classroom management, and for faculty and student safety in the classroom.

4. Due Process
   a. This policy respects faculty and student rights to due process in any event emanating from disruptive student behavior in the classroom.

Temporary Removal
1. A student who has been asked to leave the classroom must meet with the faculty member prior to returning to the next class.
2. A student may, as the result of removal from the classroom and having met or tried to meet with the faculty member without success, request a third party agreeable to both the faculty member and him/herself to assist in resolving his/her difference with the faculty member. He/she can do so by applying to the chairperson of the department in which the course in which the event occurred is housed.

Permanent Removal
1. In the event of permanent removal from the class, the faculty member shall notify the chairperson of the department in which the course is housed, who shall then notify the dean of his/her college, the dean of students, and the chairperson of the student's major department.
2. A student who has been permanently removed from the classroom shall be assigned a grade consistent with course requirements depending upon the point in the course at which the removal took place. A written statement of the reason for permanent removal shall be provided to the student by a review panel, in the event of an appeal by the student, or by the faculty member, in the event there has been no appeal. The review panel shall be the only venue for a hearing on permanent removal from the classroom.

Appeal Process
1. The student may, within five University calendar days of removal, appeal permanent removal. That appeal shall be made to the review panel which shall be constituted and charged by the dean of the college, or his/her designee, in which the event occurred. The panel shall include an academic manager, a faculty member, and a student. It shall, within five University calendar days, conduct fact finding and make a written recommendation to the dean who shall provide copies to the faculty member and the student. Extension based on compelling circumstances may be granted by the dean or his/her designee.
2. A student who appeals removal shall be given an opportunity to keep up with classroom assignments during the time it takes the review panel to reach its decision.
3. In the event that the student's behavior was perceived as sufficiently threatening or severe, either party may invoke the right to a separate interview or may submit written testimony to allow for fact finding by the panel.

School Assignments for Field Experiences
Students are assigned early field and student teaching experiences at schools with which the University has a formal agreement. Students will not be assigned to schools that they attended or where members of their families are employed or attend.

Special requests for school assignments will be considered by the student's major department.

Before an undergraduate student may register for independent study or research, practicum, internship, externship, or any field placement, he or she must have an overall GPA of 2.00 or higher, and a GPA of 2.00 or higher in his or her major courses.

This policy does not supersede current departmental policies that have established higher standards. This policy does not prevent departments from setting higher GPA standards for undergraduate students within their major. Departments may also establish a minimum required GPA for all cognate courses for undergraduate students who wish to register for any of these courses.
Taking Courses Out of Sequence

Students may not enroll for credit in a more elementary course in a sequence after having satisfactorily passed a more advanced course in that sequence. For example, a student may not enroll for credit in FRE 101 after having satisfactorily passed FRE 201. Similarly, students who enroll in a course that requires less proficiency than placement or proficiency tests indicate they possess may be denied credit towards graduation.

Clearance Requirements for Field Experiences in the Professional Education Unit

All students participating in West Chester University academic courses that require participation in observation, practicum, field experience, or student teaching must provide up-to-date criminal background clearances prior to the fourth day of the semester in which they are enrolled in such courses. Students will provide clearances to the University in a manner stipulated by the dean of the College of Education and Social Work (http://wcupa.edu/education-SocialWork) in accordance with the WCU Professional Education Unit Policy Requiring Current Criminal Background Clearances for Enrollment in Field Experience Courses and Student Teaching. Students who fail to provide the proper clearances, as stipulated, will have their enrollment in the course revoked.

DEGREE INFORMATION

Degree Classification - Definitions

Degree Candidates

All undergraduates admitted to a degree program or to the undeclared major by the Office of Admissions (http://wcupa.edu/admissions) or through approved internal transfer recorded in the Office of the Registrar (http://wcupa.edu/Registrar).

Non-degree Students

Non-degree is an academic term for "not formally accepted in a degree program." Non-degree students are permitted to enroll for coursework toward professional development, personal growth, or certification. High school students may attend on a non-degree basis with written permission of their high school principal or guidance counselor.

Dual Degrees

A student may elect to pursue a second undergraduate degree concurrently with the first, such as a B.S. in Computer Science and a B.F.A. in Studio Arts. If approved for a dual degree program, and in order to receive both degrees at graduation, the student must earn at least 30 credits beyond the requirements of the baccalaureate program, with 150 credits being the fewest required credits. When a student is enrolled in dual degree programs:

1. The student may not be graduated until both the degrees are completed.
2. All requirements for the curriculum of each degree must be satisfied.
3. A course required in both degree programs does not have to be repeated for the second degree.
4. All University requirements such as minimum GPA and number of credits taken at West Chester University in the major must be met for each degree separately.

Double Major

A student may select two majors within the same degree. In this case, a student must meet all of the requirements for both majors. The student should consult regularly with advisors from both programs. Students wishing to pursue two types of baccalaureate degrees (B.A., B.F.A., B.M., B.S., B.S.Ed., B.S.N., B.S.W.) should refer to the Dual Degrees section above.

Second Degrees

An individual may pursue a second degree at West Chester University after earning the first degree either at West Chester or some other institution. Such an individual must apply for admission through the Office of Admissions (http://www.wcupa.edu/admissions) as a transfer student and earn at least 30 hours of West Chester University credit beyond the requirements of the initial baccalaureate program. In addition, a student must take at least 50% of the courses in his/her major or minor discipline (excluding cognate courses) at West Chester University. All requirements for the curriculum in which the second degree is earned must be satisfied. A given course required in both the degree programs is not repeated for the second degree.

Minor Fields of Study

Students who have enough flexibility in their major curriculum to fulfill the requirements of a minor may submit an Academic Plan Change Request to add a minor through their myWCU (https://my.wcupa.edu). To enroll in a minor field of study, students must have the approval of both their major and their proposed minor departments. Admission to the minor does not guarantee admission to the major. Students must complete 18 to 30 hours of courses selected in consultation with the minor program advisor. At least 50 percent of minor course work must be taken at West Chester. Also, students must earn a minimum GPA of 2.00 in the set of courses taken for a minor in order to receive transcript recognition of that minor. Certain minor programs may require a higher minimum GPA. Students should consult with the minor program advisor.

Please see academic department pages (http://catalog.wcupa.edu/undergraduate/academic-departments) for minor offerings.

Changing Majors

A student wishing to transfer from one program of study at the University to another program must submit an Academic Plan Change Request through their myWCU (https://my.wcupa.edu). Instructions for this process can be found on the Registrar’s website (http://www.wcupa.edu/Registrar/RegistrationForms.aspx). The student must meet the standards for admission to the desired program and obtain approval from the departments involved. Any courses that were initially accepted for transfer credit from another college are subject to re-evaluation by the department to which the student transfers internally.

Undeclared Major Declaration Policy

Policy Requirements

First year students who entered West Chester University as undeclared/pre-major must declare a major at the completion of 45 West Chester University earned credits. This is most often equivalent to three semesters of full-time study at the University. Transfer students (Internal and External) who are undeclared must declare a major after two semesters of full-time study as an undeclared student. Students must be in good academic standing and must meet all admission requirements specified by the program s/he plans to transfer into. Exception to this policy may be granted to students who are planning to declare a major with highly restrictive admission requirements and may need additional semesters to complete those requirements. Any undeclared student who does not declare a major within the stipulated period of time will be required to develop an action plan addressing his/her academic area(s) of interest before the advisor hold will be lifted to enable the student schedule for the next semester.

Request to Postpone/Defer Declaring a Major

An undeclared/pre-major student may submit a request to defer declaring a major if the student is postponing major declaration because s/he has yet to complete the prerequisites for the anticipated major. The process of postponing a major declaration requires an established plan of action by the student, which must be approved by the student’s academic advisor, the chairperson of the department of Educational
ENROLLING IN & WITHDRAWING FROM COURSES

First-Year Student Scheduling and Placement Exercises

In an effort to assist students in choosing the correct courses for their major and for timely progression to graduation, West Chester University creates a first semester schedule for all first-time, first-year students. Schedule prototypes are created by department faculty and reflect a combination of general education and major courses.

All students are required to take the Mathematics Placement Exam and the WRITe Survey prior to New Student Orientation. Some students (all B.A. candidates and Pre-Major/Undeclared) are required to take the Second Language Placement Exam. Results from these placement exams/surveys and other specific student information, including Dual Enrollment and AP courses (if known), are taken into account when creating a student schedule. Students may adjust their schedules one week prior to the beginning of the semester but are encouraged to seek the advice of their advisor or department chair.

Placement Exercises

Placement Portal

Each incoming first-year student is assigned a placement portal within their myWCU. The portal combines all the placement exercises the individual student is required to complete before they begin classes. The placement portal is unique to each student and contains the required exams and questions that are needed for placement purposes.

For the 2017-2018 academic year, the placement portal is available to all incoming first-year students. Transfer students will be assigned the placement portal if an equivalent to WRT 120 or higher is not transferred to WCU and should contact the Mathematics and Languages and Cultures offices if those placement exercises are required.

For more information on placement, see the sections on English placement (p. 108), mathematics placement (p. 120), and second language placement (p. 323).

Adding a Course

Students may add a course through the myWCU portal if the course has available seats and all prerequisites have been met. If a course is closed, the student should speak with the department chair about the possibility of obtaining permission to enroll. The drop/add period will extend to the eighth calendar day excluding holidays, and when the university is closed. For nontraditional semesters, such as summer and winter, the drop/add period will be adjusted to a percentage of the total class days excluding exams. See the academic calendar (http://wcupa.edu/registrar/calendar) for actual dates.

Dropping a Course

Students may drop any course from their schedule through the myWCU portal during the drop period. See the academic calendar (http://www.wcupa.edu/registrar/calendar) published on the Registrar’s Office website for the official drop deadline dates for each semester. After add/drop, students may do a course withdrawal through the myWCU portal. The deadline to withdraw from a course is the end of the ninth instructional week of classes. Course withdrawals will be noted on the transcript with a “W”.

Withdrawing from a Course

A grade of W (withdrawal) will be entered on the academic record of any student who withdraws from a course after the add/drop period and before the end of the ninth instructional class week or the equivalent in summer sessions. Students may withdraw from a course through myWCU (https://my.wcupa.edu). A student may not withdraw from a course to avoid an academic integrity violation.

After the ninth instructional week of classes, students may not withdraw selectively from courses; they must contact the Office of the Registrar (http://wcupa.edu/registrar) and withdraw from the University. The University will record a “W” for all courses in which the student is registered. However, if the effective date of official withdrawal is during the last week of classes, a letter grade or NG will be assigned for that course. A student may not receive a W during the last week of classes.

Students who fail to withdraw from or drop a course officially can expect to receive a failing grade for the course and are financially responsible to pay for it.

Scheduling Courses

Students may not schedule more than one section of the same course in any given semester.

Priority Registration Eligibility

The following guidelines determine eligibility for priority registration status. Being eligible for priority registration does not guarantee that a group will receive the privilege.

Priority registration is limited to those students who meet at least one of the following criteria:

1. Students with a documented disability on file with the Office of Services for Students with Disabilities for their entire career
2. Academic Development Program (ADP) students in their first academic year
3. Student athletes and the students who are actively engaged in athletics as support personnel, if they must be present during all practices, which include the marching band and color guard
4. Students who are concurrently taking at least 6 on-campus credits while completing a clinical practicum (internship, field experience) that requires student participation at specified times for a significant part of most days of the week. The practicum must be part of the program’s required course work. The program must require that the student complete the practicum and all relevant work by a specified time in their academic progression.
5. Students who have a specific set of 2 or more courses, each of which meets at only one time during the semester, and each of which must be taken in a specific order to make satisfactory progress towards graduation. If the student may take the courses in an alternate sequence, or select from different sections of a given course, they are not eligible under this stipulation.
6. Students engaged in the study abroad program, during the semester that they are abroad
7. Veterans (see Act 46 of 2014). Any individual who has served or is currently serving in the United States Armed Forces, including a reserve component and National Guard; and was discharged or released from such service under conditions other than dishonorable

Priority Registration Eligibility Categories

Students who are eligible for priority registration have been divided into two categories:

Enhanced Priority (EP): These students meet criteria 1, 2, or 3; and schedule before any other students at the university, because they have been deemed as having the most critical need. They have 48 hours to schedule their classes. They include:

1. Academic Development Program (ADP) students
2. Athletes participating in fall events (EP for fall scheduling)
3. Athletes participating in winter events (EP for fall and spring)
4. Athletes participating in spring events (EP for spring scheduling)
5. Athletic team trainers and managers (EP for the season of their sports)
6. Students with Disabilities

Priority Scheduling (PS): These students meet criteria 4, 5, 6, or 7; and would priority schedule by class standing. They have 24 hours to schedule before the other members of their class. They include:
1. Honors Program students
2. Off-season athletes
3. Pre-Med/PPD students
4. Respiratory Therapy students
5. Study abroad students (when they need to register for their returning term)
6. ROTC students
7. University Ambassadors
8. Veterans

Withdrawal from the University

Term Withdrawal
Students are able to withdraw from all courses for a semester up until the term withdrawal deadline for the term and receive non-punitive grades of W for all courses. Please consult the academic calendar (http://www.wcupa.edu/Registrar/calendar) for term withdrawal deadlines.

To withdraw, students must provide written notification of the withdrawal. The withdrawal date is the date the student submits the withdrawal form to the appropriate university office.

Undergraduate Students: Return a completed and signed term withdrawal form to the Office of the Registrar.
Graduate Students: Return a completed and signed term withdrawal form to the Graduate Studies Office.

University Withdrawal
Students who do not intend to continue at West Chester University may withdraw from the university. Students who elect to withdraw from the university would then need to apply for readmission if they wish to re-enroll in courses.

Students who have not attended West Chester University for three or more consecutive fall/spring semesters are classified as “Inactive” and withdrawn from the institution. Please see the undergraduate or graduate readmission policies under “Other Admission Information (p. 14)” for more information about re-enrollment after an absence.

Administrative Withdrawal
Under exceptional circumstances the University may administratively withdraw students from a semester. This is done when the student is unavailable to complete the term withdrawal process due to extenuating circumstances (for example, incarceration or hospitalization of the student).

The Registrar’s Office will determine the utilization of the administrative withdrawal process. This will be done after confirming non-attendance with the student’s instructors and taking steps to confirm that the student is unable to complete the withdrawal process.

All courses will be given a grade of “W” for the indicated withdrawn term.

Involuntary Medical Withdrawal Policy
To foster an environment conducive to learning and assure the safety of the community, the University takes appropriate measures to address student conduct that is destructive to self or others or results in serious disruption of the learning environment. In extraordinary circumstances, the University may require a student to involuntarily withdraw from the University when it determines that the student poses a significant risk of harm and this measure is the only way to protect the student and/or others and/or to preserve the integrity of the learning environment.

Please refer to the following website for the entire West Chester University Involuntary Medical Withdrawal Policy: http://www.wcupa.edu/_services/stu.inf/documents/WCU-InvoluntaryMedicalWithdrawalPolicy.pdf.

Title IV Federal Financial Aid Compliance Policy
See “Withdrawal/Enrollment Change and Aid (p. 19)” for information about the effects of an official or unofficial withdrawal from a term on Title IV financial aid funds awarded to a student.

FINAL EXAM INFORMATION

Final Exam Policy
1. Individual faculty members may not change published final examination times.
2. No final examination may be given outside of the scheduled final examination time.
3. Any course not having a final examination will meet as directed by the instructor during the scheduled examination time, for a continuation of the regular class work.
4. Any student who has three or more final exams scheduled for the same day may, no later than one week prior to the final exam time, work with the individual instructors to arrange alternative exam times.

Please refer to the Academic Calendar (http://wcupa.edu/registrar/calendar) for each semester’s final exam schedule.

Exemption from Final Examinations
Students who have attained an A or B prior to the finals, have completed all other course requirements, and have the instructors’ permission may waive final examinations. This privilege is subject to several reservations.

1. Any unit examinations given during the final examination period are not subject to this policy.
2. Academic departments, as well as individual faculty, may adopt a policy excluding the final examination exemption for certain courses.
3. Mutual agreement between the instructor and the student to waive the final examination should be determined during the week prior to the beginning of the examination period.

The course grade will be the A or B earned exclusive of a final examination grade.

A student's grades and GPA cannot change once he or she has excluded. Course grade and a grade replacement takes place) are included in the grade of P, NG, and IP, and when a second attempt produces a higher grade received when a student stops attending a course and fails to refunds are associated with this grade. Administrative withdrawal may be reviewed by the vice provost. No student may graduate with an IP on the transcript.

NG (No Grade)
Given when a student fails to complete course requirements by the end of a semester for a valid reason. A grade of NG is changed to an F automatically if the requirements have not been completed by the end of the ninth week of the subsequent Fall or Spring semester. No student may graduate with an NG on the transcript.

W (Withdrawal)
Given when a student withdraws from a course between the end of the first and the end of the ninth class week of the semester or the equivalent in summer sessions.

M (Military Withdrawal)
In accordance with PA House Bill No. 1460: A grade of "M" will be given for military students and spouses who have to withdraw due to military obligation. PA National Guard and other reserve components called to active duty (for reasons other than for training) and their spouses will receive a grade of M when unable to complete classes due to activation for military obligations. Students are required to notify the Registrar's Office to receive a non-punitive M grade and will be required to provide appropriate documentation.

Y (Administrative Withdrawal)
Given under appeal when there is documentation that the student never, in fact, attended class. Other extenuating circumstances regarding administrative withdrawal may be reviewed by the vice provost. No refunds are associated with this grade.

Z Grade
A grade received when a student stops attending a course and fails to officially withdraw from it. The grade is counted the same way that an F would count toward the cumulative average.

Grade Appeals
Scope of the Policy
The Grade Appeals Policy applies only to questions of student evaluation. Since appeals involve questions of judgment, the Grade Appeals Board will not recommend that a grade be revised in the student's favor unless there is clear evidence that the final grade awarded for the class was based on prejudiced or capricious judgment, or was inconsistent with official University policy. Please refer to the Academic Integrity Policy for cases where the grade appeal involves a grade given for academic dishonesty. Grades are awarded by the faculty member of record and can only be changed by said faculty member, unless the Provost directs otherwise following the procedure outlined below.

Grade Appeals Procedure
1. (a) A student must initiate an appeal in writing within 20 class days from the date of the decision or action in question. In case of an appeal of a final grade, the appeal must be filed no later than the first 20 class days of the term following the one in which the grade was received. This written appeal should be sent to the instructor who awarded the grade in question. The appeal shall be reviewed by the student and the faculty member. They shall mutually attempt to resolve the appeal within five class days from the receipt.

2. An appeal not resolved at Step 1 shall be referred in writing by the student within five class days after the completion of Step 1 to the chairperson of the department offering the course. If there is
a departmental appeals committee, the problem shall be referred directly to it. The department chairperson or the departmental appeals committee shall normally submit a written response to the student within 10 class days following receipt of the written statement of the problem. A copy of this response also shall be provided to the instructor.

3. If no decision satisfactory to all parties (faculty member, student, and department chair or department committee) is reached at Step 2, the student may submit a written appeal to the dean of the college or school in which the problem originated. Such an appeal shall be made within five class days following the receipt of the written response of the department chairperson or the departmental appeals committee. The dean shall investigate the problem as presented in the written documentation, review the recommendation and provide, in writing, a proposal for the solution of the problem within 10 class days following its referral.

4. If a mutually acceptable resolution to the problem is not achieved at Step 3, the student may file an appeal with the Grade Appeals Board within five class days of the receipt of the written proposal from the dean. The request for an appeal must be submitted to the vice provost or, if appropriate, to the dean of graduate studies who will convene the Grade Appeals Board as soon as possible, but no later than 15 class days after the receipt of the written request.

Grade Appeals Board
Membership on the board will include the following:

1. The Vice Provost and Dean of Graduate Studies (or his/her designee), who serves as nonvoting chairperson.
2. A faculty dean not involved in the appeals process.
3. Two faculty members. At the beginning of each academic year, the Office of the Vice Provost shall accept volunteers from each academic department in order to constitute the pool. Two faculty members from different departments will be selected randomly from this pool for each Appeals Board.
4. Two undergraduate students who are selected from a list of names provided by the Office of Student Conduct, or who are tutors of the LARC, or who are enrolled in the Honors College, or who are members of a WCU Honors Society. The director of the LARC, director of the Honors College, or the appropriate society advisor will provide the Office of Academic Affairs with a list of students who are willing to serve. Such students will be appropriately trained in procedures relating to this policy and the need for confidentiality in all aspects of the case.

Attendance
1. Both parties (faculty member and student) shall have the right to be assisted by advisors, who may be attorneys, and who may be present at hearings. The board chair must be notified in advance of the hearing who the advisors will be. The advisors may only consult and interact privately with their advisees, and may not address the board. Advisors who are disruptive to the process will be asked to leave the proceedings, and the matter will go forward absent their involvement.
2. Witnesses may be called on behalf of either the faculty member or the student.
3. Resource persons or expert witnesses may also called at the request of the board. In the event that the decision to be rendered by the board involves knowledge of a particular discipline, the board shall be required to utilize at least one resource person from that discipline to serve as an expert advisor(s) to aid them in making an informed recommendation.

Procedure
1. Preparation for the Hearing - All parties must be informed of the complaint in writing by the chairperson of the Grade Appeals Board (hereafter referred to as “chairperson”), normally within five class days after the receipt of the complaint. Copies of documents and correspondence filed with respect to the complaint shall be provided to the interested parties through the chairperson. Thereafter, neither new evidence nor new charges shall be introduced before the board. The chairperson shall notify in writing the interested parties of the exact time and place of the hearing and shall provide existing University and/or Commonwealth policies relevant to the appeal at least five class days before the beginning of the proceedings. Throughout these proceedings, the burden of proof rests upon the person bringing the appeal.

2. Hearing Procedure - During the hearing, both the faculty member and the student shall be accorded ample time for statements, testimony of witnesses, and presentation of documents.

3. Recommendation of the Appeals Board
   a. The Grade Appeals Board shall deliberate in executive session and render a recommendation by majority vote within three days of the close of the hearing. The chairperson may participate in these deliberations but not vote.
   b. The chairperson of the Appeals Board shall notify, in writing, the student, the faculty member, and the chair of the department offering the course of the recommendation within three class days of the board’s final action. The notification shall include the basis upon which the recommendation was based.
   c. The chairperson of the Appeals Board shall also transmit the decision, in writing, to the provost or his/her designee. If the board recommends that a grade be changed, thus supporting the student’s appeal, it will forward that recommendation to the Provost and Academic Vice President, who makes the final decision to accept or reject the recommendation of the Appeals Board. Only the Provost and Academic Vice President has the authority to direct the registrar to change an existing grade.

Other
1. A written statement of the decision and relevant materials shall be placed in the student’s academic file.
2. A written statement of the decision and relevant materials shall be placed in the faculty member’s file subject to the provisions of official Commonwealth policy governing personnel files.

Notes
1. Both the faculty member and student are entitled to the “right of challenge for cause” of any member of the Appeals Board or student advisor with the sole exception being the chairperson of the Appeals Board. In the case of a challenge at the Appeals Board level, the chairperson of the board will adjudicate the challenge. One challenge at each level is permitted.
2. A “class day” is defined as any day when classes are officially in session, in fall or spring, at West Chester University.
3. If the course in which the grade dispute occurred is offered under the auspices of a unit of the University other than an academic department, the program director/coordinator, head of that unit, and/or the department chairperson will function in Step 2 of the procedure. In Step 3, the appeal should then be made to the vice provost rather than the dean of the college.
4. If the professor is not on contract or in residence on the campus, he or she shall have the right to appoint a faculty proxy.

Dean’s List
The names of degree-seeking students who complete 12 or more graded hours in an academic semester and achieve a semester GPA of 3.670 or better are placed on the dean’s list. Non-degree students who complete a minimum of nine credits, have a GPA of 3.670, and no grade below a B in the semester also will be recognized on that semester’s dean’s list. Students should contact the dean’s office of their specific college to find out how and when the list is distributed.
GRADUATION REQUIREMENTS & INFORMATION

Requirements for Graduation

A student is recommended for graduation upon the satisfactory completion of a minimum of 120 credits at the 100 level or above and upon fulfillment of all categories of the requirements for his or her degree. A minimum overall cumulative GPA of 2.00 (C) is required for graduation. The minimum GPA for majors and minors varies. Students should consult with their respective academic department. Specific programs, in accordance with University procedures, may set other higher standards and may require more than 120 credits for completion of the degree. Degree requirements are detailed under the heading of the subject field. See also "Requirements for the Baccalaureate Degree (p. 134)." A student must apply online for graduation no later than the end of the junior year, or after 90 credits have been earned. It is imperative that the student meet with his or her academic advisor. Students can view the graduation checklist on the Office of the Registrar website (http://wcupa.edu/registrar). Any student currently matriculated in the University may graduate after completion of 120 credits, PROVIDED:

1. He/she has completed all general education requirements, which include nine credits of free/student electives, that are specified in the catalog for the year that the student was most recently accepted into WCU.
2. AND he/she has completed all courses required by the major/minor, to include all supporting (cognate) courses.
3. AND the student has completed all degree requirements within the semester in which he/she intends to graduate. (Any unmet degree requirements can only be completed for that semester’s graduation date, if the attempt to complete the degree requirement was initiated prior to the end of the semester, and the requirement was completed within 30 days of the actual graduation date.)
4. AND the student has fulfilled the resident credit requirements. This requires at least 30 of the last 60 credits be earned at West Chester University and at least 50% of the major/minor be earned at WCU, excluding cognate courses.
5. AND the student has cleared all holds and financial obligations to the University.

The permanent student record (transcript) records all degrees, majors, and minors completed, and graduation honors. The diploma only lists the degree earned (e.g., Bachelor of Science), as well as graduation honors. Students earning two different degrees (e.g., B.S. and B.S.Ed) will receive a diploma for each.

Resident Credit Requirement

To qualify for graduation, a student must take at least 30 of his/her last 60 credits at West Chester University. Normally, the student will take the last 30 credits at West Chester. In addition, a student must take at least 50% of the courses in his/her major or minor discipline (excluding cognate courses) at West Chester University. For active-duty service members, the academic residency requirements will not exceed 25% of the undergraduate degree program.

Anticipated Time for Degree Completion

It is the expectation that a student should anticipate being able to graduate in eight consecutive fall/spring semesters. This expectation would not apply if any of the following conditions exist:

1. A student needs to complete developmental courses.
2. A student enters the major of graduation after the first semester of his/her first year.
3. A student transfers to West Chester University and has compiled courses that do not fit into his/her current program.
4. A student fails to meet the minimal standards of academic performance of the University of his/her major program.
5. A student chooses to repeat one or more courses.
6. A student fails to follow guidelines set forth to meet major or University requirements.
7. A student who selects the culture cluster option requires an extra semester to meet that requirement.

In order to graduate following (or within) the expectation, it is the student’s responsibility to consult with the major department for course scheduling guidelines in the major.

The expectation, however, is invalidated when the following conditions exist:

1. A program requires more than 120 credits for completion.
2. The sequencing of courses requires more than eight consecutive fall/spring semesters.
3. A program requires the completion of requirements that can only be met in summer.

Nothing in this policy prevents the offering of a program that does not meet expectations. Such programs, however, are so identified in the University catalog.

Each department will determine when its courses will be offered.

Required Notice of Intention to Graduate

Students intending to graduate must apply for graduation online through myWCU. The deadlines for when to apply are posted on the Office of the Registrar’s website (http://www.wcupa.edu/registrar). Students who need to take summer courses in order to complete degree requirements are considered August graduation applicants. August graduation applicants may participate in the May commencement exercises if they apply by the deadline.

Students must meet the deadlines in applying for graduation. These deadlines are set so that students have an opportunity to add/change courses in meeting final requirements, as well as have their name printed in the commencement program. Students who miss the deadline to apply online must apply late for graduation in person at the Office of the Registrar. Applying late will greatly reduce the opportunity for a student's name to appear in the commencement program.

After applying for graduation online, students will receive an e-mail notification, which is sent to their University e-mail account, regarding their general education clearance. The graduation fee of $99 is applied to the student's account as soon as a student submits the online application.

Students are encouraged to meet with their academic advisor for major/minor requirements prior to submitting their application to graduate.

Graduation Honors

Graduation honors are awarded as follows:

<table>
<thead>
<tr>
<th>Honor</th>
<th>Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>cum laude</td>
<td>3.250-3.499</td>
</tr>
<tr>
<td>magna cum laude</td>
<td>3.500-3.749</td>
</tr>
<tr>
<td>summa cum laude</td>
<td>3.750-4.000</td>
</tr>
</tbody>
</table>

The honors list for commencement is based on the GPA from the next-to-last semester before a student graduates. Those who do not attain honors distinctions until the end of their final semester will have recognition of their achievement on their diploma and final transcripts, where all honors distinctions are recorded.
MAINTENANCE OF ACADEMIC STANDARDS

Maintenance of Academic Standards: Probation and Dismissal

A student’s scholastic standing at the University is indicated by his or her cumulative grade point average (GPA). Three categories of academic standing have been established: good academic standing, probation, and dismissal. A student remains in good academic standing as long as he or she maintains a cumulative GPA of 2.00 for all work taken at the University. Probation and dismissal are actions taken by the University when a student’s GPA falls below an acceptable level at the end of the fall or spring term.

Conditions of Probation and Dismissal

Probation is defined as a trial period during which a student whose cumulative average has fallen below acceptable standards must bring his or her average up to those standards or be dismissed from the University. An academic review is conducted at the end of each fall and spring semester, and at the end of the second summer session. Students are placed on probation or returned to good academic standing, depending upon their cumulative GPA. Students may be dismissed from the University only at the end of the fall or spring semester. The University will notify, in writing, each student who goes on academic probation or who is dismissed for academic reasons.

1. Students earning a 2.00 cumulative grade point average (CGPA) at the end of their first semester of full-time enrollment will be dismissed from the University.

2. Any other student falling below the 2.00 CGPA standard will be placed on probation for one full-time semester (12 credits). A notice of probation shall be printed on the student’s transcript, and the University will notify the student, in writing, that he/she is in danger of dismissal. The student who is placed on probation must see his/her advisor and develop an Academic Recovery Plan (http://www.wcupa.edu/ussss/arp/Login.aspx) (ARP). It is the student’s responsibility to contact the advisor and schedule an appointment to complete an ARP (see below).

3. Any student still below the 2.00 CGPA standard after one full-time semester of probation is subject to dismissal. A student may petition to receive extended probation. The special assistant for academic policy may grant one semester of extended probation to a student who:
   a. Has made progress toward academic good standing while following his/her Academic Recovery Plan, and
   b. Has a reasonable mathematical chance of reaching a CGPA of 2.00 after one additional semester on probation
   c. Continued probation is intended to allow students to complete their degree in a timely manner. If a student who has received a letter of dismissal is granted Continued Probation status, he/she must enroll within the next 12 months. If a student does not enroll for more than 2 consecutive semesters, when he/she applies for readmissions, they will be returned to dismissed status. The Readmission of Dismissed students aspect of the policy will now apply.

4. Any student who is still below the 2.00 CGPA standard after one full-time semester of extended probation (two consecutive full-time semesters on probation) will be dismissed. If the student went from full-time to part-time status as part of his/her Academic Recovery Plan, a third semester of probation may be permitted, provided that the student has had a semester GPA higher than 2.00 each semester since being placed on academic probation.

5. Any student who regains good academic standing, but again falls below the 2.00 CGPA standard, will be placed on probation and given a maximum of 12 credits to return to good academic standing.

6. A student may be placed on probation no more than twice; placement on probation for a third time will result in immediate dismissal from the University.

Dismissal from the University

1. A student may appeal his/her dismissal in writing to the special assistant for academic policy.

2. Nothing in this policy shall be taken to preclude the dismissal of students for violations of other University policies, in accordance with the provisions of those policies.

3. A student dismissed from the University may not take course work at the University until he or she applies and is readmitted to the University.

Readmission of Dismissed Students

1. No student will be considered for readmission earlier than one full calendar year after the time of dismissal.

2. Students readmitted to the University will have a maximum of two full-time semesters (24 credits) to reach a CGPA of 2.00. During that time, the student must maintain a GPA of at least 2.30 for each semester of work following readmission. Failure to maintain a GPA of 2.30 for each semester until the CGPA reaches 2.00 or higher will result in a second dismissal. Any student who is dismissed from the University for poor academic performance a second time is not eligible for future readmission.

If a student is approved to be readmitted to the University under the Academic Renewal Policy and the student was, prior to separation from the University, a candidate in a program leading to initial teacher certification (B.S.Ed., B.M. in music education, or B.S. in health and physical education - teacher certification), he or she may not be readmitted to the original major. The academic renewal student must re-enter in a non-teacher certification degree program or as an undeclared student.

If a student readmitted under academic renewal subsequently qualifies for formal admission to teacher education based upon the provisions of the Academic Renewal Policy, that student may seek a change of major to a teacher certification program under the prevailing internal transfer policy of the specific program.

Academic Recovery Plan

It is the responsibility of the student to schedule an appointment with his/her academic advisor as soon as possible after learning that he/she is on probation. The meeting should take place no later than the third day of the first semester on probation to allow time to adjust that semester’s schedule, if necessary. The student will develop an Academic Recovery Plan (ARP) at that meeting, with the advisor’s assistance.

The ARP is intended to identify the problems that contributed to a student going on academic probation and list steps that he/she will take to correct the problems. Students must commit to the changes in behavior necessary to achieve academic success. Steps to be taken might include regular class attendance, repeating failed courses, decreasing the number of credits attempted in a semester, taking reading/study skills courses, decreasing the amount of time spent working or in extracurricular activities, or taking a semester off to deal with personal or financial problems. The completed ARP electronic form is copied to the student, the advisor, and the office of the special assistant for academic policy.

Academic Renewal Policy

The Office of the Vice Provost through the special assistant for academic policy, at its discretion, offers academic renewal to students at the time they apply for readmission.
1. The Academic Renewal Policy permits West Chester University undergraduates whose GPA and total credits earned make it impossible for them to graduate from West Chester University under any form of readmission, even if they were granted five more repeats. Students can be readmitted only once under the Academic Renewal Policy, and it is not retroactive if a student has previously been readmitted. Students who were previously enrolled in an education degree program, see paragraph #2 below.
   a. A student must have had a minimum of a five-year absence from West Chester University.
   b. All grades for courses previously taken will remain on the WCU academic database; academic renewal will be noted on a new transcript. General education courses previously taken and passed with a grade of C or better will be maintained on the student’s record as T’s. Departments may require their majors and minors to repeat any or all major, minor, cognate, and supporting courses, even if the student had earned a grade of C (2.00) or better in them, and even if the department accepts less than a C in the course for its majors/minors.
   c. Beginning with readmission, students will be treated as first-time, first-year admits; i.e., granted all privileges of that group (permitted to use the repeat policy, eligible for graduation with honors, etc.). Because these students are considered to be first-time admits, they have the option to enter a different major than the one in which they were originally enrolled. The selected department will be notified that this is an academic renewal student, and that department has the right to refuse admission to its programs.
   d. Academic renewal students will be treated as readmits in terms of catalog academic rulings. General education, major, minor, and cognate areas are based on the catalog in the year they were granted academic renewal. Students pursuing an education degree need to refer to the paragraph below concerning this.
   e. A student must have had a minimum of a five-year absence from West Chester University.

2. If a student is approved for readmission to the University under the academic renewal policy and the student was, prior to separation from the University, a candidate in a program leading to initial teacher certification (B.S.Ed., B.M. in Music Education, or B.S. in Health and Physical Education - Teacher Certification), he or she may not be readmitted to the original major. The academic renewal student must re-enter either in a program that does not lead to teacher certification, or as an undeclared student.
   a. If a student readmitted under academic renewal wishes to apply for formal admission to teacher education status, that student may seek a change of major to a teacher certification program under the prevailing internal transfer policy of the specific program. The student must meet all requirements for formal admission to the desired program, including the minimum cumulative GPA.
   b. When the student applies to re-enter a program leading to teacher certification, the qualifying cumulative GPA will be based on:
      i. Grades earned in those courses which were retained in the renewal process (even though these courses no longer contribute to the WCU cumulative GPA)
      ii. Grades of any transfer courses
      iii. Grades earned at WCU after returning under renewal (a minimum of 15 credits)

NON-DEGREE STUDENTS

"Non-degree" is an academic term used to describe students who are "not formally accepted into a degree-seeking program." Registering as a non-degree student permits high school students to gain experience, gives current college students an opportunity to learn at another institution, and allows community members a chance to grow on a personal or professional level.

Non-degree students take the same courses as everyone else and earn the same college credit. Non-degree students are not eligible to receive financial aid; however, they may take advantage of other services offered by the University, including:
   • Access to a myWCU student self-service account and email address
   • Payment plans
   • Student services, including use of campus libraries, computer labs, health services, and career development services

Candidates will be permitted to take classes at West Chester University as a non-degree student if they meet the minimum enrollment requirements based upon their highest level of education. Students must also possess the necessary prerequisite coursework and/or demonstrate, prior to enrollment, minimum performance competencies required for a particular course. There may be certain circumstances when a former, denied, or recently accepted degree-seeking student may not be permitted to register in the non-degree program.

International citizens who are in the United States on a visa, with exception to a student visa or tourist visa, may be eligible for non-degree study. Certain visa types do allow for incidental study while maintaining their current visa status in the United States.

Undergraduate or Graduate Non-Degree?

All undergraduate level courses are defined by a 499 number or below, while graduate level courses are defined by a 500 number or above.

Students are considered an Undergraduate Non-Degree Student if they:
   • Register for courses defined by a 499 number or below
   • Are currently attending high school or are a current/former college student taking undergraduate level courses
   • Have an Associate's or Bachelor's Degree and intend on taking undergraduate level courses
   • Participate in the International or National Student Exchange Program or have been accepted into a Pre-Graduate Certificate Program.

Students are considered a Graduate Non-Degree Student if they:
   • Register for courses defined by a 500 number or above
   • Have a Bachelor's Degree and intend on taking graduate level courses
   • Plan to enroll in both graduate and undergraduate courses during the same semester

Non-Degree Terms and Conditions

All non-degree students must agree to the following:
   • Enrollment in the non-degree program does not imply admission to the University. To make a request for formal admission into a degree-seeking program, students must apply through the Office of Admissions or the Office of Graduate Studies. Students denied formal admission to the institution are eligible to enroll in coursework through the non-degree program, assuming they meet the enrollment requirements for non-degree.
   • Enrolling as a non-degree student to complete graduation requirements is not permitted. If a former student is looking to complete graduation requirements, they need to contact the Office of Admissions or the Office of Graduate Studies.
   • All non-degree students are required to remain in good academic standing while at West Chester University.
   • All non-degree students must comply with University policies, including academic guidelines, requirements for attendance, and class/campus behavior. Students are responsible for following all dates published on the Academic Calendar.
• Non-degree students are not eligible to receive financial aid and must pay all tuition and fees by their due date.
• Admission into the non-degree program is contingent on meeting the application requirements and supplying supporting documentation. Non-degree applications will not be processed until supporting documentation is received.
• Course registration is dependent on submission of supporting documentation, meeting the prerequisite requirements, course availability, and in some cases, department approval.
• All grades received will remain on the student’s permanent college transcript. Accordingly, release of those records is bound by the Family Educational Rights and Privacy Act. Information pertaining to student’s coursework will only be released to the student. For more information on this Act, see http://www.wcupa.edu/registrar/privacy.aspx.
• It is the responsibility of the student to activate their myWCU account, including email, once the student receives their WCU ID number. All communication with University staff and faculty members will be through the student’s West Chester University email account.
• The grades earned as a non-degree student remain on the student’s transcript and will be included in the computation of the cumulative GPA should a non-degree student be accepted into a degree-granting program.

Career Credit Limits

Undergraduate
• Students without an undergraduate degree are limited to earning a maximum of 24 credits.
• After earning 24 credits, the student must apply for admission to a degree-granting program.

Graduate
• Students completing graduate courses are limited to earning a maximum of 9 graduate credits.
• After earning 9 credits, the student must apply for formal admission.

Non-Degree Admission Requirements

Current High School Student - High School Dual Enrollment Program
Dual enrollment students must be willing and able to accept the freedom and responsibilities associated with college attendance, interaction with college students, and exposure to the social and intellectual challenges of a college campus. Enrolling in a university course exposes students to a more diverse curriculum and culture, and they may be exposed to material deemed inappropriate for minors. The student must be able to work independently and monitor his/her own performance.

It is the responsibility of the student and their high school to determine how the coursework completed at WCU will fulfill specific secondary school graduation requirements.

Admission Requirements
In addition to the Undergraduate Non-Degree Terms and Conditions, dual enrollment non-degree candidates must meet the following requirements:

1. Must be a sophomore*, junior, or senior
   a. “If a student is a sophomore, the student’s principal or guidance counselor must submit a letter explaining the student’s academic and dispositional readiness for college-level work.
2. Minimum high school GPA of 2.80
3. Must possess necessary prerequisite coursework and/or demonstrate, prior to enrollment, minimum performance competencies required for the course
4. Must complete High School Registration Form(s)

High School/GED Graduate

Admission Requirements
In addition to the Undergraduate Non-Degree Terms and Conditions, non-degree candidates must meet the following requirements:

1. Minimum GPA/Test Score
   a. High School Graduates: Minimum GPA of 2.80
   b. GED Graduates: Score of 150 on each GED test, equaling a combined score of 600
2. Must possess necessary prerequisite coursework and/or demonstrate, prior to enrollment, minimum performance competencies required for the course

Current or Former College Student
Any current college students taking classes at West Chester for the purpose of having the credits transferred to their home institution are responsible to determine if the home institution will accept the credits earned and must arrange to have an official transcript sent from West Chester University to the home institution.

Admission Requirements
In addition to the Non-Degree Terms and Conditions, current/former college students seeking to enroll in undergraduate courses must meet the following requirements:

1. Minimum college GPA of 2.00 from current or most recent accredited institution attended
2. Must possess necessary prerequisite coursework and/or demonstrate, prior to enrollment, minimum performance competencies required for the course
3. Cannot be a former WCU degree-seeking student looking to take classes towards degree completion
   a. Any former degree-seeking students interested in returning to complete a degree must contact the Office of Admissions. Any non-degree application filed for this purpose will not be honored.

College Graduate: Post-Baccalaureate Applicants Taking Undergraduate Courses

Admission Requirements
In addition to the Non-Degree Terms and Conditions, post-baccalaureate non-degree candidates must meet the following requirements:

1. Minimum GPA of 2.0 from the accredited institution that issued degree
2. Proof of undergraduate degree with confer date specified
3. Must possess necessary prerequisite coursework and/or demonstrate, prior to enrollment, minimum performance competencies required for the course

College Graduate: Post-Baccalaureate Applicants Taking Graduate Courses

Admission Requirements
In addition to the Non-Degree Terms and Conditions, non-degree candidates seeking to enroll in graduate courses must meet the following requirements:

1. Minimum GPA of 2.0 from the accredited institution that issued degree
2. Proof of undergraduate degree with confer date specified
3. Must possess necessary prerequisite coursework and/or demonstrate, prior to enrollment, minimum performance competencies required for the course.

**College Student Who Attends Another University in the Pennsylvania State System of Higher Education**

West Chester University is a member of the Pennsylvania State System of Higher Education (PASSHE). As a member, we can offer our students, as well as students who attend other PASSHE institutions, a larger variety of classes without loss of institutional residency, eligibility for honors or athletics, or credits towards graduation at the home institution.

Read more on the PASSHE Visiting Student Program standards by clicking here: http://www.wcupa.edu/Registrar/Documents/PASSHEApplicationVisitingStudentStatus.pdf

Not sure if you attend a PASSHE institution? Please visit this website to check: http://www.passhe.edu/Pages/default.aspx

**Senior Citizens**

Senior Citizens can take courses as a non-degree student at the Undergraduate or Graduate level in accordance with our Senior Citizen Policy (p. 14).

**High School Dual Enrollment**

Dual enrollment students must be willing and able to accept the freedom and responsibilities associated with college attendance, interaction with college students, and exposure to the social and intellectual challenges of a college campus. Enrolling in a university course exposes students to a more diverse curriculum and culture, and they may be exposed to material deemed inappropriate for minors. The student must be able to work independently and monitor his/her own performance.

It is the responsibility of the student and their high school to determine how the coursework completed at WCU will fulfill specific secondary school graduation requirements.

**Admission Requirements**

In addition to the Undergraduate Non-Degree Terms and Conditions, dual enrollment non-degree candidates must meet the following requirements:

1. Must be a sophomore, junior, or senior
   a. If a student is a sophomore, the student’s principal or guidance counselor must submit a letter explaining the student’s academic and dispositional readiness for college-level work.
2. Minimum high school GPA of 2.80
3. Must possess necessary prerequisite coursework and/or demonstrate, prior to enrollment, minimum performance competencies required for the course
4. Must complete High School Registration Form(s)

Applicants seeking dual enrollment, as well as their parents/guardians, must confirm understanding of the following:

1. The dual enrollment student must comply with all University policies, including requirements for attendance, class and campus behavior.
2. Enrolling into WCU courses does not guarantee admission to degree candidacy.
3. The dual enrollment students must be willing and able to accept the freedom and responsibilities associated with college attendance, interaction with college students, and exposure to the social and intellectual challenges of a college campus. Enrolling in a university course exposes students to a more diverse curriculum and culture, and they may be exposed to material that may be deemed inappropriate for minors.
4. The student must be able to work independently and monitor his/her own performance. Further, the student will have access to all student services offered to the traditional college student; however, progress will not be monitored by the University.
5. The grades received in university courses will remain on the student’s permanent college transcript. Accordingly, release of those records is bound by the Family Education Rights Privacy Act. Information pertaining to student's coursework will only be released to the student, not to parents or school officials. (For more info on this Act, see http://www.wcupa.edu/Registrar/privacy.aspx.)

Students who have IEPs or otherwise qualify for accommodations, please see the Office of Services for Students with Disabilities (OSSD) website at www.wcupa.edu/ossd for information on the level of accommodation provided for college courses. Please contact the OSSD (ossd@wcupa.edu) to submit appropriate disability documentation.

**Note:** It is the responsibility of the student and the high school to ensure that courses completed at WCU will fulfill specific secondary school graduation requirements.

**SERVICES FOR STUDENTS WITH DISABILITIES**

**Office of Services for Students with Disabilities (OSSD)**

The Office of Services for Students with Disabilities (http://www.wcupa.edu/ossd) (OSSD) offers services for students with physical and learning disabilities. The OSSD is designed to assist students in making a successful transition to the University. The office takes a proactive stance that encourages students to understand their needs and strengths in order to best advocate for themselves.

West Chester University recognizes that some students with disabilities want minimal assistance while others require the full range of support and services. The staff of the OSSD supports students as they become more self-reliant by emphasizing their knowledge and communication skills and the understanding of their rights and obligations under the laws. To facilitate successful transition a comprehensive assessment of needs is recommended through this office.

The OSSD provides advocacy with faculty for classroom accommodations under the requirements of Section 504 and the Americans with Disabilities Act. Recent, appropriate, and comprehensive documentation provided by licensed professionals must accompany requests for accommodations.

The OSSD coordinates provision of direct services for students with disabilities through support staff in the research and technical areas of the University. The office also advocates in the readmission procedure, with the offices of Financial Aid and the Registrar, and supplement advising services to the extent that the information or assistance is disability related and necessary to promote student access.

The OSSD is located within the Undergraduate Studies and Student Support Services Division and coordinates services with other units within the division, such as the Learning Assistance and Resource Center and the Pre-Major Academic Advising Center, as well as other University offices including the Writing Center and the Office of Residence Life and Housing. In order to ensure continuity of services, students should pursue such actions prior to enrollment. Students needing financial support for personal services or interpreters should register with the appropriate agency at least six months in advance of matriculation.

**Office of Services for Students with Disabilities**

**Services Provided for Students with Disabilities**

- Academic coaching
- Special summer orientation
- Specialized tutoring in English and math
- Central documentation file
- Advocacy with faculty
- Alternative test-taking arrangements
- Priority registration
- Note-taking support
- Study skills tutoring
- Alternate formatting assistance
- Adaptive technology
- Readers for visually impaired students
- Interpreters for deaf students
- Referrals for LD testing
- Peer support

**Services Provided for Students Diagnosed with Dyscalculia**

On the recommendation of the Office of Services for Students with Disabilities (OSSD), a student with a documented case of dyscalculia will be referred to the Department of Mathematics. He or she will be enrolled in either an individualized instruction in mathematics or, where appropriate, a regularly scheduled class, to accommodate his or her needs.

**Closed Captioning Policy**

West Chester University is committed to providing reasonable accommodations to qualified individuals with disabilities as defined by Sections 504 and 508 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Individuals with hearing deficits or other documented disabilities can contact the Office of Services for Students with Disabilities (OSSD) (http://www.wcupa.edu/viceProvost/ussss/ossd) to set up alternative forms of classroom assistance.

The University recognizes that the most efficient means of providing equal access to video media is through use of products with open or closed captioning and/or subtitles. When faculty utilizes essential video material, they should ascertain if a captioned version is available. If such a version is available, the faculty member is required to use it.

**ADA Classroom Accommodations Appeals Procedure**

**Notification of Classroom Accommodations**

A student with a documented disability may request classroom accommodations. The Office of Services for Students with Disabilities (OSSD) will issue a copy of a letter of accommodation (to his/her WCU e-mail address) for the student to present to the faculty member of the course. This accommodation letter will inform the faculty member of the student’s specific academic needs. It is the responsibility of the student to present the letter of accommodation to the faculty member. Students with disabilities are held to the same academic standards as all other students. Faculty members are not required to provide accommodations prior to or retroactive from the date an accommodation letter is presented. Faculty members should contact the OSSD if they have questions about the accommodations outlined.

**Appeals Regarding Classroom Accommodations**

The University provides for an appeals process regarding classroom accommodations. Any and all efforts will be made with the understanding that a timely resolution is in the best interest of all parties involved. While an appeal is under review, the student is expected to attend classes and do assignments to the best of his/her ability and faculty members are expected to provide reasonable classroom accommodations to the best of their abilities. While an appeal is under review, the student and the faculty members of his/her courses are expected to make good faith efforts toward reasonable classroom accommodations and engage in the educational process. An appeal reviewed under this policy does not alter or interfere with the student’s right to file a complaint of discrimination on the basis of a disability with the University’s Office of Social Equity or to pursue a formal complaint with the Pennsylvania Human Relations Commission or the U.S. Department of Education, Office of Civil Rights.

1. If a student has concerns with the determination of accommodations by the OSSD, the student and the director of OSSD should first meet in order to resolve the matter. If they do not reach agreement, the student may initiate a formal appeal by contacting in writing the vice provost (for undergraduate students) or the dean of graduate studies (for graduate students) (see section 3).

2. If a faculty member has concerns about the application of the accommodations to his or her course and/or a student feels the accommodations are not being adequately implemented, the student and the professor should meet in order to resolve the problem. If these efforts are unsuccessful, either the faculty member or the student may request informal resolution through OSSD.

   a. The student and/or the faculty member informs both OSSD and the chair of the department of the course within two work days following the meeting between the faculty member and the student about unresolved concerns for accommodations in the course.

   b. Within one week after being informed of the concerns, OSSD will coordinate a meeting of the student, faculty member, and/or chair in an attempt to achieve a resolution by meeting with the student and/or faculty member. During this meeting, with the consent of the student, OSSD may further advise the faculty member of the student’s individual needs and the appropriateness of any recommended accommodations.

3. If resolution is not accomplished after informal meetings between OSSD, the student, faculty member, and chair, a formal appeal may be started. Either the faculty member or the student may initiate the formal appeal by contacting OSSD in writing; as appropriate, the vice provost or the Dean of Graduate Studies will then be notified. The formal appeal will proceed as follows:

   a. Within the two weeks following the initiation of the formal appeal, a Classroom Accommodations Review Panel will meet. The vice provost and dean of graduate studies or his/her designee will convene the panel. The panel will consist of a dean of a school or college, a faculty member, and a student, each of whom will be from outside the department than the one in which the problem arose and selected from respective pools of individuals who have received training in ADA law and procedures; the dean shall serve as panel chair. Panel members will be informed in writing by the vice provost and dean of graduate studies at least a week in advance of the date, time, and place that the panel will be convened.

   b. At the proceedings of the panel, the representative of OSSD shall present to the panel relevant information about the nature of the student’s disability and appropriate accommodations. Because this information is confidential, the student’s consent to the disclosure of the information must be obtained beforehand. In order to protect matters which are confidential, the panel may, upon its own motion or upon the request of any involved party, hear statements in private without the other parties being present. If the situation involves a challenge to the OSSD director’s denial of a requested accommodation, the OSSD shall present information and documentation showing why such an accommodation is inappropriate.

   If the situation involves a challenge to the OSSD director’s denial of a requested accommodation, the OSSD shall present information and documentation showing why such an accommodation is inappropriate.
The panel may request that the chairperson of the academic department in which the dispute arose, or other faculty members, or the student involved in the appeal, present any concerns that they may have regarding how the accommodations might create a fundamental alteration in the nature of the course. The student shall have the opportunity, but shall not be required, to make a statement to the panel and to present any information or documentation which the student believes is relevant. The Office of Social Equity will be available to the panel for consultation on an "as needed" basis.

c. It shall be the function of the panel to make a recommendation to the provost concerning the appropriateness of the requested accommodations and/or a revision of the accommodations. The panel shall deliberate immediately following the meeting and shall render its recommendation by majority vote. The decision and any dissenting opinions of the panel shall be sent in writing to the provost within three work days by the panel chair.

d. The provost shall review the recommendation of the panel and render a final decision on the matter in writing to the student, the faculty member, and the OSSD director within one week after receiving the panel’s recommendation.

TRANSFER, REVERSE TRANSFER, AP, AND OTHER CREDITS

Taking Courses Off Campus

West Chester University students may take courses off campus and transfer the credit toward their degree. Credit for these courses will transfer to West Chester University only if the student received a grade of D or better in the course. Grades received in courses taken at other institutions are not calculated in the West Chester cumulative GPA. Only the credits are transferred. Students must also meet all minimum grade requirements in courses they wish to have transfer toward their degree. Credit equivalencies to ensure the course has been approved for transfer. If required, credit equivalencies must be re-evaluated by the new major/minor department.

Transfer Credit Appeal Process

All questions regarding the transfer of credit to West Chester University should be directed to the transfer credit area within the Office of the Registrar. If students want to appeal a transfer equivalency decision, they must complete the Transfer Credit Appeal form, which is available on the Office of the Registrar’s website. Students must complete and submit this form, along with a course description and/or syllabus, to the appropriate academic department for approval. If additional information is needed to further review the student’s appeal, it will be the student’s responsibility to provide this information. Please allow two to three weeks for departments to make a final determination.

Reverse Transfer Program

Through the Reverse Transfer Agreement, established between Pennsylvania Community Colleges and the Pennsylvania State System of Higher Education (PASSHE) Universities, West Chester University (WCU) is able to assist students who have transferred to WCU from a PA Community College complete their associate’s degree while pursuing their bachelor’s degree at WCU.

Requirements for eligibility through WCU:

- The student must be enrolled at WCU.
- The student must have transferred to WCU from a PA Community College, with that PA Community College as the last institution attended.
- The student must have attended the PA Community College within the previous five years and have earned a minimum cumulative GPA of 2.0.
- The student must have earned a minimum of 45 credits (excluding remedial/developmental coursework) at their most recently attended PA Community College.
- The student must successfully completed at least 15 credits at WCU.
- The student must have a minimum cumulative GPA of 2.0 at WCU. Only credits with a C or better from WCU will reverse transfer back to the previously attended degree granting PA Community College.
- The student must have earned and/or have in-progress a total number of 60 or more college-level credits from the PA Community College and WCU combined.
- The students must indicate their agreement to participate in this program via completion of the Reverse Transfer Release form available on the Registrar’s website. (http://www.wcupa.edu/registrar/documents/ReverseTransferReleaseForm.pdf).

How it works:

- WCU will notify eligible students once they have completed a minimum of 60 credits, combined from both the PA Community College and WCU.
- WCU will notify eligible students once they have completed a minimum of 60 credits, combined from both the PA Community College and WCU.

- **CLEP** – The College-Level Examination Program through CollegeBoard allows students to demonstrate their mastery of college-level material, through standardized tests, in introductory subjects to earn college credit. West Chester University accepts certain exams, for degree credit only, with a qualifying score of 50 or above. For more information about the exams accepted by West Chester University, please visit the Registrar’s Office website: www.wcupa.edu/registrar/testCredit.aspx

- **Credit by Examination** – Students may receive credit for a course by taking a test. Students must coordinate the Credit by Examination with the appropriate academic department and submit the completed Credit by Examination form, with payment, to the Registrar’s Office prior to the end of the Drop/Add period. Additional information about Credit by Exam can be found on the Registar’s website: http://www.wcupa.edu/registrar/gradCreditTypes.aspx or by referring to the Course Policies (p. 81) section of this catalog.

- **Individualized Prior Learning Portfolio** – Students may choose to develop a portfolio as a means of demonstrating their competency in a particular course. The portfolio should include an extensive description of the student’s learning and how it aligns with the learning goals of the particular course for which the student is seeking credit. Credit received through portfolio submission will appear as transfer credit.

Through the Prior Learning Assessment, students demonstrate that what they already know is equivalent to what they would have learned in a particular course. This knowledge could have been acquired through past work, training programs, volunteer service, cultural or artistic pursuits, hobbies and recreational pastimes, community or religious activities, organizational membership, adult education, noncredit courses, military training not evaluated for credit by ACE, or other experiences.

The process to obtain credit through Prior Learning Assessment is as follows:

- Students are responsible for identifying the particular course(s) for which they wish to seek credit through Prior Learning Assessment.
- If the course sought is available through CLEP, that becomes the only PLA option available to the student. Students are responsible for registering for the appropriate CLEP exam and ensuring the official CLEP transcript is sent to the Office of the Registrar (http://www.wcupa.edu/registrar). Students can register for CLEP exams through the Professional Testing Center (http://www.wcupa.edu/_academics/coe/testingCenter.aspx).
- If the course sought is not available through CLEP, the student should contact the appropriate academic department to determine their best option: Credit by Examination or an Individual Prior Learning Portfolio.

West Chester University will not transfer credit received through Prior Learning Assessments by other institutions. Students who received credit for prior learning from a previous institution will need to adhere to West Chester’s Prior Learning Assessment policy.

DIVERSE COMMUNITIES REQUIREMENT

Embracing the goal of graduating students who are committed to creating a just and equitable society, diverse communities courses (or "J" courses) focus on historically marginalized groups and are framed by theories that lend understanding to the analysis of structural inequities. They seek to foster an informed and reasoned openness to an understanding of difference. The requirement for a diverse communities course may be fulfilled by any approved course with a "J" designation in the course schedule. Approved diverse communities courses are...
indicated as such in the catalog course description. A diverse communities course may simultaneously fulfill another degree requirement or distributive requirement in general education if it has the same prefix as those in the science, behavioral and social sciences, humanities, or arts categories within the distributive requirements. (For example, PSC 301 could count as a course within the behavioral and social sciences category.) If a "J" course is used to fulfill one of the distributive area requirements, general education student electives increase from nine to 12 credits as needed to reach 48 general education credits and 120 credits for graduation. At no time can any course substitute within the academic foundations area. A single course may fulfill the "I" and "J" requirements.

NOTE: A diverse communities course may only transfer to WCU if the course from a student's prior institution has been submitted to and approved by the Diverse Communities Committee of the Curriculum and Academic Policies Council (CAPC). Students must file a petition to transfer this type of course with the Office of the Special Assistant for Academic Policy.

ENGLISH COMPOSITION REQUIREMENT

Students must earn 3 credits at the Writing 200 level to fulfill the English composition general education requirement. These 3 credits can be completed via WCU coursework or via earned transfer credit. Student may need to complete prerequisite coursework prior to enrollment into a Writing 200-level course.

WCU is piloting a student-guided self-placement survey to determine the appropriate course sequence for our English Composition requirement. More information about the self-placement survey (the WRITE Survey) can be found below under English Placement. In order to fulfill the requirement, students must complete one of the following course sequences or transfer in credits that fulfill the requirement:

Course sequence A: Co-requisite—9 credits toward graduation, over two semesters
• Semester 1–WRT 120 + ENG 150 (6 credits of writing instruction focusing on discovery, composing, revision and genre awareness in one semester. WRT 120 and ENG 150 are linked courses with the same instructor—ENG 150 is the “lab” for WRT 120.)
• Semester 2–WRT 200-level (3 credits of research writing instruction in one semester)

Course sequence B: Sequenced—6 credits toward graduation, over two semesters
• Semester 1–WRT 120 (3 credits of writing instruction focusing on discovery, composing, revision and genre awareness in one semester)
• Semester 2—WRT 200-level (3 credits of research writing instruction in one semester)

Course sequence C: Progressive—9 credits, 6 of which count toward graduation, over three semesters
• Semester 1—ENG Q20 (3 credits of writing instruction focusing on writing process, confidence and language awareness in one semester. Credits do not count for graduation, but are computed in the student’s GPA). Students must pass ENG Q20 with a grade of C- or better to enroll in WRT 120.
• Semester 2—WRT 120 (3 credits of writing instruction focusing on discovery, composing, revision and genre awareness in one semester)
• Semester 3—WRT 200-level (3 credits of research writing instruction in one semester)

Course sequence D: Advanced—3 credits toward graduation, one semester
• Semester 1—WRT 200-level (3 credits of research writing instruction in one semester)
• The WCU WRITE survey may, in exceptional circumstances, place students into the Advanced sequence if their WRITE survey scores are particularly high, and if they have a minimum GPA of 3.8 and a Reading/Writing SAT of 620 or ACT English score of 28.

English Placement*

The WRITE Survey
Placement in the appropriate first-year writing course is recommended by the WCU WRITE (Writing and Reading InTerest and Experience) advisory system, which all incoming students are required to take prior to the scheduling period for first-year students. The WRITE advisory survey asks students to report on their past interest and experience in school and specifically with reading and writing, combined with numeric data such as their high school GPA, English course grades and SAT or ACT scores. After the survey is taken, the advisory system will direct students into the appropriate course sequence.

Taking the correct first-year writing courses can be a critical factor for a student’s success at college. The WRITE survey is designed to assist you in making the best decision about which of WCU’s starting courses in writing seems to be the best fit for you. The WRITE survey will integrate your answers with information we have on file to determine which course sequence is likely the best fit for you. It includes each student’s individual:
• Standardized test scores and high school GPA (in most cases, WCU has these on file for you and scores will be provided)
• Writing and reading history, both in and outside of school.

Students who do not take the WRITE survey will not be placed into any required First-Year Writing course or sequence until they complete the survey.

Instructions on taking the WRITE survey can be found in the WCU Placement Portal on MyWCU. If students have questions about the WRITE survey they can email the English Department at writessurvey@wcupa.edu.

INTERDISCIPLINARY REQUIREMENT

This course, regardless of the academic department that offers it, places the emphasis on the relationship among three or more disciplines, requiring the student to think critically. The student will synthesize and/or integrate the disciplines in the investigation of a concept, culture, or idea resulting in a student who demonstrates the attributes of general education Goal 4 (demonstrate the ability to think across and about disciplinary boundaries). Interdisciplinary courses may be fulfilled by any approved course with an "I" designation in the course schedule. Approved interdisciplinary courses are indicated as such in the catalog course descriptions. Because interdisciplinary courses are, by design, treatment of a subject from different disciplines, interdisciplinary courses may not be used to fulfill a general education requirement in the distributive areas (science, behavioral and social sciences, humanities, the arts). However, a course may simultaneously satisfy the interdisciplinary and diverse communities requirements.

LANGUAGE AND CULTURE REQUIREMENT

Language and Culture Requirements for Bachelor of Arts and Bachelor of Music Degree and Certain B.S. Degree Candidates

1. West Chester University believes that college students today require exposure to global cultures, and the University integrates this belief into courses and programs in various ways. Departments in the College of the Sciences and Mathematics, as well as the College of Business and Public Management, in particular, see a need for students earning bachelor of arts degrees to gain competency in language and cultures as a critical aspect of their education. The University provides options for these students based on varying levels of language competency deemed appropriate by major departments for study in their field. Questions regarding language requirements should be directed to the department chairperson.

A number of B.A. degree programs require a language proficiency gained from completing the second half of the intermediate year (202) of a language. At this level, students may be expected to have a working knowledge of the language and culture of a country. These programs are as follows:

a. Biology
b. English
c. Languages and Cultures (p. 323) (in a second language)
d. History
e. Liberal Studies
f. Mathematics (p. 359) (limited to French, German, and Russian)
g. Political Science (p. 422) (B.A. in international relations only)

2. Other B.A. degree programs offer students the following options:
a. demonstrating language proficiency through the intermediate level (202) or
b. demonstrating language proficiency through the Elementary II (102) level of a language and further acquiring a cultural foundation through taking three culture cluster courses within the same language area. This option is available for the following languages:
   i. American Sign Language
   ii. Arabic
   iii. French
   iv. German
   v. Greek
   vi. Italian
   vii. Latin
   viii. Russian
   ix. Spanish

c. Each has an approved set of associated culture cluster courses.
   It is not necessary for students to complete the Elementary II (102) level before taking culture cluster courses.

3. While this option does not give students the depth and focus of language study, the three courses will help them understand a culture. (In this option, students may elect to further their language skills by taking an additional semester of the language, plus two culture cluster courses.)

4. Degree programs offering the culture cluster option are as follows:
   a. Anthropology
   b. Communication Studies (p. 213)
   c. Communicative Disorders
   d. Economics (p. 249) (B.A. only)
   e. Geography (p. 278) (B.A. only)

5. Some B.S. degree programs also require a language. Students should see their advisors.

6. The Department of Languages and Cultures (p. 323) handles testing and placement.

7. Course substitutions to the language requirement of a department will be granted if the student meets one of the following criteria:
   a. The student is able to demonstrate proficiency through successful testing by the Department of Languages and Cultures (p. 323).
   b. The student holds a diploma from a secondary education institution in another country. This institution must be at least the equivalent of a U.S. high school, and instruction must be in a language other than English.
   c. Students who may request course substitutions because of a disability should refer to "Services for Students with Disabilities." (p. 94)
   d. Students should take note of the policies regarding taking courses out of sequence (p. 81).

Language Culture Clusters

Of the three required culture cluster courses, students who choose that option may take no more than two in the same department, except that only one may be taken in the department in which they major. Students are encouraged to begin taking their culture cluster courses as soon as possible. The 201 level of language courses is acceptable for use as one of the three culture cluster courses. Any exceptions to these conditions must be petitioned. A student may not use one course to simultaneously fulfill a general education distributive requirement and a culture cluster requirement.

MATHEMATICS REQUIREMENT

Three credits required.

Mathematics
College-level mathematics course designated by the student's major department.

Total Credits

Policy for placement in mathematics:
Mathematics Placement

Mathematics Placement Examination

New, incoming students are placed into the appropriate mathematics course based on their performance on the Mathematics Placement Examination, which is administered by the Department of Mathematics (p. 359). The Mathematics Placement Examination is designed to determine the most appropriate course for you based on your mastery of prerequisite concepts, knowledge, and skills. As a student you are not well served if you enroll in a mathematics course for which you are unprepared and, by the same token, you are not well served if you enroll in a course where you have already mastered the material. The goal is to place you in the course where, if you work hard, you can succeed. Instructions on taking the Mathematics Placement Examination can be found in the WCU Placement Portal on myWCU.

If students have questions about the Mathematics Placement exam they can e-mail the Department of Mathematics at mathexam@wcupa.edu.

PUBLIC SPEAKING REQUIREMENT

SPK

SPK 208. Public Speaking. 3 Credits.
Development of skills necessary to understand the theory of communication as a problem-solving tool in the community. Special emphasis is on the student’s performance as a sender and receiver of messages directed at social action.
Gen Ed Attribute: Public Speaking Requirement.
Typically offered in Fall, Spring & Summer.

SPK 230. Business and Professional Speech Communication. 3 Credits.
LEC (3), LAB (0)
Practice in effective speaking and listening. Interpersonal communication in the business and professional setting, including reports and sales presentations, policy speeches, conference leadership techniques, group dynamics, and speaking.
Gen Ed Attribute: Public Speaking Requirement.
Typically offered in Fall, Spring & Summer.

SCIENCE REQUIREMENT

Science courses develop a student’s ability to gather and analyze data; observe; and employ quantitative methods, as well as basic thought processes, to the examination of the natural or physical world.
Six credits required.
Select courses from at least two of the following areas. Courses must be selected from outside the student’s major department.

Course List

BIO

BIO 100. Basic Biological Science. 3 Credits.
LEC (2), LAB (2)
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall, Spring & Summer.

BIO 110. General Biology. 3 Credits.
LEC (2), LAB (3)
The concepts general to all living organisms such as cell structure and function, genetics, evolution, and ecology. This course is designed for majors in biology and related scientific areas.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall, Spring & Summer.

CHE

CHE 100. Concepts of Chemistry. 3 Credits.
LEC (2), LAB (1)
A broad survey course with a laboratory experience that seeks to develop an understanding of the field of chemistry through inquiry. Basic competence in scientific methods and procedures will be obtained by observing chemical reactions and studying the chemical and physical properties of a variety of compounds.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall.

CHE 103. General Chemistry I. 3 Credits.
Basic laws and theories of chemistry, including atomic structure, chemical bonding, oxidation-reduction, solutions, and ionic equilibria. Correlations of chemical principles and their application to modern descriptive chemistry. CHE 103 must precede CHE 104.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

CHE 107. General Chemistry for Allied Health Sciences. 4 Credits.
A one-semester treatment of the fundamentals of chemistry, including atomic structure and bonding, types of reactions, kinetics, equilibrium, and thermodynamics. May not be taken as a chemistry major elective. CR/PR 107 may be taken concurrently or after CHE 107.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

CHE 160. The Chemistry of Beer. 3 Credits.
An introduction to the chemistry of beer, including its properties, ingredients, production, and origins. The chemistry and biochemistry of alcohol will also be covered.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

CSC

CSC 110. Fundamentals in Computer Science. 3 Credits.
Introduction to the fundamentals of computing. Topics include surveys of the following sub-areas of computer science: artificial intelligence, hardware/operating systems, programming languages/software, ethics/social issues, history, electronic communications, problem solving, and programming. The course includes laboratory projects in application software, programming, and electronic communication, as well as a report on one of the first four areas above.
Gen Ed Attribute: Science Distributive Requirement.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

CSC 115. Introduction to Computer Programming. 3 Credits.
The art and science of computing are introduced using a structured programming language, such as Visual BASIC. Topics include looping, branching, arrays, and program development.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall, Spring & Summer.

CSC 141. Computer Science I. 3 Credits.
An introduction to programming using Java. Topics covered include basic program layout, primitive data types and strings, control structures (loops and decisions) methods, parameters, and text file input/output.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall, Spring & Summer.

ESS

ESS 101. Introduction to Geology. 3 Credits.
LEC (2), LAB (2)
The earth’s composition and history; the processes that occur on and within the earth. Two hours of lecture and two hours of lab.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall, Spring & Summer.

ESS 111. Other Worlds, Other Stars. 3 Credits.
An introductory, general education course in astronomy. Topics will focus on the observable changes in the night sky, the properties of light, the laws of motion, the formation and composition of the solar system, extra solar planets, the properties of stars, stellar evolution and stellar death.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.
ESS 112. Galaxies and Cosmology. 3 Credits.
An introductory general education course in astronomy. Topics will focus on the properties of light and matter, the evolution of stars and galaxies, and the expansion, structure, history and fate of the universe. Three hours of lecture.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

ESS 130. Our Coastal Ocean. 3 Credits.
LEC (2), LAB (2)
This course examines the physical and biological processes at work in the coastal oceans. The content will be discussed in the framework of regional examples.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

ESS 170. Introduction to Our Atmosphere. 3 Credits.
Why is the sky blue? What will the weather be tomorrow? What makes tornadoes? How did the ozone hole develop? What is the greenhouse effect? This class will use these questions and others to investigate the basic physical processes that determine the weather and climate on earth. A student who has successfully completed ESS 370 may not subsequently receive credit for ESS 170.
Gen Ed Attribute: Science Distributive Requirement.
Distance education offering may be available.
Typically offered in Fall & Spring.

PHI

PHI 125. Theology & Science: Enemies or Partners?. 3 Credits.
An inquiry into the relationship of theology to the natural sciences. Team taught by both a physicist and a philosopher, the course investigates how ideas of God have been affected by advances in physics and biology.
Typically offered in Spring.
Cross listed courses PHI 125, PHY 125.

PHY

PHY 100. Elements of Physical Science. 3 Credits.
A study of motion, energy, light, and some aspects of modern physics.
Gen Ed Attribute: Science Distributive Requirement.
Distance education offering may be available.
Typically offered in Fall & Spring.

PHY 105. Structure of the Universe. 3 Credits.
A survey of phenomena and objects in the universe from the very smallest distance scales to the grandest in the cosmos. Includes a historical consideration of the developments of modern theories of the physical world.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

PHY 123. Food, Fire, and Physics: The Science of Cooking. 3 Credits.
An exploration of food and cooking from a physical science perspective. Principles of soft matter physics (e.g. phase diagram, intermolecular forces, rheology, diffusion, self-assembly, polymer physics) are discussed and used to gain insight into food and cooking.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

PHY 125. Theology and Science: Enemies or Partners?. 3 Credits.
An inquiry into the relationship of theology to the natural sciences. Team taught by both a physicist and a philosopher, the course investigates how ideas of God have been affected by advances in physics and biology.
Typically offered in Spring.
Cross listed courses PHI 125, PHY 125.

PHY 130. General Physics I. 4 Credits.
LEC (3), LAB (2), DIS (1)
An introductory, noncalculus, physics course. Mechanics of solids and fluids, wave motion, heat and temperature, thermodynamics, and kinetic theory.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall, Spring & Summer.

PHY 140. General Physics II. 4 Credits.
LEC (3), LAB (2), DIS (1)
An extension of PHY 130. Electricity and magnetism, geometrical and physical optics, and modern physics.
Pre / Co requisites: PHY 140 requires prerequisite of PHY 130.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall, Spring & Summer.

PHY 170. Physics I. 4 Credits.
LEC (3), LAB (2), DIS (1)
An introductory laboratory-based course. Includes mechanics, kinetic theory, waves, heat, and thermodynamics. The laboratory emphasizes error analysis, the writing of technical reports, and data analysis using computers.
Pre / Co requisites: PHY 170 requires a prerequisite of MAT 161.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

PHY 180. Physics II. 4 Credits.
LEC (3), LAB (2), DIS (1)
A continuation of PHY 170. Includes electricity and magnetism, geometrical and physical optics, electronics, and modern physics.
Pre / Co requisites: PHY 180 requires prerequisite of PHY 170 and co-requisite of MAT 162.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

WRITING EMPHASIS REQUIREMENT

9 credits required.

The rationale for writing emphasis courses is that writing is integral to all academic learning in liberal and professional studies. These courses are not foundational; they are intended to enhance. The University regards writing as much more than a set of basic language skills. Syllabi for writing emphasis courses shall clearly state that improving the student's writing abilities is an objective of the course and specifically indicate the percentage of the final course grade that is derived from writing assignments. Writing emphasis courses will provide the student with both formal and informal writing opportunities, direct classroom instruction in the techniques of composition, and at least one opportunity to review written work with feedback from the instructor. The University curricula provide for the following:

1. Writing emphasis courses each semester in traditional liberal studies (for example, English literature, history, anthropology, sociology, chemistry, and physics) and in professional studies (for example, criminal justice, early childhood education, nursing, and public health)

2. A general requirement that all students must take three of these writing emphasis courses, in addition to English composition

All students who take their entire general education program at West Chester University must complete at least three approved writing emphasis courses that total at least nine credits. All transfer students who enter with fewer than 40 credits must complete at least three approved writing emphasis courses for a total of at least nine credits at West Chester University. Transfer students who enter with 40–70 credits must take at least two writing emphasis courses that total at least six credits. Students who transfer more than 70 credits must take at least one writing emphasis course that totals at least three credits. All students entering the University fall 2002 and later (native or transfer) must take three credits of writing emphasis at the 300–400 level. WRT 120, WRT 200, WRT 204, WRT 205, WRT 206, WRT 208, or WRT 220 do not count as writing emphasis courses. Each writing emphasis course may simultaneously fulfill another degree requirement.

Note: Writing emphasis courses may not be transferred to WCU.
Course List

ACC

ACC 410. Directed Studies in Accounting. 1-3 Credits.
Special research projects, reports, and readings in accounting.
Pre / Co requisites: ACC 410 requires prerequisite: ACC 201 and ACC 202 and minimum cum GPA of 2.50.
Consent: Permission of the Department required to add.
Gen Ed Attribute: Writing Emphasis.
Repeatable for Credit.

ANT

ANT 312. Medical Anthropology. 3 Credits.
Overview of field, including theory, methods and concepts. Evolutionary and ecological bases of disease and health; how culture affects the definition and treatment of illness.
Pre / Co requisites: ANT 312 requires prerequisite of ANT 102.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall.

ANT 364. Archaeology of Ancient North America. 3 Credits.
A survey of North American prehistory from the earliest inhabitants to the time of European colonization. Covers all culture areas but with an emphasis on the Eastern woodlands.
Pre / Co requisites: ANT 364 requires prerequisite of ANT 103.

Pre / Co requisites: ART 112 requires prerequisite of ART 111.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

BIO

BIO 310. Biostatistical Applications. 3 Credits.
LEC (3), LAB (1)
The design, statistical analysis, graphical display and written presentation of biological research.
Pre / Co requisites: BIO 310 requires prerequisites of BIO 110 and MAT 121.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Spring.

BIO 440. Human Genetics. 3 Credits.
A detailed survey of the principles of human heredity. Also Examines impact of genetics on current issues in human medicine, pharmacology, evolution and sociology.
Pre / Co requisites: BIO 440 requires a prerequisite of BIO 230.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Spring.

CHE

CHE 271. Forensic Chemistry I. 3 Credits.
This course is a precursor to CHE 371 and its purpose is to introduce students to forensic science and its various disciplines. Students will also discuss professional practices and ethical expectations of a forensic scientist. The course content is designed for chemistry and physical chemistry majors with special emphasis on developing foundational scientific writing skills needed for upper level courses.
Pre / Co requisites: CHE 271 requires prerequisites of CHE 104 and BIO 110.
Consent: Permission of the Department required to add.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Spring.

CLS

CLS 260. World Literature I. 3 Credits.
A survey of world literary texts from pre-classical times to 1600.
Distance education offering may be available.

CLS 261. World Literature II. 3 Credits.
A survey of world literary texts from 1600 to the present.
Gen Ed Attribute: Humanities Distributive Requirement, Writing Emphasis.

CLS 270. Life, Death, and Disease. 3 Credits.
A course treating the study of literary works, film, and selected readings from other areas (history, science, fiction, and nonfiction) to generate an understanding of the relationship of human values to medicine, illness, and issues of related importance to physicians.

CLS 280. Social Justice in Literature. 3 Credits.
A course treating literary works that address topics of human rights and social justice.

GENERAL INFORMATION ABOUT DEGREE REQUIREMENTS

Student Responsibility

The ultimate responsibility for satisfying all graduation requirements is the student's. Students are encouraged to check their Degree Progress Reports (DPRs) on myWCU regularly, so they maintain a thorough understanding of all outstanding requirements. Faculty academic advisors are expected to provide accurate, helpful information to students, and students are expected to be knowledgeable about the academic policies and procedures governing the completion of their degrees. The student and faculty advisor are expected to consult with each other regularly. Under West Chester University's advising program, all students have faculty advisors, appointed through their major departments, who counsel them on academic matters throughout their undergraduate years. Students who have not yet declared a major are advised by the Pre-Major Academic Advising Center. Students need to meet with their advisors before registration periods to discuss course enrollment and be given access to online registration.

West Chester University faculty, staff, and students must activate and maintain a regular access to University-provided electronic mail accounts and are responsible for accessing electronic mail to obtain official University communications. Failure to access the electronic mail account will not exempt individuals from associated responsibilities and liabilities.

Students are expected to complete all degree requirements within the semester in which they intend to graduate. Any unmet degree requirements cannot only be completed for that semester's graduation date, if the attempt to complete the degree requirement was initiated prior to the end of the semester, and the requirement was completed within 30 days of the actual graduation date.

Applicable Catalog Year

The West Chester University Undergraduate Catalog is produced annually in print and online versions. Regardless of the method of distribution, the catalog in effect for a student's year of admission dictates the general education requirements that the student must follow. Students are bound by the major, minor, and cognate requirements in the catalog for the academic year for which they are accepted into the major or minor. In some instances, certifying, certification, and/or Pennsylvania State System of Higher Education (PASSHE) standards necessitate the change in major, minor, and cognate requirements. In such situations, the respective college will formally inform each student that he or she must meet the new requirements. Readmitted students are bound by the requirements in place for general education at the time of readmission. Major, minor, and cognate area requirements are also bound at the time of readmission, except where permission is granted by the respective department.

Students are expected to complete all degree requirements within the semester in which they intend to graduate. Any unmet degree requirements can only be completed for that semester's graduation date, if the attempt to complete the degree requirement was initiated prior to the end of the semester, and the requirement was completed within 30 days of the actual graduation date.

Dual Degrees and Majors

Students are permitted to pursue dual majors under the same degree or dual degrees with the concurrence of the participating departments. (See "Dual Degrees (p. 85)" and "Double Majors (p. 85)") in the "Academic Policies and Procedures" section of this catalog.

Basic Proficiency

Students who do not demonstrate basic proficiency in English or mathematics may be required to take developmental courses (Q00-level) as prerequisites of their degree programs. These courses do not count towards graduation.

REQUIREMENTS FOR THE BACCALAUREATE DEGREE

1. Satisfactory completion of a minimum of 120 credits, distributed as shown in the curriculum for the student's major field. NOTE: Some programs will require more than 120 credits for degree completion. These programs are described within the department's pages in this catalog.

2. Achievement of a cumulative grade point average (GPA) of at least 2.00 (C) and an average of at least 2.00 (C) in the major and minor. Some programs require a higher GPA.

3. At least 30 of the last 60 credits be earned at West Chester University. Additionally, 50% of the major/minor must be completed at West Chester University, excluding cognate courses.

4. Fulfillment of any special requirements or program competencies that are particular to a department or college.

5. Fulfillment of all financial obligations to the University, including payment of the graduation fee, returning of University property, and all other obligations.

6. Compliance with all academic requests, including applying for graduation through myWCU by the deadlines posted on the Office of the Registrar's website.

Students are expected to complete all degree requirements within the semester in which they intend to graduate. Any unmet degree requirements can only be completed for that semester's graduation date, if the attempt to complete the degree requirement was initiated prior to the end of the semester, and the requirement was completed within 30 days of the actual graduation date.

ACCELERATED PROGRAMS

West Chester University offers accelerated bachelor's to master's programs permitting undergraduate students with at least junior standing to take graduate coursework in order to get an early start on the graduate degree. Accelerated programs can expedite the time to completion of the master's degree. Accelerated programs can also decrease the overall combined credits necessary to complete the undergraduate and graduate degrees since graduate credits may be used to satisfy undergraduate degree requirements. Accelerated programs are an ideal option for students whose desired profession requires a master's degree to practice and/or those students seeking accelerated completion of graduate-level work. Please note that accelerated offerings are limited to those programs that have elected to provide for such a format.

Accelerated Program Policies

An accelerated program permits qualified undergraduate students with at least junior standing to take graduate coursework in order to get an early start on the master's program. Participation is limited to programs that have elected to offer degrees in an accelerated format. A student must apply and be accepted into an accelerated program prior to enrollment in any graduate course(s).

Admission Requirements

1. In some accelerated programs, prospective undergraduate and transfer students (with a transfer grade point average of 3.00) may apply for admission into an accelerated program at the time of admission into the university. If accepted, this is not a final offer of admission into the graduate program.

2. Current undergraduate students with a cumulative grade point average of 3.00 are eligible to apply for admission into an
accelerated program. Applicants must submit the accelerated application and all requested documents required by the department and the Dean of Graduate Studies. Programs may have additional admission requirements.

3. Students accepted into an accelerated program will be offered provisional admission to the graduate program from the Dean of Graduate Studies when they have attained at least junior standing (a minimum of 60 completed credits) and meet all university and departmental admission requirements.

4. Full admission to the graduate program will be granted upon conferral of the undergraduate degree and satisfaction of all requirements set by the department and the Dean of Graduate Studies.

Academic Requirements

1. Students in accelerated programs must satisfy the requirements and student learning outcomes of both degree programs.

2. A student must have attained at least junior standing (a minimum of 60 completed credits) and have a minimum cumulative GPA of 3.00 before taking graduate courses in the intended graduate program.

3. All prerequisites for the intended graduate courses must be satisfied prior to taking those graduate courses.

4. A maximum of 40% of graduate credits (rounded to the nearest whole number) may be applied to satisfy the credit and/or program requirements for the undergraduate degree. Departments may choose to apply a smaller percentage of graduate credits to the degree. The total number of credits required for both the undergraduate and graduate degrees will be reduced by the number of graduate credits used to satisfy requirements for the undergraduate degree.

5. Students may not take additional graduate courses, beyond those approved to satisfy their undergraduate degree, until the conferral of their undergraduate degree.

Tuition and Financial Aid/Scholarships

1. Students are considered undergraduate students until conferral of their undergraduate degree.

2. The graduate courses will be applied to the undergraduate record during their junior and senior year, allowing the student to be charged at the undergraduate tuition rate and eligible for undergraduate financial aid and scholarships.

3. After conferral of the undergraduate degree, students will receive full admission status (pending all other requirements have been met) and be considered graduate students. Students will then be charged the graduate tuition rate and be eligible for graduate assistantships and other graduate aid.

Notes

1. Failure to demonstrate adequate progress, as defined by the department, could result in a student being ineligible to continue in the accelerated program. Departments requesting withdrawal of an accelerated undergraduate student must notify the Dean of Graduate Studies in writing prior to the start of the next regular semester.

2. Unless otherwise stated, students are considered undergraduates until the undergraduate degree is conferred and thereby held to policies in the Undergraduate Catalog. Once the undergraduate degree is conferred, students are considered graduate students and held to policies in the Graduate Catalog.

Center for Women and Gender Equity (CWGE)

e Center for Women and Gender Equity (CWGE) is a condential
resource where you can report incidents of sexual misconduct (dating/
domestic violence, sexual assault, stalking, and harassment). We will
provide you the support and resources you need to take your next steps.

Mission

CWGE promotes a campus culture and climate that supports principles
of social justice, equity, inclusion, and community. We advocate for

2017-2018 UNDERGRADUATE CATALOG


a campus community that values the safety, equality, and intellectual advancement of women and historically marginalized groups at West Chester University.

CWGE provides education, resources, and advocacy primarily on gender-related issues. We facilitate, sustain, and advance dialogue about how gender intersects with race, ethnicity, class, sexual identity, ability, age, and nationality.

Our mission is accomplished through:

- Educational programs that address a wide range of social justice issues that affect the success, well-being, and empowerment of women
- Special events, workshops, and trainings that promote awareness of the ways in which gender bias intersects with racism, classism, homophobia, and other forms of oppression
- Leadership opportunities that build confidence and provide skills to enhance the personal and professional growth of women
- Coordinating campus-wide violence prevention initiatives, including programming designed to engage men as allies in violence prevention
- Building allies and partners-in-movement through programming focused on healthier forms of masculinity and the ways in which gender impacts our everyday lives
- Confidential support and referrals for students experiencing sexual misconduct
- Information and referrals about issues that disproportionately impact women
- Advocating for systemic changes that support women and historically marginalized groups

The Center for Women and Gender Equity is located at 220 Lawrence Center. For more information, visit www.wcupa.edu/womenscenter or call 610-436-2122.

OFF CAMPUS AND COMMUTER STUDENTS

Off Campus and Commuter Services

Off Campus & Commuter Services (OCCS) was established to meet the needs of the off campus and commuter students by providing programs and resources to support your experience as a student at West Chester University. As an off campus or commuter student, you help make up approximately 69% of our student body. You are a part of the diverse population at WCU representing students who:

- Live at home and commute to campus
- Reside in an off campus neighborhood adjacent to campus
- Reside in an off campus community further from campus
- Are both traditional and non-traditional
- Are both full- and part-time
- Are both undergraduate and graduate

In addition, the office:

- Partners with Places4students.com (https://www.places4students.com), a company that specializes in providing off campus housing solutions. This service is FREE for all students to use as an effective method of finding roommates and a place to live off campus.
- Supports the Off Campus and Commuter Association (OCCA), a student organization that meets weekly to discuss issues and advocate for needs of the WCU off campus and commuter population;
- Offers off campus and commuter students resources and information for living off campus, transportation, and parking;
- Oversees FREE STUDENT LEGAL AID (http://www.wcupa.edu/legalAid), providing consultation on a variety of civil and criminal issues - landlord/tenant, leases, citations, etc. This is offered by appointment, and a consultation is expected to last 15 minutes.
- Develops and advocates for long-range plans and research on the profile and needs of off campus and commuter students

This office is coordinated by a full time Director of Off Campus & Commuter Services (http://www.wcupa.edu/occs), located in 250 Sykes Student Union, 610-436-2209.

Off Campus Housing

Students who choose to live in the Borough of West Chester and the surrounding communities must secure their own living accommodations. If you are interested in renting off campus in the Borough of West Chester, please take note of the STUDENT ZONING ordinance. Off Campus & Commuter Services will provide information and support to students who are searching for off campus housing opportunities. OCCS partners with Places4Students.com (https://www.places4students.com) to provide off campus housing solutions. Additional information about living off campus can be found on the web at www.wcupa.edu/occs/.

"A living arrangement for at least two students to a maximum of four students who are unrelated by blood, marriage, or legal adoption. STUDENT: An individual who is enrolled or has made application and been accepted at a university, college, or trade school and is taking at least 6 credit hours and whose primary occupation is as a student or who is on a semester or summer break from studies at a university, college or trade school. This applies to undergraduate and graduate students."

HEALTH & COUNSELING SERVICES INFORMATION

The Department of Counseling and Psychological Services

The Department of Counseling and Psychological Services (http://www.wcupa.edu/counselingCenter) (The Counseling Center) is located in 241 Lawrence Center (610-436-2301). All currently enrolled undergraduate and graduate students may walk in for a brief triage assessment (M - F, between 1 and 3 pm), at which time a determination is made to help the student receive the most appropriate mode of treatment (e.g., individual, group, or a referral off campus). The Counseling Center includes licensed psychologists, consulting psychiatrists, and graduate-level trainees with whom students may discuss their concerns in strict confidence.

Counseling Services

Since the Counseling Center provides services for a wide range of concerns, each student’s experience will be tailored to his or her needs. Students may wish to improve their interpersonal skills, resolve personal conflicts, or clarify their educational or vocational choices. Any of the following approaches may be implemented to address a student’s concerns:

1. Individual psychological counseling consists of a brief form of treatment in which the counselor and the student engage in a one-to-one experience. The focus is typically on resolving personal or interpersonal conflicts. The goal is to improve the student’s expertise at making meaningful choices and recognizing patterns of behavior that can be changed for the better. Counseling also may help students avoid choosing behaviors that restrict personal growth and undermine their well-being.

2. Group counseling consists of a small number of peers and one or two facilitators. Such groups meet weekly with a goal of improving interpersonal relationships. In addition, some groups have a very specific focus. Past groups have included students who have experienced the death of a parent or family member,
an examination of bad habits that block personal growth, eating disorders, and assertiveness training. An updated list of ongoing groups can be found on the Counseling Center’s web page at http://www.wcupa.edu/CounselingCenter.

3. **Individual career counseling** consists of a one-to-one experience that focuses on clarifying the student’s interests and career aspirations. Career choice is most solid when it is an outgrowth of better understanding oneself. Such understanding is advanced by the thoughtful exploration of values, interests, and abilities.

4. **Assessment/testing** is primarily limited to vocational interest tests which can help clarify educational choice and career planning. The student and counselor can determine whether such testing might be helpful. The Counseling Center does not offer disability testing; please contact the Office of Services for Students with Disabilities (http://www.wcupa.edu/ossd) (OSSD) for off-campus sites. If psychological testing is required or desired, an appointment may be made with the Counseling Center’s Case Manager to locate a provider in the community who conducts such testing.

5. **Consultation services** for staff and faculty are available on a limited basis. Psychologists may be able to assist with crises, program planning, group and interpersonal communications, and referrals to other agencies.

6. The Counseling Center also has an **Alcohol and Other Drug (AOD) counselor**. Note that students may not use this individual to meet sanctions imposed by the court. The AOD counselor does not send notice of attendance or progress to any outside individual. Most students who are motivated to make changes and reduce their drug or alcohol consumption are appropriate for the AOD counselor. This person also works with students who have received sanctions through WC U’s Office of Student Conduct.

### Student Health Services

The University maintains a Student Health Center (http://www.wcupa.edu/_services/stu.inf) staffed by physicians, nurse practitioners, registered nurses, health educators, and a nutritionist. The Health Center staff is available to meet emergency and first-aid needs, and to perform routine treatment of minor illnesses and minor surgical conditions. Student Health Services also offers programs designed to enhance wellness, disease prevention, and health education.

Care provided by Student Health Services includes the following:

1. Acute medical care, including sore throat, cold, flu, and other illnesses
2. Minor surgical care, including suture placement and removal, and abscess care
3. Sexually transmitted infection (STI) and HIV testing, treatment, and referrals
4. Gynecological services, including routine examinations, contraceptives, and pregnancy testing
5. General preventative care, including immunizations and nonathletic general physicals
6. Wellness promotion, including general wellness, nutrition, and alcohol, tobacco, and other drugs (ATOD) education and resources
7. First-aid

During the fall and spring semesters, Student Health Services is open Monday–Friday, 8 a.m.–6 p.m., and Saturday, 10 a.m.–6 p.m. Hours of operation during summer and winter sessions are 8 a.m.–4 p.m. Visits are by appointment, except for emergency situations. Any emergencies during the night and on weekends may be treated at the Chester County Hospital Emergency Room.

All Student Health Services practitioners have received training to meet the unique needs and situations of the LGBT community.

Student Health Services is located on the lower level of Commonwealth Hall. The Student Health Center phone number is 610-436-2509. The Wellness Promotion phone number is 610-436-0732.

### Physical Examination Requirements

Each semester, new students receive e-mail information about Student Health Services which includes instructions on how to submit health history and immunization information electronically via the web portal at http://stuhealth-web.wcupa.edu/. No physician signature is required. Electronic submission of this form is requested by the start of classes. A physical examination is no longer a general University requirement and is only necessary if needed by a specific academic major or athletic group. The professor or coach will provide the student with this information.

### Insurance Programs

Because of the unpredictable nature of medical and surgical emergencies, all students are encouraged to be covered by a health insurance program. Information on insurance health programs is e-mailed to students prior to registration or may be obtained directly from the Student Health Services website (http://www.wcupa.edu/healthServices).

Insurance requirements may be mandated by specific departments and/or athletic programs. For example, there are special liability insurance requirements for students in the nursing program. Refer to the appropriate section (e.g., academic department, athletic program) in the catalog for further information on these requirements.

### Communicable Diseases

A current report of a negative tuberculin test or chest X-ray showing no active tuberculosis (TB) is mandated by the Pennsylvania Department of Education for all student teachers and students participating in a field experience in the public schools. The TB test can be given at Student Health Services for a nominal charge.

Pennsylvania state law requires the meningococcal vaccine, or a signed waiver, for all students living in University housing. Guidelines published by the Centers for Disease Control and the American College Health Association will be adhered to and revised as appropriate to protect the health of those in the University community.

Because of the potential for transmission of several infectious diseases, all students utilizing injectable medicines will be required to show evidence of satisfactory disposal of needles and syringes. Student Health Services will provide free disposal of medical waste.

### NEW STUDENT PROGRAMS

The Office of New Student Programs (http://www.wcupa.edu/orientation) coordinates orientation and outreach programs for freshman (first-year), transfer, and non-traditional students. Orientation programs include June, August, and January sessions.

West Chester’s orientation programs are designed to introduce new students to the University and acquaint them with the academic, student services, and social aspects of college life. Attendance at orientation is mandatory for all first-year students and for those students transferring with 59 credits or less.

New student outreach includes participation in Welcome Week, new student programming efforts including the New Student Success Series, and Family Weekend. New Student Programs also co-sponsors Soar, the new student leadership retreat held early in the fall semester. The New Student Programs staff are available to serve as a resource and to help incoming first-year, transfer, and non–traditional students make a successful transition to West Chester University.

The Office of New Student Programs (http://www.wcupa.edu/orientation) is located in 202 Lawrence Center, 610-436-3305.

### THE OFFICE OF STUDENT CONDUCT

The University is committed to providing a sound educational environment for intellectual pursuits by fostering student development and upholding community standards. Accordingly, the West Chester
University Student Code of Conduct (http://www.wcupa.edu/codeOfConduct), a set of behavioral standards, has been created to maintain a safe and secure campus environment.

The WCU Student Code of Conduct (http://www.wcupa.edu/codeOfConduct), found online and in the Ram's Eye View student handbook, translates those acts that constitute unacceptable behavior for the University’s students and student organizations. Students and student organizations accept the responsibility to abide by all University rules and regulations. In addition to these rules and regulations, students are expected to obey federal, state, and local laws. The University, for educational purposes, has the right to review any action taken by local law enforcement agencies regarding students. Disciplinary action may be imposed when a student engages in behavior, on or off campus, that is not consistent with University community standards as defined by the West Chester University Student Code of Conduct.

As members of the University community, students have the right to:

- Participate in all activities of the University, free from any form of harassment or discrimination
- Personal privacy except otherwise provided by the law
- To procedural due process in all action arising from violations of University regulations

Along with those rights, students have the responsibility to:

- Respect the rights and property of others
- Become fully acquainted with the published University regulations and comply with them
- Recognize that their actions reflect on the entire University community

The Office of Student Conduct is overseen by the director and works collaboratively with administrators, faculty, staff, students, and community constituents to address student behavioral issues that impact the University community. The Office of Student Conduct (http://www.wcupa.edu/_SERVICES/stu.jud) is located in 238 Sykes Union, 610-436-3511, and can also be reached at StudentConduct@wcupa.edu (studentconduct@wcupa.edu).

PUBLIC SAFETY

Department of Public Safety

West Chester University is concerned about the safety and welfare of all campus members and is committed to providing a safe and secure environment. Campus security is the responsibility of the University’s Department of Public Safety (http://www.wcupa.edu/dps). Because no campus is isolated from crime, the University has developed a series of policies and procedures to ensure that every possible precautionary measure is taken to protect members of the University community while they are on campus. A link to the Annual Security and Fire Safety Report is available on the web at http://www.wcupa.edu/dps/documents/clery2016.pdf. Printed copies are also available upon request from the Department of Public Safety. (http://www.wcupa.edu/dps)

Emergency Preparedness

The University continues to review its safety policies and procedures and has developed initiatives to address the issues raised by national tragedies. Although no college campus is completely safe, West Chester University has taken positive steps to enhance the safety of the campus community. It is important that all University community members understand how the institution will proceed and respond in case of a campus emergency. All students and employees should learn where to find emergency information and instructions, and be familiar with evacuation procedures for buildings where they live or work, as well as those they visit during the course of a day. The preparation people take now to learn, be aware of, and practice their own personal emergency plan is vital.

Information about emergency preparedness and planning, as well as the University Threat Assessment Policy, is available at http://www.wcupa.edu/dps/ThreatAssessmentPolicy.aspx

Emergency Alert Notification

In an emergency, the University will communicate key information as quickly and to as many people as possible using some or all of the following communication channels:

- Text message to WCU Alert subscribers, http://www.wcupa.edu/wcualert/
- Mass e-mails to faculty, staff, and students via WCU-assigned e-mail accounts
- Posted on WCU's homepage
- Recorded message on WCU’s Information Line 610–436–1000
- External emergency notification broadcasts

While the University has a wide variety of methods to communicate with the campus community, the text messaging service allows the University to use some of the latest technology to reach students, faculty, and staff in the event of any emergency. The WCU homepage at http://www.wcupa.edu will be the primary source for all up-to-date, official information concerning emergencies.

Weather Alert Notification

When adverse weather conditions affect the routine operation of the University, information regarding class cancellations, delayed openings, and/or University closings will be publicized via multifaceted communication media including the following:

- Text messages to WCU Alert subscribers. WCU has contracted with e2campus to provide the service WCU ALERT, which sends subscribers direct text messages of WCU announcements, including class cancellations, delayed openings, University closings, on-campus emergencies, and the occasional test message. WCU ALERT provides the most effective way to communicate safety to all students, faculty, and staff, wherever they are. WCU ALERT is completely free to sign up, but phone carriers may charge for receiving text messages. WCU ALERT will not deliver any kind of advertising content, and phone numbers will not be shared with any third parties. For more information and to sign up visit www.wcupa.edu/wcualert/ (http://www.wcupa.edu/wcualert).
- Mass e-mails to students, faculty, and staff. WCU-assigned e-mail accounts for employees and students will be used as one of the primary layers of communication for weather-related as well as emergency alerts; all employees and students are required to activate and maintain regular access to their University-provided e-mail accounts.
- Posted on WCU’s homepage at http://www.wcupa.edu. The most up-to-date and specific information, including weather developments, event cancellations and postponements, or changes to the final exam schedule, will be posted on the WCU homepage.
- Recorded message on WCU’s Information Line, 610–436–1000. However, the WCU homepage will always carry the most updated information as the weather event unfolds or as information is posted regarding cancellation/postponement of events.
- Broadcast on many radio and TV stations. Some radio and TV stations use a system of code numbers rather than school names for cancellations and announcements. West Chester University's code numbers are 853 for cancellation of day classes and 2853 for evening classes. However, because radio and TV stations are generally not able to provide specific information, the most accurate and
detailed announcements will be maintained on WCU’s homepage at www.wcupa.edu.

RESIDENTIAL SERVICES

Residence Life & Housing Services

The Office of Residence Life and Housing Services (http://www.wcupa.edu/residenceLife) is responsible for creating and maintaining an environment in each housing facility that encourages academic, social, and emotional growth. Each facility is staffed with trained personnel who are available 24 hours a day to provide services, assistance, and a variety of information. All resident students are encouraged to read "The Guide to Residential Living (http://www.wcupa.edu/_services/stu.lif/reslifeguide)" and the "Student Code of Conduct (http://www.wcupa.edu/codeOfConduct)," which contain valuable information on all services, policies, and responsibilities pertaining to all housing facilities. The Office of Residence Life and Housing Services (http://www.wcupa.edu/residenceLife) is located in 202 Lawrence Center, 610-436-3307.

On-Campus Housing

The University-owned residence halls on the North Campus provide accommodations for approximately 1,600 students in primarily double-occupancy accommodations. In addition, the University-owned South Campus apartment complex houses almost 500 residents in four- or five-person, fully furnished units with each bedroom having either single or double occupancy. The University also operates the College Arms Apartments which have units for one to four people. Arrangements for all housing options are made for the academic year.

The University, through University Student Housing (USH) (http://www.wcupa.edu/residenceLife), also offers other housing options on campus that are referred to as affiliated housing. Suite-style residence halls on North Campus, including University, Allegheny, Brandywine, and Commonwealth halls, as well as The Village and East Village, which are apartment communities on South Campus, provide accommodations on a space-available basis. These facilities offer all the same opportunities found in University-owned housing, but are managed by USH.

Housing Assignments

The Office of Residence Life and Housing Services (http://www.wcupa.edu/residenceLife) makes the housing assignments for all students living in all University-owned housing. University Student Housing (http://www.wcuhousing.com) handles assignments for all six affiliated-housing communities. All assignments are made without discrimination. Only individuals of the same gender will be assigned as roommates, suite mates, or in the same apartment unit. Each room has basic furnishings for comfortable living, and the students may make them more homelike with their own accessory additions. During orientation, students are informed about the services and equipment furnished by the University and those necessities that they must supply for themselves. Lounge and recreation areas, television, and a variety of other facilities and conveniences provide a pleasant setting for student life in each residence hall. Services are also available in a central location in the apartment communities.

Transfer Students

Transfer students are admitted both as resident students and as commuting students. Those transfer students who desire on-campus housing should indicate this at the time they apply for admission to the University.

Married Students

The University has no housing facilities for married students with their spouses or for students with children or dependents. Prior to registration, they will need to secure their own accommodations in the community.

Readmitted Students

Students readmitted to the University are eligible for on-campus housing as space permits unless a specific disciplinary sanction would prohibit such occupancy. Interested students should contact the Office of Residence Life and Housing Services (http://www.wcupa.edu/residenceLife) for specific information about the application process.

Policy for Withdrawals

Resident students must vacate their University-owned residence hall or apartment within 24 hours of completing the withdrawal form in the Office of the Registrar. Resident students must secure the signature of the associate director of housing and dining administration prior to vacating their residence hall or apartment. Information regarding withdrawals from affiliated housing may be obtained by calling 610-436-4988.

Students with Disabilities

Students must be able to care for themselves independently or arrange for services that will allow them to perform normal life functions in the context of a residential setting, including, but not limited to, bathing, dressing, and other personal-care issues. This requirement may be met by having a personal-care attendant either live in or live off the premises, within certain restrictions. Some accommodations are also available for students who have special needs. Additional information, including available services and penalties for noncompliance, can be obtained by contacting the associate director of housing and dining administration at 610-436-3307. The full text of the policies and procedures are found in the WCU Handbook on Disabilities, "The Guide to Residential Living," or on the University web page at www.wcupa.edu/residenceLife.

STUDENT ACTIVITIES

Student Activities on Campus

Student Activities at West Chester University encompass a wide range of cultural, social, educational, and recreational programs for a diverse student population.

The Student Services Inc. (SSI) Office of Student Activities takes a leadership role in organizing and sponsoring joint or individual programs as part of its mission. The Coordinator of Student Activities oversees the Student Activities Council (SAC), the leading campus activities organization which coordinates current movies, concerts, trips, national and cultural entertainment, and special events such as Banana Day, A WCU tradition. In addition, the Coordinator of Student Activities oversees the Major Entertainment and Homecoming Weekend Committee and also serves as the co-coordinator for the Sykes After Dark (http://www.wcupa.edu/sykes/AfterDark) late-night programming series. The Office of Student Activities is located in 236 Sykes Union; the phone number is 610-436-3037.

Student Leadership and Involvement

The Office of Student Leadership and Involvement is responsible for the registration and coordination of more than 300 recognized student clubs and organizations on campus. In conjunction with the Student Leadership Project Team, the office also creates and implements a multidimensional student leadership program. Please see the website at http://wcu.orgsync.com/home. The office is located in 238 Sykes Student Union, 610-436-2117.

Intercollegiate Athletic Program

West Chester University’s Department of Athletics (http://www.wcupagoldenrams.com) affirms academic excellence as the cornerstone in the life of the student-athlete, placing the highest priority on the overall quality of the educational experience. By strengthening the integration of athletic program objectives with
academic and developmental goals, athletics support the University’s mission to meet student needs and interests.

Participation in athletics can serve to strengthen the student’s integrity, sense of fairness, respect for others, and dedication to goals. It also can provide the opportunity for enhancing interpersonal leadership skills. Both men and women can choose from a broad variety of team and individual sports. In addition, academic support services are available for student-athletes, underscoring the commitment to scholastic success.

The women’s intercollegiate athletic programs include basketball, cross country, field hockey, golf, gymnastics, indoor track, lacrosse, rugby, soccer, softball, swimming and diving, tennis, outdoor track and field, and volleyball. The men’s intercollegiate athletic programs include baseball, basketball, cross country, football, golf, indoor track, soccer, swimming and diving, tennis, and outdoor track and field.

West Chester University is a Division II member of the National Collegiate Athletic Association (NCAA), the Eastern College Athletic Conference, and the Pennsylvania State Athletic Conference. The women’s rugby team (the first NCAA Division II program in the country) is part of the Mason-Dixon Conference.

The Department of Athletics is located in the Sturzebecker Health Sciences Center on South Campus, which has won national acclaim for the quality and extent of its teaching, performance, and research facilities. Of special note is the one-acre gymnasium, and a natatorium with two full-size swimming pools connected by a diving well. This center is surrounded by John A. Farrell Football Stadium, Sergio Baseball Stadium, South Campus Softball Complex, practice and playing fields, and tennis courts. A new lighted artificial surface athletic field was completed in the fall of 2004 and was dedicated in 2008 as Vonnie Gros Field. It serves as the home of the field hockey program as well as the women’s lacrosse team. It also is used as practice space for other varsity teams, and as a center for recreation and intramurals. In the fall of 2006, a new state-of-the-art turf football field and outdoor track were installed at Farrell Stadium.

Service-Learning and Volunteer Programs
The Office of Service-Learning and Volunteer Programs (http://www.wcupa.edu/serviceVolunteerPrograms) supports faculty utilizing community engaged learning within their academic courses, as well as assists student clubs and organizations planning community service activities. Working directly with more than 200 local agencies, the department coordinates and provides a listing of volunteer opportunities for students, staff, and faculty. Throughout the year special service projects are planned, and the entire campus is invited to participate. West Chester University is a member of Pennsylvania Campus Compact and a recipient of the President’s Higher Education Community Service Honor Roll. In 2010 West Chester University was selected to receive the Community Engagement and Outreach and Partnerships Classifications from the Carnegie Foundation for the Advancement of Teaching. The Office of Service-Learning and Volunteer Programs may be contacted at 610-436-3379 or www.wcupa.edu/serviceVolunteerPrograms.

Alumni Association
The West Chester University Alumni Association (https://www.wcualumni.org) is an organization of more than 80,000 graduates of the University.

The purpose of the Alumni Association is to promote the interests of West Chester University in all areas of academic, cultural, and social needs, to strengthen the Alumni Association through a strong network of graduates, and to increase the awareness of the University’s needs.

The Alumni Association sponsors many activities on campus each year: Welcome to West Chester Day and Homecoming in the fall, Alumni Weekend in the spring, and Senior Days in December and May. The West Chester University Magazine, published three times each year, provides alumni with information on their classmates and events of interest.

The WCUAA also provides an Alumni Online Community with easy access to calendars, event registration, news, updates, and an alumni directory.

STUDENT AFFAIRS INFORMATION

Student Affairs
The administration of West Chester University is committed to providing a comprehensive educational experience for students. To accomplish this mission, the Division of Student Affairs (http://www.wcupa.edu/studentAffairs) provides a variety of high quality services and programs that complete the educational mission of the University. The goal of the Division is to assist students in their intellectual, social, and psychological growth and to contribute to developing a campus community where knowledge, citizenship, critical thinking, and social concerns are basic values.

Offices within the Student Affairs Division include Athletics, Campus Recreation, Counseling and Psychological Services, Dining, Fraternity and Sorority Life, Law, Multicultural Center, LGBTQA Services, New Student Programs, Off-Campus and Commuter Services, Residence Life and Housing Services, Service-Learning and Volunteer Programs, Student Assistance, Student Conduct, Student Health Center, Student Leadership and Involvement, Sykes Student Union, Twardowski Career Development Center, Center for Women and Gender Equity, and Wellness Promotion.

The administration believes that students should share the responsibility for governing their community and should have a voice in shaping the objectives of the University. Through a democratically constructed student government and committee structure, the administration, faculty, and student body seek to work together on behalf of the general welfare of the University.

Classification of Students
Students who attend West Chester University are classified for administrative purposes into two categories.

Resident Student
These students live in housing facilities operated by the University or by arrangements made through West Chester University Foundation, LLC, a subsidiary of the West Chester University Foundation. Residents of North Campus residence halls are required to choose from four University meal plans. (See “Meal Fee” on pages 10-11.) Those residents living in the South Campus apartment communities and the College Arms Apartments are not required to purchase a meal plan; however, they may choose any meal plan option if they are interested.

Off-Campus Student
This classification covers students who travel or commute to and from their legal residences, as well as students who live away from the homes of their parents or legal guardians in a dwelling that is not supervised or approved by the University.

STUDENT ORGANIZATIONS
Each summer, an updated “Directory of Student Organizations” is printed that includes the names, addresses, and telephone numbers of all presidents and advisors of more than 300 campus student organizations. For a comprehensive description of WCU student organizations, refer to http://wcu.orgsync.com/ or contact the Office for Student Leadership and Involvement (http://wcu.orgsync.com), 238 Sykes Student Union, 610-436-2117. TRANSPORTATION

Bus Transportation on Campus

The University provides bus service from North to South Campus (and return) during the spring and fall semesters. The buses run from 7:15 a.m. to 2 a.m. on weekdays, and from 10 a.m. to 2 a.m. on weekends. On North Campus, the buses stop in front of Ehinger Gymnasium on Church Street and in front of Wayne Hall. On South Campus the buses stop at the Sturzebecker Health Sciences Center, South Campus Apartments, The Village, East Village, and Q and R Lots (upon request). Bus schedules are available at residence hall desks, Public Safety, Sykes Student Union Information Center, or on the web. Limited bus service also is available during the first and second summer sessions (see schedule for dates and times). There is no bus service during the winter session.

Students using the bus service should be advised that it is impossible to provide timely transportation between North and South Campus within the standard 10-minute class break. Therefore, students should plan and develop class schedules that allow time to be transported between the two campuses through the use of open class periods.

An accessible bus containing a wheelchair lift is available for mobility-impaired students. Details on how to access this service are available on the website, http://www.wcupa.edu/shuttlebus or search "accessible bus."

Vehicle Registration

All University parking lots require a current University parking permit or temporary visitor pass to be displayed on all vehicles. Visitors to campus are asked to park in the Sharpless Street Garage located at Sharpless and Church streets. All employees and eligible students desiring to use designated parking lots must register their vehicle with the Department of Public Safety Parking Services Office and purchase/obtain a parking permit. Parking permits are nonrefundable and may only be used by the registered purchaser. Permits are not transferable between individuals nor may they be resold. All West Chester University parking permits are the property of West Chester University.

The annual registration fee is established by the Council of Trustees. For parking regulations, “annual” is defined as September 1 until August 31 of the following year. Specific registration procedures will be announced yearly. A valid WCU ID/driver’s license and vehicle registration must be presented at the time of registration. The parking permit is to be displayed properly from the rear view mirror as stated on the reverse side of the permit. Mutilated, defaced, lost, or stolen permits must be replaced. Contact the Public Safety Parking Services Office for the procedure and cost of replacing the permit. The operation and registration of a vehicle must conform to Commonwealth of Pennsylvania vehicle law and University regulations. For complete information regarding motor vehicles and registration, refer to the Motor Vehicle Regulations pamphlet available at Public Safety or on the Department of Public Safety (http://www.wcupa.edu/dps) website.

INTERNATIONAL EDUCATION, PROGRAMS, AND SERVICES

The Center for International Programs (CIP) was established in 1973. The CIP provides essential support services for international students, visiting scholars, education abroad, and the National Student Exchange. The CIP seeks to develop, serve and support international education at West Chester University (WCU) as a way of building understanding and peaceful cooperation between peoples, cultures, and nations. The CIP exists to assist international students gain entry to WCU, to serve these students once enrolled, and to educate U.S. students globally by fostering opportunities for education abroad and exchange programs.

The experienced CIP advising staff assists international students during their transition to American higher education and life at WCU. The CIP can provide basic information and assistance with a variety of other visa classifications. Advisors connect new and current international students and help them make a comfortable transition to the University.

The staff provides continuous immigration guidance and support throughout the duration of the student’s academic program.

The CIP also maintains certification from the Student and Exchange Visitor Program (SEVP) to issue immigration documents leading to F and J visas as well as coordinates the University-based English as a Second Language (ESL) program.

The Center for International Programs is located on the 3rd Floor in Mitchell Hall. More information is available by visiting The Center.

ACADEMIC DEPARTMENTS AND PROGRAMS

DEPARTMENT OF ACCOUNTING

College of Business and Public Management
410 Business and Public Management Center
50 Sharpless Street
West Chester, PA 19383
610-436-3460
Department of Accounting (http://www.wcupa.edu/business-publicManagement/accounting)
Richard Barndt (rbarndt@wcupa.edu), Chairperson

The primary objective of the Department of Accounting is to provide quality academic instruction and advising to students enrolled in business programs. For the accounting major, the department prepares students to be professional accountants by providing the skills and knowledge necessary to perform competitively on national certification examinations, and to be proficient in performing a wide variety of accounting-related tasks in both public accounting and industry, as well as assume leadership roles in accounting and business.

The department prepares accounting graduates to:
• Understand basic accounting concepts
• Critically analyze accounting problems and develop solutions
• Use quantitative methods and technology to analyze accounting problems
• Effectively communicate information of an accounting nature through written and oral presentation
• Effectively interact with others as part of a team
• Understand the importance of ethical decision making in accounting
• Understand the impact of globalization on accounting

The Department of Accounting offers a full program of accounting courses designed to prepare a student for entrance into the fields of public, private, or governmental accounting. Students successfully completing the curriculum should be adequately prepared to take the Certified Public Accountant (CPA) and Certified Management Accountant (CMA) examinations.

The following applies for students entering into the accounting major:
• All freshmen, external transfer students, and current WCU students who have not completed all prerequisites will be admitted to the pre-business accounting major and be advised by pre-business counselors.
• Current WCU students who complete all prerequisites will be admitted into the accounting major once grades are posted.

Policies

• See undergraduate admissions information. (p. 11)
• See academic policies. (http://catalog.wcupa.edu/undergraduate-academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

Prerequisites for Entry into the Business Majors: Accounting, Economics, Finance, Management and Marketing

To apply for their business major, students must:
1. Complete ECO 111, ECO 112, ECO 251, MGT 200, MKT 250 and ACC 201 with a C or better in each course
2. Pass and complete both MAT 113 and MAT 143 with a C or better required in at least one of them. If a student is placed directly into MAT 143 and receives a C or higher or has completed MAT 161 or MAT 162 with a C or better, then the student does not have to take MAT 113 (replaced as a free elective).
3. Have a minimum overall GPA of 2.50
4. Pass an Excel basic skills exam with an 88% or better
5. Have at least 45 credit hours.

These requirements must be met to be eligible to register for 300 and 400 level business courses. The same rules apply to all transfer students, both internal (those from within the University) and external (those from a non-WCU institution).

Accounting Major Graduation Policies

To progress in the Department of Accounting’s major program, students must maintain a 2.50 overall GPA. To graduate with an earned degree from the program, students must have a 2.50 overall GPA.

Accounting Minor Policies

To be admitted into the Accounting Minor or White Collar Crime Minor programs, students must have an overall GPA of 2.50. Once admitted to one of the minors, a 2.50 overall GPA must be maintained in order to graduate with the earned degree.

**AFRICAN AMERICAN STUDIES PROGRAM**

School of Interdisciplinary and Graduate Studies

432 Wayne Hall
610-436-2970
African American Studies (http://www.wcupa.edu/africanAmericanStudies)
ltonya thames-taylor (lthames-taylor@wcupa.edu), Coordinator

African American studies is interdisciplinary as well as comparative and cross-cultural. The curriculum offers a critical perspective of the complex interplay among ethical, social, economic, and political forces that influence struggles of African-descended people. Also, the curriculum explores how these people shaped global policies. Moreover, the curriculum explores the consequences of racial thinking.
The African American studies minor attracts students with a wide range of interests. Surveys reveal that students select the minor for four principal reasons:

1. Race and nation building: The study of legal formations of race and ethnicity and their meanings to American and global institutions such as family, education, prisons, and religion provides insight into nation building and the functions of hierarchy, culture, and identity.
2. Public policy: Because American political life remains encumbered by racial bias and its historical legacy, a historical, sociological, and economic understanding of race relations continues to be vital for those who make, evaluate, and serve as advocates for changes in public policy.
3. African/African American culture and life: The study of a nonwhite group illustrates its contribution to American culture and struggle for democracy.
4. Global ethnicity and economics: The study of the ethno-racial tensions that have developed in countries such as the United States, Cuba, Jamaica, Haiti, Brazil, Liberia, and Nigeria provide important global insights into the plurality of identities and the consequences of economic marginalization and legalized oppression.

Students who graduate with a concentration in African American studies have pursued advanced degrees in fields such as history, literature, political science, and sociology. They also go on to work in a wide variety of careers in education, business, medicine, entertainment, law, public policy, and the arts and sciences.

Department of Anthropology and Sociology (http://www.wcupa.edu/anthropologySociology)
Heather Wholey (hwholey@wcupa.edu), Chairperson

The Department of Anthropology and Sociology offers two programs leading to the bachelor of arts degree.

- **The B.A. in Anthropology** focuses on human biological evolution; on the origin, development, and integration of human cultures; and on the interrelationship of biological and cultural factors in the etiology of human behavior.

- **The B.A. in Sociology** focuses on understanding the processes involved in the creation, maintenance, and evolution of social structure, and on the impact of diverse structural forms on individual behavior.

Majors in the two B.A. programs should consult this catalog, the appropriate department handbook, and their advisor for current requirements. Students planning to major in one of these programs are advised to take ANT 102 and SOC 200 no later than their sophomore year. Application for admission is made on forms available from the Office of the Registrar.

**Minor Programs**
Students may minor in Anthropology or Sociology. A minimum of 18 credits is required, including 9 credits of required courses and 9 credits of electives. Students may take either of the minors as one of the minors in the B.A. liberal studies - arts and sciences or B.S. liberal studies - professional studies programs.

MINOR IN JAZZ STUDIES

Curriculum

This program is designed primarily for students currently enrolled in a music degree program. Students in other degree programs will be admitted if qualified. Students must have the permission of both their major adviser and the chairperson of the Department of Applied Music.

Handbook for Students in Music - Undergraduate Division

Curriculum for Students in Music - Undergraduate Division

178 2017-2018 UNDERGRADUATE CATALOG
• **B.F.A. Studio Arts** - Students concentrating in Studio Art are provided with a comprehensive program in visual literacy, creative problem-solving, cultural awareness, critical thinking, and creative processes. Students acquire knowledge, comprehension, and competency in the visual arts using traditional and new technologies. While students may choose to specialize in a specific medium, the program also encourages cross-pollination between various media and experimentation with innovative practices. The program includes a strong foundation in drawing, 2D and 3D design, color theory, and art history, with a broad range of upper-level courses in ceramics, paintings, sculpture, photography, and printmaking.

The Department of Art + Design also offers:

• **Minor in Art History** - A Minor in Art History encourages students to expand their knowledge of global art and culture and to comprehend the importance of visual culture in today's increasingly global society. Art history is an interdisciplinary field, and students explore how art reflects and communicates social, religious, philosophical, and political ideas. Art historical inquiry emphasizes critical and analytical thinking, written and oral communication, and the appreciation of art, all of which are skills that complement many other fields of study.

• **Minor in Studio Art** - Students with an interest in art may pursue a Minor in Studio Art. Courses cover visual literacy, creative problem-solving, cultural awareness, critical thinking, and creative processes in the visual arts using traditional and new technologies. Students may choose to specialize in a specific area of interest, including graphic design, painting and drawing, ceramics and sculpture, or general art.

In addition to its majors and minors, the department serves the University population at large by providing service courses to fulfill general education requirements and electives in studio art and art history. In the larger community, the department serves as a professional resource for schools, art centers, and museums.

**Student Activities and Opportunities**

Graphic + Interactive Design majors are encouraged to become active in the West Chester University student chapter of AIGA, the national professional association for design. Students in our program have numerous opportunities to attend design-related lectures, participate in student competitions and exhibitions, and participate in field trips to regional design firms.

Studio Arts majors are encouraged to become active in the Department of Art + Design's Art Club or Arts Collective, which is a student-run organization focusing on extracurricular activities and projects in the arts. West Chester is also situated near major cities such as Philadelphia, Wilmington, Washington D.C., New York, and Baltimore, which offer endless possibilities for students to attend lectures and art openings, and to participate in regional exhibitions.

**Travel Abroad**

Travel abroad opportunities through art history and studio courses in the Department of Art + Design are numerous and include volunteer trips during the WCU Winter Session as well as summer abroad trips. Our travel abroad program continues to expand, with past trips covering a broad range of international locations including China, Costa Rica, Denmark, Egypt, England, France, Greece, Italy, and Spain.

**Internships**

Learning opportunities extend beyond the studio. We are fortunate that West Chester University is located in the heart of an incredibly rich cultural region, with an abundance of art-related activities and opportunities. Students are encouraged to complete a professional internship for academic credit. This involves working in a creative capacity at a design studio, advertising agency, corporate design office, local or regional art center, museum/gallery, apprenticeship, or other appropriate venue.

**Programs**

**Majors in Art + Design**

• B.F.A. in Graphic and Interactive Design (p. 183)
• B.F.A. in Studio Arts (p. 184)

**Minors in Art + Design**

• Studio Art (p. 186)
• Art History (p. 186)

**Policies**

• See undergraduate admissions information. (p. 11)
• See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

**Portfolio Requirements**

Admission into the B.F.A. program requires a successful portfolio review as well as admission to the University. Accepted students will be notified by e-mail to submit their portfolio to Slideroom, an online portfolio review site. Refer to the Department of Art + Design website, http://www.wcupa.edu/arts-humanities/artDesign/portfolioReview.aspx, for the list of portfolio requirements and digital image formatting guide.

**Minimum Grade**

Students must maintain a minimum grade of C in all ART and ARH courses.

ARH 320. Global Art and Culture. 3 Credits.
This is a condensed format course designed primarily for the winter session. Domestic and international locations will vary with an interdisciplinary focus. The course incorporates fine art, local crafts, music, theatre, and dance with an experiential component. Investigation of the history, materials, influences, costs and traditional dress, performance, musical instruments, religion, and regional vs international acknowledgment of the artists is integral to understanding and achieving information literacy. Typically offered in Spring. Repeatable for Credit.

ARH 360. Function of the Museum in Art. 3 Credits.
Role and function of the museum as an educational and cultural institution. Main focus on field trips to local museums in Chester and Delaware counties and the Wilmington, Del., area. Typically offered in Spring & Summer.

ARH 382. Art of Greece and Rome. 3 Credits.

ARH 383. Art of the Middle Ages. 3 Credits.

ARH 384. Art of Renaissance-Baroque. 3 Credits.
Study of the art forms of the 15th through 17th centuries in Europe as they affected social and religious cross currents and the rise of the role of the artist in society. Gen Ed Attribute: Foreign Language Culture Cluster, Italy (Italian) Culture Cluster. Typically offered in Fall & Spring.

ARH 385. 18th and 19th Century Art. 3 Credits.

ARH 386. Modern Art Seminar. 3 Credits.

ARH 389. Art of Spain. 3 Credits.
Introduction to the art and architecture of Spain and her colonies from the caves of Altamira to the contemporary period. Focus on specific artists including Velazquez, Goya, Miro, Gaudi, Picasso, and Dali. Gen Ed Attribute: Foreign Language Culture Cluster, Spanish Culture Cluster, Writing Emphasis. Typically offered in Fall & Spring.

ARH 400. Art Seminar. 3 Credits.
Special topics to be announced for studio and art history. Offered periodically as appropriate. Consent: Permission of the Department required to add. Typically offered in Fall. Repeatable for Credit.

ARH 401. Contemporary Art. 3 Credits.
This course is intended to give an overview of contemporary art practices in the 20th and 21st centuries. As a class, we will identify themes that have inspired creative expression for generations, but that have particular relevance to the last few decades: Language, Identity, The (Human) Body, Memory, Time, Science/Technology and Sustainability. We will explore these themes across time and place, to understand the common links among artists as creative and communal beings. The second focus differentiates the context of the artworks’ conception, production, and reception by the public. Consent: Permission of the Department required to add. Typically offered in Fall & Spring.

ARH 419. Women Artists. 3 Credits.
Traces the position of women artists in society and its effects on their work. What role have women played as the subject of painting through the ages? What are women artists creating today? Typically offered in Fall & Spring.
ART

ART 106. Drawing I. 3 Credits.
Drawing from direct observation and an introduction to ideas of perception and interpretation. Use of a variety of media.
Gen Ed Attribute: Arts Distributive Requirement.
Typically offered in Fall & Spring.

ART 111. Basic Design (2-D). 3 Credits.
Developing a visual vocabulary by experimenting with shape, space, light, color, and texture in a variety of media.
Gen Ed Attribute: Arts Distributive Requirement.
Typically offered in Fall & Spring.

ART 112. Color Theory and Practice. 3 Credits.
Extensive study of color theory and its application to a variety of fine and industrial arts projects.
Pre / Co requisites: ART 112 requires prerequisite of ART 111.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

ART 113. Digital Media. 3 Credits.
Introduction into the field of visual communications, utilizing the computer and hand skills such as drawing tools. Emphasis is placed on utilizing the tools and principles of design in creative print-based projects using vector and image manipulation.
Gen Ed Attribute: Arts Distributive Requirement.
Typically offered in Fall & Spring.

ART 120. Three Dimensional Design. 3 Credits.
Three Dimensional Design is an introduction to composition and form building in three-dimensional space. Students focus on creative problem solving challenges using a range of basic design materials and techniques.
Typically offered in Fall & Spring.

ART 206. Drawing II. 3 Credits.
Work in a variety of media and methods designed to develop ‘aggressive seeing.’ Emphasis on the exploration of line as boundary to describe form and space, as gesture, as calligraphy, and for expressive qualities as a tool for working in other media.
Pre / Co requisites: ART 206 requires prerequisite of ART 106.
Typically offered in Fall & Spring.

ART 210. Typography I. 3 Credits.
An introduction to the use of type as a basic element of graphic communication; the use of different type faces to communicate visually desired effects, typeform, type indication, type spacing, comp lettering, and basic design with type for layouts and comprehensives.
Pre / Co requisites: ART 210 requires prerequisites of ART 111 and ART 113.
Typically offered in Fall.

ART 211. Graphic Design I. 3 Credits.
The exploration of various aspects of graphic communication through the use of typography, layout, and general graphic techniques. The development of creative, original, and conceptual ideas for solving communications problems utilizing professional studio practices and procedures. Mechanical, paste-up preparation, and other methods of reproduction will be covered. Use of the computer is integrated into a variety of course assignments.
Pre / Co requisites: ART 211 requires prerequisites of ART 111 and ART 113.
Typically offered in Fall.

ART 212. Graphic Design II. 3 Credits.
The continuation of ART 211 with an emphasis on typographic problem solving. Further study of graphic design concepts and design principles used in solving different types of design problems within a given format. Use of the computer as an essential design tool is integrated into a variety of course assignments.
Pre / Co requisites: ART 212 requires prerequisites of ART 210 and ART 211.
Typically offered in Spring.

ART 213. Typography II. 3 Credits.
An advanced study of the computer as a design tool. The computer will be used to incorporate typography and graphic design solutions utilizing page layout software.
Pre / Co requisites: ART 213 requires prerequisite of ART 210 or ART 211.
Typically offered in Spring.

ART 216. Painting I. 3 Credits.
Provides an introduction to the techniques, practices and history of painting through an emphasis on color, form, surface and self-expression. Students work primarily from observation exploring the still life, landscape, architecture, and the figure as they develop a personal aesthetic and are provided with a knowledgeable understanding and strong technical foundation in painting.
Typically offered in Fall & Spring.

ART 217. Painting II. 3 Credits.
An exploration of both traditional and alternative techniques and materials of painting through an active focus on contemporary and historical painting practices. Students will immerse themselves in the creative process as they develop individual conceptual goals and a personal aesthetic in a course designed to provide the groundwork for a depth of understanding and meaningful connection to the practice of painting.
Pre / Co requisites: ART 217 requires prerequisite of ART 216.
Typically offered in Spring.

ART 221. Structural Materials and Fabrication. 3 Credits.
Structural Materials and Fabrication is a survey of three-dimensional materials and their applications in various fine art and functional design situations. Students will learn basic fabrication techniques in a range of projects using both hand tools and power tools. Emphasis will be placed on creative problem solving and providing a strong technical foundation in form building.
Pre / Co requisites: ART 221 requires prerequisite of ART 120.
Typically offered in Spring.

ART 222. Beginning Sculpture. 3 Credits.
An introduction to the basic fundamentals of sculpture, including concepts of design, knowledge of tools and techniques, and materials and processes. Project assignments to be rendered in clay, plaster, wood, and stone.
Typically offered in Fall & Spring.

ART 223. Basic Photography. 3 Credits.
A course dealing with the photographic process. The course will cover camera handling, film and print processing, photographic composition and presentation. Students must supply adjustable 35mm camera plus developing and printing materials.
Typically offered in Fall & Spring.

ART 224. Intermediate Photography. 3 Credits.
A course for those who have had a basic photography class or previous photography experience. The course will stress technical and creative approaches to photography using small-format cameras. Advanced techniques of exposure, lighting, composition, and macro photography will be included. Students must supply their own 35mm adjustable camera and developing and printing materials.
Pre / Co requisites: ART 224 requires prerequisite of ART 223.

ART 226. Water Color I. 3 Credits.
An introduction to the basic tools and techniques of the water-color painter. Emphasis upon transparent water color.

ART 227. Water Color II. 3 Credits.
Advanced problems in water color, gouache, tempera, and mixed media.
Pre / Co requisites: ART 227 requires prerequisite of ART 226.

ART 228. Digital Photography. 3 Credits.
A course dealing with the photographic process using a digital platform. The course will cover camera handling, computer software for image manipulation, photographic composition and presentation. Students are required to provide memory cards, storage media, printing, and presentation materials. A digital SLR is recommended but not required.
Gen Ed Attribute: Arts Distributive Requirement.
Typically offered in Fall & Spring.

ART 230. Digital Objective Design. 3 Credits.
Introduction to digital object design intended to introduce students to the process of digital personal aesthetic and inventiveness from drinking vessels to tools using Rhinoceros 5.0. Designed objects will be printed in PLA on the Makerbot Replicator 2 here at WCU. In addition to the Makerbot3’s PLA, students will be required to print in an alternative material using Shapeways 3D printing service. Creativity, design and craftsmanship will be stressed and we will scrutinize nuances of the student’s work.
Typically offered in Fall.
ART 231. Ceramics I: Basic Techniques. 3 Credits.
Introduction to the basic techniques of ceramics. Hand and wheel methods of construction; knowledge of clay bodies, firing, and glazing. 
Gen Ed Attribute: Arts Distributive Requirement. Typically offered in Fall, Spring & Summer.

ART 232. Ceramics II: Intermediate Techniques. 3 Credits.
Fundamental methods of creating clay forms on the wheel. Experimentation with clay bodies, glazes, and kiln operation. Design is stressed. Typically offered in Fall, Spring & Summer.

ART 241. Printmaking: Introduction to Relief Printing. 3 Credits.
An introduction to the medium of printmaking: linoleum cuts, woodcuts, and collographs. Typically offered in Fall & Spring.

ART 243. Printmaking: Intermediate Relief Printing. 3 Credits.
Continuation of ART 241, emphasizing expressive possible techniques and their combination with other print media. Pre / Co requisites: ART 243 requires prerequisite of ART 241. Typically offered in Fall & Spring.

ART 301. Mixed Media. 3 Credits.
This course introduces students to various materials and techniques used in visual art. Materials explored will include, but not be limited to, dyes, gels, inks, paint, paper, photographs, prints, pumice, and wax. Techniques may include, but not be limited to, assemblage, book-making, collage, encrust, relief printing, transfer, mono-printing, and welding. Typically offered in Spring.

ART 306. Drawing III: Life Drawing. 3 Credits.
An exploration of the abstract dynamics of figure drawing with particular application of anatomical structure to expressive design. Pre / Co requisites: ART 306 requires prerequisites of ART 106 and ART 206. Typically offered in Fall & Spring.

ART 307. Drawing IV. 3 Credits.
Individualized instruction in increasingly complex formal and expressive problems in drawing. Typically offered in Fall & Spring. Repeatable for Credit.

ART 310. Graphic Design III. 3 Credits.
Advanced graphic design problem-solving methodologies tailoring communication to specific target audiences. Integration of type and image through creative solutions of complex concepts. Pre / Co requisites: ART 310 requires prerequisites of ART 212 and ART 213. Typically offered in Fall.

ART 311. Graphic Design IV. 3 Credits.
Implement and present advanced complex visual systems consistent with those of graphic designers in the field. Emphasis on projects of substantive scope, integration of skills and presentation. Pre / Co requisites: ART 311 requires prerequisites of ART 213 and ART 310. Typically offered in Spring.

ART 312. Visual Branding. 3 Credits.
The examination of pictographs, logos, trademarks, and symbols as a range of communication tools for organizations. Problem solving through visual identity projects examine the various components of company systems. Analysis and design of a mark, as well as its applications and design standards manual, will be part of a final project. Pre / Co requisites: ART 312 requires prerequisites of ART 212 and ART 213. Typically offered in Fall.

ART 313. Interaction Design I. 3 Credits.
Designed to develop the foundational skills, concepts, and technologies necessary for interactive web design and web publishing. Provides a critical overview of and practical experience in the principles of interactive design on the web, including information and navigation design. Web authoring software will be used. Pre / Co requisites: ART 313 requires prerequisites of ART 113, ART 212, and ART 213. Typically offered in Fall.

ART 314. Interaction Design II. 3 Credits.
Building upon the web based skills from ART 313, this course is designed to extend skills for multimedia design production. Provides a critical overview of and practical experience in the principles of time based design, including animation and video design for multi media environments and applications on the web. Video, sound, animation and web authoring software will be used to explore designer-controlled user interaction. Pre / Co requisites: ART 314 requires prerequisites of ART 212, ART 213, and ART 313. Typically offered in Spring.

ART 315. Introduction to Letterpress. 3 Credits.
The exploration of printing on the letterpress and the history of movable type. Students will learn techniques, and methods for printing in both wood type and metal type. Printing imagery will also be explored. Creating hands-on projects, students will compose type, lock up jobs, and print on a flat bed cylinder press. Typically offered in Spring & Summer.

ART 316. Representational Painting. 3 Credits.
This course focuses on the skills and observations that are required for representational painting. Pre / Co requisites: ART 316 requires prerequisite of ART 217. Typically offered in Fall & Spring.

ART 317. Painting III. 3 Credits.
An advanced level painting course focused on the development of an individualized painting practice through student-directed creative exploration. Students expand their interests in painting, both conceptually and technically, as they maintain a rigorous creative practice and participate in critical discussions with peers. Pre / Co requisites: ART 317 requires a prerequisite of ART 217. Typically offered in Fall & Spring.

ART 318. Painting IV. 3 Credits.
An advanced level painting course asking students to actively explore theories of painting through the ages. An emphasis on reading and writing assignments augments a self-directed creative practice, where students forge meaningful connections with historical and contemporary painting practices. Pre / Co requisites: ART 318 requires a prerequisite of ART 217. Typically offered in Fall & Spring.

ART 319. Painting V. 3 Credits.
Provides the structure and discipline required for students to develop as professionals in the field after graduation. This advanced level course requires students to maintain a rigorous self-directed creative practice and participate in critical discussions with peers. Students will integrate and strengthen their conceptual and technical goals as a foundation is provided for the development of later thesis work in the medium. Pre / Co requisites: ART 319 requires a prerequisite of ART 217. Typically offered in Fall & Spring.

ART 320. Painting: Independent Project. 3 Credits.
The development of a personal style is explored through a theme and its variation. Discipline and self-criticism are realized through a series of critiques and evaluations. Pre / Co requisites: ART 320 requires a prerequisite of ART 217. Typically offered in Fall & Spring. Repeatable for Credit.

ART 321. Sculpture II. 3 Credits.
This course focuses on installation. Students explore intermediate level sculpture problems with an emphasis on how forms can engage with specific spaces and transform our understanding and expectations. Considerations of context and viewer experience will be developed. Installations will be created in clay, plaster, wood, and steel as well as non-traditional materials. Development of fabrication techniques using power tools and MIG welder will be covered. Pre / Co requisites: ART 321 requires prerequisites of ART 120 and ART 221. Typically offered in Fall & Spring.

ART 322. Sculpture III. 3 Credits.
This course focuses on advanced challenges in form and structure building within the public sphere. Students will develop both virtual and tangible sculptures for specific public sites. A creative process will be developed to consider the practical, logistical and aesthetic concerns involved in the design, fabrication and installation of sculpture in public spaces. Pre / Co requisites: ART 322 requires prerequisites of ART 120, ART 221, and ART 321. Typically offered in Spring.
ART 324. Life Modeling. 3 Credits.
Figure modeling in clay from the life model. Emphasis on hand-eye coordination using figure studies as vehicles of expression. Anatomy will not be stressed; however, weight, balance, construction and spatial relationships will be emphasized. Typically offered in Spring.

ART 325. Sculpture: Independent Projects. 3 Credits.
Students focus on development of a personal visual voice through exploration of sculptural form, content and individualization processes. Pre / Co requisites: ART 325 requires prerequisites of ART 120, ART 221, ART 321, and ART 322. Typically offered in Spring. Repeatable for Credit.

ART 331. Ceramics III: Advanced Techniques. 3 Credits.
An advanced course to develop craftsmanship and to explore clay as a means of individual expression. Pre / Co requisites: ART 331 requires prerequisite of ART 232. Typically offered in Fall & Spring.

ART 332. Ceramics Studio Problems. 3 Credits.
Work at an advanced level in specialized ceramic techniques. Typically offered in Fall & Spring.

ART 335. Ceramics: Independent Projects. 3 Credits.
Individualized instruction as well as research and study in ceramic design. Typically offered in Fall & Spring. Repeatable for Credit.

ART 341. Printmaking: Introduction to Intaglio Printing. 3 Credits.
Intaglio techniques, etching, dry point, aquatint, and engraving. Typically offered in Fall & Spring. Repeatable for Credit.

ART 345. Printmaking: Independent Projects. 3 Credits.
In-depth, individualized instruction in a selected printmaking medium. Typically offered in Fall & Spring. Repeatable for Credit.

ART 350. Global Art + Design. 3 Credits.
This course is a 4-week integrated study abroad program created for Graphic + Interactive Design students to further academic achievements, develop intercultural understandings and acquire life skills in a global setting. Pre / Co requisites: ART 350 requires prerequisites of ART 113, ART 210, and ART 211. Typically offered in Summer. Repeatable for Credit.

ART 351. Art of Papermaking. 3 Credits.
The exploration of traditional and contemporary techniques in the art of papermaking. An emphasis on creative and original designs in conjunction with an understanding of materials. Typically offered in Fall & Spring.

ART 359. Resources in Art Education. 3 Credits.
The use of cultural and community resources in the schools with an emphasis on the teaching of art appreciation. Typically offered in Fall & Spring.

ART 400. Advertising Design. 3 Credits.

**B.F.A. IN STUDIO ARTS**

**Curriculum**

The Bachelor of Fine Arts is regarded as the initial professional degree in art by the National Association of Schools of Art. Its primary emphasis is on the development of skills, concepts, and sensitivities important to the professional artist. Concentration in a major professional area begins only with satisfactory completion of the foundation requirements and the approval of the faculty adviser.

AIR FORCE ROTC (AEROSPACE STUDIES)

School of Interdisciplinary and Graduate Studies
West Chester University students are eligible to participate in the Air Force Reserve Officer Training Corps (AFROTC) through an agreement with Saint Joseph's University. All aerospace studies courses will be held on the Saint Joseph's campus. Credits can be transferred to WCU and appear on the official transcript. The AFROTC program enables a college student to earn a commission as an Air Force officer while concurrently satisfying requirements for his or her baccalaureate degree.

Program
The Department of Aerospace Studies at Saint Joseph's University offers three- and four-year curricula leading to a commission as a Second Lieutenant in the Air Force. In the four-year curriculum, a student takes the General Military Course (GMC) during the freshman and sophomore years, attends a four-week summer training program, and then takes the Professional Officer Course (POC) in the junior and senior years. A student is under no contractual obligation to the Air Force until entering the POC or accepting an Air Force scholarship. In the three-year curriculum, a student completes AER courses during the sophomore year, and then enters the POC in the junior year. The subject matter of the freshman and sophomore years is developed from a historical perspective and focuses on the scope, structure, and history of military power with the emphasis on the development of air power and its relationship to current events. During the junior and senior years, the curriculum concentrates on the concepts and practices of leadership and management, as well as the role of national security forces in contemporary American society.

In addition to the academic portion of the curriculum, each student participates in a two-hour Leadership Laboratory each week. During this period the day-to-day skills and working environment of the Air Force are discussed and explained. The Leadership Lab utilizes a student organization designed for the practice of leadership and management techniques. The labs do not carry course credits and are registered as pass/fail only. Cadets must attend at least 80% of class sessions to receive a passing grade.

Air Force ROTC offers scholarships for two, three, and four years on a competitive basis to qualified applicants. All scholarships are applied to tuition and lab fees, and include a textbook allowance, plus a tax-free monthly stipend which varies from $300 to $500, depending on graduation date.

Students become familiar with army supply management operations and procedures focusing on inventory and requisitioning procedures.
Typically offered in Fall & Spring.

MSI 499. USMC ROTC (PLC). 3 Credits.
Military Science transfer credit.
Typically offered in Summer.

ARMY ROTC (MILITARY SCIENCE)

School of Interdisciplinary and Graduate Studies

West Chester University students are eligible to participate in the Army Reserve Officers’ Training Corps (ROTC) program through a formal cross-enrollment agreement with the Widener University Department of Military Science. Army ROTC offers University students the opportunity to graduate with a bachelor’s degree and a commission in the United States Army, Army National Guard, or United States Army Reserve. All 100-, 200-, and 300-level ROTC classes are taught at West Chester University, while the 400-level classes are conducted on the Widener (http://www.widener.edu) campus. The 100- to 400-level leadership labs are taught at West Chester University.

The Army ROTC program consists of a basic course taken during the freshman and sophomore years, and an advanced course taken during junior and senior years. Successful completion of the basic course is required before placement in the advanced course. Students who participated in Junior ROTC in high school or who have prior military service may receive partial or full credit for the basic course, which is determined by the Army Professor of Military Science. The basic course requirement also may be satisfied through attendance at a four-week Army ROTC Leadership Training Course (LTC) at the end of the sophomore year. Qualified students enrolled in the basic course receive a stipend of $300 for freshmen and $350 for sophomores. Students enrolled in the advanced course receive a stipend of $450 for juniors and $500 for seniors per month. Guaranteed National Guard and Reserve Forces options are also available.

Nursing students who complete the four-year or two-year program, obtain their nursing degree, and pass their Nursing Board Examinations are commissioned into the Army Nurse Corps. Two-year, three-year, and four-year Army ROTC scholarships are available on a competitive basis. These scholarships pay 100 percent of the student’s tuition or room and board up to $10,000 and include payment of certain University fees, as well as a $1,200 book and school supplies subsidy. Applications for Army ROTC scholarships must be submitted early in the spring semester.

Applications for attendance at the LTC must be submitted early in the spring semester of the sophomore year.

Military Science students also participate in orientation and field training activities as part of the Military Science curriculum. These
activities are an exploration of historical, organizational, and functional activities of the U.S. Army, conducted in conjunction with the Army Officer Education Program, and are recognized as a part of the commissioning preparation process for cadets.

Activities are conducted off campus through tours, field trips, laboratory sessions, and practical field application that includes marksmanship, land navigation, small unit operations, rappelling, water survival, color guard, organized athletics, and other military skills. Varying degrees of health and body risk are involved in these activities. The government of the United States, the Commonwealth of Pennsylvania, West Chester University, its officers, trustees, employees, agents, or students assume no liability for any injury caused during the above activities. For injuries incurred while participating in ROTC activities, the Department of West Chester University will assume the cost above the student's personal health insurance.

For further information on scholarship and career opportunities, contact the Professor of Military Science, Widener University (http://www.widener.edu), Chester PA 19013, 610-499-4097, or Major Richard Howett (rhowett@wcupa.edu), Campus Officer-in-Charge, West Chester University, Anderson Hall Room 331A, 610-430-4403.

Pre / Co requires: MSI 202 requires prerequisite of MSI 201.

Typically offered in Spring.

MSI 301. Leading Small Organizations I. 3 Credits.

Series of practical opportunities to lead small groups, receive personal assessments and encouragement, and lead again in situations of increasing complexity. Uses small-unit defensive tactics and opportunities to plan and conduct training for lower-division students to develop these skills as vehicles to practice leading. Three hours and a required leadership lab, plus required participation in three, one-hour sessions for physical fitness. Participation in one weekend exercise also is required, and one or two more weekend exercises may be offered for participation. PREREQ: Army ROTC advanced course standing or approval of the professor of military science.

Typically offered in Fall.

MSI 302. Leading Small Organizations II. 3 Credits.

Continues methodology of MSI 301. Analyze tasks, prepare written or oral guidance for team members to accomplish tasks, delegate tasks, and supervise. Plan for and adapt to the unexpected in organizations under stress. Examine and apply lessons from leadership case studies as well as the importance of ethical decision making in setting a positive climate that enhances team performance. Three hours and a required leadership lab, plus required participation in three, one-hour sessions for physical fitness. Participation in one weekend exercise and three other one-day exercises is required.

Typically offered in Spring.

MSI 399. USMC ROTC (PLC). 3 Credits.

USMC ROTC (PLC) typically offered in Summer.

MSI 400. US Military History. 3 Credits.

Students develop an awareness of the relationship of military establishment to society particularly the US.

Typically offered in Fall, Spring & Summer.

MSI 401. Leadership Challenges and Goal Setting. 3 Credits.

Plan, conduct, and evaluate activities of the ROTC cadet organization. Articulate goals and put plans into action to attain them. Assess organizational cohesion and develop strategies to improve it. Develop confidence in skills to lead people and manage resources. Learn/apply various Army policies and programs in this effort. Three hours and a required leadership lab, plus required participation in three, one-hour sessions for physical fitness. Participation in one weekend exercise also is required, and one or two more weekend exercises may be offered for optional participation.

Typically offered in Fall.

MSI 402. Transition to Lieutenant. 3 Credits.

Continues the methodology from MSI 401. Identify and resolve ethical dilemmas. Refine counseling and motivating techniques. Examine aspects of tradition and law as related to leadership as an officer in the Army. Prepare for a future as a successful Army lieutenant. Three hours and a required leadership lab, plus required participation in three, one-hour sessions for physical fitness. Participation in one weekend exercise also is required, and one or two more weekend exercises may be offered for optional participation.

Typically offered in Spring.
Majors in Biology

• The B.S. in Biology: Integrative Concentration can be individually tailored to provide the skills that students need to achieve their career goals. This program also provides the basic preparation needed for entry into graduate or professional schools, including physical therapy programs.

• The B.S. in Biology: Cell and Molecular Concentration offers the student a strong background in both biology and chemistry. Emphasis on lab-oriented courses prepares the student to pursue a career in laboratory research in cell and molecular biology at industrial, medical, academic, and government facilities. This program also prepares the student for admission to medical, dental, veterinary, graduate, and professional schools.

• The B.S. in Biology: Ecology and Conservation Concentration provides an opportunity for interested students to obtain a strong background in field biology and the conservation of natural systems. The required core curriculum and concentration electives provide opportunities for careers as biologists in state and federal environmental agencies, industry, and environmental consulting firms, as well as graduate work in ecology and conservation. Internships are strongly recommended as part of the program. Course work emphasizes skills obtained in biology, chemistry, and mathematics. Additional course work from other departments may be recommended to fulfill particular career objectives.

• The B.S. in Biology: Marine Science Concentration provides the opportunity for interested students to obtain a strong educational background in marine biology and other topics in a field that stretches from marine organisms to biotechnology and even oceanography interests from the coastal waters to deep oceans. The required core curriculum and electives will allow students the opportunity to draw on educational resources at West Chester University and marine field stations, such as the Wappahns Island Marine Science Consortium in Virginia. Course work emphasizes techniques in biological sciences, oceanography, chemistry, physics, and mathematics. Field and laboratory courses form a strong foundation of this program, and students are encouraged to engage in directed research projects or internships.

• The B.S. in Biology: Medical Laboratory Science Concentration offers students the opportunity to enter the field of laboratory medicine with emphasis on the techniques and instrumentation used to evaluate disease processes. This concentration allows students to complete the necessary general education and departmental requirements in three years. The fourth year is spent in a hospital internship training program at one of the several affiliated hospitals, and students receive 26 credits for the internship year (BIO 407 and BIO 408, Hospital Internship in Medical Laboratory Science). To qualify for the internship, students must have a 2.75 GPA and be accepted by an accredited hospital medical technology program. Students completing the internship will receive a B.S. in Biology - Medical Laboratory Science Concentration and the training necessary to take the national certification exam. Affiliated hospitals include Pennsylvania Hospital, Lancaster General Hospital, and St. Christopher’s Hospital for Children.

• The B.S. in Biology: Microbiology Concentration prepares students for careers in research laboratories, industrial and academic research, and government service in the areas of bacteriology, immunology, virology, mycology, microbial ecology, and parasitology. The program provides extensive laboratory experience with the techniques that are most useful and important to modern microbiological science. This program also provides the basic preparation needed for entry into graduate or professional schools.

• The B.S. in Education - Biology is a program designed to prepare the student for a career in teaching in secondary schools. Professional certification in biology is awarded to the student who completes the program satisfactorily. Students are strongly advised to seek certification in a related area to enhance their employment potential. Such related areas include general science, health, education, athletic training, and environmental education. This program requires 126 credits for completion. See the Educator Preparation Programs (p. 260) section of this catalog for an explanation of related requirements.

Minor in Biology

• Biology (p. 204)

Graduate Opportunities

See the graduate catalog for more information on the Biology program. (http://catalog.wcupa.edu/graduate/sciences-mathematics/biology)

Policies

• See undergraduate admissions information. (p. 11)
• See academic policies. (http://catalog.wcupa.edu/undergraduate/ academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

Internal and External Transfer Students

For an internal transfer into any biology degree program, a student must:
1. Be in good academic standing (2.00 GPA or better);
2. Have already passed BIO 100 with an A- or better, or BIO 110 with a C- or better; and
3. Complete the application for change of major.

For newly admitted transfer students, a student must
1. Meet University standards for admission to West Chester University;
2. Have a grade of C- (70%) or better if they have taken a BIO 110 equivalent; and
3. Interview with a department representative.

NOTE: In order to receive a degree in biology from West Chester University, a transfer student must successfully complete a minimum of 50 percent of the required biology credits in the West Chester University Department of Biology.

Advanced Placement Policy
A score of three or better on the Biology Advanced Placement Exam will transfer as credit for BIO 110, General Biology.

Accelerated Program Policy
Refer to the Accelerated Programs page (p. 134) for more information.

Admission to the Accelerated B.S. in Biology - Integrative Concentration to M.S. in Biology
To be considered for the accelerated program and enroll in BIO 608 (Thesis Research I), students must have attained (completed) 75 credits with a minimum of 18 biology credits. Students must have a minimum cumulative GPA of 3.00 including a minimum GPA of 3.00 for biology courses. BIO 608 requires departmental permission to enroll; students must arrange a committee meeting prior to enrolling in BIO 608 (e.g., during their third year). The accelerated program in biology is only open to thesis students. Any student wishing to switch out of the thesis option will be required to complete all requirements of the B.S. degree. Once admitted to the graduate program, graduate policies apply, including minimum GPA (3.00).

Courses
BIO
BIO 100. Basic Biological Science. 3 Credits.
LEC (2), LAB (2)
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall, Spring & Summer.

BIO 110. General Biology. 3 Credits.
LEC (2), LAB (3)
The concepts general to all living organisms such as cell structure and function, genetics, evolution, and ecology. This course is designed for majors in biology and related scientific areas.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall, Spring & Summer.

BIO 204. Introductory Microbiology. 4 Credits.
LEC (3), LAB (2)
The biology of medically important microorganisms, their structure, taxonomy, physiology, control, and host-parasite interactions. May not be taken as a biology major elective.
Pre / Co requisites: BIO 204 requires prerequisites of BIO 100 or BIO 110.
Typically offered in Fall, Spring & Summer.
BIO 214. General Microbiology. 4 Credits.
LEC (3), LAB (3)
The biology of microorganisms, their structure, physiology, and control; the nature and dynamics of disease and disease control; principles of food, industrial, and environmental microbiology. The laboratory will deal with microbiological techniques, isolation and identification of microbes, and water and food analysis. This course is for biology majors.
Pre / Co requisites: BIO 214 requires prerequisite of BIO 110.
Typically offered in Fall, Spring & Summer.

BIO 215. General Botany. 3 Credits.
LEC (2), LAB (3)
A survey of plant and plant-like organisms from bacteria to and including the angiosperms with emphasis on anatomy, physiology, reproduction, and economic importance.
Pre / Co requisites: BIO 215 requires prerequisite of BIO 110.
Typically offered in Fall & Spring.

BIO 217. General Zoology. 3 Credits.
LEC (2), LAB (3)
Principles of animal biology. Form and function of vertebrate and invertebrate animal types.
Pre / Co requisites: BIO 217 requires prerequisite of BIO 110.
Typically offered in Fall & Spring.

BIO 220. Cell Physiology. 3 Credits.
LEC (2), LAB (3)
An introduction to cellular and molecular biology with emphasis on cell morphology, biochemistry, and cell physiology.
Pre / Co requisites: BIO 220 requires prerequisites of BIO 110 and CHE 231.
Typically offered in Fall & Spring.

BIO 230. Genetics. 3 Credits.
Nature of genetic material and its qualitative and quantitative variation: recombination; interaction of gene products; regulation of genetic material; and its role in evolution.
Pre / Co requisites: BIO 230 requires prerequisites of BIO 110 and MAT 121.
Typically offered in Fall & Spring.

BIO 259. Human Anatomy and Physiology I. 4 Credits.
LEC (3), LAB (2)
An introduction to human structure and function. Skeletal, muscular, and nervous systems are emphasized. Laboratory involves study of human development and gross anatomy of the skeletal, muscular, and nervous systems. May not be taken as a biology major elective.
Typically offered in Fall, Spring & Summer.

BIO 269. Human Anatomy and Physiology II. 4 Credits.
LEC (3), LAB (2)
Continuation of BIO 259. Endocrine, circulatory, respiratory, immune, digestive, and urogenital systems emphasized. May not be taken as a biology major elective.
Pre / Co requisites: BIO 269 requires prerequisite of BIO 259.
Typically offered in Fall, Spring & Summer.

BIO 270. Ecology. 3 Credits.
LEC (2), LAB (3)
Relationships between living organisms and their environment.
Pre / Co requisites: BIO 270 requires prerequisite of BIO 110.
Typically offered in Fall & Spring.

BIO 275. Field Botany. 3 Credits.
LEC (2), LAB (3)
Methods of studying plants in their natural surroundings. Use of keys, botanical manuals, and illustrated floras to identify living specimens.
Pre / Co requisites: BIO 275 requires prerequisite of BIO 100 or BIO 215.
Typically offered in Summer.

BIO 277. Vertebrate Ecology. 3 Credits.
LEC (2), LAB (2)
Pre / Co requisites: BIO 277 requires prerequisites of BIO 100 or BIO 217.
Typically offered in Fall.

BIO 307. Pathophysiology. 3 Credits.
An integrated study of the processes involved in the total body systemic complex as it changes from the ordered homeostatic condition to the imbalanced diseased state. The use of disease models, with clinical considerations, strengthens the concepts. May not be taken as a biology major elective.
Pre / Co requisites: BIO 307 requires prerequisites of a C- or better in BIO 259 and BIO 269.
Typically offered in Fall & Spring.

BIO 310. Biostatistical Applications. 3 Credits.
LEC (3), LAB (1)
The design, statistical analysis, graphical display and written presentation of biological research.
Pre / Co requisites: BIO 310 requires prerequisites of BIO 110 and MAT 121.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Spring.

BIO 311. Contemporary Issues in Biology Teaching. 3 Credits.
Curricular trends in biology education, biotechnology, and bioethics are analyzed in a social context through constructive controversy. The nature of science is explored and experiential skills are honed through practical application via a laboratory-oriented, faculty-student mentoring program. May not be taken as a biology elective.
Pre / Co requisites: BIO 311 requires prerequisites of BIO 110, BIO 215, BIO 217, BIO 230, EDF 300, and EDP 250.
Typically offered in Fall.

BIO 312. Marine Botany. 3 Credits.
LEC (2), LAB (3)
This course will introduce students to identifying and classifying microscopic and macroscopic algae and seagrasses from marine and estuarine habitats. Fieldwork along the East coast of the U.S. will focus on the identification and ecology of its unique marine macroflora. Topics to be covered include: seaweed and seagrass structure, taxonomy and classification, reproduction and life histories, distribution and ecology, human impacts on marine plants, and the impacts of marine plants on human affairs, collection and preservation of marine plants, and production of herbarium specimen.
Pre / Co requisites: BIO 312 requires prerequisite BIO 215 or permission of instructor.
Typically offered in Spring.

BIO 313. Marine Biology. 3 Credits.
The course is intended to provide a general introduction to the biology of marine organisms. Lectures will focus on the diversity, ecology, and adaptations of organisms living in the marine environment.
Pre / Co requisites: BIO 313 requires prerequisites of BIO 215 and BIO 217.
Typically offered in Spring.

BIO 314. Pathogenic Microbiology. 4 Credits.
LEC (2), LAB (4)
Systematic study of pathogenic bacteria with extensive laboratory experience in handling and identifying these organisms.
Pre / Co requisites: BIO 314 requires prerequisite of BIO 214.
Typically offered in Spring.

BIO 315. Terrestrial Ecosystem Ecology. 3 Credits.
LEC (2), LAB (3)
Transfer of materials and energy through terrestrial ecosystem with emphasis on carbon, water, and nutrient cycling. Ecosystem responses to climate change are emphasized.
Pre / Co requisites: BIO 315 requires prerequisites of BIO 110, BIO 215, BIO 217, and BIO 270.
Typically offered in Fall.

BIO 333. Molecular Biology Techniques. 2 Credits.
An introduction to laboratory techniques for molecular biology including restriction enzyme digestes, gel electrophoresis, gene cloning in E. coli, RNA and DNA isolation, and polymerase chain reaction.
Pre / Co requisites: BIO 333 requires prerequisites of BIO 230 and BIO 204 or BIO 214 and CHE 231.
Typically offered in Fall & Spring.

BIO 334. Microbial Genetics. 4 Credits.
LEC (3), LAB (3)
A course on the genetics of bacteria, their viruses, plasmids, and transposable elements. Applications of microbial genetics in genetic engineering and biotechnology.
Pre / Co requisites: BIO 334 requires prerequisites of BIO 110 and BIO 214 and BIO 230 and CHE 231.
Typically offered in Spring.
BIO 357. Comparative Vertebrate Anatomy. 4 Credits.
LEC (2), LAB (4)
Comparative study of the principal organ systems of vertebrates as to their structure, function, and evolutionary relationship.
Pre / Co requisites: BIO 357 requires prerequisite of BIO 217.
Typically offered in Fall.

BIO 367. Physiology of Drug Interactions. 3 Credits.
An introduction to the mechanism of action of prototype drugs. The physiological alterations produced by various drugs as well as interactions between drug classes will be emphasized.
Pre / Co requisites: BIO 367 requires prerequisites of BIO 269 or BIO 468 or BIO 469.
Typically offered in Spring.

BIO 377. Entomology. 3 Credits.
LEC (2), LAB (3)
The structure, function, classification, economic importance, and biological significance of insects.
Pre / Co requisites: BIO 377 requires prerequisite of BIO 110 or BIO 217.
Typically offered in Fall.

BIO 387. Invertebrate Zoology. 3 Credits.
LEC (2), LAB (1)
This course investigates the biology of the invertebrates, an enormously disparate group of organisms with a vast array of morphologies, physiologies and life histories. It emphasizes common features among different groups of invertebrates paying particular attention to physiology, development, grades of construction, ecology, systematics, and behavior. Besides the traditional laboratory and lecture format, students will participate in field trips and perform presentations that touch some aspect of invertebrate zoology.
Pre / Co requisites: BIO 387 requires prerequisite of BIO 217 or permission of instructor.
Typically offered in Spring.

BIO 407. Hospital Internship in Medical Laboratory Science, Fall. 13 Credits.
(with BIO 408) A two-semester, work-study appointment with an affiliated hospital. The satisfactory completion of this internship is accepted as the senior year’s work by West Chester University. This hospital internship will prepare the student to take the ASCP National Exam for Medical Laboratory Scientists. Students who have completed 65 credit hours in the B.S. biology general concentration should apply for this internship in the summer following their sophomore year. Students must have an overall GPA of 2.75 and approval from the Department of Biology and the affiliated hospital.
Pre / Co requisites: BIO 407 requires prerequisites of admission into an affiliated hospital MLS program and a minimum GPA of 2.75.
Consent: Permission of the Department required to add.
Typically offered in Fall.

BIO 408. Hospital Internship in Medical Laboratory Science, Spring. 13 Credits.
(and BIO 407) A two-semester, work-study appointment with an affiliated hospital. The satisfactory completion of this internship is accepted as the senior year’s work by West Chester University. This hospital internship will prepare the student to take the National Exam for Medical Laboratory Scientists. Students who have completed 65 credit hours in the B.S. biology general concentration should apply for their internship in the summer following their sophomore year. Students must have an overall GPA of 2.75 and approval from the Department of Biology and the affiliated hospital.
Pre / Co requisites: BIO 408 requires a prerequisite of BIO 407 and a minimum cumulative GPA of 2.75.
Consent: Permission of the Department required to add.
Typically offered in Spring.

BIO 409. Internship in Biological Sciences. 3-16 Credits.
A one-semester, work-study appointment with a commercial, industrial, or governmental agency. Students will be supervised jointly by a professional scientist of the agency and a Department of Biology faculty member. A maximum of eight combined credits from BIO 409 and BIO 491 may be applied to total biology credits.
Pre / Co requisites: BIO 409 requires prerequisites: Biology major; senior standing; GPA of 2.5 overall; 2.50 in biology and approval of biology curriculum committee.
Consent: Permission of the Department required to add.
Repeatable for Credit.

BIO 412. Organic Evolution. 3 Credits.
An introduction to the general concepts, processes, and mechanisms of Evolutionary Biology from molecular, organismal, and population perspectives.
Pre / Co requisites: BIO 412 requires a prerequisite of BIO 230 and 9 hours of biology.
Typically offered in Spring.

BIO 414. Applied and Industrial Microbiology. 3 Credits.
This course traces both the historical and current applications of microbiology in industry and society. Topics covered during lectures include building and equipment design, microbiological safety, fermentation, waste treatment, compost, and food production. The course also features guest lectures from several practicing microbiologists involved in industry.
Pre / Co requisites: BIO 414 requires prerequisite of BIO 214.
Typically offered in Fall.

BIO 415. Tropical Ecology and Conservation. 3 Credits.
The ecology of biomes comprising the tropics. Emphasis will be placed on contemporary conservation issues in tropical areas.
Pre / Co requisites: BIO 415 requires prerequisites of BIO 110, BIO 215, BIO 217, and BIO 270.
Typically offered in Spring.

BIO 421. Cellular and Molecular Biology. 4 Credits.
LEC (3), LAB (3)
A lecture and laboratory course that studies the molecular basis of cellular life. Eukaryotic cell structure and function will be emphasized.
Pre / Co requisites: BIO 421 requires prerequisites of BIO 220 and BIO 333 and CHE 232.
Typically offered in Spring.

BIO 422. Cancer Biology. 3 Credits.
A comprehensive, lecture-based course that covers the genetic, molecular, histological, and therapeutic aspects of cancer biology. The course is designed around the emerging hallmarks of cancer and the enabling characteristics of cancer as a disease.
Pre / Co requisites: BIO 422 requires prerequisites of BIO 214, BIO 220, and BIO 230.
Typically offered in Fall.

BIO 428. Animal Histology. 3 Credits.
LEC (2), LAB (2)
A study of the microscopic structure and function of vertebrate tissues and organs.
Pre / Co requisites: BIO 428 requires prerequisites of BIO 110 and BIO 217.
Typically offered in Fall.

BIO 431. Molecular Genetics. 3 Credits.
A second course in genetics, covering the molecular biology of genetic events. Emphasis will be on the molecular details of basic genetic processes, such as DNA replication and transcription, RNA translation and protein synthesis, the genetic code, molecular mechanisms of gene regulation, and an introduction to biotechnology.
Pre / Co requisites: BIO 431 requires prerequisites of BIO 230 and CHE 232.
Typically offered in Fall & Spring.

BIO 435. Course Topics in Biology. 1-3 Credits.
Courses in this series are of timely interest to the student. Topics may include biological terminology, laboratory techniques, mycology, etc. Open only to junior and senior science majors.
Repeatable for Credit.

BIO 436. Course Topics in Biology. 1-3 Credits.
Courses in this series are of timely interest to the student. Topics may include biological terminology, laboratory techniques, mycology, etc. Open only to junior and senior science majors.
Repeatable for Credit.

BIO 437. Course Topics in Biology. 1-3 Credits.
Courses in this series are of timely interest to the student. Topics may include biological terminology, laboratory techniques, mycology, etc. Open only to junior and senior science majors.
Repeatable for Credit.

BIO 438. Course Topics in Biology. 1-3 Credits.
Courses in this series are of timely interest to the student. Topics may include biological terminology, laboratory techniques, mycology, etc. Open only to junior and senior science majors.
Repeatable for Credit.

BIO 440. Human Genetics. 3 Credits.
A detailed survey of the principles of human heredity. Also examines impact of genetics on current issues in human medicine, pharmacology, evolution and sociology.
Pre / Co requisites: BIO 440 requires a prerequisite of BIO 230.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Spring.
BIO 443. Introduction to Gene Expression Methodology. 3 Credits.
Theory and practical application of RNA methodologies used in gene expression.
Pre / Co requisites: BIO 443 requires a prerequisite of BIO 333.
Typically offered in Spring.

BIO 448. Animal Development. 4 Credits.
LEC (3), LAB (3)
Introduction to principles of animal development with laboratory study of vertebrate embryos.
Pre / Co requisites: BIO 448 requires prerequisites of BIO 110 and BIO 217 and BIO 220 and BIO 230.
Typically offered in Spring.

BIO 452. Parasitology. 3 Credits.
Biology of the principal parasites of man and domestic animals. Emphasis is on life cycles of common parasites, identification of diagnostic forms, and understanding the diseases associated with parasites of major economic and medical importance.
Pre / Co requisites: BIO 452 requires prerequisites of BIO 204 or BIO 214 and BIO 217.
Typically offered in Fall.

BIO 453. Marine Mammals. 3 Credits.
An integrated examination of marine mammals. Emphasis will be on the evolution of the group and the unique functional morphology, behavior and physiology of cetaceans, pinnipeds and sirenians.
Pre / Co requisites: BIO 453 requires prerequisite of BIO 217 and 12 credits of BIO Major Courses.
Typically offered in Spring.

BIO 454. Mycology. 3 Credits.
An introductory course including a general study of the biology of fungi and a survey of the field of medical mycology.
Pre / Co requisites: BIO 454 requires prerequisites of BIO 110 and BIO 214.
Typically offered in Spring.

BIO 456. Virology. 3 Credits.
Molecular biology of bacterial, plant, and animal viruses; virus classification, ultrastructure, mechanisms of replication, and effects of virus infection on host cell.
Pre / Co requisites: BIO 456 requires prerequisites of BIO 214 and BIO 230 and CHE 232.
Typically offered in Spring.

BIO 457. Functional Animal Morphology. 3 Credits.
A study of the structure, form, and function of morphological adaptations in animals as examined through a mechanical, ecological, and evolutionary perspective.
Pre / Co requisites: BIO 457 requires co-requisite of BIO 217.

BIO 464. Microbial Physiology. 4 Credits.
LEC (2), LAB (3)
Physiology and biochemical variations seen in prokaryotes and lower eukaryotes.
Pre / Co requisites: BIO 464 requires prerequisites of BIO 214 and BIO 230 and CHE 232.
Typically offered in Spring.

BIO 465. Immunology. 4 Credits.
LEC (3), LAB (3)
Immunoglobulin structure and function, nature of antigens, cell-mediated immunity, hypersensitivity, regulation of immunity, and immunological diseases. Laboratory experience in immunological techniques.
Pre / Co requisites: BIO 465 requires prerequisites of BIO 214 and CHE 232.
Typically offered in Fall & Summer.

BIO 466. Plant Physiology. 3 Credits.
LEC (2), LAB (3)
Physiological processes of plants. Photosynthesis, respiration, intermediary metabolism, entrance of solutes into the plant, water metabolism, and growth regulators.
Pre / Co requisites: BIO 466 requires prerequisites of BIO 215 and CHE 231.
Typically offered in Spring.

BIO 467. Endocrinology. 3 Credits.
An integrative look at the physiology of the mammalian endocrine system in the regulation and maintenance of homeostasis. The pathology associated with hormonal imbalance will be included.
Pre / Co requisites: BIO 467 requires prerequisites of C or better in BIO 217 and BIO 220 and a C or better in one 300 or 400 level BIO course.
Typically offered in Fall.

BIO 468. Comparative Vertebrate Physiology. 4 Credits.
LEC (3), LAB (3)
Comparative physiology of fishes, amphibians, reptiles, birds and mammals, with emphasis on organ-based homeostatic regulatory mechanisms.
Pre / Co requisites: BIO 468 requires prerequisites of BIO 217 and BIO 220.
Typically offered in Spring.

BIO 469. Human Physiology. 4 Credits.
LEC (3), LAB (3)
Theoretical and applied principles of the physiology of humans presented from an organ-system approach. Emphasis is placed on homeostatic regulatory mechanisms. May not be taken as a biology major elective.
Pre / Co requisites: BIO 469 requires prerequisites of BIO 220 and BIO 230 and CHE 232.
Typically offered in Fall.

BIO 470. Population Biology. 3 Credits.
LEC (2), LAB (3)
A quantitative, second course in ecology, emphasizing distributional patterns and fluctuations in abundance of natural populations.
Pre / Co requisites: BIO 470 requires prerequisites of BIO 270 and MAT 121 and MAT 143 or MAT 145 or MAT 161.
Typically offered in Fall.

BIO 471. Wetlands. 3 Credits.
LEC (2), LAB (3)
A course designed to provide practical experience in wetlands’ classification, delineation, regulation, management, and mitigation practices. The abiotic and biotic characteristics of inland and coastal wetlands are emphasized.
Typically offered in Summer.

BIO 473. Conservation Biology. 3 Credits.
The application of basic biological and ecological principles for the preservation of biological diversity. Emphasis will be on understanding the threats to biodiversity, the values of biodiversity, and preservation strategies including ecological risk assessment and the management of endangered species, habitats, and ecosystems.
Pre / Co requisites: BIO 473 requires prerequisites of BIO 110 and BIO 215 or BIO 217 and BIO 270.
Typically offered in Spring.

BIO 474. Microbial Ecology. 4 Credits.
LEC (3), LAB (3)
Theory and application of modern microbial ecology. Lectures will focus on topics such as microbial communities, interactions with other organisms, biogeochemistry, and biotechnology.
Pre / Co requisites: BIO 474 requires prerequisites of BIO 110 and BIO 214 and BIO 270 and CHE 103 and CHE 104.
Typically offered in Fall.

BIO 475. Plant Communities. 3 Credits.
LEC (2), LAB (3)
A survey of ecological, morphological, and physiological strategies of plants from seed through adult stages. The integration of these strategies to explain the major plant communities of North America will be covered.
Pre / Co requisites: BIO 475 requires prerequisite of BIO 215.
Typically offered in Fall.

BIO 476. Freshwater Ecology. 3 Credits.
LEC (2), LAB (3)
The environmental and biological characteristics of freshwater. Emphasis is placed on field methods, water quality evaluation based on the interpretation of comprehensive datasets, and management strategies for lakes, ponds and streams.
Pre / Co requisites: BIO 476 requires prerequisites of BIO 270 and CHE 104.
Typically offered in Fall.

BIO 478. Plant Evolution. 3 Credits.
Application of contemporary phylogenetic theory to explain the genesis of plant biodiversity. Origins of critical plant adaptations are explored with regard to time of origin, environmental conditions and ancestry.
Pre / Co requisites: BIO 478 requires prerequisite: BIO 215 or permission of instructor.
Distance education offering may be available.
Typically offered in Spring & Summer.
BIO 480. Light Microscopy and the Living Cell. 3 Credits.
A one-semester lecture and lab course covering the theory and practical techniques of all types of light microscopy and their uses in investigating living cells. Also includes techniques such as microinjection, cell electrophysiology, and others. Strong emphasis on ‘hands-on’ work with equipment.
Pre / Co requisites: BIO 480 requires prerequisites of BIO 110 and BIO 215 or BIO 217.
Typically offered in Spring.

BIO 484. Epidemiology. 3 Credits.
A general study of the epidemiology of both infectious and noninfectious diseases, including industrial and environmentally related health problems.
Pre / Co requisites: BIO 484 requires prerequisite of BIO 214.
Typically offered in Fall.

BIO 485. Systematic Botany. 3 Credits.
LEC (2), LAB (3)
Principles of evolution as illustrated by the principles of plant taxonomy. Modern concepts of biostatistics. Practical experience in plant identification.
Pre / Co requisites: BIO 485 requires prerequisite of BIO 215.
Typically offered in Fall.

BIO 490. Biology Seminar. 3 Credits.
SEM (1.5), LEC (1.5)
Reports on special topics and current developments in the biological sciences.
Pre / Co requisites: BIO 490 requires prerequisites of 18 credits of BIO out of 90 credits of course work.
Typically offered in Fall, Spring & Summer.

BIO 491. Special Problems in Biology. 1-3 Credits.
Tutorial course primarily for advanced undergraduate biology majors capable of independent study and research on a problem approved by the supervising instructor. A maximum of eight combined credits from BIO 409 and BIO 491 may be applied to biology electives.
Pre / Co requisites: BIO 491 requires a prerequisite of an overall GPA of 2.50 and a BIO GPA of 2.50.
Repeatable for Credit.

SCB 102. Humans and the Environment. 3 Credits.
The effects of human population on earth’s resources are studied against a background of physical, biological, and health sciences. Note: Students completing SCB 102 may not take ESS 102 or ENV 102 for credit. May not be taken as biology major elective.
Gen Ed Attribute: Interdisciplinary Requirement.
Typically offered in Fall & Spring.
Cross listed courses SCB 102, ENV 102, ESS 102.

SCB 210. The Origin of Life and the Universe. 3 Credits.
An interdisciplinary course that presents the theory and evidence for the first three minutes of the universe and formation of the stars, galaxies, planets, organic molecules, and the genetic basis of organic evolution. May not be taken as a biology major elective.
Gen Ed Attribute: Interdisciplinary Requirement.
Typically offered in Fall.

SCB 350. Science Education in Secondary School. 3 Credits.
A methods course emphasizing knowledge of curricular development and skill in planning, involving the design and execution of learning activities for all instructional modes.
Pre / Co requisites: SCB 350 requires prerequisites of EDS 306 and formal admission into teacher education.
Typically offered in Fall & Spring.

Accelerated B.S. in Biology to M.S. in Biology Program

To be considered for the accelerated program and enroll in BIO 608 (Thesis Research I), students must have attained (completed) 75 credits with a minimum of 18 biology credits. Students must have a minimum cumulative GPA of 3.00 including a minimum GPA of 3.00 for biology courses. BIO 608 requires departmental permission to enroll; students must arrange a committee meeting prior to enrolling in BIO 608 (e.g., during their third year). The accelerated program in biology is open only to thesis students. Any student wishing to switch out of the thesis option will be required to complete all requirements of the B.S. degree. Once admitted to the graduate program, graduate policies apply, including minimum GPA (3.00). See the Graduate Catalog for further details.

Students in the M.S. Biology program are required to take 21 credits of electives from the following three categories, 12 credits of which will be used to satisfy the B.S. program.

An average of 16 semester hours per semester must be completed to enter the Medical Laboratory Science training in the fourth year. If a student follows the proposed outline of courses, a total of 94 semester hours will be earned at WCU. The additional 26 semester hours necessary for graduation will be earned at the affiliated hospital.

### MINOR IN BIOLOGY

**College of the Sciences and Mathematics**

**Required Prerequisite**

These courses are prerequisites. The course selected to fulfill this requirement must be completed before admission to the minor.

Select one:

- BIO 100 Basic Biological Science
- BIO 110 General Biology

**Required Courses**

18 credits at the 200-level or higher. At least three credits must be in addition to the biology courses required by the student’s major.

| Total Minimum Credits Required | 21 |

1. BIO 100 must be passed with a grade of A or A-.
2. BIO 110 must be passed with a C- or better.
3. A grade of C- or better is required in all courses, however to graduate with a minor in Biology students must maintain a GPA of 2.00 in the minor courses.

### DEPARTMENT OF CHEMISTRY

**College of the Sciences and Mathematics**

(See also Pre-Medical Program (p. 430))

119 Schmucker Science South
610-436-2631

Department of Chemistry [http://www.wcupa.edu/chemistry](http://www.wcupa.edu/chemistry)
Melissa Cichowicz (mcichowicz@wcupa.edu), Chairperson
Tim Starn (tstarn@wcupa.edu), Assistant Chairperson

The Department of Chemistry has been approved by the American Chemical Society’s Committee on Professional Training since 1972. Graduates of the B.S. in Chemistry program and the B.S. in Biochemistry program who meet the necessary standards receive ACS certification. Graduates of the B.S. in Forensic and Toxicological Chemistry receive FEPAC certification.

The Department of Chemistry offers five undergraduate degree programs:

- **The B.S. in Chemistry program** (approved by the American Chemical Society [ACS]) provides a rigorous scientific foundation in all major areas of chemistry. This degree prepares the graduate for a career in a wide variety of chemically related areas including the chemical, petroleum, environmental, and pharmaceutical sectors. In addition, it serves as a basis for graduate and professional study leading to higher level industrial positions, teaching at the college level, or involvement in technical aspects of related fields such as law.

- **The B.S. in Biochemistry program** (approved by the American Chemical Society [ACS]) provides a comprehensive background in the major areas of chemistry with an emphasis in biochemistry. Students awarded this degree will be qualified for employment opportunities in chemistry and biochemistry. The program also prepares students for graduate study in chemistry and in biochemistry. This program has been placed in moratorium and is no longer accepting new students.

- **The B.S. in Chemistry–Biology program** provides the core courses required for admission to schools of medicine, dentistry, and veterinary medicine as well as schools of optometry, podiatry, chiropractic, and physical therapy. It also enables the student to pursue a career in biochemistry, molecular biology, and medicinal chemistry.

- **The B.S. in Forensic and Toxicological Chemistry program** (accredited by Forensic Science Education Programs Accreditation Commission [FEPAC]) prepares students for careers in criminalistics and toxicology. The program also serves as a basis for
graduate study and specialization in these fields. A one–semester internship in a toxicology or forensic-chemistry laboratory is required for this program. Only those students who successfully complete the internship interview and pass the safety exam will obtain this internship. (A background check and additional site-specific requirements may also be necessary.)

- The B.S. in Education in Chemistry program prepares students for a career in teaching chemistry in secondary schools. The program gives students experience in the major branches of chemistry so that, with proper selection of electives, graduate work in either pure chemistry, chemistry education, or education can be pursued. Sufficient flexibility is provided so that students also may become certified in general science. This program requires 127 credits for completion. See the Educator Preparation Programs (p. 260) section of this catalog for an explanation of related requirements.

majors in the five B.S. programs should consult the Department of Chemistry handbook and their advisor for current requirements, particularly regarding internships. A grade of C- or better is necessary in all required science and mathematics courses.

Undergraduate Research and Internship Programs

Although internships are not a mandatory part of all chemistry programs, they are available to majors on a selective basis. Students receive varying amounts of credit based on the number of hours spent in a work situation and on the nature of the academic work during the internship or research. Credit varies from one to 12 credits. The number of research or internship credits taken may be limited by the department.

Policies

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic–policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review department handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

Courses

CHE

CHE 100. Concepts of Chemistry. 3 Credits.
LEC (2), LAB (1)
A broad survey course with a laboratory experience that seeks to develop an understanding of the field of chemistry through inquiry. Basic competence in scientific methods and procedures will be obtained by observing chemical reactions and studying the chemical and physical properties of a variety of compounds.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall.

CHE 101. Fundamentals of Chemistry. 3 Credits.
A mathematically oriented course for students who intend later to take CHE 103 but whose science and mathematics backgrounds are judged by a pretest to need remediation.
Typically offered in Fall.

CHE 103. General Chemistry I. 3 Credits.
Basic laws and theories of chemistry, including atomic structure, chemical bonding, oxidation-reduction, solutions, and ionic equilibria. Correlations of chemical principles and their application to modern descriptive chemistry. CHE 103 must precede CHE 104.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.
CHE 104. General Chemistry II. 3 Credits.
Basic laws and theories of chemistry, including atomic structure, chemical bonding, oxidation-reduction, solutions, and ionic equilibria. Correlations of chemical principles and their application to modern descriptive chemistry.
Pre / Co requisites: CHE 104 requires prerequisite of CHE 103.
Typically offered in Fall & Spring.

CHE 107. General Chemistry for Allied Health Sciences. 4 Credits.
A one-semester treatment of the fundamentals of chemistry, including atomic structure and bonding, types of reactions, kinetics, equilibrium, and thermodynamics. May not be taken as a chemistry major elective. CRL 107 may be taken concurrently or after CHE 107.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

CHE 160. The Chemistry of Beer. 3 Credits.
An introduction to the chemistry of beer, including its properties, ingredients, production, and origins. The chemistry and biochemistry of alcohol will also be covered.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

CHE 199. Transfer Credits. 1-10 Credits.
Transfer Credits. Repeatable for Credit.

CHE 230. Introduction to Organic and Biological Chemistry. 3 Credits.
A terminal course in fundamentals of organic chemistry. Structural theory of organic molecules, organic synthesis, and biological applications. May not be taken as a chemistry major or minor elective.
Pre / Co requisites: CHE 230 requires prerequisite of CHE 104 or CHE 107 with a C- or better.
Typically offered in Fall & Spring.

CHE 231. Organic Chemistry I. 4 Credits.
A unified conceptual introduction to organic molecular structure. Topics discussed will include structure of the atom, orbital and molecular bonding theory, nomenclature of classes of molecules, elementary molecular orbital theory, stereoisomerism, nucleophilic substitution, elimination, resonance, and acid-base concepts. These concepts will be applied to the chemistry of hydrocarbons, alkyl halides, alcohols, and simple systems.
Pre / Co requisites: CHE 231 requires prerequisite of CHE 104.
Typically offered in Fall & Spring.

CHE 232. Organic Chemistry II. 3 Credits.
A survey of the classes of organic reaction from a mechanistic deductive approach. Topic will include nucleophilic and electrophilic substitution, reaction of carbonyl compounds, elimination, aromatic substitution, molecular rearrangements, oxidation reduction reactions, carbonation and amine chemistry. These reactions are applied to the remaining classes of organic compounds not covered in Organic Chemistry I.
Pre / Co requisites: CHE 232 requires prerequisite of CHE 231.
Typically offered in Fall & Spring.

CHE 271. Forensic Chemistry I. 3 Credits.
This course is a precursor to CHE 371 and its purpose is to introduce students to forensic science and its various disciplines. Students will also discuss professional practices and ethical expectations of a forensic scientist. The course content is designed for chemistry and physical chemistry majors with special emphasis on developing foundational scientific writing skills needed for upper level courses.
Pre / Co requisites: CHE 271 requires prerequisites of CHE 104 and BIO 110.
Consent: Permission of the Department required to add.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Spring.

CHE 310. Introductory Biochemistry. 3 Credits.
The chemical nature of biological phenomena is presented. Particular emphasis is placed on the metabolic pathways and the enzymes responsible for these processes with applications to nutrition. May not be taken as a chemistry major or minor elective.
Pre / Co requisites: CHE 310 requires prerequisite of CHE 230 or CHE 231.
Typically offered in Fall & Spring.

CHE 321. Analytical Chemistry I. 3 Credits.
Pre / Co requisites: CHE 321 requires prerequisite of CHE 104.
Typically offered in Fall & Spring.

CHE 333. Advanced Organic Chemistry. 3 Credits.
An advanced mechanistic study of organic compounds, functional groups, and their reactions. Spectroscopic characterization of organic molecules will also be covered.
Pre / Co requisites: CHE 333 requires prerequisite of CHE 232.
Typically offered in Fall.

CHE 341. Physical Chemistry I. 4 Credits.
An introduction to physical chemistry including ideal gases, kinetic theory, three laws of thermodynamics, introduction to phase equilibrium, chemical equilibrium, application of the fundamental equation of thermodynamics, transport phenomena, chemical kinetics, introductory spectroscopy, x-ray diffraction, and the structure of solids.
Pre / Co requisites: CHE 341 requires prerequisites of CHE 103 or CHE 105 and CHE 104 or CHE 106 and MAT 161 and MAT 162.
Typically offered in Fall & Spring.

CHE 342. Physical Chemistry II. 3 Credits.
Advanced thermodynamics including nonideal gases, nonideal systems, and thermodynamics at surfaces; introduction to statistical mechanics; quantum chemistry; advanced chemical kinetics, including kinetics near equilibrium, catalytic kinetics, and activated complex theory; and dynamic electrochemistry.
Pre / Co requisites: CHE 342 requires prerequisites of CHE 104 or CHE 341 and MAT 161 and MAT 162 and PHY 170 and PHY 180.
Typically offered in Spring.

CHE 371. Forensic Chemistry II. 3 Credits.
The course provides upper level undergraduate chemistry students basic and advanced concepts of forensic science. The course content is designed to provide a foundational understanding of the chemistry of materials routinely encountered as evidence in a forensic lab and the techniques used to analyze them. Those students taking the lab course associated with this lecture course will practice the principles learnt in this course.
Pre / Co requisites: CHE 371 requires prerequisites of CHE 232 and CHE 321.
Typically offered in Fall.

CHE 403. Chemistry of the Environment. 3 Credits.
The chemistry of the atmosphere, hydrosphere, and biosphere; man’s impact on these areas. May also be offered with lab.
Pre / Co requisites: CHE 403 requires prerequisite of CHE 104.
Typically offered in Spring.

CHE 410. Advanced Independent Study or Research. 2-6 Credits.
Taken under the direct supervision of a faculty member. May be taken for two semesters for a total of six credits.
Typically offered in Fall & Spring.
Repeatable for Credit.

CHE 411. Advanced Inorganic Chemistry. 3 Credits.
Structure and properties of the elements and inorganic compounds from a theoretical point of view. Atomic structure and the periodic law; molecular structure and bonding, including symmetry and MO theory; structure, bonding, and reactivity of transition-element compounds and main group compounds; acid-base chemistry.
Pre / Co requisites: CHE 411 requires prerequisite of CHE 341.
Typically offered in Spring.

CHE 418. Chemical Information. 1 Credit.
Instruction in the use of a modern chemical library, reference and data acquisition, synthetic procedures, and computer data bases.
Pre / Co requisites: CHE 418 requires prerequisite of CHE 231.
Typically offered in Fall.

CHE 424. Advanced Analytical Chemistry. 3 Credits.
Basic principles of applied instrumental analysis. Special emphasis on the use of spectrophotometric and electroanalytical instrumentation.
Pre / Co requisites: CHE 424 requires prerequisites of CHE 321 and CHE 341 and co-requisite of CHE 342.
Typically offered in Spring.

CHE 433. Advanced Topics in Chemistry. 3 Credits.
A topic of current interest in chemistry. Topic to be announced before registration.
Pre / Co requisites: CHE 433 requires prerequisite of CHE 341.
Typically offered in Fall & Spring.
Repeatable for Credit.
CHE 436. Polymer Chemistry. 3 Credits.

CHE 450. Internship in Chemistry. 1-12 Credits.
A full- or part-time work-study appointment in a hospital, or a commercial, governmental, or industrial laboratory supervised jointly by an on-site supervisor and Department of Chemistry faculty member. Typically offered in Fall & Spring. Repeatable for Credit.

CHE 451. Internship in Forensic Chemistry. 1-12 Credits.
This course gives the student exposure to and hands-on experience in the field of biomedical research. Intended to be a full-time appointment in a hospital, medical school, or research institute, it may be modified to be part-time to better meet a student’s needs. Supervised jointly by an on-site supervisor and a Department of Chemistry faculty member. The analytical methodology in the laboratory will include techniques applicable to bio-medical research. Consent: Permission of the Department required to add. Typically offered in Fall & Spring.

CHE 452. Internship in Chemistry-Biology. 6-12 Credits.
A full- or part-time work-study appointment in a clinical, commercial, governmental, or industrial laboratory supervised jointly by an on-site supervisor and a Department of Chemistry faculty member. The analytical methodology in the laboratory will include techniques applicable to forensic toxicology and/or criminalistics. Pre / Co requisites: CHE 452 requires prerequisites of CHE 232 and CHE 471 and BIO 357. Consent: Permission of the Department required to add. Typically offered in Fall & Spring. Repeatable for Credit.

CHE 460. Advanced Organic Spectroscopy. 3 Credits.
An advanced course in organic spectroscopy dealing with IR, NMR, and MS techniques. Other techniques also may be covered. Pre / Co requisites: CHE 460 requires prerequisites of CHE 232 and CHE 341 or CHE 345. Typically offered in Spring.

CHE 465. Forensic Microscopy. 3 Credits.
A lecture and practical study of the various microscopic techniques used to analyze various materials relevant to forensic investigations. Topics covered in the course include the properties of light and applications of stereomicroscopy, light microscopy, polarized light microscopy, microchemical tests, scanning electron microscopy and instrumental microscopy. Pre / Co requisites: CHE 465 requires prerequisite CHE 371 and CRL 371. Typically offered in Spring.

CHE 476. Biochemistry I. 3 Credits.
This course examines the physical and chemical characteristics of proteins, carbohydrates, lipids, and nucleic acids. The bioenergetics of carbohydrate and fat metabolism and the enzymatic control of these processes is a focal point. The bioenergetics of carbohydrate and fat metabolism and the enzymatic control of these processes is a focal point. Nucleic acids in protein synthesis is also covered. Pre / Co requisites: CHE 476 requires prerequisite of CHE 232. Typically offered in Fall & Spring.

CHE 477. Biochemistry II. 3 Credits.
This course is an extension of CHE 476 and considers the biosynthesis and degradation of proteins, carbohydrates, lipids, and nucleic acids. The primary focus is on the interrelationship of these molecules and the pathways involving their metabolism. Pre / Co requisites: CHE 477 requires prerequisites of CHE 345 and CHE 476. Typically offered in Spring.

CHE 479. Chemical Toxicology. 3 Credits.
A one-semester course in the environmental and physiological aspects of chemical toxicity. Special emphasis will be placed on documentation, sampling, and verification of materials. Pre / Co requisites: CHE 479 requires a prerequisite of CHE 252. Typically offered in Spring.

CHE 480. Research in Chemistry. 2-6 Credits.
The student carries out an independent chemical research project under the direction of a faculty member. The faculty member assigns the research topic and background literature readings and works closely with the student in the research laboratory giving instruction in laboratory techniques. The student may be required to write a final research report. Typically offered in Fall & Spring. Repeatable for Credit.

CHE 491. Seminar in Chemistry. 1 Credit.
Oral and poster presentation of papers based on laboratory or library research. Consent: Permission of the Department required to add. Typically offered in Fall & Spring.

CRL 103. Experimental General Chemistry I (LAB). 1 Credit.
Basic laboratory studies in college chemistry utilizing the quantitative approach. Semimicro qualitative analysis and inorganic preparations. Pre / Co requisites: CRL 103 requires prerequisite or co-requisite CHE 103. Typically offered in Fall & Spring.

CRL 104. Experimental General Chemistry II (LAB). 1 Credit.
Basic laboratory studies in college chemistry utilizing the quantitative approach. Semimicro qualitative analysis and inorganic preparations. Pre / Co requisites: CRL 104 requires a prerequisite of CRL 103 and a prerequisite/corequisite of CHE 104. Typically offered in Fall & Spring.

CRL 107. General Chemistry Lab for Allied Health Services. 1 Credit.
A one-semester laboratory course to complement CHE 107. Basic laboratory techniques, both qualitative and quantitative, will be used to illustrate principles from the lecture. CHE 107 must be taken concurrently or before CRL 107. Pre / Co requisites: CRL 107 requires co-requisite of CHE 107. Typically offered in Fall & Spring.

CRL 230. Introduction to Organic and Biological Chemistry Laboratory. 1 Credit.
A laboratory course to allow students in the environmental health program to gain hands-on experience with the topics and techniques of organic and biochemistry as they apply to the environmental health major. Pre / Co requisites: CRL 230 requires a prerequisite or co-requisite of CRL 230. Typically offered in Spring.

CRL 231. Experimental Organic Chemistry I Lab. 2 Credits.
Basic laboratory skills in organic chemistry including classical as well as instrumental techniques. Organic synthesis and modern spectrophotometric methods of identification. Pre / Co requisites: CRL 231 requires prerequisite of CRL 104 or CRL 106. Typically offered in Fall & Spring.

CRL 232. Experimental Organic Chemistry II Lab. 2 Credits.
Basic laboratory skills in organic chemistry including classical as well as instrumental techniques. Organic synthesis and modern spectrophotometric methods of identification. Pre / Co requisites: CRL 232 requires co-requisite of CHE 232. Typically offered in Fall & Spring.

CRL 321. Analytical Chemistry I Lab. 2 Credits.
Practical experience in modern techniques of chemical analysis with emphasis on volumetric and gravimetric methods. Pre / Co requisites: CRL 321 requires co-requisite of CHE 321. Typically offered in Fall & Spring.

CRL 341. Experimental Physical Chemistry Lab. 2 Credits.
Laboratory course in physical chemistry including computer applications, thermodynamics, chemical kinetics, structure, and spectroscopy. Pre / Co requisites: CRL 341 requires prerequisites of CHE 103 and CHE 104 and MAT 161 and MAT 162 and PHY 170 and co-requisites of CHE 341 and PHY 180. Typically offered in Fall.

CRL 342. Experimental Physical Chemistry II Lab. 2 Credits.
Experiments and projects in advanced physical chemistry. Pre / Co requisites: CRL 342 requires prerequisite of CRL 341 and co-requisite of CHE 342. Typically offered in Fall.
CRL 371. Forensic Chemistry Lab. 2 Credits.
Principles of microscopy, screening methods, and instrumental methods of chemical analysis applied to criminalistics and toxicological samples.
Pre / Co requisites: CRL 371 requires co-requisite of CHE 371.
Typically offered in Fall.

CRL 411. Inorganic Syntheses. 2 Credits.
A four-hour laboratory course in the synthesis and characterization of inorganic compounds of the main group and the transition elements.
Pre / Co requisites: CRL 411 requires prerequisite of CHE 409 or CHE 411 and co-requisite of CHE 341.
Typically offered in Spring.

CRL 424. Analytical Chemistry II Lab. 2 Credits.
Practical experience in the choice and application of instrumental methods of analysis to chemical systems.
Pre / Co requisites: CRL 424 requires prerequisite or co-requisite of CHE 424.
Typically offered in Spring.

CRL 436. Polymer Chemistry Lab. 2 Credits.
Synthesis of polymers; molecular, physical, and thermal characterization of polymers. Instrumental methods include x-rays, IR, electron microscopy, and thermal analysis.
Pre / Co requisites: CRL 436 requires co-requisite of CHE 436.

CRL 476. Experimental Biochemistry I Lab. 2 Credits.
Laboratory exercises in the fundamentals of biochemistry.
Pre / Co requisites: CRL 476 requires co-requisite of CHE 476.
Typically offered in Fall & Spring.

CRL 477. Experimental Biochemistry II Lab. 2 Credits.
A second-semester laboratory course in biochemistry that stresses the use of advanced analytical instruments to characterize biologically important molecules and to elucidate their mechanism of action.
Pre / Co requisites: CRL 477 requires prerequisites of CHE 476 and CRL 476.
Typically offered in Spring.

SCI

SCI 102. Electricity With Physical And Bio Applic. 3 Credits.
An exploration of the physics of electrical circuits, the chemical basis of electricity as the flow of electrons, acid-base and oxidation-reduction reactions in chemical and in living systems, the electrical activity in the human nervous system, and connections between electricity and sensation and locomotion in humans.
Pre / Co requisites: SCI 102 requirement - Education majors only.
Typically offered in Fall & Spring.

MINOR IN CHEMISTRY

College of the Sciences and Mathematics

The Department of Chemistry offers a minor in chemistry. The requirements are as follows:

**Required Courses**
- CHE 231  Organic Chemistry I  4
- CHE 232  Organic Chemistry II  3
- CRL 231  Experimental Organic Chemistry I Lab  2
- CHE 321  Analytical Chemistry I  3
- CRL 321  Analytical Chemistry I Lab  2

Three credits of 300-level or higher chemistry elective(s)  3

**Prerequisites**
- CHE 103  General Chemistry I
- CHE 104  General Chemistry II
- CRL 103  Experimental General Chemistry I (LAB)
- CRL 104  Experimental General Chemistry II (LAB)

GPA of at least a 2.00 in the minor.

Interview with the Department of Chemistry minor adviser or chair at least once a semester.

Total Credits  17

---

1. Each of these courses must be passed with a grade of C- or better.
2. These electives must be chemistry courses (CHE) that satisfy the chemistry requirements of the ACS chemistry major program.

**DEPARTMENT OF COMMUNICATION SCIENCES AND DISORDERS**

College of Health Sciences

201 Carter Drive
610-436-3401
Department of Communication Sciences and Disorders (http://www.wcupa.edu/communicationSciencesDisorders)

---

Cheryl D. Gunter (cgunter@wcupa.edu), Chairperson

The Department of Communication Sciences and Disorders offers a program leading to a B.A. in Communicative Disorders. It is a pre-professional program that provides students with basic knowledge of human communication and communication disorders in preparation for graduate study in audiology, speech-language pathology, speech and hearing science, or related health science or communication fields.

Students will be provided with the opportunity to complete the undergraduate preparation that is applicable to the requirements for the Certificate of Clinical Competence (CCC) from the American Speech-Language–Hearing Association (ASHA).

The department operates a Speech and Hearing Clinic that serves as a teaching and training facility for the academic program. The clinic provides diagnostic and therapeutic services for children and adults with speech, language, and hearing problems. These services are available to individuals from the University as well as from the surrounding communities.

**Major in Communication Sciences and Disorders**

- B.A. in Communication Sciences and Disorders (p. 213)

**Graduate Opportunities**

See the graduate catalog for more information on the Communication Sciences and Disorders program. (http://catalog.wcupa.edu/graduate/health-sciences/communication-sciences-disorders)

---

**Policies**

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

---

**Academic Policies**

- **Restrictive Major Requirement**
  - To remain in the major or to transfer into the major, students must complete the following prerequisite courses with a cumulative GPA of at least a 3.0 and a minimum grade of C or better in each course: ENG 230/LIN 230; any MAT, 100 or above; CSD 101, CSD 106, CSD 203, CSD 207; any 100-level WRT, and any 200-level WRT. MAT 121 does not count toward the general education requirements of this major. Students may not use more than a total of three repeats across the CSD courses to satisfy restrictive major requirement (CSD 101, CSD 106, CSD 203, and CSD 207).

- **Letter Grade Requirement**
  - Grades of C–, D, or F earned in major (CSD) courses must be raised to C or better. A major course in which a student earns a grade of C–, D, or F must be repeated the next time the course is offered (provided space availability exists). If a student earns less than a C in a major course that is a prerequisite for a more advanced course, the student will not be permitted to enroll in the advanced one until the prerequisite course is repeated with a grade of C or better.

- **GPA Requirement**
  - A minimum 2.5 cumulative GPA and 2.5 GPA in the major courses are required for all communicative disorders majors to complete the degree program.

Courses

CSD

CSD 101. Introduction to Communicative Disorders. 3 Credits.
An introductory survey of normal processes and disorders of speech, language, and hearing. Suitable for nonmajors.
Distance education offering may be available.

CSD 106. Anatomy of Speech and Hearing Mechanisms. 3 Credits.
A study of the anatomy and physiology of structures and systems associated with the speech and hearing mechanisms.
Pre / Co requisites: CSD 106 requires prerequisite of CSD 101.
Distance education offering may be available.
Typically offered in Fall & Spring.

CSD 110. American Sign Language I. 3 Credits.
This is the first in a sequence of 4 American Sign Language courses. Students in this course will develop a fundamental vocabulary and understanding of American Sign Language. You will recognize, comprehend, apply and demonstrate culturally appropriate linguistic behaviors (vocabulary selection, grammar usage, turn-taking skills, feedback signals, eye-gaze, etc.) in order to communicate with other students and signers. In addition, information will be provided about deaf culture, general impact, barriers and opportunities related to hearing loss and Deaf Gain.
Typically offered in Fall & Spring.
Cross listed courses CSD 110, KIN 110.

CSD 111. American Sign Language II. 3 Credits.
This is the second of 4 courses in the ASL foreign language option. In this course students will increase communication skills; develop conversational skills in ASL. The students in this course will also continue to expand their knowledge of Deaf culture by being provided with a better understanding of cultural values and behavioral roles of the Deaf community on the U.S. This course includes receptive and expressive activities, sign vocabulary, grammatical structure, receptive and expressive finger spelling, and facial expressions and body language.
Pre / Co requisites: CSD 111 requires prerequisite of CSD 110.
Cross listed courses CSD 111, KIN 111.

CSD 163. Seminar I in Communicative Disorders. 0.5 Credits.
The seminar is designed to help integrate experiential and theoretical information. The seminar will focus on career/professional awareness, orientation to the department, and individual studies.
Distance education offering may be available.

CSD 166. Seminar II in Communicative Disorders. 0.5 Credits.
The seminar is designed to help integrate experiential and theoretical information. The seminar will focus on personal adjustment, assertiveness, and active listening.
Pre / Co requisites: CSD 166 requirement - Majors only.
Distance education offering may be available.

CSD 203. Speech and Hearing Science. 3 Credits.
This course presents students with the fundamental knowledge of acoustics related to speech production and speech perception. It also provides an opportunity for students to engage in laboratory experiences related to acoustic and psychoacoustic measurement.
Pre / Co requisites: CSD 203 prerequisite requires CSD 101 with a “C” or better.
Distance education offering may be available.

CSD 204. Speech and Language Development. 3 Credits.
Examination of normal communication development: biological, cognitive, social, and ecological bases of language. Developmental milestones from prelinguistic communication to oral language and literacy. Normal variations in development associated with cultural diversity and bilingualism.
Pre / Co requisites: CSD 204 requires prerequisites of CSD 101 with a grade of “C” or better and ENG 230 or LIN 230.
Gen Ed Attribute: Writing Emphasis.
Distance education offering may be available.

CSD 207. Introduction to Phonetics. 3 Credits.
Introduction to the International Phonetic Alphabet and its use in transcribing normal and disordered speech. Emphasis is placed on broad and narrow transcription skills.
Pre / Co requisites: CSD 207 requires prerequisite of CSD 101 with a C or better.

CSD 208. Neurology of Speech & Hearing. 3 Credits.
A study of neuroanatomy and neurophysiology of the speech and hearing mechanism.
Pre / Co requisites: CSD 208 requires prerequisites of CSD 101 and CSD 106.
Distance education offering may be available.

CSD 210. Intermediate American Sign Language I. 3 Credits.
This course is the third in a sequence of 4 ASL courses. In this class you will build on what was learned in KIN/SPP 110 11, continuing to emphasize the development of proper ASL grammar, syntax and vocabulary with emphasis on conversation and narration/storytelling. Vocabulary-building and mastery of grammar will be through rigorous receptive and expressive language activities. Topics discussed in ASL include the location and description of items in rooms and buildings, complaints, making suggestions, and making requests. Exposure to and knowledge of deaf culture is an integral part of the course.
Pre / Co requisites: CSD 210 requires a prerequisite of CSD 111 or KIN 111.
Cross listed courses KIN 210, CSD 210.

CSD 211. Intermediate American Sign Language II. 3 Credits.
This is the final of a 4 course sequence in ASL. This course provides students with opportunities to expand their sign production and comprehension skills in ASL. Students continue to expand their awareness of ASL conventions, grammar and vocabulary, including an extensive review of topical signs and idioms. Students develop a greater competency in their receptive understanding of connected ASL discourse and in their expression of extended ideas, concepts, and stories in ASL. Their expressive competency in discussion of ideas includes an expression of their understanding of deaf culture. Students continue the growth of their technical awareness of Deaf culture and ASL linguistics.
Pre / Co requisites: CSD 211 requires a prerequisite of CSD 211 or KIN 211.
Cross listed courses CSD 211, KIN 211.

CSD 240. Development and Disorders of Language. 3 Credits.
An examination of normal language development and its psycholinguistic, neurological, and social dimensions. Special education considerations for children with language disorders.
CSD 101 is recommended. Suitable for non majors.

CSD 266. Seminar III in Communicative Disorders. 0.5 Credits.
The seminar is designed to help integrate experimental and theoretical information. The seminar will focus on implications of disabilities and on cultural diversity.
Pre / Co requisites: CSD 266 requirement - Majors only.
Distance education offering may be available.
CSD 329. Speech & Voice Disorders. 3 Credits.
The symptomatology, etiology, assessment, and treatment of communicative disorders associated with speech and voice.
Pre / Co requisites: CSD 329 requires prerequisites of CSD 101, CSD 106, CSD 203, CSD 204, and CSD 207.

CSD 333. Language Disorders. 3 Credits.
Clinical management issues associated with developmental and acquired language disorders in children and adults. Linguistic patterns observed in the performance of individuals with various etiological conditions (e.g., mental retardation, autism, hearing loss, neurological impairment, craniofacial anomalies, learning disability). Factors indicating risk for and maintenance of language disorders. Protocols for evaluation and treatment indicated by developmental theories, processing models, and sensitivity to normal variations among culturally diverse populations.
Pre / Co requisites: CSD 333 requires prerequisite of CSD 204.
Consent: Permission of the Department required to add.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

CSD 346. Hearing Disorders. 3 Credits.
An introduction to audiology and its relationship to other medical and educational fields concerned with hearing impairments. Developmental, medical, social, physical, and psychological properties of hearing and sound are explored. Evaluative techniques are introduced with opportunity for limited practical experience.
Pre / Co requisites: CSD 346 requires prerequisites of CSD 106 and CSD 203 (Majors only)

CSD 348. Hearing Disorders Laboratory. 1 Credit.
Laboratory experience to become familiar with most common hearing testing and remediation equipment.

CSD 350. Clinical Principles in Communicative Disorders. 3 Credits.
A study of evaluative and therapeutic materials and methods applicable to the professional setting.
Pre / Co requisites: CSD 350 requires prerequisites of CSD 329 and CSD 333.
Gen Ed Attribute: Writing Emphasis.

CSD 363. Seminar IV in Communicative Disorders. 0.5 Credits.
The seminar is designed to help integrate experiential and theoretical information, focusing on principles and applications of counseling.
Distance education offering may be available.

CSD 366. Seminar V in Communicative Disorders. 0.5 Credits.
The seminar is designed to help integrate experiential and theoretical information, focusing on professional resources and the legal, ethical, and political responsibilities of the professional.
Pre / Co requisites: CSD 366 requirement - Majors only.
Distance education offering may be available.

CSD 410. Independent Study. 1-3 Credits.
Research, creative projects, reports, and readings in speech pathology and audiology. Application must be made to advisers by students one semester in advance of registration. Consent: Permission of the Department required to add. Repeatable for Credit.

CSD 463. Seminar VI in Communicative Disorders. 0.5 Credits.
The seminar is designed to help integrate experiential and theoretical information, focusing on employment opportunities and graduate education.
Distance education offering may be available.

CSD 498. Workshop in Communicative Disorders. 3 Credits.
Contact department for more information about this course. Repeatable for Credit.

DEPARTMENT OF COMMUNICATION STUDIES

College of Arts and Humanities
512 Main Hall
610-436-2500
Department of Communication Studies (http://www.wcupa.edu/communicationStudies)
Denise Polk (dpolk@wcupa.edu), Chairperson

The B.A. in Communication Studies provides students with a comprehensive examination of the theory and practice of communication as it is spoken, written, and created for mediated audiences. At the heart of the program is the focus on oral communication as the core of a liberal arts education that can be applied to a number of career professions. This program also will prepare students for postgraduate study.

Students can study communication as a generalized degree, or they can choose to take courses in one of three areas of specialization: interpersonal and intercultural communication; mass media and public relations; or rhetoric and public communication.
Majors are expected to meet with their advisors to plan a course of study, to select courses prior to scheduling, to discuss career opportunities, and to keep abreast of departmental co-curricular activities. Students are provided with handbooks to inform them of requirements for each program in the department. Students who wish to transfer into the communication studies program must meet “Program Admission Requirements” described in the “Policies (p. 214)” section.

**Departmental Student Activities**

The Forensic Team (speech and debate), the radio station, the TV Club, Students in Communication, Public Relations Student Society of America (PRSSA), and Lambda Pi Eta are student organizations that involve department faculty and resources. The activities of these organizations are open to all students. For more information see the “Student Affairs (http://catalog.wcupa.edu/undergraduate/student-affairs)” section.

**Department Internships**

Internships are available for academic credit for highly motivated and academically successful students who meet the department’s requirements. The department encourages students to take internships to enhance their academic studies with work experience in a professional organization. Students have been placed in offices of congressmen, radio and television stations, and local industries. Students and their placements are screened to assure mutual satisfaction for all parties involved. For details, students should check with the department’s internship coordinator and/or the department’s website: www.wcupa.edu/communicationStudies.

**Policies**

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

**Internal Transfer Admission Requirements (B.A. and Minor Programs)**

Applicants who have completed the prerequisite core (COM 219, COM 224, and SPK 208) will be ranked by grade point average in the core. Selection for admission will be based on these rankings at the conclusion of each semester, after grades are posted. Students who do not gain admission may reapply, but they must compete with the group of applicants in that semester.

Courses

**COM 100. Internship in Computerized Communication. 1-3 Credits.**
Internship for high school seniors to engage in a structural and supervised learning experience in computerized communication. Repeatable for Credit.

**COM 112. Communication Media Practicum. 1-3 Credits.**
This course provides students with an opportunity to gain knowledge and skill as they do work at WCU media outlets. Typically offered in Fall & Spring. Repeatable for Credit.

**COM 200. Communication Careers Planning I. 1 Credit.**
This course is designed to introduce the first of a two-phase, career-planning process. Self-assessment and exploration is provided through assigned readings, mini-lectures, reflective exercises, and small group activities. Typically offered in Fall & Spring.

**COM 201. Fundamentals of Communication Technology. 3 Credits.**
Examination of the use of computers and other technologies to create, organize, store, visualize, and present messages.

**COM 203. The Philadelphia Media Experience. 3 Credits.**
This course introduces students to the history of media professions in the Philadelphia area, exposes them to media opportunities and helps them to improve the skill set needed to obtain jobs in emerging media organizations. Typically offered in Summer. Cross listed courses COM 203, MDC 203.

**COM 204. Interpersonal Communication. 3 Credits.**
One-on-one communication to give the student a fundamental understanding of the processes and experiences of the most basic type of human communication. Typically offered in Fall & Spring.

**COM 212. Mass Communication. 3 Credits.**
A survey course designed to identify, analyze, and evaluate the pragmatic, persuasive, creative, and technical dimensions of mass media. Distance education offering may be available. Typically offered in Fall & Spring.

**COM 216. Small Group Communication. 3 Credits.**
Introduction to and practice in the structured small group. Emphasis on preparation for, analysis of, and participation in problem-solving oriented groups. COM 216 may no longer be used to fulfill a general education COM requirement. Typically offered in Fall & Spring.

**COM 217. Introduction to Video Production. 3 Credits.**
This course explores the basic television production process. Topics covered include theories of production process, camera operation, lighting, audio recording, editing, visual effects, design, and production staff, as well as the application of these processes to actual production situations. Typically offered in Fall. Cross listed courses COM 217, MDC 217.

**COM 219. Communication Theory. 3 Credits.**
A study of human communication that includes a historical view of the field, examinations of definitions of communication, analyses of the nature of theory and the process of theorizing, assessment of perspectives of communication, and construction of models of communication. Distance education offering may be available. Typically offered in Fall, Spring & Summer.

**COM 224. Communication Research. 3 Credits.**
An examination of the nature of inquiry and research in communication. Emphasis on understanding and appreciating the strengths and weaknesses of various methods of research in communication. Distance education offering may be available. Typically offered in Fall, Spring & Summer.

**COM 250. Intercultural Communication. 3 Credits.**
A study of factors that contribute to communication breakdowns between diverse cultures and between fragmented segments within the same society. Gen Ed Attribute: Diversity Requirement. Distance education offering may be available. Typically offered in Fall, Spring & Summer. Cross listed courses COM 250, MDC 250.

**COM 251. Media Technology. 3 Credits.**
This course introduces the students to key technologies used in producing digital messages, as well as professional standards applied in using these technologies. As part of the course, students will also develop basic, practical skills in using current media technology applications. Typically offered in Fall & Spring. Cross listed courses COM 251, MDC 251.

**COM 252. Writing for Broadcast and Public Relations. 3 Credits.**
Students are required to analyze, evaluate, and produce scripts for a variety of mass media formats. The course will focus on writing for radio and TV and will also emphasize public relations writing within those media. The primary course objective is to develop effective writing, critical analysis, and communication skills. This course is designed to help you improve your research and writing skills for each of these media and is geared toward students with a genuine interest in a media career. COM 316. Mediated Communication: The Internet, Culture & Society. 3 Credits.
We communicate using technology every day. In fact, our digital communication technologies are so pervasive that they seem almost invisible as most of us increasingly rely on some form of media in order to communicate with one another. Technologies such as Facebook, Twitter, SMS, e-mail, and any number of other programs have blurred the lines between interpersonal and mass communication, causing us to rethink how we understand human interaction in this new mediated world. Mediation has challenged some of the most basic assumptions of how we form relationships, both with each other and with ourselves, and how technology can be used to enhance or inhibit these relationships. This course examines the effects that digital mediated communication technologies have on our everyday lives, personal identities as well as our interpersonal, intrapersonal, and organizational relationships.

COM 323. Media Audiences. 3 Credits.
Media scholars and practitioners have long been interested in understanding and measuring ‘the audience’. Increasing levels of media convergence, fragmentation, and polarization present many new challenges for making sense of media users. The purpose of this course is to explore various assumptions of media audiences and the different methodological attempts to measure them. First, students will explore a ‘push’ media perspective by examining mass communication media effects research. Students will examine pop culture texts of today and learn more about ratings analysis. Next, students will reflect on critical responses to emergent audiences through ‘pull’ media research. Here, students will learn more about audience reception research and the many ways in which audiences experience and make sense of media technologies. Finally, students will examine how these different approaches inform the concerns, questions, methods, findings, and implications of audience research today.

MDC 350. Advanced Intercultural Communication. 3 Credits.
Intercultural communication examines communication across various areas of difference: age, race, gender, class, orientation, region. Graduate Intercultural Communication examines the relationship between communication and culture. Analysis of communication variables as they relate to the communication of difference and the ways in which difference matters in everyday intercultural communication are examined. Emphasis is placed on the influence of culture on the communication process, including differences in values, assumptions, and communication practices/roles.
Pre / Co requisites: MDC 350 requires prerequisites of SPK 208, COM 217, COM 219, and COM 224 or MDC 250 and MDC 251.
Typically offered in Fall & Spring.
Cross listed courses COM 350, MDC 350.

MDC 355. Introduction to Public Relations. 3 Credits.
An introduction to the role of the public relations practitioner in the formation of public opinion. Communications theory will be combined with specific techniques for working with the press, producing printed material, and conducting special events.
Pre / Co requisites: MDC 355 requires prerequisites of SPK 208, COM 217, COM 219, and COM 224 or MDC 250 and MDC 251.
Typically offered in Fall & Spring.
Cross listed courses COM 355, MDC 355.

MDC 360. African American Culture and Communication. 3 Credits.
African American communication explores the ways messages, verbal and non-verbal, produce, maintain, transform and repair reality for Black community members over the media and in interpersonal contexts. As such, the course explores the significance of discursive identity construction in over the media and in human interaction. We aim to develop intercultural communication competency in this subject area. We accomplish this as we examine the ways in which Black/African American identities have been discursively and socially constructed, sustained, problematized, celebrated, and enacted in media, institutional, and societal settings. The dynamic process of acquiring, managing and executing the rhetorical qualities, patterns of thinking, values, assumptions, and concepts which constitute subjective culture are explored.
Pre / Co requisites: MDC 360 requires prerequisites of SPK 208, COM 217, COM 219, and COM 224 or MDC 250 and MDC 251.
Typically offered in Fall & Spring.
Cross listed courses COM 360, MDC 360.

MDC 370. Event Production Using Media. 3 Credits.
Producing a large event requires strategic leadership to coordinate multiple stakeholders to achieve concrete goals. The media play a variety of roles in this complex production process. This course considers application of theory and research to the practical problems of envisioning and executing events on a larger scale using a variety of mediated forms in different supporting roles.
Pre / Co requisites: MDC 370 requires prerequisites of SPK 208, COM 217, COM 219, and COM 224 or MDC 250 and MDC 251.
Typically offered in Fall & Spring.
Cross listed courses COM 370, MDC 370.
MDC 420. Mass Media & Social Protest. 3 Credits.
This course will address multi-disciplinary theory and research that has contributed to our understanding of both the antecedents and consequences of mediated messages as they affect processes related to social protest. Readings will draw from mass communication, political science, sociology and other disciplines to examine questions about the role of communication media in the dynamics of social protest considering both traditional and new/emerging media.
Pre / Co requisites: MDC 420 requires prerequisites of SPK 208, COM 217, COM 219, and COM 224 or MDC 250 and MDC 251.
Typically offered in Fall, Spring & Summer.
Cross listed courses MDC 420.

MDC 421. Content Strategy. 3 Credits.
This course examines the relationship between communication and marketing on the internet, with emphasis on the strategic use of content in the marketing process. Topics include: online communication environments, audience analysis, message design, editorial plan, and the analysis of outcomes.
Pre / Co requisites: MDC 421 requires prerequisites of SPK 208, COM 217, COM 219, and COM 224 or MDC 250 and MDC 251.
Typically offered in Fall & Spring.
Cross listed courses MDC 421.

MDC 422. Consulting for Careers in Media and Culture. 3 Credits.
The goal of this course is to explore the links between abilities and perspectives refined by those who study organizational culture and the needs of modern organizations. In this course, students will explore the elements of organizational culture and apply their learning in conducting an in-depth analysis of a specific organization and with the goal of improving organizational effectiveness and creating positive organizational change.
Pre / Co requisites: MDC 422 requires prerequisites of SPK 208, COM 217, COM 219, and COM 224 or MDC 250 and MDC 251.
Typically offered in Fall & Spring.
Cross listed courses MDC 422.

MDC 423. Media Campaigns. 3 Credits.
This course examines key theories of mass media influence and applies them to the practice of persuasive media campaigns.
Pre / Co requisites: MDC 423 requires prerequisites of SPK 208, COM 217, COM 219, and COM 224 or MDC 250 and MDC 251.
Typically offered in Fall & Spring.
Cross listed courses MDC 423.

MDC 460. Communication and Advertising. 3 Credits.
This course explores the relationship between communication and advertising. Topics covered include the interconnection among advertising, media, and a range of publics, as well as the process and history of advertising, message strategies, media planning, and campaign evaluation, ethical and regulatory issues.
Pre / Co requisites: MDC 460 requires prerequisites of SPK 208, COM 217, and COM 224 or MDC 250 and MDC 251.
Typically offered in Fall & Spring.
Cross listed courses MDC 460.

MDC 470. Intercultural Communication Training. 3 Credits.
Intercultural training is an experiential activity that engages cognitive, behavioral and affective learning to help individuals to bridge cultural differences in their communication. This course teaches students the theory behind intercultural training for the workplace through the experience of workshops and through designing their own workshops. The use of media in training workshops is addressed explicitly using theory and experiential examples.
Pre / Co requisites: MDC 470 requires prerequisites of SPK 208, COM 217, COM 219, and COM 224 or MDC 250 and MDC 251.
Typically offered in Fall & Spring.
Cross listed courses MDC 470.

MDC 208. Public Speaking. 3 Credits.
Development of skills necessary to understand the theory of communication as a problem-solving tool in the community. Special emphasis is on the student's performance as a sender and receiver of messages directed at social action.
Gen Ed Attribute: Public Speaking Requirement.
Typically offered in Fall, Spring & Summer.

MDC 230. Business and Professional Speech Communication. 3 Credits.
LEC (3), LAB (0)
Practice in effective speaking and listening. Interpersonal communication in the business and professional setting, including reports and sales presentations, policy speeches, conference leadership techniques, group dynamics, and speaking.
Gen Ed Attribute: Public Speaking Requirement.
Typically offered in Fall, Spring & Summer.

Three of the required lower-division courses COM 219, COM 224 (or HON 313), and SPK 208 (or HON 211) are prerequisites for all upper division communication study courses. In addition, COM 216 is a prerequisite for COM 304. Also, SPK 208 must be taken to satisfy the general education communication requirement.

Upper-division Courses
Students will work with their advisers to select seven appropriate courses at the 300 and/or 400 level from the listing of department courses. Students can choose to take upper-division courses in one of the following three areas of specialization: interpersonal and intercultural communication; mass media and public relations; and rhetoric and public communications. COM 400 may not be used to satisfy the upper-division course requirement.

Student Electives
Course selected in consultation with adviser to meet career objectives (can include a selected minor) 21-24

Total Minimum Credits Required 120

1 Honors College majors and minors may substitute HON 313.
2 Honors College majors and minors may substitute HON 211.
Additional Notes

1. A grade of C or better must be earned in a COM or SPK course in order for it to meet a department requirement. Also, a 2.5 average or better must be earned in the aggregate of lower- and upper-division courses before graduation will be recommended.

2. To encourage B.A. in Communication Studies majors to develop communication competence that extends beyond oral communication, a grade of C or better is required in WRT 120 and the 200-level composition course (WRT 200, WRT 204, WRT 205, WRT 206, WRT 208, or WRT 220), and a grade of C- or better is required in the 202-level course in another language. If a major employs the culture cluster option to fulfill his/her language requirement, a C- or better is required in the 102 level of the language course and in each of the culture cluster courses.

3. Students who exhaust their course repeat options and have not earned a grade of C or better in all the prerequisite communication courses will be advised that they will not be able to complete the requirements for a B.A. in communication studies. The department chair will offer an exit interview and help them to identify available alternatives.

Sample Course Plan

To track their individual degree progress, students are advised to access their Degree Progress Report (DPR) via myWCU regularly. For more information, visit wcupa.edu/DegreeProgressReport.

**MINOR IN COMMUNICATION STUDIES**

**College of Arts and Humanities**

**Curriculum**

This minor may be taken as one of the minors in the bachelor of arts or bachelor of science in the liberal studies general degree program. Students who wish to minor in communication studies must first gain admission to the minor as indicated in “Program Admission Requirements,” by first completing the Prerequisite Core. Students are also required to earn a grade of C or better in WRT 120 and the 200-level composition course (WRT 200, WRT 204, WRT 205, WRT 206, WRT 208, or WRT 220).

Students can choose to take upper-division courses in one of the following three areas of specialization: interpersonal and intercultural communication, mass media and public relations, and rhetoric and public communication.

**Total Minimum Credits Required**

1. COM 400 may not be selected to meet the program requirements.
A 2.5 GPA must be achieved in the aggregate of minor courses before clearance for graduation with a minor will be granted.

DEPARTMENT OF COMPUTER SCIENCE

College of the Sciences and Mathematics

25 University Avenue, Room 150
610-436-2204
Department of Computer Science (http://www.wcupa.edu/computerScience)
James D. Fabrey (jfabe@wcupa.edu), Chairperson

The Department of Computer Science offers a program leading to the Bachelor of Science degree. Students also can select courses leading to a computer security certificate. The B.S. in computer science prepares the student for a career in the field of computer science and its applications, such as security, and/or additional study in computer science at the graduate level. Students can gain valuable on-the-job experience through an internship program with local industry or business. Normally, the computer science degree requires attendance during eight academic semesters. It is important that each student consults with his/her advisor to ensure that all requirements are being met.

Programs

Major in Computer Science
- B.S. in Computer Science (p. 226)
- B.S. in Computer Science to M.S. in Computer Science (p. 226)

Minors in Computer Science
- Computer Science (p. 227)
- Information Technology (p. 227)
- Web Technology and Applications (p. 228)

Certificate in Computer Science
- Computer Security (p. 228)

Graduate Opportunities

See the graduate catalog for more information on the Computer Science program. (http://catalog.wcupa.edu/graduate/sciences-mathematics/computer-science)

Policies
- See undergraduate admissions information. (p. 11)
Special Entrance Requirements

Students who enter WCU as freshman computer science majors should meet the following high school criteria:

- Rank in the top two-fifths of graduating class
- Pass Algebra I, Algebra II/trigonometry, geometry, and a senior-year math course
- Earn a math SAT original score of 530 (or recentered score of 550) or better
- Earn a combined SAT original score of 950 (or recentered score of 1020) or better

Minimum Grades

Minimum grades to enter WCU and to graduate: C- in CSC, MAT, and other cognate courses; 2.5 GPA in CSC courses; 2.0 GPA in MAT courses; and a grade of C- or better for both CSC 141 and CSC 142. This policy does not apply to courses that are taken as free electives. Entering majors must have completed CSC 141-CSC 142 and two of MAT 121, MAT 151, MAT 161.

Course Descriptions

CSC 110. Fundamentals in Computer Science. 3 Credits.

Introduction to the fundamentals of computing. Topics include surveys of the following sub-areas of computer science: artificial intelligence, hardware/software systems, programming languages/software, ethics/social issues, history, electronic communications, problem solving, and programming. The course includes laboratory projects in application software, programming, and electronic communication, as well as a report on one of the first four areas above.

Gen Ed Attribute: Science Distributive Requirement.

Typically offered in Fall, Spring & Summer.

CSC 115. Introduction to Computer Programming. 3 Credits.

The art and science of computing are introduced using a structured programming language, such as Visual BASIC. Topics include looping, branching, arrays, and program development.

Gen Ed Attribute: Science Distributive Requirement.

Typically offered in Fall, Spring & Summer.

CSC 141. Computer Science I. 3 Credits.

An introduction to programming using Java. Topics covered include basic program layout, primitive data types and strings, control structures (loops and decisions), methods, parameters, and text file input/output.

Gen Ed Attribute: Science Distributive Requirement.

Typically offered in Fall, Spring & Summer.

CSC 142. Computer Science II. 3 Credits.

This course introduces the design and implementation of classes and objects, arrays using primitive types and Strings, array of objects, sorting and searching through arrays, recursion, aggregate objects and an introduction to graphical User Interfaces (GUIs).

Pre / Co requisites: CSC 142 requires prerequisite of CSC 141.

Typically offered in Fall & Spring.

CSC 210. Data Structures & Algorithms. 3 Credits.

Data structures and related algorithms are studied using object-oriented programming, such as Java. Topics include data abstraction, recursion, lists, stacks, queues, linked lists, trees, hashing, searching and sorting algorithms, and the evaluation of algorithm efficiency.

Pre / Co requisites: CSC 241 requires prerequisites of CSC 240 and MAT 151, MAT 161.

Typically offered in Fall & Spring.
CSC 242. Computer Organization. 3 Credits.
This course teaches introductory topics in computer architecture and hardware design as well as the basics of assembly language. Software is provided to assemble, run, and debug assembly language programs. Additionally, a C compiler demonstrates a realistic usage of pointers, and bitwise operations of assembly language.
Pre / Co requisites: CSC 242 requires prerequisites of CSC 142 and MAT 151.
Distance education offering may be available.
Typically offered in Fall & Spring.

CSC 300. Cooperative Programming. 3 Credits.
The student works for an organization involved in the computer field. The student may do work in various areas of the discipline such as programming, networking, or customer support.
Pre / Co requisites: CSC 300 requires prerequisites of CSC 141 and CSC 142 and CSC 240 and CSC 241 and MAT 151 and MAT 161.
Typically offered in Fall, Spring & Summer.

CSC 301. Computer Security I. 3 Credits.
An introduction to Computer Security and the ethical underpinnings of security. The basic objectives of creating a secure system, attack methods and defenses are discussed.
Pre / Co requisites: CSC 301 requires a prerequisite of CSC 240.
Typically offered in Fall & Spring.

CSC 302. Computer Security II. 3 Credits.
Principles and current technological developments in computer security - a continuation of Computer Security I. Topics include: security requirements, attack models, cryptography, authentication, and system security. Students will also learn practical knowledge through hands-on lab experience.
Pre / Co requisites: CSC 302 requires successful completion of CSC 301.
Typically offered in Spring.

CSC 317. Visual Programming. 3 Credits.
Principles of visual programming. A second computer language (Visual Basic) is utilized, and a major theme, such as steganography or video games, is covered. Students must write two major projects of significant complexity.
Pre / Co requisites: CSC 317 requires a prerequisite of CSC 240.
Typically offered in Spring.

CSC 321. Data Base Management Systems. 3 Credits.
Characteristics of generalized database management systems. Surveys of different database models that are currently used. The design and implementation of a database system.
Pre / Co requisites: CSC 321 requires prerequisites of CSC 142 and CSC 241.
Typically offered in Spring.

CSC 331. Operating Systems. 3 Credits.
This course is a general survey of elements of operating systems with in-depth studies of certain features of specific operating systems. Elements of concurrent programming are studied, such as the mutual exclusion problem, semaphores, and monitors. Additionally, the following topics are covered: process scheduling and deadlock avoidance; memory management issues such as paging and segmentation; organization and protection of file systems.
Pre / Co requisites: CSC 331 requires prerequisites of CSC 220 and CSC 240 and CSC 241 and CSC 242.
Typically offered in Fall.

CSC 335. Data Communications and Networking I. 3 Credits.
An overview of the various aspects of modern data and telecommunications. Discussion of the hardware and software facets of the transmission of information in the forms of voice, data, text, and image. Topics include communication protocols, transmission technologies, analog/digital transmission, communications media, public data networks, LANS, and ISDN.
Pre / Co requisites: CSC 335 requires prerequisites of CSC 240 and CSC 241.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

CSC 336. Data Communications and Networking II. 3 Credits.
An in-depth study of various aspects of modern data communication systems. Discussion of serial port communications, network performance and design, and Internet protocols. Topics include PC serial port hardware (RS-232, UART) and software (XMODEM protocol), queuing theory, X.25, frame relay, SMDS, BISDN, ATM, TCP/IP, sockets and Internet applications.
Pre / Co requisites: CSC 336 requires prerequisite of CSC 335.
Typically offered in Fall.

CSC 345. Programming Language Concepts/Paradigms. 3 Credits.
An examination of the conceptual underpinning of programming languages and of the paradigms into which they fall. Topics will be drawn from those comprising the field of programming language such as abstraction, bindings, concurrency, design, encapsulation, history, representation, storage, and types. Programming projects will focus on languages within the functional, declarative, and object-oriented paradigms: such as Common Lisp, ML, Prolog, CLOS; rather than the familiar imperative paradigm.
Pre / Co requisites: CSC 345 requires a prerequisite of CSC 220 and CSC 241.
Typically offered in Fall.

CSC 400. Internship. 6 Credits.
The student works in the area of computer science that is his or her specialty.
Pre / Co requisites: CSC 400 requires prerequisites of CSC 141 and CSC 142 and CSC 240 and CSC 241 and MAT 151 and MAT 161.
Consent: Permission of the Department required to add.
Typically offered in Fall, Spring & Summer.

CSC 402. Software Engineering. 3 Credits.
This course explores a variety of processes for developing software, including the PSP from the Software Engineering Institute, the SEI's CMMI, and agile processes, including Extreme Programming and Scrum. A special emphasis is on how software processes can be designed to help software engineers to develop more secure code. Ethical, professional and workplace issues are also covered, as well as strategies for testing software in PSP and agile environments. Teamwork is an important element in this course, and the team work on developing a documented software process for their company.
Pre / Co requisites: CSC 402 requires prerequisite of CSC 241.
Typically offered in Fall & Spring.

CSC 416. Design/Construction Compilers. 3 Credits.
Covers the basic topics in compiler design including lexical analysis, syntax analysis, error handling, symbol tables, intermediate code generation, and some optimization. Programming assignments will build various pieces of a compiler for a small language.
Pre / Co requisites: CSC 416 requires prerequisites of CSC 220 and CSC 240 and CSC 241 and CSC 242.
Typically offered in Fall.

CSC 417. User Interfaces. 3 Credits.
This course deals with database-driven graphical user interface applications. The Model-View-Controller software paradigm is used as a guiding principle for the applications developed. The course features applications using Java-based components as well as web-based components with a modern server-side scripting language such as PHP. Most of the course work is based on developing a complex, large scale web database system with the goal of implementing this system within a web application framework.
Pre / Co requisites: CSC 417 requires prerequisites of CSC 241.
Typically offered in Spring.

CSC 481. Artificial Intelligence. 3 Credits.
Artificial Intelligence (AI) is concerned with the replication or simulation on a machine of the complex behaviors associated with intelligence. Topics will be drawn from any of those comprising the field of AI such as agent architectures, automatic truth maintenance, constraint satisfaction, expert systems, fuzzy logic, games, genetic algorithms, knowledge representation, machine learning, neural networks and connectionism, natural language processing, planning, reasoning, robotics, search, theorem proving, and vision. Projects requiring coding will focus on an AI language such as Common Lisp or Prolog.
Pre / Co requisites: CSC 481 requires prerequisites of CSC 220 and CSC 241.
Typically offered in Fall.

CSC 495. Topics in Computer Science. 3 Credits.
Topic announced at time of offering.
Consent: Permission of the Department required to add.
Typically offered in Summer. Repeatable for Credit.

All Counselor Education courses are now taught at the graduate level. Please see the Graduate Catalog for offerings (http://catalog.wcupa.edu/graduate/education-social-work/counselor-education).

## DEPARTMENT OF CRIMINAL JUSTICE

**College of Business and Public Management**

508 Business and Public Management Center
50 Sharpless Street
West Chester, PA 19383
610-436-2647
Department of Criminal Justice (http://www.wcupa.edu/criminalJustice)

Mary Brewster (mbrewst@wcupa.edu), Chairperson
Shannon Grugan (sgrugan@wcupa.edu), Assistant Chairperson

West Chester University’s Department of Criminal Justice offers a broad-based, interdisciplinary program that combines theory with application. Courses that teach applied knowledge complement a solid core curriculum of theory, philosophy, and analysis. The program is designed to fulfill the needs of four categories of students:

1. Those who desire a carefully planned four-year program of study to prepare for careers in criminal justice;
2. Students from two-year colleges who desire to continue their educations and obtain bachelor's degrees;
3. Criminal justice professionals who seek to increase their professional competencies by strengthening their educational backgrounds;
4. Those who wish to pursue master’s degrees or law degrees.

The program provides

1. a core curriculum of required courses to ensure a solid working knowledge of the major systems within the discipline;
2. a variety of elective courses that permits students to tailor their academic careers to their professional goals;
3. a venue for the development of critical analysis and communication skills; and
4. practical experience in a criminal justice setting.
These primary programmatic qualities advantageously position the successful undergraduate student for entry-level positions in criminal justice agencies or postgraduate studies. A primary feature of the program is the summer practicum served at a criminal justice agency. It is designed to give the student the opportunity to apply acquired theoretical knowledge and receive direct professional experience in the field.

**Undergraduate Goals and Objectives**

The Department of Criminal Justice strives to:

1. expose students to a solid education in the major components of the criminal justice system;
2. foster the development of ethical and moral standards;
3. provide students with the opportunity to apply their education to practical real-world experience;
4. prepare students to critically evaluate and communicate concepts of criminal justice;
5. foster and maintain mutually supportive relationships with professional criminal justice agencies; and
6. maintain and strengthen a program that is interdisciplinary and holistic in nature by providing a variety of courses that will ensure discipline diversity.

As a result, graduates will gain knowledge and skills in the following areas:

1. Content. Students will have acquired the knowledge to be able to communicate concepts of criminal justice, intelligently and authoritatively.
2. Critical thinking. Students will be able to critically evaluate issues and concepts related to criminal justice.
3. Ethical/moral development. Students will increase their awareness of ethical issues in the field and will develop skills to enhance sound ethical and moral judgments.
4. Practical experience. Students will have gained confidence, maturity, and skills from practical experience in a criminal justice setting.

**Related Student Activities**

The Criminal Justice Club (Sigma Tau Omicron) is the local chapter of the American Criminal Justice Association (Lambda Alpha Epsilon). The activities of this organization are open to all students. The Law Society is an organization also open to all students, but may be of particular interest to those students aspiring to law school.

TEAMfit is a program designed for future criminal justice practitioners that encourages students to adopt positive fitness and wellness goals before entering the difficult and sometimes stressful field of criminal justice. The TEAMfit program includes healthy and friendly activities, such as a miles competition, recruit fitness course, and weight-loss competition. The program includes fitness, nutrition and wellness education, and stress management training.

The department also houses the Nu Beta chapter of Alpha Phi Sigma, the National Criminal Justice Honor Society. Nu Beta members participate in a number of educational and social activities throughout the semester, including field trips, research presentations at regional and national conferences, and charitable events.

**Philadelphia Campus**

The B.S. in Criminal Justice has also been offered at the Philadelphia campus. At this time, new students are no longer being accepted into the program there.

Curriculums for programs offered at the alternative PASSHE Center City (http://wcupa.edu/philly) satellite campus in Philadelphia are equivalent to those found on WCU’s main campus. With state-of-the-art classrooms, the Center City location serves the needs of degree completers and/or adult learners who are balancing work and family obligations.

**Programs**

**Major in Criminal Justice**

- B.S. in Criminal Justice (p. 232)
- B.S. in Criminal Justice to M.S. in Criminal Justice Accelerated Program (p. 232)

**Minor in Criminal Justice**

**Graduate Opportunities**

See the graduate catalog for more information on the Criminal Justice program. (http://catalog.wcupa.edu/graduate/business-public-management/criminal-justice)

**Policies**

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

Courses

CRJ

CRJ 110. Introduction to Criminal Justice. 3 Credits.
This course is designed to describe the criminal justice system from arrest through trial, appeal, sentencing, corrections, and parole. The object of this course is to provide the student with a procedural framework of the criminal justice process.

CRJ 210. Theories of Crime and Delinquency. 3 Credits.
This course is a survey of the historical and contemporary attempts to explain the phenomena of crime and criminal behavior from the perspectives of sociology, psychology, economics, biology, and law. Emphasis will be placed on contemporary theory and the analysis of evidence supportive of various theoretical positions.

CRJ 215. GIS for Criminal Justice Careers. 3 Credits.

CRJ 220. Corrections. 3 Credits.
The purpose of this course is to provide the student with a survey and analysis of the correctional system and its processes from both a historical and geographical perspective. Emphasis will be placed on relating this survey and analysis to contemporary practice and future trends in the area of corrections.
Pre / Co requires: CRJ 220 Prerequisite - C or better in CRJ 110.
Distance education offering may be available.

CRJ 240. Criminal Investigations. 3 Credits.
Criminal investigation functions of police involving crimes of violence, crimes against property, and organized crime. Police operational techniques and applicable court decisions in the areas of interview, search, seizure, and arrest are also included.

CRJ 268. Private Security. 3 Credits.
This course provides an in-depth examination of the various facets and interests of the private sector of security. A review of the history, organization, management, and safety issues pertaining to the private security profession will be addressed. Emphasis is placed on policy and decision making, personnel, and budgeting, as well as an examination of security programming that responds to the private sector.

CRJ 287. Policing in America. 3 Credits.
This course offers an examination of the history and evolution of policing in the United States. It will include contemporary issues in policing including administration and management, policing in democracy, community policing, officer training, use of force and coercion, discretion and ethical problems and concerns.
Pre / Co requires: CRJ 287 Prerequisite - C or better in CRJ 110.
Distance education offering may be available.

CRJ 300. Criminal Law. 3 Credits.
This course covers the principles of criminal responsibility, the purposes and limitations of criminal law, and the elements of various criminal offenses. Substantive criminal law will cover the conduct, acts, and omissions that have been designated as crimes. These acts (or omissions) plus the mental state and other essential elements that make up criminal action will be examined.
Pre / Co requires: CRJ 300 requires prerequisites of a C or better in CRJ 110 and CRJ 210 and ENG 121 or WRT 121 or WRT 200 or WRT 204 or WRT 205 or WRT 206 or WRT 208 or WRT 220. Honors students must earn a grade of C or better in HON 310.

CRJ 304. Introduction to Comparative Justice Systems. 3 Credits.
This course explores other systems of criminal justice found in divergent and dissimilar cultures. The focus of interest will be on the historical, political, cultural, and sociological factors that influence the development of systems of justice. The course will examine and compare the status of the common, civil, socialist, and Islamic legal traditions.

CRJ 306. Writing for the Criminal Justice Professional. 3 Credits.
This course examines a variety of forms of writing in criminal justice education and the criminal justice profession. Students will receive instruction, guidance and practical experience in composing various types of written reports that might be required in the numerous occupations that fall within the discipline of criminal justice. Starting with a review of English grammar, students will learn to compose professional emails, cover letters, and resumes.
They will progress to police reports, pre-sentence reports, forensic or scientific reporting and finally, research-based reports. Students will also receive instruction on essay and research report writing and the use of APA formatting. Emphasis will be on improving writing skills throughout the semester through extensive feedback from the instructor and opportunities to revise and resubmit written work.
Pre / Co requires: CRJ 306 requires prerequisites of CRJ 110, CRJ 210, and any 200-level WRT course, all with grades of C or better.
Gen Ed Attribute: Writing Emphasis.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

CRJ 310. Juvenile Justice Administration. 3 Credits.
This course is a survey of both the formal (police/courts/corrections) and the informal (diversion) means of dealing with the problem of juvenile crime. Emphasis is not on the behavior but on society’s response to it. Emphasis will also be placed on the legal rights of juveniles.

CRJ 312. White Collar Crime. 3 Credits.
This course analyzes the usually nonviolent criminal conduct described as official corruption, systematic crime, or violations of trust that are characterized by calculation, deceit, and personal enrichment. The influence of organized crime also is explored.

CRJ 314. Organized Crime. 3 Credits.
This course provides an examination of organized crime as an American phenomenon, and a comparison to its counterparts in Europe and Asia. The historical development of organized crime throughout the world will be studied. Contemporary issues in organized crime will be addressed, including its evolution into various forms of terrorism.

CRJ 315. Gangs in America. 3 Credits.
This course is designed to familiarize the student with the nature and extent of the gang problem in the United States. It provides a comprehensive understanding of gang violence, gang membership, and gang culture. This course also analyzes the complexities of gang life, examines the history of gangs, and provides an in-depth look at the various types of gangs that are prevalent today. In addition, theories as to why youth join gangs, law enforcement’s response to the gang problem, how correctional agencies are coping with the gang problem in prison/jails, and the mass media’s interpretation of gang life are critically examined.
Finally, this course reviews gang prevention/intervention programs and addresses the legal implications of gang policies on gangs, communities, and law enforcement.
Typically offered in Fall & Spring.

CRJ 316. Terrorism. 3 Credits.
This course defines the major differences between criminal violence and ideological and political motives for terror events. An important element for successful terrorist acts is a sufficient audience where the political, social, or religious message can be absorbed. We will also examine the differences between domestic and international terrorism and explore the various stages of extremism and radicalization as a precursor to terrorist acts.
CRJ 318. Environmental Crime. 3 Credits.
This course is an examination of crimes against the environment and crimes that impact the environment. The history of environmental crime, its investigation and prosecution will be studied, as well as current and emerging trends. The course of study will address the global impact of environmental crime.

CRJ 320. Sex Crimes & the Law. 3 Credits.
This course explores the nature and extent of sexual crime in America with a focus on the evolution of privacy, sexual rights, and the criminal justice response to sexual offenders. Theories of sexual deviance, treatment, and recidivism will be examined. Changes in laws to prevent victimization and protect the rights of victims will also be discussed.

CRJ 323. Opportunities, Situations, and Crime: Environmental Criminology. 3 Credits.
This course is designed to provide an introduction and overview of the field of environmental criminology, which considers how physical space and typical, everyday situations may provide opportunities for crime as well as obstacles for carrying it out. The course will also include discussion of important policy measures and practical crime prevention strategies, such as modifying or planning the built environment and designing products and places in such a way as to make the commission of crime very difficult. Pre / Co requisites: CRJ 323 requires prerequisite of a C or better in CRJ 110. Typically offered in Fall.

CRJ 325. Animal Cruelty. 3 Credits.
This course is designed to provide intensive examination of the relationship between animal cruelty and the criminal justice system. It will cover the commission of animal cruelty within circumstances such as child abuse, interpersonal violence, and juvenile delinquency. The goal of the course is to offer students an understanding of the impact that animal cruelty has on society and the criminal justice system.

CRJ 350. Forensic Science I - Basic Crime Scene Analysis. 3 Credits.
This course builds on the basics of criminal investigation to elevate students' knowledge and skills in the area of forensic examination. The student will learn to recognize and distinguish relevant evidence, proper preservation techniques, and simple field testing. The course will increase the student's knowledge of techniques used in evidentiary analyses, and serve as an introductory course for those who desire to learn laboratory skills. Pre / Co requisites: CRJ 350 requires a prerequisite of CRJ 240. Typically offered in Fall, Spring & Summer.

CRJ 360. Race, Ethnicity and Criminal Justice. 3 Credits.
This course will explore the relationship between race and criminal justice, including the historical background of the role race has played in the system. The impact of race and ethnicity on discretion, sentencing, and disposition will be examined at the adult and juvenile levels. In addition, the causes and remedies of minority overrepresentation in the adult and juvenile criminal justice system will be explored. Pre / Co requisites: CRJ 360 requires prerequisites of CRJ 110 and CRJ 210. Gen Ed Attribute: Diversity Requirement, Writing Emphasis. Typically offered in Fall, Spring & Summer.

CRJ 362. Drugs, Crime and Justice. 3 Credits.
This course examines the role that drugs play in U.S. society and its criminal justice system. Topics covered include the types of illegal drugs; the history of U.S. drug prohibition; patterns, trends, and scope of illicit drug use; the relationship between drugs and crime; criminal justice policies toward drug-related crime; the consequences of current anti-drug policies; and alternative strategies for reducing drug crime. Pre / Co requisites: CRJ 362 requires a prerequisite of a grade of C or higher in CRJ 110. Typically offered in Fall, Spring & Summer.

CRJ 365. Victimization. 3 Credits.
This course introduces the student to the field of victimology. Basic concepts, development, and relevant theoretical and empirical literature will be studied, as well as the policies and practices that have been developed to benefit victims of crime.

CRJ 366. Forensic Mental Health. 3 Credits.
An interdisciplinary exploration of the intersection of the mental health and criminal justice systems in the United States. The primary theme is the deinstitutionalization movement which has resulted in the shifting of persons with mental illness from hospitals into correctional facilities. Important topics include school-to-prison pipeline (STPP), civil and outpatient commitment, police as first responders, training for law enforcement responding to crisis situations, and other efforts to decrease criminalization and stigmatization, such as Crisis Intervention Teams, Mental Health Courts, Assertive Community Treatment, and reentry strategies. Students are expected to engage in innovative policy solutions through a multi-disciplinary lens, which may include strategies based on developments in the fields of criminal justice, medicine and forensic psychiatry, counseling and psychology, social work, education, and public administration. Gen Ed Attribute: Interdisciplinary Requirement, Writing Emphasis. Typically offered in Fall & Spring.

CRJ 370. Gender, Crime and Justice. 3 Credits.
This course examines the impact gender has on various aspects of the criminal justice system. The course offers an exploration of the victimization of women and the culture that supports it. It also addresses the unique issues of women as criminals and women as workers in the criminal justice system.

CRJ 380. Computer Crime. 3 Credits.
This course is an introduction to the various aspects of crimes committed with the aid of computers. While the content is not technical in focus, certain topics include discussion of computer systems and protocols, specifically in the area of computer forensics. Students are introduced to both the collection and analysis of digital evidence. Since computer crime and its investigation are evolving rapidly, the curriculum changes as the semester progresses and the syllabus may be altered to include current issues or legal cases. Students complete the course with the basic tools by which to practice computer crime investigation and a knowledge base of current law to keep up with developments in this discipline.

CRJ 385. Crime, Media, and Society. 3 Credits.
This course will examine the relationship between crime, the criminal justice system, and the mass media. The types of media examined in this course will include television, films, the internet, video games, music, news reports, comic books, novels, magazines, the radio, and scholarly research. This course will further examine how the criminal justice system (police, courts, corrections) is portrayed through various narratives and images in the mass media and its potential impact on crime and justice. Some of the topics covered will include media theory and the social construction of crime, moral panics, crime and justice in news and entertainment, media effects on attitudes toward the criminal justice system, media as a cause of crime, media-driven anti-crime efforts, news media and the courts, the use of media technology in the judicial system and law enforcement, and the relationship between the media and criminal justice policies and practices. Pre / Co requisites: CRJ 385 requires prerequisites of CRJ 110, CRJ 220, CRJ 287, and majors only with junior or senior standing. Typically offered in Fall & Spring.

CRJ 387. Elements of Criminal Justice. 3 Credits.
This course is designed to provide an overview of research methods used in criminal justice research, including data collection methods, sampling techniques, and basic statistical analyses. The course will provide hands-on application of research methods as well as critical analyses of research studies conducted by others in the field of criminal justice. Pre / Co requisites: CRJ 387 PREREQ requires students to complete the following courses with an "C" or better: CRJ 110, CRJ 210, and a WRT 200 level course. Honors students must have a "C" or better in HON 310.

CRJ 400. Criminal Procedure. 3 Credits.
This course is an examination of the theory and application of the broadly defined subject of criminal procedure. It is designed to develop in the student, a sophisticated understanding of the underlying reasons for, and the applications of these rules in investigations of criminal activity, and in court proceedings. This will be accomplished through the study of the appropriate sections of the U.S. Constitution, the Bill of Rights, and selected cases and statutes. Pre / Co requisites: CRJ 400 requires prerequisites of CRJ 300 and CRJ 387.

CRJ 410. Independent Studies in Criminal Justice. 1-3 Credits.
Research projects, reports, and readings in criminal justice. Repeatable for Credit.
CRJ 434. Experiencing Peru: Examining the Criminal, Social, and Economic Impact of Voices4Peru. 3 Credits.
This course, which includes a 13-day study abroad experience, will provide students with an in-depth comparison of social issues related to crime, education, gender, poverty, and race that prevail in the United States and in South America. This course was designed on the belief that cross cultural comparisons of governmental initiatives and grassroots movements significantly shape the expectations and quality of life for the majority of a nation’s citizens. Course readings will examine criminological theories about race, class, and crime, while the social learning theories and current evidence-based practices will describe how social and cultural factors impact decision-making and problem solving skills. Consent: Permission of the Department required to add.

CRJ 435. Interviewing and Assessing the Offender. 3 Credits.
This course offers the undergraduate student an understanding of the psychology of interviewing and assessing suspects, victims, and witnesses. The course provides students with a solid knowledge base related to interviewing and assessment skills employed at every level of the criminal justice system. Students learn skills through lecture, reading assignments, role play and in-class team exercises.

CRJ 440. Violent Crime. 3 Credits.
This course seeks to survey the incidence of violent crime, to analyze the violent criminal, and to study the variety of means that have been developed to control criminal violence.

CRJ 450. Forensics II - Criminalistics. 3 Credits.
This course builds on Forensic Science I, applying laboratory science to criminal investigation. The course will focus on more advanced aspects of crime scene processing; evidence collection, preservation and analysis; and the essentials of courtroom presentation.

CRJ 455. Topical Seminar in Criminal Justice. 3 Credits.
Intensive examination of a selected area of study in the field of criminal justice. Topics will be announced at the time of offering. Course may be taken more than once when different topics are presented. Distance education offering may be available. Repeatable for Credit.

CRJ 460. Evidence & Trial Advocacy. 3 Credits.
This course moves a step beyond basic criminal law and criminal procedure studies and takes the student into the courtroom. The student will learn basic rules of evidence presentation and court procedure and discover how the trial process works by actively participating in it. The student will learn how to distill the issues, and to present concise, well-reasoned arguments supporting a given position. It is in this manner that the student will learn critical analysis and practical presentation.

CRJ 461. Notable Criminal Cases. 3 Credits.
Selected factual accounts of criminality and criminal behavior over the past 75 years are analyzed. Selection is based on notoriety and continued dispute. Course is designed to illuminate, through reading and class analysis, a wide spectrum of criminal conduct and the related investigative and judicial response. Distance education offering may be available.

CRJ 470. Interpersonal Relations. 3 Credits.
This course is designed to aid a student’s self-analysis in terms of behavior patterns or changes affecting his or her life. This self knowledge often leads to understanding relationships with others, which can assist students in relating to other persons in their personal, social, and professional lives.

CRJ 472. Justice Studies. 3 Credits.
This course is designed to address the successes, weaknesses and failures of our current system of justice by examining and analyzing sometimes controversial issues through critical inquiry and legal and social science investigation.

CRJ 482. Contemporary Legal Issues. 3 Credits.
This course encompasses a brief review of the general principles of law and procedure, followed by an in-depth study of the more controversial legal dilemmas facing today’s criminal justice system. The course is designed to shed light on each side of the issue, to enable the student to see beyond the superficial aspects of the conflict, and to understand its more profound nature.

CRJ 487. Ethical Issues In Criminal Justice. 3 Credits.
This course is designed to identify and examine ethical issues among practitioners and students in the criminal justice field. Such issues may include the discretionary power of arrest, the use of deadly force, the decision to prosecute, participation in plea bargaining, representation of the guilty, and the imposition of punishment. Such a course will promote inquiry that combines ethical analysis with a practical awareness of the realities of the criminal justice system.

CRJ 490. Practicum. 12 Credits.
Full-time 12-week structured work experience at a department-approved criminal justice agency under the joint supervision of the faculty instructor and the agency. The course includes periodic reports, a final paper, and attendance at classes held on campus. Offered primarily in the summer. PREREQ: 84 earned credits, GPA at WCU of at least 2.0, C or better in CRJ 300 and CRJ 387. Note: Any student terminated for cause by the professional agency may not retake the course unless special approval to do so is obtained from the department. Pre / Co requisites: CRJ 490 requires prerequisites of CRJ 300 and CRJ 387. Repeatable for Credit.

Sara Lamb Kistler (slamb@wcupa.edu), Assistant Chairperson

Programs Offered

The Department of Early and Middle Grades Education offers programs that lead to an Instructional I Certificate by the Commonwealth of Pennsylvania for pre-kindergarten through grade 4, and grade 4 through grade 8.

- **The B.S. Ed. in Early Grades Preparation PreK–4 (EGP)** is designed to provide a broad background in general education, an understanding of children, and the knowledge and skills needed to teach children, in PreK through grade 4. Upon satisfactory completion of the approved program, and related PDE requirements, the student will qualify for a Grades PK-4 Pennsylvania Instructional I Certificate, valid for six years of teaching in pre-kindergarten through grade 4.
- **The B.S. Ed. in Middle Grades Preparation, Grades 4-8 (MGP)** is designed to provide a broad background in general
education, an understanding of children and young adolescents, and the knowledge and skills needed to teach them. Upon satisfactory completion of the approved program, and related PDE requirements, the student will qualify for a Grades 4-8 Pennsylvania Instructional I Certificate, valid for six years of teaching in grades 4 through 6 and selected content areas in grades 7 and 8.

Programs

**Majors in Early and Middle Grades Education**

- B.S. in Education - Early Grades Preparation (PreK-4) (p. 238)
- B.S. in Education - Middle Grades Preparation Grades 4-8 (p. 239)

**Minors in Early and Middle Grades Education**

- Early Childhood Education (p. 240)
- Elementary Education (p. 240)

**Graduate Opportunities**

See the graduate catalog for more information on the Early and Middle Grades Education program. (http://catalog.wcupa.edu/graduate/education-social-work/early-middle-grades-education)

**Policies**

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

**Application and Approval for Student Teaching**

Students are eligible to student teach if they have

1. Achieved Formal Admission to Teacher Education (FATE),
2. Met, by having earned final passing grades, all professional preparation requirements¹,
3. Earned at least 102 credits prior to the student teaching semester, and
4. Maintained the Pennsylvania-mandated GPA of 2.80. (See "Formal Admission to Teacher Education" in the Educator Preparation Programs section of this catalog.) Student teaching is typically scheduled for a student’s final semester at the University.

Applications for student teaching must be made two semesters prior to student teaching through the Office of Field Placements and Student Teaching, Francis Harvey Green Library 251. Students graduating fall 2013, spring 2014, fall 2014, and spring 2015, must have taken and provided official score reports for required Pennsylvania certification tests prior to student teaching. This includes Praxis II Middle Grades Content and Concentration Area Tests for middle grades preparation majors and the PECT PK-4 test for early grades preparation majors. Following application, students register for student teaching (EGP 410 and EGP 411, or MGP 410 and MGP 411) as they would for other University courses.

¹ Exception: Early grades majors may take EGP 400 concurrently with student teaching.

**Field Placement in Schools**

All field placements for EGP and MGP courses, including student teaching, are arranged in conjunction with the Department of Early and Middle Grades Education. Students are not to solicit placements. While student needs are considered in assigning placements, no particular placement can be guaranteed. Transportation to and from field placements is the responsibility of the individual student. Students must have their criminal clearances (Act 34 Pennsylvania State Criminal History Record Report, Act 114 Federal Criminal History Report, and Act 151 Child Abuse Report) and TB test results by the first day of class for EGP 209, EGP 210, EGP 220, EGP 322, EGP 410/EGP 411; LAN 382/ENG 382; EDR 317, EDR 318; MAT 352; MGP 220, MGP 335, MGP 410/MGP 411; and SCE 330.

West Chester University does not place students at religiously affiliated schools when public school placements are available and when that placement results in the students’ receiving academic credit.

**Admission and Progression Requirements in B.S.Ed. Programs**

Students must meet University admission requirements. All students who enter the University as EGP or MGP majors are designated as probationary teacher education students until they achieve Formal Admission to Teacher Education (FATE). All students seeking a bachelor of science in either program must formally apply for admission to teacher education. (See "Formal Admission to Teacher Education" in the Educator Preparation Programs section of this catalog.)

Only students who have achieved FATE will be eligible to take advanced professional education coursework. For EGP majors, the advanced professional course work includes almost all 300- and 400-level EGP courses plus EDA 303, EDM 349, EDR 317, and SCE 320. For MGP majors, the advanced professional course work includes 300- and 400-level MGP courses plus EDA 303, EDM 349, EDP 354, EDR 318 and EDR 345, MAT 352, and SCE 330. Students who have achieved FATE must maintain the required minimum GPA in order to continue taking advanced professional course work. If a student falls below the required minimum GPA, he or she will be permitted to retake, in accordance with University policy, professional course work that contributed to the fall below the minimum GPA but will not be permitted to take additional work until the minimum is met.

**Requirements for Transfer to the Major in Early or Middle Grades Preparation**

Students may apply for “external transfer” (see below) when transferring from another post-secondary institution. Students already admitted to West Chester University as pre-majors or in another major may apply for “internal transfer.”

Students seeking external or internal transfer must have earned a minimum of 27 college-level credits with a minimum cumulative GPA of 2.80. Students with 48 or more earned credits must have achieved passing scores on the Basic Skills testing requirement, as established by the Pennsylvania Department of Education (PDE), and completed college-level studies in English composition (three credits).

External or internal transfer to the major in early grades preparation does not confer FATE. (See “Formal Admission to Teacher Education” in the Educator Preparation Programs section of this catalog.)

**External Transfer Students**

Transfer credit for freshman- and sophomore-level courses will be granted in accordance with University policy. Professional and specialized preparation courses will be evaluated and approved on an individual basis. Application for the major is made through the Office of Admissions.

**Internal Transfer Students**

Application is made directly to the Department of Early and Middle Grades Education. The department admits internal transfer students three times a year. Students should check the department bulletin board for dates and details.

In addition to the general requirements for FATE, B.S.Ed. candidates who are admitted to the major in EGP or MGP must also complete...
1. 20 hours of pre-approved, unpaid community service for agencies/organizations serving children and/or youth and/or adults with special needs and/or families (at least 10 of these hours must be provided in one setting); and
2. A written reflection that has been assessed as satisfactory on how this service has influenced their development as teachers. The nature of the service must provide a direct, concrete benefit to the population(s) an agency/organization serves. The hours that candidates devote to this community service requirement may not also be used to fulfill any requirement for a credit-bearing course.

**Second Degree Students**

Students seeking admission as a second-degree student must have earned a minimum cumulative GPA of 2.8 on their last 48 credits. They must also have achieved passing scores (as defined by PDE) on all required tests for their initial certification and degree program. Second-degree students will be expected to complete all professional education and specialized preparation courses required in the undergraduate early or middle grades preparation majors. While credit may be given for equivalent courses taken during the first-degree program, additional requirements, which may include college-level course work in math (six credits), English composition (three credits), and literature taught in English (three credits), could be required for Formal Admission to Teacher Education.

**Admission to the Minor in Elementary Education**

Students seeking a minor in Elementary Education must have completed 27 credits and must have the minimum cumulative GPA required for their earned credits: 2.65 for students with 27–47 credits and 2.80 for students with 48 or more credits. Students admitted to the minor must maintain the minimum cumulative GPA required of them at admission to the minor in order to continue. Students who fall below the minimum cumulative GPA required are permitted to retake, in accordance with University policy, course work in the minor that contributed to their fall below the required minimum cumulative GPA. Such students will not be permitted to take additional course work in the minor until they achieve the required minimum cumulative GPA.

**ECE 308. Social Studies - Science Primary Grades. 3 Credits.**
A consideration of methods of instruction for social studies and science in K-3 grade classrooms. Pre / Co requisites: ECE 308 requires formal admission to teacher education. Typically offered in Fall & Spring.

**ECE 309. Introduction to the Language Arts. 3 Credits.**
The areas of listening, speaking and writing are studied in depth. Knowledge, teaching and evaluative techniques are addressed. Introduction to the reading process and the relationship of language to reading also will be studied.
ECE 311. Families and Early Childhood Education. 3 Credits.
This course will address the role of parents of young children within the context of school, home and society as well as culture, traditions and current issues. Students will investigate strategies for fostering home-school partnerships that enhance child development and educational success.
Pre / Co requisites: ECE 322 requires prerequisite of SOC 240.
Typically offered in Fall & Spring.

ECE 312. Introduction to Early Intervention. 3 Credits.
This course is an overview of the field of early childhood special education. Students will explore the processes of early intervention including screening, assessment, instructional programming, integrating children with and without disabilities, and family involvement.
Typically offered in Fall & Spring.

ECE 314. The Visual Arts in the Early Childhood Curriculum. 3 Credits.
This course prepares the pre-primary ECE teacher in the rationale for and use of visual arts in preschool and pre-kindergarten settings. This course is not applicable in ESED programs.
Typically offered in Fall & Spring.

ECE 318. Middle Childhood and Adolescent Development. 3 Credits.
Physical, social, emotional, intellectual, and moral development of the child 5-8 years of age. Parallels are drawn from this phase of development to students’ self-development.
Typically offered in Fall & Spring.

ECE 404. Integrated Learning in Kindergarten. 3-6 Credits.
The focus of this course is on curricular content and developmentally appropriate experiences in various kindergarten programs.
Pre / Co requisites: ECE 404 requires formal admission into teacher education or Early Childhood Minor.

ECE 405. Admin & Supervisor of Early Childhood. 3 Credits.
Principles of administration and supervision of programs for young children. Includes parent education and community relations.
Pre / Co requisites: ECE 405 requires prerequisites of ECE 232 and formal admission into teacher education or Early Childhood Minor.
Gen Ed Attribute: Writing Emphasis.

ECE 407. Diversity Perspectives in Early Childhood Education. 3 Credits.
This seminar will address the rewards and challenges of teaching in America’s diverse classrooms.
Pre / Co requisites: ECE 407 requires formal admission into teacher education or Early Childhood Minor.
Gen Ed Attribute: Diversity Requirement, Writing Emphasis.

EDE 421. Seminar in Elementary Education. 3 Credits.
An intensive study of some current, major developments in elementary education. Topics are announced in advance.
Pre / Co requisites: EDE 421 requires prerequisite of EDE 312 or EDR 312.

EDE 200. Theory and Field Experiences in Elementary Education. 3 Credits.
Orientation to the curricula, processes, and structures of elementary education today. Field experiences related to course topics.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

EDE 230. Inclusive Classroom. 3 Credits.
The purpose of this course is to prepare preservice early childhood, elementary, and special education students to teach students with disabilities effectively in general education settings. The course will be co-taught by special education, early childhood education, and elementary education faculty.
Gen Ed Attribute: Diversity Requirement.
Typically offered in Fall & Spring.

EDE 251. Child Development and Behavior. 3 Credits.
A survey of characteristic development and behavior of children between 5 and 13 years of age, situated within theories of human development with emphasis on application to classroom settings. Open to elementary education majors only.
Typically offered in Fall & Spring.

EDE 253. Human Development and Behavior. 3 Credits.
Physical, mental, emotional, social, moral, and self factors shaping human behavior throughout the life cycle; specific application to work with individuals and groups in educational settings.
Pre / Co requisites: EDE 253 requires a prerequisite of PSY 100.

EDE 254. Development in the Middle School Child. 3 Credits.
Characteristic development and behavior of children between 10 and 15 years of age; understanding and working with these children in educational settings.
Pre / Co requisites: EDE 254 requires prerequisites of EDE 251 and EDE 253.

EDE 302. Teaching the Language Arts. 3 Credits.
Study of teaching language skills in the elementary school: listening, speaking, and writing.
Pre / Co requisites: EDE 302 requires prerequisite of EDE 251.

EDE 332. Teaching Social Studies in Elementary School. 3 Credits.
Methods of teaching social studies and geography in the elementary curriculum. Techniques, current research projects, reading materials, audio visual aids, resource persons, and field trips used as tools of learning. The organization, development, and use of resource units are stressed.
Pre / Co requisites: EDE 332 requires prerequisites of EDE 200, EDE 251 and formal admission into teacher education.

EDE 352. Self and Group Processes Diverse Classroom. 3 Credits.
Analysis of self processes influencing teacher-student classroom interactions. Role of needs, defenses, motives, emotions, and early learning experiences as they shape the prospective teacher’s responses to elementary children. Application of social learning and interpersonal theory.
Pre / Co requisites: EDE 352 requires prerequisites of EDE 251 and formal admission into teacher education.
Gen Ed Attribute: Diversity Requirement, Writing Emphasis.

EDE 360. Classroom Management. 3 Credits.
Detailed investigation of the elementary teacher’s role in classroom management. Teacher influence, personality, and class interaction; class roles and expectation; seating plans; discipline; referral; and the teacher’s role in evaluating and identifying potential problems in children.
Pre / Co requisites: EDE 406 requires formal admission into teacher education and co-requisite of EDE 312 or EDR 312.

EDE 409. Independent Study. 1-3 Credits.
Special topics or projects initiated by the student that will enable her or him to do extensive and intensive study in an area of elementary education.
Consent: Permission of the Department required to add.

EDE 410. Student Teaching - 1st Half. 6 Credits.
Contact department for more information about this course.
Pre / Co requisites: EDE 410 requires formal admission into teacher education.

EDE 411. Student Teaching - 2nd Half. 6 Credits.
(Second half of semester) Two separate student teaching experiences are required: one in nursery or kindergarten and one in grades 1-3. Weekly practicum sessions are required.
Pre / Co requisites: EDE 411 requires formal admission into teacher education.

EDE 412. Early Childhood Internship and Seminar. 6 Credits.
This capstone course will cover infant, preschool and school age care. Students will spend the semester in either an infant, toddler, preschool or school age early childhood setting. Weekly seminar sessions are required. Open to TEACH students only.

EDE 421. Seminar in Elementary Education. 3 Credits.
An intensive study of some current, major developments in elementary education. Topics announced in advance.
Consent: Permission of the Department required to add.
Repeatable for Credit.
EGP

EGP 199. Transfer Credits. 1-11 Credits.
Transfer Credits. Repeatable for Credit.

EGP 209. Child Development: Prebirth - 5 Years. 3 Credits.
This course covers the normative and atypical development of children from prebirth through 5 years across all development domains. The earliest years are exciting, interesting and continually changing time in the lives of children. This course will cover content from research, personal experiences and observations. Field Clearances Required. Typically offered in Fall & Spring.

EGP 210. Middle Childhood & Adolescent Development. 3 Credits.
A survey of characteristic development and behavior of children in middle childhood and adolescence, situated within theories of human development with emphasis on application to classroom settings. Field clearances required. Typically offered in Fall & Spring.

EGP 220. Theory/Field Experiences in the Early Grades. 3 Credits.
Orientation to the curricula, processes and structures of the PreK-4 classroom. Field experiences, minimum 30 hours, related to course topics. Pre / Co requisites: EGP 220 requires a prerequisite of either EGP 209 or EGP 210. Gen Ed Attribute: Writing Emphasis. Typically offered in Fall, Spring & Summer.

EGP 322. Pre-K Methods and Field. 6 Credits.
This course is a 6 credit methods and field course. Students will learn to plan and implement developmentally effective curriculum for children three to five years old. Students will be in field placements for six hours each week. Pre / Co requisites: EGP 322 requires prerequisite EGP 209 and EGP 220 and field clearances. Gen Ed Attribute: Writing Emphasis. Typically offered in Fall, Spring & Summer.

EGP 326. Families and Community Relations. 3 Credits.
Addressing issues, policies, and practices about schools, young children families and communities this course will focus on ethnicity, culture, and social class to provide students with perspectives and understandings that will enable them to teach effectively and function as viable members of learning communities. Understanding the role of parents, guardians and families in each child’s educational success and success in life, while embracing and respecting each child’s unique individuality, are essential for the contemporary educator. Pre / Co requisites: EGP 326 requires prerequisite EGP 209 and EGP 210. Gen Ed Attribute: Diversity Requirement. Typically offered in Fall, Spring & Summer.

EGP 335. Teaching Social Studies in Middle Grades. 3 Credits.
This course is a study of social studies teaching and student learning in grades 4-8, focusing on related curricula, instruction and assessment in these grades. National, state and local standards are utilized as frameworks to explore the context, purpose, content, and interdisciplinary nature of the social studies. Field Clearances Required. Pre / Co requisites: MGP 335 requires prerequisite MGP 220, Formal Admission to Teacher Education and field clearances. Gen Ed Attribute: Writing Emphasis. Typically offered in Fall & Spring.

EGP 410. Student Teaching. 6 Credits.
A semester long, full time field experience. The student teacher assumes increasing responsibility in the classroom, as demonstrated by effective methods for the planning, delivering, and reflecting on instruction. Weekly seminars are required. Field Clearances Required. Pre / Co requisites: Formal Admission Teacher Ed. Typically offered in Fall & Spring.

EGP 411. Student Teaching. 6 Credits.
A semester long, full time field experience. The student teacher assumes increasing responsibility in the classroom, as demonstrated by effective methods for the planning, delivering, and reflecting on instruction. Weekly seminars are required. Field Clearances Required. Pre / Co requisites: Formal Admission Teacher Ed. Typically offered in Fall & Spring.

MGP

MGP 220. Field Experience: Middle Level Environment. 3 Credits.
Orientation for the curricula, processes, and structures of 4-8 classrooms. Field experiences, minimum 30 hours, related to course topics. Pre / Co requisites: MGP 220 requires prerequisites of EDP 200 and EDP 201; field clearances. Gen Ed Attribute: Writing Emphasis. Typically offered in Fall, Spring & Summer.

MGP 335. Teaching Social Studies in Middle Grades. 3 Credits.
This course is a study of social studies teaching and student learning in grades 4-8, focusing on related curricula, instruction and assessment in these grades. National, state and local standards are utilized as frameworks to explore the context, purpose, content, and interdisciplinary nature of the social studies. Field Clearances Required. Pre / Co requisites: MGP 335 requires prerequisite MGP 220, Formal Admission to Teacher Education and field clearances. Gen Ed Attribute: Writing Emphasis. Typically offered in Fall & Spring.

MGP 410. Student Teaching. 6 Credits.
A semester long, full time field experience. The student teacher assumes increasing responsibility in the classroom, as demonstrated by effective methods for the planning, delivering, and reflecting on instruction. Weekly seminars are required. Field clearances Required. Pre / Co requisites: Formal Admission Teacher Ed. Typically offered in Fall & Spring.

MGP 411. Student Teaching. 6 Credits.
A semester long, full time field experience. The student teacher assumes increasing responsibility in the classroom, as demonstrated by effective methods for the planning, delivering, and reflecting on instruction. Weekly seminars are required. Field clearances Required. Pre / Co requisites: Formal Admission Teacher Ed. Typically offered in Fall & Spring.

Related/Cognate Requirements

Students wishing to obtain certification to teach in grades 4–8 must utilize their electives to complete their chosen area(s) of concentration. Nine credits of general education electives are required for graduation. Students must complete 3 courses from the listing below: Students choosing two, 21-credit concentrations must include one of the four areas or 21 credits of concentrated course work in two of the four areas. Students choosing two, 21-credit concentrations must include math or science as one of the two areas. Related credits are applied toward the concentrations. See the department’s degree guidance sheet for courses in the 21- and 30-credit options. Students are encouraged to choose their concentration based on their area(s) of interest for teaching grades 7 and 8.

Math
MAT 101 Mathematics for Teachers of Children I 3
MAT 102 Mathematics for Teachers of Children II 3
MAT 351 Methods for Teaching Children Math 3
MAT 352 Methods for Teaching Middle School Mathematics or MAT 353 Methods for Teaching Middle School Mathematics II 3

DEPARTMENT OF EARTH AND SPACE SCIENCES

College of the Sciences and Mathematics

207 Merion Science Center
610-436-2727

Department of Earth and Space Sciences (http://www.wcupa.edu/earthSpaceSciences)

Joly Hilliker (jhilliker@wcupa.edu), Chairperson
Marc Gagne (mgagne@wcupa.edu), Assistant Chairperson

The Department of Earth and Space Sciences prepares students for careers in geoscience and geoscience education. The U.S. Bureau of Labor Statistics states that employment of geoscientists is projected to grow by 21% from 2010 to 2020, faster than the average for all occupations. This geoscience degree prepares students for entry-level positions in such occupations and is also a strong foundation for people interested in pursuing advanced degrees. Geoscience is an integrated study of Earth, its geologic history, composition and structure, resources, natural hazards, atmosphere and oceans, and its environment in space. Geoscientists study such phenomena as earthquakes, landslides, floods, volcanoes, coastal erosion, and how these natural hazards impact humans. Geoscientists explore for mineral, energy, and water supplies. Geoscientists also attempt to make predictions about Earth’s future based on the past. Since most human activities are related to interaction with the physical components of Earth, geoscience plays a unique and essential role in today’s rapidly changing world. The Department of Earth and Space Sciences offers two bachelor of science degree programs and a certification program in general science. The department also offers minors in astronomy, geology, earth science, and science education. All programs emphasize analytical skills and build on course work in mathematics, chemistry, physics, and statistics. Written and oral communication is emphasized in a majority of the course work.

- **The B.S. in Geoscience** program offers two areas of concentration that share a common core of geology courses. Students completing either concentration are prepared for careers as professional geoscientists and possess the educational requirements to seek licensure as certified professional geologists. The Geology Concentration (p. 245) leads to occupations in managing and exploring for water, energy, and mineral resources; environmental protection, remediation, and management; mitigation of natural hazards; design of land development and management plans; geotechnical consulting; and research. Its curriculum emphasizes depth in the traditional disciplines of geology such as mineral and rock formation, paleontology, structural geology, geomorphology, and hydrogeology. The Earth Systems Concentration (p. 243) is intended for students who want a broader understanding of geoscience, astronomy, and human interactions with the environment. In addition to the geology core, students in this concentration take required courses in oceanography, meteorology, and astronomy. This concentration is excellent preparation for students pursuing careers in geoscience, the environmental industry, resource management, environmental law, or environmental policy.

- **The B.S. in Education in Earth and Space Sciences** is a professional degree program designed to prepare certified secondary school teachers with an overall science exposure and specialization in the Earth and space sciences. The program meets all guidelines established by the National Council for Accreditation of Teacher Education (NCATE), the Pennsylvania Department of Education (PDE), and the National Science Teachers’ Association (NSTA) for Earth and space science certification.
• The certification program in General Science enables recipients to teach science in grades 6-9. The certification program meets all guidelines established by the National Council for Accreditation of Teacher Education (NCATE) and the Pennsylvania Department of Education (PDE).

All students must consult with their advisor regularly to ensure timely completion of the degree. Students in the B.S. in education program will have a second advisor in the College of Education and Social Work to help them meet the secondary education requirements.

### Programs

#### Majors in Earth and Space Sciences

- B.S. in Geoscience - Geology Concentration (p. 245)
- B.S. in Geoscience - Geology Concentration to M.S. in Geoscience Accelerated Program (p. 245)
- B.S. in Geoscience - Earth Systems Concentration (p. 243)
- B.S. in Geoscience - Earth Systems Concentration to M.S. in Geoscience Accelerated Program (p. 243)
- B.S.Ed. in Earth and Space Sciences (p. 246)

#### Minors in Earth and Space Sciences

- Astronomy (p. 248)
- Earth Science (p. 248)
- Geology (p. 248)
- Science Education (p. 248)

#### Certificate in Earth and Space Sciences

- General Science Certification (p. 248)

#### Graduate Opportunities

See the graduate catalog for more information on the Earth and Space Sciences program. (http://catalog.wcupa.edu/graduate/sciences-mathematics/geology-astronomy)

### Policies

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

### Accelerated Program Policy

Refer to the Accelerated Programs page (p. 134) for more information.

### Courses

#### ESC

- ESC 199. Transfer Credits (Graduate). 1-10 Credits.
  Transfer Credits.
  Repeatable for Credit.

#### ESL

- ESL 199. Transfer Credits. 1 Credit.
  Transfer Credits.
  Repeatable for Credit.

#### ESS

- ESS 101. Introduction to Geology. 3 Credits.
  LEC (2), LAB (2)
  The earth's composition and history; the processes that occur on and within the earth. Two hours of lecture and two hours of lab.
  Gen Ed Attribute: Science Distributive Requirement.
  Typically offered in Fall, Spring & Summer.

- ESS 102. Humans and the Environment. 3 Credits.
  A study of the ability of humans to survive and maintain their life quality, considering the limited resources and recycling capacity of planet Earth. Note: Students completing ESS 102 may not take SSB 102 or ENV 102 for credit.
  Gen Ed Attribute: Interdisciplinary Requirement.
  Typically offered in Fall, Spring & Summer.
  Cross listed courses SSB 102, ENV 102, ESS 102.

- ESS 111. Other Worlds, Other Stars. 3 Credits.
  An introductory general education course in astronomy. Topics will focus on the observable changes in the night sky, the properties of light, the laws of motion, the formation and composition of the solar system, extra solar planets, the properties of stars, stellar evolution and stellar death.
  Gen Ed Attribute: Science Distributive Requirement.
  Typically offered in Fall & Spring.

- ESS 112. Galaxies and Cosmology. 3 Credits.
  An introductory general education course in astronomy. Topics will focus on the properties of light and matter, the evolution of stars and galaxies, and the expansion, structure, history and fate of the universe. Three hours of lecture.
  Gen Ed Attribute: Science Distributive Requirement.
  Typically offered in Fall & Spring.
ESS 125. Volcanoes. 3 Credits.
LEC (3), LAB (2)
Where do volcanoes occur and why? What happens when volcanoes erupt, and what controls eruptions? What roles have volcanoes played in human history and human culture? How do geologists study volcanoes in order to forecast eruptions and reduce the risks for human populations? This course explores these questions using print, multimedia and Internet sources. Students will learn how to interpret geological information in order to assess volcanic hazards and forecast volcanic eruptions.
Typically offered in Fall & Spring.

ESS 130. Our Coastal Ocean. 3 Credits.
LEC (2), LAB (2)
This course examines the physical and biological processes at work in the coastal oceans. The content will be discussed in the framework of regional examples.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

ESS 170. Introduction to Our Atmosphere. 3 Credits.
Why is the sky blue? What will the weather be tomorrow? What makes tornadoes? How did the ozone hole develop? What is the greenhouse effect? This class will use these questions and others to investigate the basic physical processes that determine the weather and climate on earth. A student who has successfully completed ESS 370 may not subsequently receive credit for ESS 170.
Gen Ed Attribute: Science Distributive Requirement.
Distance education offering may be available.
Typically offered in Fall & Spring.

ESS 201. Field Geology. 3 Credits.
An introduction to the basic methods of geologic data collection in the field; analysis, and presentation; literature research; and report writing. One weekend field trip is required.
Pre / Co requisites: ESS 201 requires a prerequisite of ESS 101.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

ESS 204. Historical Geology. 3 Credits.
LEC (2), LAB (2)
An examination of how Earth has evolved over geologic time, from its origin as a tiny lifeless planetesimal to its present state as a dynamic planetary system teaming with life. Rocks, fossils, and other evidence of Earth’s past are analyzed and evaluated with knowledge of modern physical and biological processes to infer Earth’s history, understand its present state, and predict its future. Laboratory included. Recommended for students who have completed ESS 101 or another introductory (100-level) science course.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

ESS 301. Environmental Geochemistry. 3 Credits.
An introduction to principles and applications of geochemistry to geologic systems, including surface and ground waters, soils, and rocks.
Pre / Co requisites: ESS 301 requires prerequisites of CHE 103 and ESS 101.
Typically offered in Spring.

ESS 302. Mineralogy. 3 Credits.
LEC (2), LAB (2)
In-depth survey of the formation, identification, classification, and uses of minerals. Principles of symmetry, crystallography, crystal chemistry, and optical mineralogy. Laboratory and field examination and analysis of minerals.
Pre / Co requisites: ESS 302 requires prerequisites of ESS 101 and ESS 204 and CHE 103.
Typically offered in Fall.

ESS 307. Geology of the Solar System. 3 Credits.
The geology, origin, evolution, and properties of planets, comets, asteroids, moons, and meteorites.
Typically offered in Spring.

ESS 311. Introduction to Astronomy. 3 Credits.
LEC (0), LAB (0)
LAB, LEC. An introduction to astronomy and astrophysics. Topics include celestial mechanics, the properties of light, matter and energy, the formation of stars and planets, stellar evolution, galaxies, and cosmology. Two hours of lecture and two hours of lab.
Pre / Co requisites: ESS 311 requires a prerequisite of MAT 115 or MAT 131 or MAT 143 or MAT 161.
Typically offered in Fall.

ESS 321. Geometrics. 3 Credits.
Application of computational and statistical methods to geologic problems. Geologic sampling, data comparisons in environmental, petrologic, paleontologic, and geochemical problems.
Typically offered in Fall.

ESS 323. Gen'1 Geol Field Studies of SE Pennsylvania. 3 Credits.
Occurrence, relationships, and geologic history of the rocks, minerals, and soils of this area, studied at representative locations.
Pre / Co requisites: ESS 323 requires prerequisite of ESS 302.
Typically offered in Summer.

ESS 327. Electron Microscopy I. 3 Credits.
A one-semester lecture/laboratory course in theory operation and applications of electron beam technology in scientific research. Students receive hands-on training and complete a brief research project of their choosing.
Pre / Co requisites: ESS 327 requires prerequisite: 6 credits of science.
Typically offered in Fall & Spring.

ESS 330. Introduction to Oceanography. 3 Credits.
LEC (2), LAB (2)
A survey of our present knowledge of the waters and floors of the oceans.
Pre / Co requisites: ESS 330 requires prerequisite of ESS 101.
Typically offered in Fall & Spring.

ESS 331. Introduction to Paleontology. 3 Credits.
LEC (2), LAB (2)
Identification and study of common fossils in order to understand their life processes and geologic significance.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Spring.

ESS 332. Advanced Oceanography. 3 Credits.
An advanced course in oceanography covering marine resources, oceanographic literature, animal-sediment relationships, field techniques, estuaries, salt marshes, sea level changes, and pollution.
Pre / Co requisites: ESS 332 requires prerequisite of ESS 330.
Typically offered in Spring.

ESS 336. Environmental Geology. 3 Credits.
The application of geological information to human problems encountered in natural phenomena, such as flooding, earthquakes, coastal hazards, and man-made concerns, including waste disposal, land use, and global change.
Pre / Co requisites: ESS 336 requires prerequisite of ESS 101.
Typically offered in Spring.

ESS 334. Geomorphology. 3 Credits.
Constructional and degradational forces that have shaped present landforms and are constantly reshaping and modifying landforms. Interpretation of geologic and topographic maps; field studies.
Pre / Co requisites: ESS 343 requires prerequisites of ESS 101 and ESS 204.
Typically offered in Spring.

ESS 344. Geomorphology II. 3 Credits.
A continuation of the study of earth surface processes. Interpretation of topographic maps and air photos.
Pre / Co requisites: ESS 344 requires a prerequisite of ESS 343.

ESS 347. Earth & Space Science Seminar. 1 Credit.
One credit weekly seminar featuring guest lectures by Geoscience professionals, prominent scientists, faculty and students. Students will read professional literature, attend and participate in the lecture, and write a summary and/or analysis of each seminar.
Typically offered in Fall.
Repeatable for Credit.

ESS 348. International Geology Field Studies. 3 Credits.
Field investigations of selected country’s physical environments focusing on geology and natural resources in relationship to cultural traditions, lifestyle and sustainability. Case studies of human adaptation to local and global environmental challenges will be considered. Two hours of lecture and two hours of lab.
Pre / Co requisites: ESS 348 requires prerequisite ESS 101 or ESS 102 or permission of instructor.
Repeatable for Credit.
ESS 355. Intermediate Astronomy. 3 Credits.
LEC (2), LAB (2)
An analytical and qualitative analysis of selected astronomical phenomena. Topics include
telescope optics (including photographic and photoelectric attachments), lunar and planetary
orbits, stellar motions and magnitudes, galactic classifications, and distances. Two hours of
lecture and two hours of lab.
Pre / Co requisites: ESS 355 requires prerequisite of ESS 111.

ESS 362. History of Astronomy. 3 Credits.
Development of astronomical theories from the ancient Greeks until the 20th century.
Pre / Co requisites: ESS 362 requires prerequisite of ESS 111.

ESS 370. Introduction to Meteorology. 3 Credits.
LEC (2), LAB (2)
A study of the principles governing the earth's atmosphere and how these principles
determine weather conditions.
Pre / Co requisites: ESS 370 requires a prerequisite of MAT 115 or MAT 143 or MAT 131 or
MAT 161.
Typically offered in Fall.

ESS 371. Advanced Meteorology. 3 Credits.
A continuation of the study of the principles governing the earth's atmosphere and how these
principles determine weather conditions.
Pre / Co requisites: ESS 371 requires prerequisite of ESS 370.
Typically offered in Spring.

ESS 394. Geology of Northwestern National Parks. 4 Credits.
This course includes a field trip to the national parks in South Dakota, Wyoming, Montana,
Idaho, northern Utah, and Colorado. The purpose of the course is to look at the geologic
features of the national parks in these states and to develop an appreciation of the geology
and geologic history of the region.
Consent: Permission of the Department required to add.

ESS 395. Geology of Southwestern National Parks. 4 Credits.
The course includes a field trip to the national parks in New Mexico, Arizona, southern Utah,
and Colorado to look at the geologic features of these parks and to develop an appreciation
of the geology and geologic history of the region.
Consent: Permission of the Department required to add.

ESS 405. Igneous and Metamorphic Petrology. 3 Credits.
LEC (2), LAB (2)
Theories of the formation of igneous and metamorphic rocks based on field occurrence,
physical properties, geochemistry, thermodynamics, and petrography. Classification and
identification of rocks. Laboratory and field examination of rocks.
Pre / Co requisites: ESS 405 requires prerequisites of ESS 201 and ESS 302.
Typically offered in Spring.

ESS 420. Structural Geology. 3 Credits.
LEC (2), LAB (2)
Determination of the sequential development and the forces involved in the various structural
features of the earth.
Pre / Co requisites: ESS 420 requires prerequisites of ESS 201 and ESS 302.
Typically offered in Spring.

ESS 439. Hydrogeology. 3 Credits.
This applied course covers groundwater flow, well hydraulics, water resources, contaminant
transport, and groundwater remediation. Familiarity with calculus is recommended.
Pre / Co requisites: ESS 439 requires prerequisite of ESS 301.
Typically offered in Spring.

ESS 442. Geophysics. 3 Credits.
Gravitational, magnetic, seismic (refraction and reflection), and electrical properties of rocks
and minerals in the earth. Physical principles of the earth; geophysics in relation to economic
deposits.
Pre / Co requisites: ESS 442 requires prerequisites of PHY 140 or PHY 180 and MAT 162.

ESS 447. Earth and Space Science Seminar. 1 Credit.
A one credit weekly seminar featuring guest lectures by Geoscience professionals, prominent
scientists, faculty and students. Each week students will read professional literature, attend
and participate in the lecture, and write a summary and/or analysis of each seminar.
Pre / Co requisites: ESS 447 requires prerequisite of ESS 347 or department consent.
Typically offered in Fall. Repeatable for Credit.

ESS 450. Sedimentation & Stratigraphy. 3 Credits.
LEC (2), LAB (2)
LAB, LEC Class, laboratory, and field studies of sediments, sedimentary rocks, depositional
processes and environments, and diagenesis. Description, mapping, and correlation of strata
to infer temporal-spatial relationships, locate resources, and interpret Earth history.
Pre / Co requisites: ESS 450 requires prerequisites: ESS 301, 302, 331 and 343.
Typically offered in Fall.

ESS 460. Internship. 1-18 Credits.
Contact department for more information about this course.
Repeatable for Credit.

ESS 480. Special Problems. 1-3 Credits.
Reports on special topics and current developments in the earth and space sciences.
Repeatable for Credit.

ESS 490. Fundamentals of Soils. 3 Credits.
LEC (2), LAB (2)
Soil properties, classification, and genesis from geologic, agricultural, and engineering
perspectives. Topics include pedology, soil physics, geotechnical engineering, erosion, septic
systems, soil contamination, and remediation.
Pre / Co requisites: ESS 490 requires prerequisite of ESS 101.
Typically offered in Fall.

ESS 491. Independent Studies. 1-3 Credits.
Contact department for more information about this course.
Repeatable for Credit.

SCE

SCE 320. Science Methods for Grades PK-4. 3 Credits.
A science methods course for PreK-4 teachers to master classroom and materials preparation
and the design of developmentally effective instruction and assessment. Teachers learn
methods that promote children's ability to do inquiry and master PA academic standards in
science and technology and environment and ecology.
Pre / Co requisites: Formal Admission Teacher Ed.
Typically offered in Fall, Spring & Summer.

SCE 330. Science Methods for Middle Level (4-8). 3 Credits.
A course to prepare the middle level teachers for teaching science with a focus on the
developmental and pedagogical needs of middle level students. Teacher candidates will
apply science content, develop knowledge how students learn science, explore materials
and resources, and learn how to plan and access effective standards based middle level science
instruction.
Pre / Co requisites: Formal Admission Teacher Ed.
Typically offered in Fall & Spring.

SCE 350. Science Education in the Secondary School. 3 Credits.
Philosophy, objectives, and methods of teaching science. This is an Early Field Experience
course with observation hours are completed in schools. Students must have current
clearances for TB, criminal background, FBI, and child abuse before they can be assigned
to schools to perform course assignments/other requirements. For the WCU policies on
clearances, select the Teacher Education Center on the College of Education Web site.
Pre / Co requisites: SCE 350 requires formal admission into teacher education.
Gen Ed Attribute: Diversity Requirement, Writing Emphasis.
Typically offered in Fall.

SCI

SCI 101. The Carbon Cycle. 3 Credits.
An exploration of how the carbon cycle connects earth and life, through photosynthesis,
respiration, decay, rock formation and weathering, and plate tectonics. Humans have altered
the carbon cycle by burning fossil fuels. Students investigate the carbon cycle on the WCU
campus and consider the implications for global warming. Team taught with the Department
of Biology.
Pre / Co requisites: SCI 101 requirement - Education majors only.
Typically offered in Fall & Spring.

**B.S.ED. IN EARTH AND SPACE SCIENCES**

**Curriculum**

All students seeking a B.S.Ed. must formally apply for admission to teacher education. See the "Educator Preparation Programs (p. 260)" section of this catalog for an explanation of related requirements. Only those students formally admitted to teacher education will be eligible to enroll in SCE 350/SCB 350. Once admitted to teacher education, students must maintain the minimum GPA specified by the College of Education in order to continue taking advanced professional course work. If a student falls below the minimum GPA, he or she will be permitted to retake - in accordance with University policy - professional course work that contributed to the fall below the minimum GPA but will not be permitted to take additional work until the minimum is met.

**General Education Requirements**

- English Composition requirements: 6
- Mathematics requirement: 3
- Public Speaking requirement: 3

**DEPARTMENT OF ECONOMICS AND FINANCE**

**College of Business and Public Management**

406 Business and Public Management Center
50 Sharpless Street
West Chester, PA 19383
610-436-3331

Department of Economics and Finance (http://catalog.wcupa.edu/economicsFinance)
Orhan Kara (okara@wcupa.edu), Chairperson

The primary objective of the Department of Economics and Finance is to provide a learning experience that will permit each student to achieve maximum intellectual development in his or her chosen area of study and to prepare for a satisfying career in that field.

Two degree programs are offered:

- **The B.S. in Economics** focuses on a business orientation of economic analysis.

  The economics program seeks to develop communication, problem-solving, and technology skills, as well as an understanding of practical and theoretical concepts in economics. Faculty members employ a variety of teaching methods to attain this mission. Graduates of the economics program should be well-prepared for a career in business and government or for the pursuit of graduate studies in a variety of fields.

  In addition to the above abilities, graduates with a B.S. in Economics should be able to:
  - Communicate information of an economic or policy nature through written and oral presentation
  - Use quantitative methods to analyze problems
  - Use technology (including spreadsheets and statistical software) to present and analyze economic problems
  - Critically analyze an economic issue and develop a clearly supportable position on the issue

- **The B.S. in Finance** focuses on investment, international finance, and financial markets. The finance program seeks to develop communication, problem-solving, and technological skills, and an understanding of practical and theoretical concepts in finance. Faculty members employ a variety of teaching methods to attain this mission. Graduates of the finance program should be well-prepared for a career in the field of finance or for the pursuit of graduate studies in a variety of fields.

  In addition to the above abilities, graduates with a B.S. in Finance should be able to:
  - Critically analyze an economic or financial issue and develop a clearly supportable position on the issue
  - Effectively communicate information of a financial or policy nature through written and oral presentation
  - Use quantitative methods to analyze problems
  - Use technology and financial spreadsheets to present and analyze financial problems
  - Understand how international finance is applied to company decision making
  - Understand basic financial concepts and theories

All freshmen and those transfer students who have not completed the required courses will be admitted to the pre-business program.

**Programs**

**Majors in Economics and Finance**

- B.S. in Economics (p. 252)
- B.S. in Finance (p. 254)

**Minors in Economics and Finance**

- Economics (p. 256)
- Finance (p. 256)

**Graduate Opportunities**

See the graduate catalog for more information on the Business Administration program. (http://catalog.wcupa.edu/graduate/business-public-management/business-administration)

**Policies**

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

**Prerequisites for Entry into the Business Majors: Accounting, Economics, Finance, Management and Marketing**

To apply for their business major, students must:

1. Complete ECO 111, ECO 112, ECO 251, MGT 200, MKT 250 and ACC 201 with a C or better in each course
2. Pass and complete both MAT 113 and MAT 143 with a C or better required in at least one of them. If a student is placed directly into MAT 143 and receives a C or higher or has completed MAT 161 or MAT 162 with a C or better, then the
student does not have to take MAT 113 (replaced as a free elective).
3. Have a minimum overall GPA of 2.50
4. Pass an Excel basic skills exam with an 88% or better
5. Have at least 45 credit hours.
These requirements must be met to be eligible to register for 300 and 400 level business courses. The same rules apply to all transfer students—both internal (those from within the University) and external (those from a non-WCU institution).

Economics & Finance Major Graduation Policies

To graduate with an earned degree from the Department of Economics and Finance’s major programs, students must have a 2.50 overall GPA.

Provides in depth coverage of a major current topic in Economics. The topics could range from current monetary policy to economic issues in China.
Pre / Co requisites: ECO 414 requires prerequisite of ECO 111 and ECO 112. Minimum 2.50 CUM GPA.

FIN

FIN 300. International Special Topics in Finance. 3 Credits.
This course provides a comprehensive overview of the Chinese economy and its role in the world economy, including topics such as China’s economic reform, its interaction with the world through trade, investment and financial system, etc. This course will incorporate company visits and exploration of cultural sites in China.
Typically offered in Summer. Repeatable for Credit.
FIN 310. Behavioral Finance. 3 Credits.
Over the past several decades, the field of finance has developed a successful paradigm based on the notions that investors and managers were generally rational and the prices of securities were generally “efficient.” In recent years, however, anecdotal evidence as well as theoretical and empirical research has shown this paradigm to be insufficient to describe various features of actual financial markets. In this course we will use psychology and more realistic settings to guide and develop alternative theories of financial market. We will examine how the insights of behavioral finance complement the traditional paradigm and shed light on investors’ trading patterns, the behavior of asset prices, corporate finance, and various Wall Street institutions and practices.
Pre / Co requisites: FIN 310 requires prerequisites of ECO 111 or ECO 112, and ECO 251 or MAT 121 and minimum 2.5 CUM GPA.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.
FIN 325. Corporate Finance. 3 Credits.
The organization and financing of the modern corporation. Promotion, capitalization, short-term financing, capital budgeting, distribution of earnings, expansion, consolidation, failure, and reorganization.
Pre / Co requisites: FIN 325 requires prerequisites of ACC 201 and ECO 111 and ECO 112 and ECO 251 or MAT 121 and MAT 108 or MAT 161. Minimum 2.50 CUM GPA.
FIN 326. Intermediate Financial Management. 3 Credits.
A second course in managerial finance. Emphasis is distributed between theory and practice. Once understood, good theory is common sense, and solving problems reinforces the practical applications.
Pre / Co requisites: FIN 326 requires prerequisites of FIN 325 and MAT 108 or MAT 161 and minimum 2.50 CUM GPA.
FIN 330. Principles of Insurance. 3 Credits.
The nature and types of risk management and insurance coverage are considered. Conceptual analysis and the impact of financial deregulation on personal and business risk management and insurance are covered.
Pre / Co requisites: FIN 330 requires prerequisite of FIN 325 and Minimum 2.50 CUM GPA.
FIN 332. Real Estate Finance. 3 Credits.
This course provides a basic orientation to the financial instruments and institutional structures and policies of real estate finance.
Pre / Co requisites: FIN 332 requires prerequisite of FIN 325 and minimum 2.50 CUM GPA.
FIN 337. Financial Markets and Institutions. 3 Credits.
Covers a variety of domestic and international financial markets and institutions. Analysis is provided for the regulation, operation, and management of these institutions. Written and oral presentations are required.
Pre / Co requisites: FIN 337 requires prerequisites of ECO 111 and ECO 112 and FIN 325 Minimum 2.50 CUM GPA.
FIN 344. Investments. 3 Credits.
Problems and procedures of investment management; types of investment risks; security analysis; investment problems of the individual as well as the corporation.
Pre / Co requisites: FIN 344 requires prerequisite of FIN 325 and Minimum 2.50 CUM GPA.
FIN 350. Investment Analysis and Portfolio Management. 3 Credits.
A second look at investment opportunities. This course assumes a basic understanding of the existence and function of financial assets. Each category of assets is studied from a theoretical perspective. Theories are then applied to the study of trading strategies. Problem solving is emphasized.
Pre / Co requisites: FIN 350 requires prerequisite of FIN 344 and Minimum 2.50 CUM GPA.
FIN 351. The Market for Corporate Control. 3 Credits.
The question of who controls an economy’s assets is essential to understanding the success of the economy. The aim of this course is to thoroughly examine the market for corporate control, which includes mergers, acquisitions, LBOs, proxy fights, reorganizations, and anti-takeover protections. We will cover the history of MA markets, review corporate governance practices, and investigate the current theories and empirical evidence on buyouts and acquisitions. The course includes a rigorous treatment of deal valuation and financial modeling. Throughout the course, case studies provide students with access to key concepts and an interactive experience.
Pre / Co requisites: FIN 351 requires prerequisite FIN 326 with a grade of C or better.
FIN 360. Financial Analysis Using Excel. 3 Credits.
Teaches students how to use Excel spreadsheets to structure, analyze, and solve financial problems. Students will use Excel to develop financial forecasts, perform break-even analyses, perform sensitivity analyses, and make capital budgeting decisions.
Pre / Co requisites: FIN 360 requires a prerequisite of C or better in FIN 325 and minimum 2.50 CUM GPA.
FIN 372. International Finance. 3 Credits.
Development of financial managerial knowledge and skills to understand the working of the corporate financial function in a global setting.
Pre / Co requisites: FIN 372 requires prerequisite of FIN 325 and minimum 2.50 CUM GPA.
FIN 375. Contemporary Financial Issues. 3 Credits.
Students will be required to read, research, and write papers on current issues and developments in finance.
Pre / Co requisites: FIN 375 requires prerequisites of FIN 326 and FIN 344 and FIN 337 and Minimum 2.50 CUM GPA.
Gen Ed Attribute: Writing Emphasis.
FIN 399. Transfer Elective Upper Level. 1-10 Credits.
Transfer Elective Upper Level.
Repeatable for Credit.
FIN 410. Special Topics in Finance. 3 Credits.
This course will provide in-depth coverage of a major current topic in finance. The topic will change each semester. Topics to be covered include capital budgeting, valuation, financial derivatives, and financial modeling.
Pre / Co requisites: FIN 410 requires prerequisite of FIN 325 and Minimum 2.50 CUM GPA.
Repeatable for Credit.

Student Electives

Select three credits of electives.

Total Minimum Credits Required

A minimum of 30 credits in business courses must be completed at West Chester University, with a minimum of 15 credits in 300–400 level ACC or FIN courses.

1. A minimum grade of C is required in these courses.

2. This is a Pre-Business Core course, which must be completed prior to applying to any business major.

3. A grade of C or higher must be earned in at least one MAT course (MAT 113 or MAT 115). If a student starts with or transfers in MAT 143, MAT 161, or MAT 162; and a C or better is earned, then neither MAT 113 nor MAT 115 is required. The MAT requirement is then replaced with a free elective.

4. Free electives are course credits not used to meet minimum requirements for gen eds, major, minor, or business electives and core. Listed as "Other" in the Degree Program Report (DPR), free elective credits shown here are in addition to the 9 student elective credits specified in the 48 credit gen ed total. Total free electives vary by business major and equal the number needed to yield 120 total credits.

Sample Course Plan

To track their individual degree progress, students are advised to access their Degree Progress Report (DPR) via myWCU regularly. For more information, visit wcupa.edu/DegreeProgressReport.

The following is a suggested course sequence for this program; course offerings and availability are not guaranteed. Students should consult their academic advisor with any questions.

Professional Education Requirements
As a result of new certification requirements, individual programs have unique professional education requirements. Please consult individual department listings in this catalog for specific information regarding professional education requirements.

Students are required to have up-to-date clearances (criminal record, child abuse, FBI, and TB) to participate in field experience courses.
The teaching certification is given in specific subject areas. Therefore, specialization in one of the teaching fields listed below is required for graduation in secondary or K-12 education. The minimum number of semester hours required for each field is listed in this catalog under the appropriate academic department. These hours will satisfy the Instructional I Certification requirements in Pennsylvania.

Total Minimum Credits Required 120

K-12 Areas of Certification
- Biology (p. 203)
- Chemistry (p. 210)
- General Science (p. 248)
- Earth and Space Science (p. 246)
- English (p. 273)
- Social Studies (p. 303)
- Mathematics (p. 373)
- Physics (p. 420)

Sample Course Plan
To track their individual degree progress, students are advised to access their Degree Progress Report (DPR) via myWCU regularly. For more information, visit wcupa.edu/DegreeProgressReport.

MINOR IN PROFESSIONAL EDUCATION

College of Education and Social Work
Any student who is not a major in a teacher education program and is in good academic standing (minimum cumulative GPA of 2.00) may enroll in the program.

Required Courses
Students must earn a minimum grade of "C" in all minor courses.

**UNDERGRADUATE CERTIFICATE PROGRAM IN EDUCATION FOR SUSTAINABILITY**

**College of Education and Social Work**

Paul Morgan, Coordinator

The undergraduate certificate program in Education for Sustainability (EFS) is designed for undergraduate and post-baccalaureate students who want to develop their understanding of sustainability and apply their learning on campus, at home, and in their future careers. The program consists of four courses that provide the perspective, experiences, and practical methods needed to immediately put learning into practice.

**Required Courses**

- **EDF 300** Democracy and Education 3
- **EDM 300** Intro to Educational Technology Integr 3
- **EDP 250** Educational Psychology 3

**Electives**

Select three elective courses under departmental advisement 9

**Total Credits** 18

This provision applies to those who have already received University admission to pursue majors in educator preparation. Achieving FATE enables educator preparation candidates to enroll in the advanced coursework required to complete degree and certification programs. New guidelines from the Pennsylvania Department of Education (PDE) change the timeline for achieving Formal Admission to Teacher Education. According to the guidelines effective August 1, 2015, candidates who complete 60 or more credits of college-level coursework may register for additional professional education courses as long as those courses are not designated as advanced-level professional education coursework (please contact your program chair or advisor for guidance).

The minimum standards for formal admission to a WCU educator preparation program include the following:

1. Major in an educator preparation program or enrolled in an elective certification program
2. 48 semester-hour credits of college-level study
3. A minimum cumulative GPA of 2.8 on all college-level work
4. Passing scores, as established by the Pennsylvania Department of Education (PDE) on one of the following: (1) Pre-Service Academic Performance Assessments (PAPA) in Reading, Writing, and Mathematics; (2) Core Academic Skills for Educators (CORE) in Reading, Writing, and Mathematics; (3) Scholastic Achievement Test (SAT); American College Test (ACT); or a combination of qualifying scores from the four test vendors. Please consult with the Teacher Certification Office, 302 Recitation Hall, regarding up-to-date testing information, including acceptable scores, or visit the PDE website (http://www.education.pa.gov).
5. Six semester-hour credits of college-level (100 level or above) mathematics, three semester-hour credits of college-level (100 level or above) English composition, and three semester-hour credits in literature taught in English
6. Recommendation by the department of the candidate's major. (Department recommendation may be contingent upon completion of additional and/or more rigorous requirements than the minimum described above.) Secondary education majors obtain a recommendation from their content advisor as well as their professional and secondary education advisor.

WCU educator preparation candidates who achieve Formal Admission to Teacher Education must maintain a minimum cumulative GPA of 2.8 to retain FATE status. In most cases, a minimum cumulative GPA of 3.0 must be earned to qualify for Pennsylvania certification. Each program has designated, for its own majors, its advanced professional courses. Only those majors who have been formally admitted to teacher education are eligible to take these courses. The Office of Candidate Services processes all applications for formal admission to teacher education programs.

Candidates who earn Formal Admission to Teacher Education and later fall below the required cumulative GPA are permitted to repeat advanced professional education course work to improve their GPA to the required level (2.8). Such candidates will not, however, be permitted to register for additional advanced professional education course work in their programs until they again achieve the minimum cumulative GPA required for formal admission (2.8).

**Early Field Experiences**

Designated courses require early field experience to observe and work with PK-12 students in schools and other settings. Candidates must have a current TB test result, Pennsylvania State Criminal History Record, Federal Criminal History Report, and Department of Public Welfare Child Abuse Report before they can enter an early field experience setting. Under no circumstances may candidates complete field experiences without the proper clearances. The WCU policies on clearances are located on the College of Education and Social Work's website (http://www.wcupa.edu/education-socialWork/clearances.aspx). Please note that new University policy gives the dean of the College of Education and Social Work the authority to revoke enrollment in early
field experience courses of any candidate who fails to provide criminal clearances prior to the start of the fourth day of the semester according to published procedures.

Student Teaching

Student teaching is the culminating experience of the educator preparation program. Candidates must file applications to student teach with the Office of Clinical Experience, located in 107 Wayne Hall, one year before the semester in which they intend to teach. Please note that due to the current renovation of Wayne Hall, the Office of Clinical Experiences is temporarily located in 105 Ruby Jones Hall.

To be eligible to complete a student teaching experience, candidates (undergraduates and post-baccalaureates) must have:

- Completed the prerequisite course requirements,
- Met the state-mandated grade point average (2.80) or higher,
- Satisfied the requirements for Formal Admission to Teacher Education, and
- Provided a score report which verifies that they have taken the appropriate licensure exam as identified by PDE in the subject area where the candidates are enrolled to achieve certification.

See program listings and advising sheets for specifics and any additional program requirements. Candidates should contact their departments for specific requirements. A candidate must earn an academic grade of C or better in both student teaching assignments and graduate with the state-mandated minimum grade point average (3.0) or higher to qualify for a Pennsylvania teaching certification.

Candidates are assigned a student teaching placement in schools with which the University has a formal agreement.

To graduate from an educator preparation program with a baccalaureate degree, that is, to be a program completer, candidates must have:

- Completed the required course work
- Earned at least minimum grades in courses specified by their program
- Achieved and maintained Formal Admission
- Earned an overall GPA of at least 3.0
- Achieved grades of at least C in both student teaching courses
- Earned passing scores on the appropriate licensure exam(s) as identified by PDE in the subject area/program in which they are seeking certification

Applying for Pennsylvania Certification

Candidates apply for certification through PDE in conjunction with the University’s Certification Office. The application is submitted online through the PDE’s Teacher Information Management System (TIMS). Information about Pennsylvania certification is available from the Certification Office, College of Education and Social Work website (http://www.wcupa.edu/education-socialWork/certificationInfo.aspx), and PDE.

Applicants for the certificate must be citizens of the United States. A non-citizen must declare the intent to become a citizen of the United States and possess a permanent resident visa to qualify for a teaching certificate. For more information, contact the University’s Teacher Certification Office.

Professional Assessment for Beginning Teachers

Candidates pursuing initial Pennsylvania Instructional Level I Certification must meet the passing score on the examinations required by the Pennsylvania Department of Education at the time of certification application. Currently, these examinations include the following:

- As part of the requirements for Formal Admission to teacher education, all candidates must pass the Pre-service Academic Performance Assessment (PAPA) series of exams in reading, mathematics, and writing. Candidates are strongly encouraged to take these exams in the second semester of the first year of college study. An exception to the PAPA exams is offered to candidates who meet passing score criteria, as identified by PDE, on the ACT or SAT tests.

Note: Any candidate who registered for one or more tests of the Praxis I PPST series prior to April 2, 2012 or has successfully passed them before that date will have their scores honored by PDE. Candidates needing to do so are permitted to repeat any PPST test beyond the April deadline. For all others, PAPA testing replaced PPST on April 2, 2012.

- All candidates for certification must take all required licensure tests prior to student teaching. Score reports of all Praxis II, PECT, or ACTFL (OPI/WPT) tests must be produced during preregistration for student teaching as evidence of completing the academic department’s test requirements.

Higher Education Opportunity Act - Title II Praxis Test Results for Completers of the Traditional Teacher Preparation Program

Questions related to these tests should be directed to the Teacher Certification Office, 302 Recitation Hall. West Chester University is a designated Praxis test center and administers these tests six times a year according to the dates established by Educational Testing Service (ETS).

Instructional I Certificate

A candidate who completes one of the University’s educator preparation programs and passes all licensure tests required by the state qualifies for an Instructional I Certification, which is issued by PDE. This certification is valid for six years of teaching in Pennsylvania. Recommendation for the certification is made by the Dean of the College of Education, who serves as the certifying officer of the University.

Instructional II Certificate

This certification requires three years of successful teaching in Pennsylvania under the Instructional I Certification, successful completion of an Induction Plan approved by PDE, and the satisfactory completion of 24 credits of additional coursework completed at a baccalaureate-granting institution, after issuance of the baccalaureate degree. This certification is a valid license to teach in Pennsylvania. All or part of the educational requirements for this credential may be obtained through approved, in-service programs. Effective July 1, 2000 (Act 48) the state requires all certified teachers and administrators to engage in continuing professional development activities. WCU coursework is an acceptable option for the six hours of college credit (or its equivalent) required for teachers and administrators every five years.

Certification in additional subject areas may be obtained by completing requirements for that area, or in certain areas, by completing a Praxis specialty examination (see PDE website (http://www.education.pa.gov)). Candidates should consult the department in which they seek certification for information and an evaluation of their credits.

Educator Preparation, Candidate Dispositions Dispositional Expectations

If a faculty member documents that a particular educator preparation candidate is having difficulty with one of the following dispositional expectations in a University class or field-based course that the faculty member is teaching/supervising, he/she will request a meeting with the candidate, share evidence of the concerns, hear the candidate’s reason for behavior(s) of concern, make recommendations for improvement
where appropriate, and follow up the meeting with a notice and action plan sent to the candidate and his/her department chair. The notice and action plan will be placed in the candidate’s file in the department. The candidate also may be required to meet with a committee of faculty within the major department, at the department’s discretion, to:

1. Explore the nature of the concerns
2. Hear the candidate’s reasons for the behavior(s) of concern
3. Discuss corrective measures for remaining in the professional education sequence

If the behavior of concern is not corrected satisfactorily, it may lead to the department’s recommendation to deny formal admission to teacher education and/or advancement in the program. These recommendations would be forwarded to the Associate Dean of the College of Education and Social Work for a ruling. At this time, if the candidate chooses to appeal the ruling, the matter would come before the Teacher Education Student Appeals Committee, according to established protocol.

The purpose of this committee is to hear candidate appeals of decisions made by the Associate Dean of the College of Education and Social Work related to formal admission to teacher education and other matters regarding candidates’ progress in educator preparation programs.

For dispositional expectations, go to the College of Education and Social Work website, www.wcupa.edu/educatonsocialwork/studentDispositions.aspx/.

**Fees and Other Expenses**

All candidates pursuing certification in Pennsylvania can expect to spend $300 on required licensure tests, $40 per year on criminal clearances, an average of $30 for TB testing, and $200 on the Pennsylvania certification application. If licensure testing or clearances must be repeated for any reason during the candidate’s enrollment at WCU, he or she will incur additional expenses. Note: TB testing must be updated annually for all early grades preparation PK-4 majors entering early childhood centers. Note: TB testing must be updated annually for all early grades preparation PK-4 majors entering early childhood centers.

**Tk20**

The CESW uses Tk20 as a comprehensive online data management system for assessment of student learning outcomes and field placements. Tk20 establishes electronic documentation for continuous improvement of our programs. The CESW will purchase Tk20 accounts for students that require access. Tk20 accounts will be accessible for 7 years from the date of activation.

**DEPARTMENT OF ENGLISH**

*College of Arts and Humanities*

532 Main Hall

610-436-2822

Department of English (http://www.wcupa.edu/english)

Rodney Mader (rmader@wcupa.edu), Chairperson

Gabrielle Halko (ghalko@wcupa.edu), Assistant Chairperson

Erin Hurt (ehurt@wcupa.edu), Assistant Chairperson

The Department of English offers two degree programs with the choice of either the “literatures” or “writings” track within each program: the bachelor of arts in English and the bachelor of science in education (in cooperation with the College of Education). Each program is planned in consultation with an advisor.

• **The B.A. in English** provides a broad background in English studies; valuable training in the critical skills of reading, interpretation, and analysis; intensive practice in writing; and an understanding of the workings of language. This extremely versatile degree prepares students for graduate studies and law school, and careers in journalism, radio and television, publishing, public relations, and other professions in which skills in reading, writing, and processing information at a sophisticated level are required.

• **The B.S. in Education in English** prepares students to teach in the secondary schools in Pennsylvania under an Instructional I Certificate. These students will in large part satisfy the requirements for a B.A. in English, deriving extensive benefits from participation in a carefully constructed program that emphasizes literature and writing as cultural products and students as active learners. Before receiving permission to student teach, students in this program must satisfy the prerequisites for student teaching listed on the Educator Preparation Programs/Student Teaching (p. 260) section, as well as specific Department of English requirements.

Besides the skills and knowledge that students gain through coursework, the English Department also offers multiple opportunities to apply what they have learned in the academic setting to pre-professional and professional environments. English majors acquire competencies in critical thinking, information literacy, and written and oral communication. Through student teaching, undergraduate research, and internships, students learn how to transfer these valued, highly desirable skills for success in the workforce. In short, these experiences help English majors articulate and demonstrate to employers the ways in which their major has successfully prepared them for diverse professions.

**Internships**

A student will be permitted to take an internship under department supervision only if he or she is enrolled in a departmental major or minor program and has met the following requirements:

1. An accumulation of at least 80 credits
2. Completion of 12 credits in major or minor program courses
3. A meeting with his or her advisor to obtain information about internship eligibility
4. A meeting with the Department of English internship coordinator (accompanied by a resume)
5. Completion of internship agreement with all required signatures

A student will be limited to 15 hours of internship credit. Students who wish to take more than nine hours of internship credit in one semester must obtain approval from the internship coordinator after submitting an application and an academic transcript in the preceding semester. The internship coordinator will determine the number of credits to be earned during an internship by applying a ratio of 45 hours of work for each hour of academic credit. The internship credits for English majors may be applied to the student/advisor-designed program. Only under exceptional circumstances, and entirely at his or her discretion, will the internship coordinator consider applications from students not meeting the departmental requirements. It is the student’s responsibility to demonstrate that he or she has met the academic requirements for an internship.

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

B.S.Ed in English

Student Teaching Prerequisites

Formal Admission
Students should apply for formal admission to the teacher education program in approximately their sophomore year. Formal admission allows students to enter advanced methods courses and student teaching, which then lead to teaching certification. Students must achieve passing scores on the Preservice Academic Performance Assessment (PAPA) modules in reading, writing, and math to achieve formal admission.

Note: Students must complete EDS 306 prior to ENG 390 and ENG 392 (no exceptions).

Students may not take advanced methods courses or student teach without formal admission including the Test of Writing Competency. Students must complete all course work before student teaching. See Educator Preparation Programs, Student Teaching (p. 260).

Test of Writing Competency

The Department of English requires that students must pass the Test of Writing Competency to achieve formal admission. This requirement is in addition to the others noted on the Educator Preparation Programs page (p. 260). This test is scheduled once per semester and announced in advance by both the Department of English and the Department of Educational Foundations and Policy Studies (p. 257). Students are urged to take the test as early in their program as possible.

Grades on Required Courses

Anyone attempting to qualify for student teaching must pass each of the following courses with a grade of C or higher:

A student receiving a grade of C- or lower for any of these courses should retake the course immediately, before attempting courses in the English or education sequence. A student having difficulty with several of the courses listed above should recognize that he or she may not be able to meet the competency requirements for student teaching and should consider withdrawing from the B.S.Ed. program.

Grade Point Average

Before receiving formal admission, a student must attain an overall GPA of 2.8 or better, including a minimum GPA of 2.75 for all English courses attempted. Students must maintain these GPA requirements to remain formally admitted. Students must also achieve a GPA of 3.0 by the end of their student teaching.

Writing Portfolio

A student in the B.S.Ed. English program must also pass a writing portfolio requirement in order to be eligible to student teach. Preferably two semesters before student teaching, students will submit their writing portfolio to the Department of English for evaluation. Specific requirements of the writing portfolio are listed in the English Majors’ Handbook.

Praxis II

All teacher certification candidates must attempt the Praxis II tests required by their program and produce evidence of testing prior to the first day of their student teaching semester.

Ethnic Studies (http://www.wcupa.edu/ethnicStudies)
Miguel Ceballos (mceballos@wcupa.edu), Director

Ethnic Studies is an interdisciplinary program that provides students with a critical understanding of the social and historical experience of racial and ethnic groups in the U.S. and the impact of social, economic, political, philosophical, and cultural systems and structures on these groups. The minor program offers a minor to any student, regardless of major, who satisfactorily completes 18 semester hours of work in Ethnic Studies. The minor offers an interdisciplinary course of study with a concentration in one of the following areas:

- African American Studies
- Asian American Studies
- Jewish American Studies
- Latino/a Studies
- Native American Studies
- Multi-Cultural Studies

**MINOR IN ETHNIC STUDIES**

*College of Arts and Humanities*

Ethnic studies includes the Ethnic Studies Institute and program. The institute sponsors cultural programming, grant writing, and research. The program offers a minor to any student, regardless of major, who satisfactorily completes 18 semester hours of work in ethnic studies. Study may lead to a multiethnic emphasis or to a concentration in one of the following areas:

- **The African American Studies** concentration offers an interdisciplinary course of study to students interested in the literary, historical, artistic, cultural, and sociological significance of African American culture.

- **The Asian American Studies** concentration offers an interdisciplinary and structured course of study to students interested in the philosophical, literary, historical, sociological, and cultural significance of Asian American culture.

- **The Jewish American Studies** concentration offers an interdisciplinary approach with a foundation in Jewish history, language, and literature, and cultural significance of Jewish American culture.

- **The Latino/a Studies** concentration offers an interdisciplinary course of study to students interested in the literary, political, artistic, and cultural significance of Latino/a American culture.

- **The Native American Studies** concentration offers an interdisciplinary course of study structured around the literary, historical, and cultural significance of Native American culture.

For current requirements and a list of approved courses in each specialization, consult the director of ethnic studies.

For each option currently offered there are, in addition to the relevant ethnic studies core courses, certain cognate courses. These cognate...
courses do not necessarily deal directly with ethnic group life but give an added dimension of social and historical background.

As soon as possible, students should register their intent to earn the minor with the director of the ESI. At the end of each semester, students should report the ethnic-related courses completed during the semester and the courses planned for the following semester to the director. An updated list of courses approved for credit is available each semester from the ESI before the advising and scheduling period. Students can use an approved ethnic-related course toward the completion of the minor in ethnic studies at the same time it is being used to fulfill their major, other minor, or elective requirements.

Students are encouraged to attend at least two cultural ethnic events - speakers, musical programs, art shows, theatre productions, or films - each year.

DEPARTMENT OF GEOGRAPHY AND PLANNING

College of Business and Public Management
506 Business and Public Management Center
50 Sharpless Street
West Chester, PA 19383
610-436-2343
Department of Geography and Planning (http://www.wcupa.edu/geographyPlanning)
Dottie Ives-Dewey (divesdeway@wcupa.edu), Chairperson

The Department of Geography & Planning prepares students for careers in a range of fields including urban and regional planning, geospatial technologies, environmental conservation, and more. Students in the program are equipped with the professional and technical skills needed to guide complex processes of a changing world, to utilize cutting edge technologies to create sustainable built and natural environments, and to enrich communities through leadership, entrepreneurial activity, social responsibility, and environmentally sustainable planning and policy. According to the U.S. Department of Labor, the Geospatial Technology industry is growing at an annual rate of 35% as private, government, and non-profit sectors incorporate GIS as part of their information systems.

The B.S. in Urban and Environmental Planning prepares students to enter the workforce as professional planners, GIS analysts, or in related professions. Professional planners play a major role in shaping communities; in providing guidance for sustainable development; and in addressing social, environmental, political, and economic problems of communities. GIS Analysts work in a range of industries including private business, local and regional planning agencies, the federal government, and non-profit organizations.

The B.A. in Geography offers four separate track options, all of which share a common core of courses in geography, including maps and remote sensing, basic GIS, spatial statistics and the completion of an individual research project. The General Geography Track offers the most flexibility and provides an overview of the three areas of planning, GIS, and environmental conservation. The Environmental Track provides a more focused study of environmental analysis and conservation practices. The GIS Track provides more advanced applications of geospatial technologies. The Elective Social Science Track provides an opportunity for a student to complete social studies post-baccalaureate teaching certification.

Both programs also prepare students for graduate study in planning, GIS, environmental science, and law.

Department Mission Statement

The mission of the Department of Geography and Planning is multifaceted. The mission is to produce geographers and planners conceptually prepared and technically skilled for spatial analysis and problem solving; to provide majors with the basic background of the discipline; to provide the opportunity to specialize in an area of their interest such as geographic information systems (GIS) and planning; to link undergraduate programs to the surrounding community for professional and graduate-level training; and to serve as a resource for community planning, consulting, and research needs.

In keeping with this mission, the department has the following learning goals for the undergraduate program:
1. Basic background knowledge in the discipline of geography and planning
2. Conceptual and technical skills for spatial analysis and problem solving
3. The ability to conduct geographic research

Courses

GEO

GEO 101. World Geography. 3 Credits.
The scope of geography and understanding of the world's regions generated by it. Human society is examined in a frame of spatial, environmental, and resource factors. Map skills and other ‘tools’ of geography are introduced.
Gen Ed Attribute: Behavioral and Social Science Distributive.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

GEO 102. Physical Geography. 3 Credits.
The study of basic principles of physical geography and of relationships between components of the total earth environment.
Typically offered in Fall.

GEO 103. Human Geography. 3 Credits.
An inquiry into the theoretical and applied approaches to the study of human spatial behavior and the distribution of social problems.
Gen Ed Attribute: Behavioral and Social Science Distributive.
Distance education offering may be available.
Typically offered in Spring & Summer.

GEO 200. Global Cities. 3 Credits.
GEO 200 introduces students to historical and current spatial patterns within global cities. This class will discuss the major concepts of urban development and growth, globalization, and city systems using lectures, class discussion, and videos. The goal of the course is to provide the students with an understanding of the basic principles of geography and apply those principles to the study of cities across the globe. The course emphasizes the environmental and human characteristics that make cities distinctive collectively and individually.
Gen Ed Attribute: Behavioral and Social Science Distributive.
Distance education offering may be available.
Typically offered in Summer.

GEO 204. Introduction to Urban Studies. 3 Credits.
An examination of the breadth of urban studies from the perspectives of many social science disciplines. Philadelphia is emphasized as an object of perception, as a place of life and livelihood, and as an example of continual change in the urban environment.
Gen Ed Attribute: Diversity Requirement, Interdisciplinary Requirement.
Typically offered in Fall & Spring.

GEO 205. Geography of Agriculture, Food & Sustainability. 3 Credits.
Human beings eat food daily and this necessity has led to conversion of half of the Earth's land surface to agricultural use. This course introduces students to the spatial patterns of agricultural systems on the planet, the physical geography related to them. Students will investigate the impacts of modern agriculture on the environment, and human culture and health. This will be followed by an introduction to sustainable alternatives including local small scale organic agriculture, urban gardening, and resilient diverse food cropping systems. Students will choose a region of the world to study sustainable agricultural systems, and prepare a regional food dish to share with the class.
Typically offered in Fall.

GEO 213. GIS for the Social Sciences. 3 Credits.
A course in mapping in the political, economic, and social features of places and the analysis of those maps using the Arc View component of ESRI's ARC GIS. Introductory course but with hands-on technology experience; suitable for majors in political science, social work, economics, and other social science disciplines.
Typically offered in Spring.

GEO 214. Introduction to Planning. 3 Credits.
The methods of analyzing problems of urban and regional planning. Emphasis is placed on systems of housing, recreation, transportation, industry, and commerce.
Gen Ed Attribute: Behavioral and Social Science Distributive.
Typically offered in Fall.

GEO 215. GIS for Criminal Justice Careers. 3 Credits.
A course in crime mapping and the analysis of maps of crime patterns, police services, locations of criminal incidents, offenders' geographical behaviors, and spatial trends in crime.
Typically offered in Fall & Spring.
Cross listed courses GEO 215, CRJ 215.

GEO 225. Introduction to Maps and Remote Sensing. 3 Credits.
Introduction to mapping and remote sensing. Thorough exposure to grid coordinate systems, representative fractions/scale, map projections, and mapping systems. Also, aerial photographs, digital orthophotos, satellite images, and computers as tools.
Typically offered in Fall.

GEO 230. Environmental Conservation and Sustainability. 3 Credits.
An inquiry into the problems of resource protection, management and sustainability. Emphasis is placed on the United States.
Gen Ed Attribute: Behavioral and Social Science Distributive.
Typically offered in Fall & Spring.

GEO 301. Geography of United States and Canada. 3 Credits.
An examination of the complexity and diversity of the physical and human landscapes of the U.S. and Canada. Both rural and urban geography are studied with an emphasis on recent geographic changes of influence: such as the shift from an emphasis on production to one on service and consumption, the growing importance of cities, and increasing racial and ethnic diversity.
Typically offered in Fall.

GEO 302. Geography of Latin America. 3 Credits.
Central and South America are studied with emphasis on geographic understanding of the major sources of change in recent times. The course focuses on selected individual countries in addition to presentation of the region as a whole.
Gen Ed Attribute: Foreign Language Culture Cluster, Spanish Culture Cluster.
Typically offered in Fall & Spring.

GEO 303. Geography of Europe. 3 Credits.
A survey course focusing on the regional geography of Europe. The course includes and examination of the physical environment, cultural traditions, lifestyles, economies, urban environment and political change throughout the region.
Gen Ed Attribute: Foreign Language Culture Cluster, France & Francophone Area Culture Cluster, Germany Culture Cluster, Italy (Italian) Culture Cluster.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

GEO 304. Geography of Asia. 3 Credits.
This course is a survey course focusing on the geography of Asia. This course utilizes a systematic approach to understanding Asia's geography and includes an examination of the physical environment, the cultural traditions, lifestyles, economies, development, and urban environment throughout the Asia region. The course focuses on the regions of South, Central, East, and Southeast Asia. Russia and the eastern countries of the former Soviet Union are also covered.
Typically offered in Spring & Summer.

GEO 310. Population Geography. 3 Credits.
An introduction to theories, concepts, processes and geographical patterns of human population.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Spring.
GEO 312. Urban Geography. 3 Credits.
Analysis of patterns, processes, and consequences of urban growth and development. Theory of systems, size, spacing, and functions of cities. Students will conduct outside analysis using real data.
Gen Ed Attribute: Diversity Requirement.
Typically offered in Fall, Spring & Summer.

GEO 316. Planning for Resilient Communities and Natural Disasters. 3 Credits.
This course provides students with the capacity to develop planning and public service skills to understand, diagnose and address causes, consequences, and mitigation and adaptation measures for a wide variety of emergencies and disasters. These events include natural hazards (such as earthquakes, volcanic eruptions, tsunamis, hurricanes, floods, and temperature extremes), accidents, terrorism and other extreme events such as climate change and environmental catastrophes that are both rapid and slow moving with often devastating impacts on social structures and the built and natural environments.
Typically offered in Fall.

GEO 318. Economic Geography. 3 Credits.
This course is concerned with the spatial patterns of economic activities, including production, consumption, and settlement. It provides an understanding of their location and the processes of change. The course is international in scope, with an emphasis on the global economy.
Typically offered in Fall.

GEO 322. Land Development Controls. 3 Credits.
An insight into the ‘why’ and ‘how’ of land development, emphasizing the role of local government in zoning, subdivision regulation, and other land regulations.
Pre / Co requisites: GEO 322 requires prerequisite of GEO 214.
Typically offered in Spring.

GEO 324. Intro to Geographic Information Systems. 3 Credits.
Data sources and analysis techniques used in the planning process, with emphasis on appropriate applications. Students receive considerable experience in using geographic information systems technology to solve real-world problems.
Typically offered in Fall, Spring & Summer.

GEO 325. Intro Business GIS. 3 Credits.
This course provides a conceptual overview of geographical information systems as well as hands-on experience of software systems used in developing business management and marketing strategies. Attention is focused on using GIS technology as an analysis tool to improve decision making. Designed primarily for marketing majors.
Typically offered in Fall, Spring & Summer.

GEO 326. Geographical Analysis. 3 Credits.
Applications of basic statistical techniques to problems of spatial significance, emphasizing the adaptation of technique to problem, and the understanding and interpretation of specific analytical methods as applied to real-world situations.
Pre / Co requisites: GEO 326 requires prerequisites of MAT 103 or MAT 115 or MAT 113 or MAT 143 or MAT 121 or MAT 161 or MAT 131 or MAT 199.
Typically offered in Spring.

GEO 328. Computer Cartography. 3 Credits.
This course provides an overview of a variety of computer mapping programs and hands-on experience utilizing those programs. The course is structured to develop design skills related to the effective creation of maps. Graphic techniques are emphasized that relate to the effective display and communication of spatial phenomena.
Typically offered in Spring.

GEO 331. Transportation Planning. 3 Credits.
Important issues, descriptive and analytical, facing urban and suburban transportation are studied. Employment of the planning process emphasizes use of analytical tools.
Typically offered in Spring.

GEO 332. Environmental Crises. 3 Credits.
The nature and dimensions of environmental problems with an emphasis on endangered life-support systems. Aspects of natural and social environment systems and their mutual interrelationships.
Typically offered in Spring.

GEO 333. Sustainable Living. 3 Credits.
Practical solutions and innovative thinking in how students can adopt a more sustainable lifestyle personally and professionally. Three interconnected objectives of sustainability-economic vitality, environmental integrity, and social equity—will serve as core themes in the course.
Distance education offering may be available.
Typically offered in Summer.

GEO 336. Environmental Planning. 3 Credits.
Introduction to the concepts and tools of environmental planning which include landscape form and function in planning. Applications to local and regional issues are stressed.
Typically offered in Fall.

This course reviews the principles of cartography and GIS in terms of environmental applications. Using ESRI’s and ArcGIS software, students will add environmental, political, economic, and other types of data to computerized maps to explore environmental analysis. These data will then be spatially examined and manipulated to review the process of mapmaking and decision-making.
Typically offered in Fall & Summer.

GEO 341. Landscape Analysis. 3 Credits.
The study of contemporary geographical patterns of plants and animals, and the overall processes which influence landscape development and characteristics, such as climatic and geomorphic events, and anthropogenic activities.
Typically offered in Spring.

GEO 352. Geopolitics. 3 Credits.
A study of the causal relations between geographical phenomena and political or military power.
Typically offered in Spring.

GEO 354. Geography and Planning of Housing. 3 Credits.
This course provides an overview of the spatial, economic, social, physical, and political factors that structure and affect current housing conditions and prospects. This course introduces key concepts and institutions that influence the production, distribution, maintenance and location of housing. The Philadelphia metropolitan area is emphasized as a case study for understanding the implications of present housing policies and plans.
Typically offered in Fall.

GEO 400. Senior Seminar In Geography. 3 Credits.
The study of historical and contemporary trends in geography; the design, preparation, and defense of a research proposal.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall.

GEO 401. Internet Mapping. 3 Credits.
This course reviews principles and applications of cartography and geographic information systems (GIS) in terms of internet and mobile mapping technologies. Web-distributed maps, internet map services, navigation/Global Positioning Systems (GPS) and cell phone based applications are examined through the use of ArcGIS Internet map server, Google Earth, Google APIs and cell phone applications.
Pre / Co requisites: GEO 401 requires prerequisite of GEO 225.
Typically offered in Fall & Summer.

GEO 402. Topical Seminar. 3 Credits.
Intensive examination of a selected area of study in the field of geography. Topics will be announced at the time of offering. Course may be taken more than once when different topics are presented.
Typically offered in Fall & Spring.
Repeatable for Credit.

GEO 403. Planning and Design. 3 Credits.
Selected experiences designed to assist the student (either as an individual or as a member of a group) in developing proficiency in information-providing techniques.
Typically offered in Spring.
Cross listed courses PLN 403, GEO 403.

GEO 404. Senior Project in Geography. 3 Credits.
The execution of the research proposal (designed in GEO 400) as an acceptable departmental senior research paper.
Pre / Co requisites: GEO 404 requires prerequisite of GEO 400.
Typically offered in Spring.
GEO 410. Independent Study in Geography. 3 Credits.
Research projects, reports, and readings in geography.
Consent: Permission of the Department required to add.
Typically offered in Summer.
Repeatable for Credit.

GEO 412. GIS Applications in Health. 3 Credits.
LEC (0), LAB (0)
This is an applied course covering the theory and applications of geographic information systems (GIS) for public health. The course includes an overview of the principles of GIS in public health and practical experience in its use. The practical component involves the use of desktop GIS software packages including ArcGIS.
Pre / Co requisites: GEO 412 requires a prerequisite of GEO 324.
Typically offered in Fall.

GEO 415. Internship in Geography and Planning. 1-12 Credits.
Practical job experience in applying geographic theory, executing substantive research, and engaging in community service in selected off-campus situations. Open only to upper-division B.A. majors and minors in geography/planning with permission of department chairperson.
Typically offered in Fall, Spring & Summer.
Repeatable for Credit.

GEO 424. Geographic Information Systems Application. 3 Credits.
A course to advance the student’s knowledge of the design and implementation of geographic information systems.
Pre / Co requisites: GEO 424 requires prerequisite of GEO 324.
Typically offered in Spring.

GEO 425. Business GIS Applications. 3 Credits.
Intensive use of Geographical Information Systems (GIS) in the business environment to aid in better sales and marketing decisions. Course provides a conceptual overview of database management systems from MIS to geodatabases and their integration with a GIS. Case studies draw numerous examples from various businesses. Student tutorials provide hands-on opportunities for students to experience and learn how to use GIS within a business problem-solving framework.
Pre / Co requisites: GEO 425 requires prerequisite of GEO 325.
Typically offered in Fall & Spring.

GEO 427. Geodatabase System. 3 Credits.
The course teaches students the concepts and design of geographic database systems in the process of geographic analysis.
Typically offered in Spring.

PLN 301. Planning History, Theory, and Ethics. 3 Credits.
This course examines current planning theories and approaches. The course examines the role of planning within a democratic society, how planning influences society and society values, new directions in the field, and the relationship between planning theory and planning practice, with special focus on planning ethics, professional standards and conduct.
Typically offered in Spring.

PLN 302. Community Engagement Techniques. 3 Credits.
This course focuses on qualitative methods and citizen engagement techniques for planning practice. Discussion centers on citizen participation, social justice, governance and working with under-represented populations. The course includes how to conduct a community survey, structure a public meeting, conduct a focus group, and other methods planners use to bring meaningful citizen participation into community decision-making.
Typically offered in Spring.

PLN 320. Land Use Planning. 3 Credits.
An inquiry into the development of comprehensive land use studies by governmental and private agencies, emphasizing the development of skills in problem identification and resolution.
Pre / Co requisites: PLN 320 requires a prerequisite of GEO 214.
Typically offered in Fall.

PLN 403. Planning Design (Studio A). 3 Credits.
Selected experiences designed to assist the student (either as an individual or as a member of a group) in developing proficiency in information-providing techniques.
Pre / Co requisites: PLN 403 requires a prerequisite of GEO 214.
Typically offered in Fall.
Cross listed courses PLN 403, GEO 403.

PLN 405. Planning Design (Studio B). 3 Credits.
Selected experiences designed to assist the student (either as an individual or as a member of a group) in developing proficiency in site planning and urban design techniques.
Pre / Co requisites: PLN 405 requires a prerequisite of GEO 214.
Typically offered in Spring.

B.A. IN GEOGRAPHY

College of Business and Public Management

Curriculum

The Bachelor of Arts in Geography offers a choice of five emphases (called “tracks”: traditional geography (cultural, environmental, and economic geography including an international perspective), geographic information systems (GIS), urban/regional planning, environmental geography, and elective social studies teacher certification). The geographic information systems and urban/regional planning areas emphasize specialized skill development. Internships are available and are recommended for qualified students.

Geography majors must take GEO 101 or GEO 103 and achieve a grade of 2.0 or better. They also must pass WRT 120 and WRT 200 (or equivalent) with a grade of 2.0 or better.

Courses (taken under advisement) that are specifically related to identified career aspirations, and chosen outside general requirements, or geography core:

1 Usually recommended courses include GEO 318, GEO 324, GEO 328, GEO 415, GEO 424, GEO 427, MGT 341, MGT 486; MIS 300, MIS 301; MKT 461

MINOR IN GEOGRAPHY & PLANNING

College of Business and Public Management

This minor provides a flexible geography focus that combines well with other majors. Clusters of courses may involve environmental geography, spatial technology, international courses, or courses especially suitable as preparation for social studies education, for example.

Additionally, a cluster of courses in planning allows students from other majors to acquire geography and planning skills and to expand their career possibilities to include such areas as land planning and management, conservation of resources, location of commerce and industry, and county or other local government services.

Required Courses 1 3
Select one of the following:
GEO 101 World Geography 3
GEO 103 Human Geography 3

Elective Courses 1 15
Select 5 courses in consultation with an advisor.
Total Minimum Credits Required 18

1 No more than 6 credits of coursework for the minor may be at the 100-level.

DEPARTMENT OF HEALTH

College of Health Sciences
207 Sturzebecker Health Sciences Center
610-436-2931
Department of Health (http://www.wcupa.edu/health)
James Brenner (jbrenner@wcupa.edu), Chairperson

The Department of Health offers four programs leading to a Bachelor of Science Degree.

- **The B.S. in Public Health** prepares students for a career as a public health practitioner in hospitals, health departments, health agencies, and industry. The program provides a comprehensive basic science background, as well as a strong public health foundation.

- **The B.S. in Environmental Health** prepares students for careers as environmental scientists in industry, consulting firms, government, hospitals, and academia. The program synthesizes a general scientific preparation with specialized applied courses in a wide range of environmental health science disciplines, such as industrial hygiene, toxicology, risk assessment, water quality, solid & hazardous waste management, and stormwater management. This program is accredited by the National Environmental Health Science and Protection Accreditation Council (EHAC).

- **The B.S. in Health Science - General** is for students who have completed a certificate, license, diploma, or associate's degree program in such health science areas as dental hygiene, respiratory therapy, occupational therapy, medical technology, alternative/complementary medicine, and cardiovascular technology. The program gives professionals the chance to build on their technical education already received and to develop academic competency in a related field. General education requirements and health courses are needed for completion of the B.S. in health science.

- **Students who are interested in athletic training will complete a 3+2 accelerated program** earning both a B.S. in Health Science: General - Sports Medicine Studies Concentration and an M.S. in Athletic Training. Interested students should contact Dr. Neil Curtis at (610) 436-2119 or via e-mail at ncurtis@wcupa.edu.

- **The B.S. in Respiratory Care** is offered in association with Bryn Mawr Hospital. Graduation from the program satisfies the entrance requirement for the Written Registry Examination and the Clinical Simulation Examination given by the National Board for Respiratory Care. Successful completion of these examinations qualifies the candidate as a registered respiratory therapist. Most respiratory therapists are employed by hospitals and home health care agencies.

- **The Minor in Health Sciences** is designed to provide you with focused coursework and learning experiences to complement your Major program and enhance your post-graduate career options.

- **The Minor in Contemplative Studies** is designed to provide you with focused coursework and learning experiences to complement your Major program and enhance your post-graduate career options.

- **The Minor in Environmental Health** is designed to provide you with focused coursework and learning experiences to complement your Major program and enhance your post-graduate career options.

- **B.S. in Health Science: Respiratory Care** (p. 292)

**Minors in Health**

- **Contemplative Studies** (p. 295)
- **Environmental Health** (p. 295)
- **Health Sciences** (p. 295)

**Graduate Opportunities**

See the graduate catalog for more information on the Health Science program. (http://catalog.wcupa.edu/graduate/health-sciences/health)

**Policies**

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate-academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

**Academic Policies**

1. Repeating courses
   a. Department of Health majors who earn less than a C (2.0) in selected program requirements may be required to repeat such courses. Students should discuss these requirements with their advisors.

2. Overall GPAs for internships and field experiences
   a. A minimum 2.5 cumulative GPA is required of environmental health majors for internships or field experience assignments.
   b. A minimum 2.5 cumulative GPA is required for public health majors for internships.

**Courses**

**ENV 102. Humans and the Environment. 3 Credits.**
A study of the ability of humans to survive and maintain their life quality considering the limited resources and recycling capacity of planet Earth. Note: Only one of the following courses can be completed for credit: SCB 102, ENV 102, or ESS 102.
Gen Ed Attribute: Interdisciplinary Requirement.
Typically offered in Fall & Spring.

**ENV 199. Transfer Credits. 1-10 Credits.**
Transfer Credits. Repeatable for Credit.

**ENV 230. Hazardous Waste Operations and Emergency Response. 3 Credits.**
Provides students with the training required by the Occupational Safety and Health Administration and the Environmental Protection Agency to work sites where hazardous wastes and/or materials may be stored, spilled, transported or used.
Typically offered in Summer.

**ENV 435. Environmental Health Workshop. 1-6 Credits.**
Special workshops on contemporary environmental health issues. Topics announced at time of offering.
Typically offered in Spring.
Repeatable for Credit.

**ENV 445. Risk Assessment. 3 Credits.**
An examination of human health and ecological risk assessment with emphasis on exposure estimation.
Pre / Co requisites: ENV 445 requires prerequisite of ENV 102.
Typically offered in Spring.

**ENV 447. Environmental Regulations. 3 Credits.**
Prepares students for working with federal and Pennsylvania environmental regulations. Emphasizes use and development of Internet regulatory resources. Specific discussions and exercises related to various regulatory agencies are included.
Pre / Co requisites: ENV 447 requires prerequisite of ENV 102.
Typically offered in Fall.

**ENV 450. Hazardous and Solid Waste. 3 Credits.**
Sources, characteristics, and amounts of solid and hazardous wastes and their implications for human health. Methods of collection, handling, disposal, and recycling.
Pre / Co requisites: ENV 450 requires prerequisite of ENV 102.
Typically offered in Fall.

**ENV 451. Environmental Toxicology. 3 Credits.**
An investigation of the health problems caused by toxic substances in the workplace and in the general environment.
Pre / Co requisites: ENV 451 requires prerequisites of BIO 204 and ENV 102 and co-requisite of CHE 230.
Typically offered in Spring.

**ENV 452. Industrial Hygiene I. 3 Credits.**
This course is an investigation of the anticipation, recognition, evaluation and control of airborne and dermal health hazards in the workplace. Hazard communication and regulatory compliance are also addressed.
Pre / Co requisites: ENV 452 requires prerequisite of ENV 102.
Typically offered in Fall.

**ENV 453. Occupational Safety. 3 Credits.**
A study of the recognition, evaluation, and control of safety hazards in the workplace.
Pre / Co requisites: ENV 453 requires a prerequisite of ENV 102.
Typically offered in Fall.

**ENV 455. Environmental Health Seminar. 3 Credits.**
In-depth investigation and discussions on topics of particular concern or significance to the environmental health field. Topics will be varied from year to year.
Pre / Co requisites: ENV 455 requires prerequisite of ENV 102.
Typically offered in Fall.

**ENV 456. Environmental Health Internship. 3-12 Credits.**
Field placement with an environmental health department in an industry, consulting firm, or government agency.
Pre / Co requisites: ENV 456 requires prerequisites of a minimum cumulative GPA of 2.50 and senior level Environmental Health major.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall.

**ENV 460. Industrial Hygiene II. 3 Credits.**
This course is an investigation of the anticipation, recognition, evaluation and control of ergonomic problems, noise, thermal stress, and radiation in the workplace. Worker training strategies related to occupational health and safety are also addressed.
Pre / Co requisites: ENV 460 requires prerequisite of ENV 102.
Typically offered in Spring.

**ENV 462. Water Quality and Health. 3 Credits.**
An examination of the quality and quantity requirements of surface and subsurface water resources used for drinking water supplies. Laboratory included.
Pre / Co requisites: ENV 462 requires prerequisite of ENV 102.
Typically offered in Summer.

**ENV 470. Emergency Preparedness. 3 Credits.**
This course addresses emergency preparedness for schools, businesses, communities, and counties. Types of emergencies considered include natural disasters, failures of technology (spills, accidents and explosions) and acts or war or terrorism.
ENV 475. Bioterrorism, Bio-Crises, & Public Health. 3 Credits.
This course addresses the protection of the public's health and the health of workers such as first responders from biological agents that cause disease and/or death. Communication and coping strategies, group interaction, case studies, and the use of Internet resources will be integrated with response strategies, measurement techniques, personal protection and decontamination procedures.

HEA

HEA 100. Dimensions of Wellness. 3 Credits.
Fundamental concepts of health and wellness exploring several health-related areas with an opportunity for personal lifestyle change conducive to better health.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

HEA 101. Principles of Health Education. 3 Credits.
The purpose of this course is to introduce the core concepts of health education for students K-12. This course is designed to increase the student's knowledge about high-risk health behaviors that impact learning and academic success. In addition, students will develop school community resources and prevention strategies designed to reduce risky behaviors among adolescent youth.
Pre / Co requisites: HEA 101 requires prerequisite of field clearances.
Typically offered in Spring.

HEA 103. Drugs and Society. 3 Credits.
Provide knowledge regarding the use and abuse of substances in our society and the impact on the individual, family, and community. Teaching strategies also will be incorporated.
Typically offered in Fall, Spring & Summer.

HEA 104. Human Sexuality. 3 Credits.
Study of sexuality as it relates to self, the interrelationships with people.
Typically offered in Fall, Spring & Summer.

HEA 106. Death and Dying. 3 Credits.
Current controversial issues concerning death and dying. How involved persons cope with death.
Typically offered in Fall & Spring.

HEA 109. Health Issues of Women. 3 Credits.
The needs and concerns of women as consumers in our present health care system. Various biological, psychological, and social topics will be discussed.
Gen Ed Attribute: Diversity Requirement.

HEA 110. Transcultural Health: Principles and Practice. 3 Credits.
This course examines the health beliefs and practices of a variety of subcultural groups in the United States. Emphasis is placed on the application of multicultural health beliefs and practices. It utilizes the cross-cultural approach in meeting the health needs of clients and families. It is open to all University students, regardless of major.
Gen Ed Attribute: Diversity Requirement.
Typically offered in Fall, Spring & Summer.

HEA 206. Human Development. 3 Credits.
A lifespan approach to the study of human development in the physical, cognitive, and psychosocial domains.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

HEA 208. Leadership/Lifeskills for Student Athletes. 3 Credits.
This course will enable students to have a better understanding of skills necessary for effective leadership. It is also designed to provide opportunities for first year student athletes to receive instruction in goal-setting, decision-making, academic planning, and exploration to promote a healthy lifestyle.
Typically offered in Fall & Spring.

HEA 210. Introduction to Allied Health. 3 Credits.
Study of Allied Health and the role Allied Health professionals play in the health care system. This course is open to non-Respiratory Care majors.
Typically offered in Fall & Spring.

HEA 220. Field Experience in Health. 1 Credit.
Opportunities for observation and field experience in health science settings.
Typically offered in Fall & Spring.

HEA 223. Health Issues of School-Aged Youth. 3 Credits.
This course investigates current health issues relevant to students K-12 such as drug, alcohol and tobacco use, diseases and mental emotional health.
Typically offered in Fall & Spring.

HEA 240. Foundations of Health Education. 3 Credits.
Introductory course for undergraduate students in health promotion/education. Primary emphasis on the philosophical, historical, and theoretical foundations of the profession.
Distance education offering may be available.
Typically offered in Fall & Spring.

HEA 242. Introduction to Public and Community Health. 3 Credits.
This course is intended to provide the student with an overview of public and community health concepts in the United States.
Distance education offering may be available.
Typically offered in Fall & Spring.

HEA 300. Professional/Health Professions. 3 Credits.
This course examines ethical issues relevant to the professional roles of health professionals. Students will examine ethical principles and apply a model of ethical decision making to case studies. Other areas addressed include professional codes of ethics, ethical concerns in health behavior change, health communications, and health education research.
Typically offered in Fall & Spring.

HEA 301. Health for the Elementary Grades. 3 Credits.
Provides basic health content and instructional methodology for preservice elementary teachers.
Pre / Co requisites: HEA 301 requires formal admission into teacher education.

HEA 302. Health and Young Children. 3 Credits.
The purpose of this course is to prepare the health professional to develop and teach appropriate K-12 family life education curricula.

HEA 304. Curriculum and Instruction. 3 Credits.
The purpose of this course is to prepare the health professional to develop and teach appropriate K-12 family life education curricula.

HEA 306. Curriculum and Instruction. 3 Credits.
This course provides the knowledge and skills for the development, implementation, and evaluation of K-12 comprehensive school health curriculums.
Pre / Co requisites: HEA 306 requires a prerequisite of HEA 101.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

HEA 310. Love and Marriage. 3 Credits.
Defines love and marriage for the student and teaches the skills essential to fulfilling those needs.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

HEA 315. Mind, Body, and Health. 3 Credits.
Theories and practice of health and healing through the mind/body connection. Emphasis on learning/practicing techniques for health promotion.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

HEA 316. ATOD Prevention Education. 3 Credits.
This course is designed to provide health education students with the knowledge, attitudes, and skills for the development, implementation and evaluation of K-12 Alcohol, Tobacco, and Other Drug (ATOD) prevention education instruction and curricula.
Pre / Co requisites: HEA 316 requires a prerequisite of HEA 101. For Health and Physical Education Majors only.
Typically offered in Fall.

HEA 320. Positive Aspects of Aging. 3 Credits.
Describes past, present, and projected information concerning the aging process in normal human development.
Typically offered in Fall.
HEA 325. Stress Management. 3 Credits.
Comprehensive survey of stress concepts, theories, and management techniques. Emphasis is placed on personal application. Typically offered in Fall & Spring.

HEA 330. Health Behavior. 3 Credits.
Individual and group health behavior of children and adults at different levels of wellness and in various settings. Past and current theories of health behavior with methods of application by health professionals will be included. Typically offered in Fall & Spring.

HEA 333. Alternative and Complementary Medicine. 3 Credits.
Exploration of alternative, complementary, and/or integrative medical systems and healing practices, such as homeopathy, Chinese medicine, herbal medicine, therapeutic touch, from a consumer and personal viewpoint. Typically offered in Fall & Spring.

HEA 335. Botanical Medicines and Functional Foods. 3 Credits.
A comprehensive, evidence-based assessment of botanical medicines in health promotion, disease prevention and symptom management.

HEA 341. Chronic and Communicable Diseases. 3 Credits.
A study of the disease process, including causes, effects, and control of selected diseases with an emphasis on disease prevention and health promotion. Typically offered in Fall & Spring.

HEA 342. Program Planning and Evaluation. 3 Credits.
Provides an in-depth study of the program planning process and evaluation methods. Needed skills are developed and experience given in writing programs from assessment through evaluation with both hypothetical and real populations. Pre / Co requisites: HEA 342 requires prerequisites of HEA 240, HEA 242, HEA 341 and formal admission into teacher education. Gen Ed Attribute: Writing Emphasis. Typically offered in Spring.

HEA 348. Population Health: Analysis, Surveillance, and Intervention. 3 Credits.
This course will introduce students to the concepts of population health, and the basic processes, approaches, and interventions that identify and address the major health-related needs and concerns of populations. Emphasis will be placed on the role of data in surveillance and analysis of health problems of populations, as well as in developing and implementing population-level interventions. Pre / Co requisites: HEA 348 requires a prerequisite of HEA 242. Gen Ed Attribute: Writing Emphasis. Typically offered in Spring.

HEA 370. Medical Terminology. 1 Credit.
An introduction to medical terminology using a programmed instruction, self-learning technique. Includes chart format, word parts, pulmonary terminology abbreviations, and an overview of respiratory anatomy. This course is open to non-Respiratory Care majors. Distance education offering may be available. Typically offered in Fall, Spring & Summer.

HEA 371. Aspects of Respiratory Therapy I. 2 Credits.
A discussion of topics essential to the provision of comprehensive respiratory therapy. Topics include patient care, CPR, and psychosocial issues. Typically offered in Fall.

HEA 372. Respiratory Anatomy and Physiology. 3 Credits.
An in-depth study of breathing mechanics, pulmonary circulation, ventilation/perfusion ratios, regulation of ventilation, and gas transport. Typically offered in Fall.

HEA 373. Bronchopulmonary Hygiene. 3 Credits.
An in-depth study of respiratory care modalities utilized in the maintenance of bronchopulmonary hygiene, including humidity and aerosol therapy, sustained maximal inspiration, IPPB therapy, chest physical therapy, and airway maintenance. Typically offered in Fall.

HEA 374. Oxygen Therapy. 2 Credits.
An overview of basic science relevant to respiratory therapy is followed by the study of the manufacture, storage, and transport of medical gases, regulators, and metering devices, oxygen therapy, and oxygen analysis. Typically offered in Fall.

HEA 375. Cardiopulmonary Disease. 3 Credits.
A comprehensive study of cardiopulmonary diseases and treatment. Includes pulmonary diagnostic procedures. Typically offered in Spring.

HEA 376. Aspects of Respiratory Therapy II. 2 Credits.
A continuation of HEA 235. Topics include rehabilitation, home care, administration and organization, respiratory pharmacology, and infection-control techniques. Typically offered in Spring.

HEA 377. Pharmacology. 2 Credits.
An in-depth study of various drug categories including drug-dose response and principles of absorption, distribution, metabolism, and excretion. Typically offered in Spring.

HEA 378. Respiratory Technology. 3 Credits.
Study of the equipment utilized in the delivery of respiratory care. Typically offered in Spring.

HEA 379. Hemodynamics I. 3 Credits.
An in-depth study of monitoring and evaluation, techniques including modules on cardiopulmonary physiologic, electrocardiographic monitoring, and hemodynamic monitoring. Interpretation and application data is emphasized. Appropriate lab experience is included. Typically offered in Spring.

HEA 380. Clinical Practice I. 6 Credits.
An introduction to clinical respiratory care consisting of rotations through patient care areas followed by discussion of experiences and correlation to didactic work. Typically offered in Summer.

HEA 410. Mental Health. 3 Credits.
Designed to aid persons in improving their understanding of themselves and others. Emphasis on ways to recognize mental health problems.

HEA 418. Preparation for Internship and for Professional Practice Seminar. 3 Credits.
The purpose of this course is to prepare students for the public health internship experience and implementation of major project at the practice site. This preparation will include a comprehensive and integrated application of the BS-PH/HP curriculum in the development of the major project plan that will be completed during the HEA 421 Public Health Internship. Typically offered in Fall.

HEA 419. Research Methods in Health. 3 Credits.
This course will give students an introduction to research issues in the health professions. Students will gain an understanding of the reasons for research, designing research studies, research techniques, principles of instrumentation, data interpretation, and data presentation. Typically offered in Spring.

HEA 420. Health Marketing and Communications. 3 Credits.
The purpose of this course is to prepare students for work experiences as a health educator. Major emphasis will be placed on marketing and health communication strategies. Pre / Co requisites: HEA 420 requires prerequisites of HEA 342 and HEA 306. Gen Ed Attribute: Writing Emphasis. Typically offered in Fall.

HEA 421. Public Health Internship. 3-12 Credits.
A practical, full-time work experience in a hospital, public health agency, or company, jointly supervised by an on-site supervisor and a public health faculty member. Pre / Co requisites: HEA 421 requires prerequisites of HEA 420 and HEA 343 and HEA 419. Typically offered in Spring & Summer. Repeatable for Credit.

HEA 425. Independent Study. 1-3 Credits.
Contact department for more information about this course. Repeatable for Credit.

HEA 433. Preparation For Internship. 1 Credit.
Contact department for more information about this course.
HEA 434. Health Law, Economics, Ethics, and Policy. 3 Credits.
This course explores major topics in the study of public health care policy. law, ethics, and economics in the United States. We will discuss the role of health care policy and law in public health. We will define and apply ethical principles in health care policy and law. We will describe economic and financial considerations in public health policy. We will examine the aforementioned themes using a multidisciplinary approach that employs sociological, political, economic and ethical perspectives on health and disease and the health care system.
Pre / Co requisites: HEA 434 requires prerequisites of HEA 242 and HEA 436.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

HEA 435. Health Workshop. 1-6 Credits.
Special workshops on contemporary health problems and issues. Topics announced at time of offering.
Typically offered in Spring & Summer.
Repeatable for Credit.

HEA 436. Health Care Delivery - Trends; Challenges. 3 Credits.
This course will provide an overview of the organization and financing of the current U.S. health care system, the need for reform, and initiatives to meet the health needs of all Americans.
Typically offered in Spring.

HEA 438. Understanding AIDS/HIV Infection. 3 Credits.
Students will learn basic information about the disease process, transmission and risk behaviors, treatment options, and legal and ethical issues surrounding HIV infection. Primary emphasis will address the impact of AIDS/HIV on those with the disease, as well as the psychosocial factors influencing partners, family members, and health care professionals.
Societal responses to the AIDS/HIV epidemic also will be interwoven throughout the topics. Course format will include lecture and discussions, viewing of videos, interaction with guest speakers, and individual areas of interest. No prerequisites needed. Open to all majors.
Typically offered in Fall.

HEA 440. School Health Programs. 3 Credits.
This course provides an overview of comprehensive school health programs. Specific focus is on program development, implementation, and evaluation.
Pre / Co requisites: HEA 440 requires a prerequisite of HEA 101 for Health and Physical Education majors only.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall.

HEA 445. Health Education Practicum. 3 Credits.
In this course students will a) examine best instructional practices, b) study developmentally appropriate content, c) analyze and reflect upon own and other's teaching and d) apply pedagogical content knowledge by planning, implementing, assessing, and reflecting upon teaching experiences in the health education setting. The ultimate goal of this course is to effectively implement these strategies through the successful completion of planned instruction. This is one of two field-based health and physical education pedagogy courses.
Pre / Co requisites: HEA 445 requires prerequisites of HEA 101, HEA 304, HEA 306, and HEA 316; formal admission to teacher education (FATE); and field clearances.
Typically offered in Spring.

HEA 472. Mechanical Ventilation. 3 Credits.
A comprehensive study of mechanical ventilation, including the physiology of positive pressure breathing, techniques of ventilation, characteristics of commonly used ventilators, and monitoring of the ventilator-patient system.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall.

HEA 473. Life Support Systems. 3 Credits.
An in-depth comprehensive study of mechanical ventilators and other life support systems.
Typically offered in Fall.

HEA 474. Pulmonary Function Evaluation. 2 Credits.
A comprehensive study of various pulmonary function evaluation techniques. Includes bronchoscopy and arterial blood gas analysis.
Typically offered in Fall.

HEA 475. Pediatric/Neonatal Respiratory Care. 2 Credits.
A comprehensive study of neonatal and pediatric respiratory care, including fetal lung development, pathophysiology of the neonate and pediatric patient, and related respiratory care procedures.
Typically offered in Fall.

HEA 476. Respiratory Care Clinical II. 2 Credits.
An introduction to critical and specialized respiratory care areas followed by discussions and correlation to didactic work.
Typically offered in Fall.

HEA 477. Hemodynamics II. 3 Credits.
An advanced continuation of HEA 379 Hemodynamics I.
Typically offered in Fall.

HEA 478. Respiratory Therapy Seminar I. 3 Credits.
Includes critical, written analysis, and discussion of pertinent respiratory care literature as well as elements of research relevant to the respiratory care profession. The students culminate their study of respiratory care by designing and implementing a mini research project.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Spring.

HEA 479. Respiratory Care Clinical Practice III. 8 Credits.
An intensive exposure to critical care and specialized areas of respiratory care. Performance evaluation of therapies and procedures to include mechanical ventilator set-up, and evaluation, neonatal ventilator set-up, pulmonary function assessment, arterial line set-up, and arterial line blood withdrawal.
Typically offered in Spring.

Progression into the M.S. in Athletic Training Program

An application and notification of intent to progress into the M.S. in Athletic Training program must be completed by the announced deadline in the spring semester of the sophomore year.

A student must achieve a grade of C or better in all undergraduate major and related required courses. Students must have a 3.0 cumulative GPA to progress into the M.S. in Athletic Training program. (If applicable, transfer course grades will be calculated in to determine GPA.)

An interview with department faculty may be required. Please see the Sports Medicine Department (http://www.wcupa.edu/healthsciences/sportsmed) for technical standards for the M.S. in Athletic Training.

Sample Course Plan

To track their individual degree progress, students are advised to access their Degree Progress Report (DPR) via myWCU regularly. For more information, visit wcupa.edu/DegreeProgressReport.

The following is a suggested course sequence for this program; course offerings and availability are not guaranteed. Students should consult their academic advisor with any questions.

DEPARTMENT OF HISTORY
College of Arts and Humanities

404 Wayne Hall
610-436-2201

Department of History (http://www.wcupa.edu/history)
Robert Kodosky (rkodosky@wcupa.edu), Chairperson
Eric Fournier (efournier@wcupa.edu), Assistant Chairperson

The student of history seeks to re-create the past (or, more precisely, as much of it as possible) in a rational manner, not only to explain and understand the past for its own sake, but also to identify our age with earlier times. The student is concerned with the origins, development, and relationships between past people and events and, from the multiplicity of credible and sometimes conflicting evidence, renders judgments on causation and consequences. He or she seeks to achieve a sense of the past. Among the careers open to history majors are the law, government service, teaching, research, journalism, and business. Indeed, a strong preparation in history can lead to possibilities in virtually every field of endeavor.

ELECTIVE SOCIAL STUDIES TEACHER CERTIFICATION

College of Arts and Humanities

The program of study is designed to assure that prospective social studies teachers possess the knowledge, capabilities, and dispositions associated with the concepts, tools of inquiry, and structures of the disciplines that make up social studies education, and that they are able to create learning experiences which make these aspects of the subject matter meaningful for learners. The course of study emphasizes ten thematic strands:

- Culture and cultural diversity
- Time, continuity, and change
- People, places, and environment
- Individuals, groups, and institutions
- Power, authority, and government
- Production, distribution, and consumption
- Science, technology, and society
- Global connections
- Civic ideals and practices
- Individual development and identity

Program of Study

Students interested in teaching social studies education in secondary schools may pursue a bachelor of arts in history while earning state certification in social studies education. West Chester University’s program, which requires up to 132 credits, is accredited by the Pennsylvania Department of Education, the National Council for the Social Studies, and the National Council for Accreditation of Teacher Education.

Honors College Mission

Modeling a commitment to liberal arts and cross-disciplinary education, the Honors College celebrates outstanding students and encourages them to strive for a high level of academic excellence. The college prepares students to become forces for positive change in the life of the campus and the broader community through scholarship, co-curricular activities, service, teamwork, and leadership. The college motivates students to examine and refine character, become active citizens, and value life-long learning. With the motto, “To Be Honorable Is to Serve,” honors is about the business of preparing leaders for the 21st century.

The University provides students with outstanding achievements in scholarship, community service, the arts, and/or leadership the opportunity to participate in a challenging honors curriculum and to receive appropriate recognition when they complete the requirements. The Honors College aims to provide an inviting environment for academically gifted and highly motivated students to interact and form a learning community of peers, faculty, administrators, and staff that will challenge and enrich the students’ college experience.

The Honors College seeks cross-disciplinary connections, in the liberal arts tradition, which develop students’ natural intellectual abilities, and to challenge them to use these skills on behalf of the larger community. Qualified students may participate in Honors through one of two tracks: entering freshmen in the honors living – learning program and upper-class students and external transfer students through the honors seminar program. Membership is highly competitive and based on attainment and maintenance of a cumulative 3.25 grade point average, regular enrollment in honors courses, and service to the campus community.

All entering first year students in the Honors College reside on the 7th floor of Allegheny Hall. Students in good standing may retain space in honors housing throughout their undergraduate experience. Suite-style, air-conditioned rooms with bathroom facilities house two students. The 7th floor of Allegheny also hosts a designated lounge with projection system, free laundry facilities and ice machine, a music practice room with a baby grand piano and technology center equipped with video editing capabilities for Honors student use. Students also have membership in the Honors Student Association.

An Honors Council, which includes both faculty and students, sets the policies of the college. A committee of the council, working with the director, determines the admission and retention of students. Students completing the full honors program receive designation on their University transcript and the right to wear a medallion of achievement at commencement. Recognition at commencement is based on the student’s academic record as of the completed semester prior to commencement.

Program Design

The Honors College aims to provide an inviting environment for academically gifted and highly motivated students to interact and form a learning community of peers, faculty, administrators, and staff that will challenge and enrich the students’ college experience. Grounded in the liberal arts tradition, the Honors College seeks cross-disciplinary connections in order to develop students’ natural intellectual abilities and to challenge them to employ those gifts on behalf of the larger community. For this reason, the West Chester University Honors College considers “honors” to be more than a matter of strong grades; it implies a decision to use knowledge as an active problem solver in both the campus community and in the world. To that end, the Honors College seeks to build character and foster a commitment to life-long learning that prepares leaders for the 21st Century.

Honors College membership comprises students with outstanding achievements in scholarship, community service, the arts, and/or leadership. Membership in honors is highly competitive with a maximum of 40 seats open to entering freshmen each fall. Current membership includes students from 61 different academic majors. Incoming freshmen are invited to apply to the college if they have a minimum 1200 SAT (combined math and verbal score) and a combination of the following:

1. Minimum high school GPA of 3.5
2. Top 20 percent of their graduating class
3. A record of achievement in high school honors/AP courses

Candidates are reviewed and selected on the basis of commitment to service, leadership potential, and fit with the college’s philosophy.

Membership in the Honors College enables students to enhance their strengths through a specially designed 27-hour core of cross-disciplinary courses that, with one additional course in both mathematics and science, meet general education requirements for honors students. Cross-disciplinary means that all courses in the core contain information drawn from a minimum of two academic disciplines. The honors core incorporates 100-, 200-, and 300-level courses. Students complete three courses at the 100/200 level, during their first year in the college, focusing on personal development, including physical and psychological well-being, communication, and ethics and morality in a technological age. Courses at the 300 level, completed by the middle of the student’s third year, build upon the learner’s knowledge of self and address broader perspectives of community and social change. Learners study significant historical and contemporary figures, literary works, and the context in which they helped model society. Students become aware of the economic realities that impact change and discover how educational and political structure, science, and the fine arts influence society. Honors certification is awarded upon completion of the core 27 hours; one course in mathematics (we strongly recommend statistics for those majors without a specific mathematics requirement); one course in general education approved science; two upper-level, cross-disciplinary honors seminars; and a capstone project. Students completing the full honors curriculum receive designation on their University transcript and the right to wear a medallion of achievement at commencement. Recognition at commencement is based on the student’s academic record as of the completed semester prior to commencement.

In order to be in good standing with the Honors College, students must maintain a 3.25 cumulative GPA, be active in a minimum of one campus co-curricular activity, and regularly register for the sequence of honors core courses and seminars. Failure to maintain these requirements will cause the student to be placed on probation from honors and may lead to his or her dismissal from the College.

College probation and dismissal follow these procedures: Once a student in the Honors College has earned 31 credit hours, his or her cumulative GPA will be reviewed. If the student’s average is below a 3.0, the student will be dropped from the Honors College. If a student’s average is below a 3.25 but not below a 3.0, the student will be placed on Honors College probation for two semesters, during which time the student is expected to raise his or her cumulative GPA to a 3.25. If at the end of the two semesters the cumulative GPA is not a 3.25 or higher, the student will be dismissed from the college.

Students also may be placed on probation if they are not actively participating in a minimum of one campus co-curricular activity or if they are not regularly registering for and completing the sequence of honors core courses and seminars. No student will be eligible for honors transcript recognition without maintaining a 3.25 cumulative GPA upon completion of the Honors College’s required elements. A minimum grade of C+ must be earned in all honors course work that is counted towards graduation.

Students dismissed from the Honors College may seek reinstatement by contacting the College’s director. Students may appeal the dismissal or probationary action for extraordinary circumstances by contacting the Honors Director who will take the appeal before the Honors Council for a final decision. Any student who is dismissed from Honors or voluntarily chooses to leave the College may not seek admission to the seminar program.
Specially designated honors housing exists in Allegheny Hall. The living-learning community comprises a critical component of the WCU honors experience. All first-year students live in the honors designated residency and are afforded the opportunity to retain space throughout their undergraduate program of study.

The Honors College actively promotes faculty mentor under graduate student research which may lead to poster or paper presentations at local, state, regional, national, and international contexts or to publication. Students engage in grant writing skill development and gain clearance certification in human subject research. Honors hosts a campus wide Graduate School Fair and a professional development seminar, providing students encouragement in seeking opportunities for post baccalaureate professional and/or graduate study leading towards advanced degrees.

An intentional focus on leadership in a global community is evident by a continuing partnership in South Africa. A seminar-based research/service course, incorporating international travel, ideally occurs in spring of even-numbered years. A leadership theories course, offered each fall, draws lessons from the South Africa transformations from apartheid to democracy. Aid to South Africa has become the signature philanthropic program of the Honors College. The annual event offers educational exhibits and raises funds in support of HIV-AIDS afflicted children in South Africa.

Fulfillment of the Honors College’s mission to service comes primarily through a vibrant Honors Student Association (H.S.A.), the co-curricular arm of the honors experience. The H.S.A. provides students a myriad of opportunities to put leadership theory into practice for the service of others. Students witness their abilities to enact change through their efforts in civic engagement. Students who document a minimum 30 hours of service in a minimum of seven semesters or who achieve a minimum of 250 documented hours qualify as Donna M. Carney Service Scholars.

HON

HON 100. Self-Awareness and Development. 3 Credits.
Focus on methods individuals use to develop skills in the physical, cognitive, emotional, and social aspect of life. A holistic approach to both physical and mental aspects will be addressed. Methods for enhancement and maintenance of strengths will be discussed as well as approaches to risk taking.
Typically offered in Fall.

HON 110. Civic Engagement and Theories of Leadership. 3 Credits.
Introduction to the interdisciplinary study of leadership theory and civic engagement through the use of films as case studies. The course content places special emphasis on leadership practices and the relationships between leaders and followers inspired by social inequities surrounding issues of race, ethnicity, class, gender and inclusion.
Gen Ed Attribute: Interdisciplinary Requirement.
Typically offered in Fall.

HON 211. Decision Making and Public Discourse. 3 Credits.
Examination of the role of ethical dialogue and debate in public policy making of rotating topics such as the environment or health care. Emphasis on logic and critical thinking as key roles in identifying problems, devising solutions, and evaluating proposed policies. Consistent with the emphasis on the public forum, students will develop public speaking and critical listening skills.
Typically offered in Spring.

HON 212. Ethics and Moral Choice in Tech Age. 3 Credits.
Approaches to ethical recommendation and moral decision-making processes. Engagement of the scientific approach by using case studies from genetics, ecology, physics, chemistry, and computer science to allow students to confront ways traditional views of ethics and moral decision-making apply to a contemporary world.
Typically offered in Spring.

HON 310. Theories and Strategies of Community Change. 3 Credits.
Spectrums of approaches to social change and significant figures who make these changes possible. Works of historical and sociological literature, including biographies and autobiographies of key figures, will be identified as a basis for observation of how thinkers of the past identified key issues and articulated solutions to those problems.
Typically offered in Spring.

HON 311. Stewardship and Civic Engagement. 3 Credits.
Foundations of market and nonmarket economies as they relate to good stewardship and civic responsibility. Fusing literature and economics, the values and limitations of market capitalism and command socialism will be addressed.

Methods for enhancement and maintenance of strengths will be discussed as well as approaches to risk taking.
Typically offered in Fall.

HON 314. Science, Technology and Environmental Systems. 3 Credits.
LEC (3), LAB (0)
Impact of technology and the environment as forces of influence on communities. The lab course will combine a historical overview with a contemporary focus on ways the science community is developing and regulating ideas for the future. Laboratory field experiences will involve data collection and observation in a variety of environmental contexts.
Typically offered in Spring.

HON 315. Community and the Arts. 3 Credits.
Investigation of the arts as agents of social change and influence. Significant historical and contemporary works from art, dance, music, and theatre will be identified for case analysis.
Typically offered in Fall.

Gerardina L. Martin (gmartin@wcupa.edu) (2013)
B.S., M.M., M.A., West Chester University; M.A.Ed., University of Phoenix
HON 320. Honors Seminar: Global Issues. 3 Credits.
Special topics involving study at an international location. Subject matter rotates and is determined by the honors director and the Honors Council through competitive submission from University faculty. 
Gen Ed Attribute: Interdisciplinary Requirement.
Typically offered in Spring.
Repeatable for Credit.

HON 322. Developing Leadership with ELLs in the Classroom & Community. 3 Credits.
The study of issues, leadership challenges and strategies for the effective teaching of English Language Learners (ELLs) in Pre K-12 classrooms and for effective communicating with ELLs in the community. 
Gen Ed Attribute: Diversity Requirement.
Typically offered in Fall.

HON 340. Pathways to Professional Leadership. 0.5-1 Credits.
Research, creative projects, reports and readings in preparation for post-undergraduate experiences such as graduate or professional schools fellowships and assistantships. Junior standing. May not be used towards seminar requirements for Honors. Honors College members or permission of the Director of Honors Program. 
Typically offered in Spring.
Repeatable for Credit.

HON 341. Civic Engagement. 1 Credit.
Group processing, reflection and assessment of service learning projects related to Bonner Leader Program and/or approved civic engagement project. Sophomore standing. May be taken four semesters. May not be used towards seminar requirements for Honors. Permission of the Director of Honors. 
Consent: Permission of the Department required to add. 
Typically offered in Fall & Spring.
Repeatable for Credit.

HON 351. Honors Seminar. 3 Credits.
First of two special topics offered fall semester. Subject matter rotates and is determined by the Honors director and the Honors Council through competitive submission from University faculty. Seminars are designed to be cross-disciplinary and to have a writing emphasis. 
Typically offered in Spring.
Repeatable for Credit.

HON 352. Honors Seminar. 3 Credits.
First of two special topics offered spring semester. Subject matter rotates and is determined by the Honors director and the Honors Council through competitive submission from University faculty. Seminars are designed to be cross-disciplinary and to have a writing emphasis. 
Typically offered in Fall. 
Repeatable for Credit.

HON 353. A Nobel Idea: The Norway Experience for Promoting Peace and Developing Leaders. 3 Credits.
Exploration of strategies leaders employ as they seek the establishment of peace. Case studies are drawn from Nobel Peace Laureates. 
Typically offered in Summer.

HON 355. Environmental Stewardship. 3 Credits.
Exploration of climate change in the northern hemisphere over the past thousand years, focusing on Norway, the United States, and the North Atlantic world and the challenges leaders face in environmental stewardship. 
Typically offered in Summer.

HON 381. Symposium in the Arts and Humanities. 3 Credits.
Investigation of leadership issues as they are found within special topics in the arts and humanities. 
Repeatable for Credit.

HON 382. Symposium in Social and Behavioral Science. 3 Credits.
Investigation of leadership issues as they are found within special topics in the social and behavioral sciences. 
Repeatable for Credit.

HON 383. Symposium in the Sciences. 3 Credits.
Investigation of leadership issues as they are found within special topics in the sciences. 
Gen Ed Attribute: Writing Emphasis.

HON 399. Directed Studies. 1-3 Credits.
Research, creative projects, reports and readings in relationship to leadership development and civic engagement, sophomore standing.

HON 451. Honors Seminar. 3 Credits.
Second of two special topics offered fall semester. Subject matter rotates and is determined by the Honors director and the Honors Council through competitive submission from University faculty. Seminars are designed to be cross-disciplinary and to have a writing emphasis. 
Typically offered in Spring.
Repeatable for Credit.

HON 452. Honors Seminar. 3 Credits.
Second of two special topics offered spring semester. Subject matter rotates and is determined by the Honors director and the Honors Council through competitive submission from University faculty. Seminars are designed to be cross-disciplinary and to have a writing emphasis. 
Typically offered in Fall. 
Repeatable for Credit.

HON 480. Senior Project. 3 Credits.
Students identify and/or investigate a topic for in-depth study that involves a cross disciplinary inquiry approach.

HON 490. Senior Project. 3-6 Credits.
Students will identify and investigate a problem in a community business, nonprofit agency, or research laboratory, and then work to solve the problem. Students will be expected to play an active role in the problem-solving effort and contribute a minimum of ten hours each week to help solve the problem. Students will seek interaction with the CEO, senior officer(s), and/or senior investigator(s) of the business, agency, or laboratory, who will serve as leader models for student study. While projects are generally completed in the senior year, students may register for this course upon completion of the 27-hour core or by special permission of the Honors College director. 
Gen Ed Attribute: Writing Emphasis. 
Typically offered in Fall & Spring. 
Repeatable for Credit.

HONORS SEMINAR CERTIFICATE

Total Minimum Credits Required 18

1 HON 110 is only offered to first semester freshmen and transfer students. CPL 120 may be taken, if the student has completed HON 110.
2 CPL 120 may also count in this category, if students have completed HON 120.
3 Junior standing is required to enroll in 300-level CPL courses.
4 Course may be taken concurrently.

Leadership Competency Experiences documented through a Co-Curricular Portfolio - the Minor in Civic and Professional Leadership requires a Leadership Competency Experience in at least 6 different areas outlined below. Credits will be awarded pass/fail. Evidence for completion of this requirement is achieved through creation and maintenance of a co-curricular portfolio. The listing below is representative of the competencies the CPL Advisory Board recommends and is not intended to be exhaustive. This list may be amended as the CPL Advisory Board recommends additional competencies that are in accordance with the student learning outcomes of the CPL Minor: public speaking, strategic planning/implementation, budget development/management, resource procurement/development, project/program/curriculum development, project/program/curriculum management, problem-solving, staff management, valuing diversity and difference, building organizational coalitions, increasing efficiencies, motivational leadership, global initiatives, entrepreneurship, and community development.

DEPARTMENT OF KINESIOLOGY

College of Health Sciences
206 Sturzebecker Health Sciences Center
610-436-2260
Department of Kinesiology (http://www.wcupa.edu/kinesiology)
Melissa Reed (mreed3@wcupa.edu), Chairperson
Fran Cleland (fcleland@wcupa.edu), Assistant Chairperson
Melissa Whidden (mwhidden@wcupa.edu), Assistant Chairperson

The Department of Kinesiology offers two programs leading to the Bachelor of Science Degree.

- **The B.S. in Health and Physical Education - Teacher Certification.** This program prepares students to teach K-12 health and physical education.
- **The B.S. in Exercise Science.** The purpose of the exercise science (ES) program is to prepare students for positions in the growing
and multifaceted field of health and fitness or to gain admission into various professional and graduate programs. In addition, students will be prepared for success in appropriate certification examinations. The primary focus of the ES program is for each student to develop abilities and master knowledge and skills necessary to provide leadership in the health and fitness fields, as well as be a successful member of society. Concentrations offered within the curriculum include Exercise Specialist, Pre-Physical Therapy, Pre-Occupational Therapy, and Pre-Chiropractic Therapy. The Bachelor of Science is nationally accredited by the Committee on Accreditation for the Exercise Sciences (CoAES).

**Facilities**

The department is housed on West Chester University’s South Campus in the Russell L. Sturzebecker Health Sciences Center. The SHSC features the following indoor facilities: five full-size, multipurpose gymnasiums; one fully equipped gymnastics gym; dance studio; strength training facility; human performance laboratory; 17 classrooms; aquatics center featuring two pools and a 14.5-foot diving well. Outdoor facilities include multipurpose playing fields, tennis courts, softball fields/baseball fields, quarter-mile track, three outdoor adventure education facilities, and a climbing wall.

**Programs**

**Majors in Kinesiology**

- B.S. in Health and Physical Education - Teacher Certification (p. 320)
- B.S. in Exercise Science (p. 316)
- B.S. in Exercise Science - Pre-Chiropractic Concentration (p. 317)
- B.S. in Exercise Science - Pre-Occupational Therapy Concentration (p. 318)
- B.S. in Exercise Science - Pre-Physical Therapy Concentration (p. 319)

**Minors in Kinesiology**

- Coaching (p. 322)
- Exercise Science (p. 322)
- Physical Education for Individuals with Disabilities (p. 322)
- Deaf Studies Minor (p. 322)

**Graduate Opportunities**

See the graduate catalog for more information on the Kinesiology program. (http://catalog.wcupa.edu/graduate/health-sciences/kinesiology)

**Policies**

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

Courses

DST

DST 357. Deaf Culture Perspectives. 3 Credits.
This course will cover a variety of issues related to the Deaf community. It will acquaint students with the history, traditions, and values within the culture of Deaf people. The history of deaf people will focus on struggles, cultural vs. pathological views, legislation and accomplishments. Traditions include the use of humor, success stories, behaviors, and empowerment. Values include the importance of Deaf culture's perspectives on education of deaf children, communication issues, technology, and preservation of American Sign Language.
Pre / Co requisites: DST 357 requires a prerequisite of CSD 110 or KIN 110.

EXL

EXL 262. Biomechanics Lab. 1 Credit.
Students will develop a fundamental understanding of basic principles of biomechanics related to selected mechanical and anatomical laws of motion through hands on laboratory experiences and data collection. Analysis of force, motion, muscle activation, balance and stability and structural alignment will be applied to functional exercise and sport related activities.
Pre / Co requisites: EXL 262 requires prerequisites of PHY 100 or PHY 130 and BIO 259.
Course fee: EXL 262.
Typically offered in Fall & Spring.

EXL 380. Exercise Physiology Lab. 1 Credit.
This one credit laboratory course will enable the student to learn from both “hands-on” and computer simulated experiences. In both cases, reinforcing and illuminating concepts and physiological principles introduced in the EXS 380 lecture class.
Pre / Co requisites: EXL 380 requires prerequisite BIO 269 and EXS 180 and COREQ: EXS 380.
Typically offered in Fall & Spring.

EXS

EXS 101. Group Exercise Leadership. 2 Credits.
The major goals of this course are to provide students with professional instruction on how to teach a variety of group exercise classes by applied learning techniques, to be able to lead exercise classes for all levels of fitness and for a wide variety of participants, including children, the elderly, and other special populations, and to modify moves to accommodate them. This course is designed to prepare the student to pass a nationally accredited certification exam for group exercise leadership.
Typically offered in Fall & Spring.

EXS 102. Fundamentals of Resistance Training Techniques. 2 Credits.
Resistance training, also called weight training or strength training, is structured exercise in which muscles of the body are forced to contract under tension using weights, body weight, or other devices in order to stimulate growth, strength, power and endurance. This course provides the beginner student with hands-on experience using these various methods along with instruction on proper exercise technique and safety precautions.
Typically offered in Fall & Spring.

EXS 180. Lifetime Fitness Concepts. 3 Credits.
Designed to provide an interdisciplinary understanding of the relationship between lifestyle, physical fitness, and health and well-being.
Typically offered in Fall & Spring.

EXS 222. Introduction to Medical Terminology and Drug Classifications. 2 Credits.
This course offers an introduction to common clinical abbreviations and medical terms through an analysis of their construction including prefix, suffix, root, connecting and combining forms. The student acquires an understanding of medical meanings applicable to structure, function and diseases of the human body. Students will also learn how drugs are classified and for what major conditions they are used and learn how to use the Physicians Desk Reference.
Distance education offering may be available.
Typically offered in Fall & Spring.

EXS 223. Kinetic Anatomy. 2 Credits.
The purpose of this course is to lay the foundation for students to learn how anatomy affects movement of the human body. The course will build upon, reinforce, and challenge the student’s basic knowledge of structural anatomy with the intention of acquiring a mastery of basic concepts in this discipline. Presentation of concepts will begin with whole body orientation by region, and then work additively and systematically from skeletal anatomy identifications and joint structure / alignment analysis, through muscular and neuromuscular investigation to provide a comprehensive study of clinically applied structural anatomy. Typically offered in Fall & Spring.

This course introduces basic anatomical and physiological concepts critical to understanding human movement, exercise, physical education and how the human body functions. The class examines the anatomy, physiology and exercise physiology of the skeletal and muscular systems. Throughout the course, special attention will be paid to the impact of development (growth and maturation) on the systems covered. Students will be required to apply these anatomical and physiological principles to physical education, exercise and sport.
Typically offered in Fall & Spring.

EXS 262. Biomechanics. 3 Credits.
Students will develop a fundamental understanding of selected mechanical and anatomical laws of motion, actions caused by forces and their application to the study of mechanical structure and analysis of motion. Students will be able to use and apply these principles to various forms of movement.
Pre / Co requisites: EXS 262 requires prerequisite PHY 100 or PHY 130 and BIO 259 and COREQ: EXL 262.
Typically offered in Fall & Spring.

EXS 361. Body Systems and Applied Anatomy II. 3 Credits.
This course introduces basic anatomical and physiological concepts critical to understanding human movement, exercise, physical education and how the human body functions. The class examines the anatomy, physiology and exercise physiology of the following systems: nervous, endocrine, cardiovascular, respiratory, digestive, and renal systems. Metabolism and the generation of energy will also be discussed. Throughout the course, special attention will be paid to the impact of development (growth and maturation) on the systems covered. Students will be required to apply these anatomical and physiological principles to physical education, exercise and sport.
Pre / Co requisites: EXS 361 requires prerequisite of EXS 241.
Typically offered in Fall & Spring.

EXS 364. Introduction to Exercise Physiology. 3 Credits.
Builds on the physiological concepts introduced in EXS 241. Students will be required to apply these physiological principles to physical education, exercise and sport.
Pre / Co requisites: EXS 364 requires a prerequisite of EXS 241.
Typically offered in Fall & Spring.

EXS 370. Motor Learning. 3 Credits.
An undergraduate course that examines the behavioral, physiological, and psychological principles underlying motor control and motor learning. Specific topics include classifications and measurement of motor performance; the role and function of sensory processes, perception, memory, and attention; and the delivery of feedback and structure of practice.
Pre / Co requisites: EXS 370 requires a prerequisite of BIO 259.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

EXS 375. Introduction to Sport Exercise & Performance Psychology. 3 Credits.
An undergraduate course aimed at covering exercise behavior adoption and its maintenance. This course will introduce students with both the theories and practices inherent in the field of exercise psychology. Additional emphasis of this course will include intervention strategies to promote exercise behaviors and long-term adherence to a physically active lifestyle as well as recent research findings on the effectiveness of these approaches.
Pre / Co requisites: EXS 375 requires prerequisites of EXS 370 and PSY 100.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

EXS 380. Exercise Physiology. 3 Credits.
This three credit course investigates the physiological principles which explain how the human body responds and adapts to physical activity, exercise and work.
Pre / Co requisites: EXS 380 requires prerequisite BIO 269 and EXS 180; co-requisite of EXL 380.
Typically offered in Fall & Spring.
EXS 381. Fitness Assessment - Exercise Prescription. 4 Credits.
Designed to prepare students to assess the physical fitness levels of healthy but sedentary adults and prescribe individualized exercise programs.
Pre / Co requisites: EXS 381 requires prerequisite of EXS 375, EXS 380, EXL 380 and current CPR certification.
Typically offered in Fall & Spring.

EXS 482. Exercise Techniques and Physical Condition. 4 Credits.
Analysis of various exercise techniques, and devices and systems emphasizing their use and safety. Clinical experience in strength and range of motion (ROM) testing and prescription.
Pre / Co requisites: EXS 482 requires prerequisites of EXS 262, EXS 380, and EXL 380.
Typically offered in Fall & Spring.

EXS 484. Organization and Management of Adult Fitness Progs Clin/Sem. 3 Credits.
Designed to provide students with practical experience in organizing and managing physical fitness programs for adults.
Pre / Co requisites: EXS 484 requires prerequisite of EXS 380 and EXL 380 or instructor permission.
Typically offered in Fall & Spring.

EXS 486. Exercise Prescription - Special Population. 3 Credits.
Designed to provide students with practical experience in organizing and managing physical fitness programs for adults.
Pre / Co requisites: EXS 486 requires prerequisite of EXS 381.
Distance education offering may be available.
Typically offered in Fall & Spring.

EXS 487. Physical Activity and the Environment. 3 Credits.
A survey course investigating the multidisciplinary nature of environmental physiology. It will explore the impact of different environments on the physiology of humans while at work and play. This course will examine the thermal environments (hot, cold, humidity), baro/biology (altitude and depth), microgravity and space, air pollution, and chronobiological rhythms. Laboratory experiences, both computer simulation and "hands-on," will be included in the course.
Pre / Co requisites: EXS 487 requires prerequisite of EXS 380 or BIO 468 or BIO 469.

EXS 489. Clinical Exercise Testing and Prescription. 4 Credits.
Designed to teach students how to administer graded exercise tests, take blood pressure and heart rate measurements during exercise, administer and interpret standard resting and exercise 12-lead electrocardiograms at a fundamental level, and how to properly prescribe exercise based on test results and using metabolic calculations. Understanding the athletic heart is a major focus. The course is offered in an online format with a portion of hands-on laboratory experience.
Pre / Co requisites: EXS 489 requires prerequisite of EXS 381 and current CPR certification.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

KIN 101. Intro to Adventure Based Educ. 3 Credits.
A course designed for the student to understand the adventure approach to experiential education in various environments. The students will have the opportunity to experience an adventure curriculum including initiatives, problem-solving activities, and low and high ropes course elements.
Typically offered in Fall & Spring.

KIN 102. Adventure and Contemporary Activities. 2 Credits.
Provides future physical educators with the knowledge and skills necessary to instruct, demonstrate, and assess a variety of adventure and contemporary activities. Students will be able to setup, facilitate and process various ground initiatives as well as low and high ropes course elements. Students will also become proficient performing various contemporary or “alternative” activities such as mountain biking, orienteering and trchoukball among others.
Typically offered in Spring.

KIN 103. Introduction to Teaching Physical Education. 3 Credits.
Students will gain an introduction to the field and basic foundational knowledge that will be used in succeeding coursework. The majority of the course will focus on best practices in physical education instruction and quality physical education programs. Students will have multiple opportunities to develop lesson plans and teach those plans at a local elementary school. Topics also include advising, clearances, ethics, health education, sub-disciplines of kinesiology and the history of physical education. Clearances must be presented during the first week of classes to remain enrolled, see the College of Education.
Typically offered in Fall.

KIN 104. Fitness and Wellness I. 2 Credits.
Fitness and Wellness I is designed to provide Physical Education Teacher Education (PETE) students the foundational knowledge needed for teaching a comprehensive K-12 fitness and wellness curriculum. PETE students will gain the knowledge and skills they need to make meaningful and lasting behavior changes needed for living a healthy lifestyle. They will examine contemporary literature and research on fitness and wellness and participate in, design, implement, and assess numerous pedagogical activities.
Typically offered in Fall.

KIN 105. Fitness and Wellness II. 2 Credits.
This course (FW2) builds upon the information and concepts established in Fitness and Wellness I (FW1). While FW1’s focus were on scholastic curriculum and pedagogy, FW2 examines individual subjects commonly taught in public school physical education. In this course students will a) examine best instructional practices, b) study developmentally appropriate content, and c) apply pedagogical content knowledge by planning, teaching, and assessing fitness and wellness content. The goal of this course is to provide Physical Education Teacher Certification students with contemporary content and methods necessary to teach meaningful and effective classes.
Pre / Co requisites: KIN 105 requires a prerequisite of KIN 104.
Typically offered in Spring.

KIN 110. American Sign Language I. 3 Credits.
This is the first in a sequence of 4 American Sign Language courses. Students in this course will develop a fundamental vocabulary and understanding of American Sign Language. You will recognize, comprehend, apply and demonstrate culturally appropriate linguistic behaviors (vocabulary selection, grammar usage, turn-taking skills, feedback signals, eye-gaze, etc.) in order to communicate with other students and signers. In addition, information will be provided about deaf culture, general impact, barriers and opportunities related to hearing loss and Deaf Gain.
Typically offered in Fall & Spring.
Cross listed courses CSD 110, KIN 110.
KIN 111. American Sign Language II. 3 Credits.
This is the second of 4 courses in the ASL foreign language option. In this course students will increase communication skills; develop conversational skills in ASL. The students in this course will also continue to expand their knowledge of deaf culture by being provided with a better understanding of cultural values and behavioral roles of the Deaf community on the U.S. This course includes receptive and expressive activities, sign vocabulary, grammatical structure, receptive and expressive finger spelling, and facial expressions and body language.
Pre / Co requisites: KIN 111 requires a prerequisite of KIN 110 or CSD 110.
Typically offered in Fall & Spring.
Cross listed courses CSD 111, KIN 111.

KIN 140. Aquatic Fundamentals/ Emergency Water Safety. 2 Credits.
Review of basic aquatic skills with advanced stroke techniques, safety, and survival techniques.
Typically offered in Fall & Spring.

KIN 186. Motor Development and Motor Learning. 3 Credits.
Understanding how children and adolescents acquire motor skills and become a skillful mover requires an integration of knowledge from the fields of motor development and motor learning. Motor development focuses on the progressive age-related changes in motor behavior attributed to growth, development and maturation. Motor learning focuses on the relatively permanent changes in motor behavior brought about by practice and experience. The focus of motor development and motor learning each provides a unique aspect to understanding the motor behavior of the moving child and adolescent; however it is the relationship between the aspects that provide a rich understanding of how both acquire motor skills. Physical education teachers must be able to use motor development knowledge to design goals appropriate for the developmental stage and perceptual motor abilities of the learner; and use motor learning knowledge to design appropriate movement tasks and practice conditions for the type of skill.
Typically offered in Fall.

KIN 201. Developmental Gymnastics and Dance. 2 Credits.
The purpose of this two-credit course is to provide health and physical education teacher candidates with the appropriate methods, materials, and skills needed for teaching gymnastics and dance in the K-12 physical education curriculum. Focus will be placed on the development of skills and concepts as they relate to gymnastics and dance.
Typically offered in Fall.

KIN 202. Invasion Games. 2 Credits.
The course will incorporate three elements throughout the semester: teaching, performance, and analysis. The Tactical Games Approach for all subjects will be utilized along with a clear focus on an Invasion Game concept, will be used to develop a clear and logical teaching approach to various physical education subjects. With this approach the students will learn each sport in its entirety, not just the specific skills used when in possession of the ball or disc. Students will be required to develop fundamental demonstration skills for each sport while simultaneously learning the skill progression for each. After learning each skill, the students will then perform systematic analyses on their classmate's performance on various motor skill elements.
Typically offered in Fall.

KIN 203. Net and Wall Games. 2 Credits.
The course provides future physical educators with the knowledge and skills necessary to instruct, demonstrate, and assess the lifetime sports of tennis, badminton, volleyball, and pickleball. The Tactical Games Approach for all subjects will be utilized along with a clear focus on the Invasion Games concept and will be used to develop a clear and logical teaching approach to various physical education topics. With this approach students will learn the different sports in their entirety, not just specific skills used when in possession of the ball. Students will be required to develop fundamental demonstration skills for each sport while simultaneously learning the skill progression for each. After learning each skill, the students will then perform systematic analyses on their classmate's performance on various motor skill elements.
Typically offered in Spring.

KIN 205. Curriculum and Instruction: Inclusion in Health & Physical Education. 3 Credits.
To provide Health and Physical Education majors with the skills, knowledge and attitudes: 1) to provide individuals with disabilities appropriate physical education/activity in inclusive setting, 2) to prepare participants with disabilities for lifetime physical activity and fitness pursuits in the school and community settings, 3) to advocate for appropriate physical activities for individuals with disabilities; 4) to modify the environment for participation of individuals with disabilities to the maximal extent possible in the general physical education class/community based settings; 5) to assess students with disabilities and make recommendations for goals, objectives, specially designed instruction, placement, and modifications to curriculum, equipment, and other support services; 6) to work as a team player on the multidisciplinary team.
Pre / Co requisites: KIN 205 requires prerequisites of KIN 103 and KIN 186. KIN 205 requires a co-requisite of KIN 206. Field clearances required.
Typically offered in Spring.

KIN 206. Adapted PE & Health for Students with Disabilities. 3 Credits.
Through classroom and hands-on teaching experiences this course will provide health and physical education teacher certification majors with the skills, knowledge and attitudes to meet the needs of students with disabilities in inclusive and segregated health and physical education classes and to meet the NASPE beginning teacher standards and the PA chapter 49.13 special education standards.
Pre / Co requisites: KIN 206 requires prerequisites of KIN 103, KIN 186, and field clearances.
KIN 206 requires a co-requisite of KIN 205.
Typically offered in Spring.

KIN 210. Intermediate American Sign Language I. 3 Credits.
This course is the third in a sequence of 4 ASL courses. In this class you will build on what was learned in KIN/CSD 110 11, continuing to emphasize the development of proper ASL grammar, syntax and vocabulary with emphasis on conversation and narration/storytelling. Vocabulary-building and mastery of grammar will be through rigorous receptive and expressive language activities. Topics discussed in ASL include the location and description of items in rooms and buildings, complaints, making suggestions, and making requests. Exposure to and knowledge of Deaf culture is an integral part of the course.
Pre / Co requisites: KIN 210 requires a prerequisite of KIN 111 or CSD 111.
Typically offered in Fall.
Cross listed courses KIN 210, CSD 210.

KIN 211. Intermediate American Sign Language II. 3 Credits.
This is the final course in the WCU American Sign Language program and provides students with opportunities to expand their sign production and comprehension skills in ASL. Students continue to expand their awareness of ASL conventions, grammar and vocabulary, including an extensive review of topical signs and idioms. Students develop a greater competency in their receptive understanding of connected ASL discourse and in their expression of extended ideas, concepts, and stories in ASL. Their expressive competency in discussion of ideas includes an expression of their understanding of Deaf culture. Students continue the growth of their technical awareness of Deaf culture and ASL linguistics.
Pre / Co requisites: KIN 211 requires a prerequisite of KIN 210 or CSD 210.
Typically offered in Spring.
Cross listed courses CSD 211, KIN 211.

KIN 246. Sport, Culture and Society. 3 Credits.
Current theories and research in the area of sport and society will be introduced. Focus of the course is interdisciplinary, incorporating sociological, psychological, historical, anthropological, philosophical, and economic perspectives. Topics include moral, ethical, racial, and gender issues in sport in relation to the North American culture.
Gen Ed Attribute: Diversity Requirement, Interdisciplinary Requirement.

KIN 253. Adapted Aquatics, Lifetime Sport and Fitness. 3 Credits.
Course designed to increase knowledge and skills in providing appropriate and safe adapted aquatics, sports, and fitness activities to individuals with disabilities. Outside hours required.
Typically offered in Fall.

KIN 254. Disability Studies: An Interdisciplinary Introduction. 3 Credits.
A study of the psychological and social implications of physical disabilities.
Distance education offering may be available.
Typically offered in Fall & Spring.
KIN 255. Introduction to Deaf Studies. 3 Credits.
This course introduces students to topics central to the Deaf and Deaf community, including etiology and prevalence, diagnosis, service delivery systems, medical advances, communication, education, literature, history and media. Utilizing readings, lectures, and group discussion, students will learn about the anatomy and causes of deafness, medical, therapeutic and vocational interventions, early intervention and education of deaf children, communication strategies and their effectiveness, Deaf/Hearing relationships, and Deaf literature and media. Upon course completion, students will understand deaf individuals and their community in a holistic perspective and apply this knowledge toward their future studies into Deaf culture and ASL.
Pre / Co requisites: KIN 255 requires prerequisite KIN/CSD 110/111 or permission of instructor. Typically offered in Fall.

KIN 275. Lifeguarding. 2 Credits.
Theory and techniques relative to preventive lifeguarding, emergencies in and around water, water rescues, search and recovery operations, types and uses of equipment, records and reports, health and sanitation, and supervision of waterfront areas. Possibility of American Red Cross certification.

KIN 300. Curriculum and Instruction Elementary PE. 3 Credits.
Students in this course will examine the design, implementation and assessment of an elementary physical education program.
Pre / Co requisites: KIN 300 requires prerequisites of KIN 201 and KIN 205. Typically offered in Fall.

KIN 302. Curriculum and Instruction Mid-Sec PE. 3 Credits.
This third course in pedagogy will relate all topics to the middle and secondary physical education setting. Intended to give students a comprehensive overview of topics that relate to the planning, execution and reflection of lessons presented in the physical education setting.
Pre / Co requisites: KIN 302 requires prerequisites of KIN 205 and KIN 206 and Formal Admission to Teacher Education. Typically offered in Spring.

KIN 310. Fingerspelling and Numbers in ASL. 3 Credits.
Development of expressive and receptive skills in fingerspelling and numbers. Receptive skills focus on whole word phrase recognition and fingerspelling/number comprehension in text. Expressive skills focus on the development of speech clarity and fluency. Students will learn how to sign cardinal numbers, ordinal numbers, time, money, dates, addresses, and telephone numbers. Fingerspelling will be developed with an emphasis on real world situations.
Pre / Co requisites: CSD 111 requires prerequisite of CSD 110.

KIN 331. Water Safety Instruction. 2 Credits.
This course is designed to prepare individuals to become swim instructors. Testing during the first week includes a 500-yard swim, basic rescue procedures, and a written community water safety test. Opportunity exists to become an American Red Cross water safety instructor. Typically offered in Fall & Spring.

KIN 347. Software Applications and Assessment HPE. 3 Credits.
Students apply word processing and graphics software to produce knowledge tests, worksheets, skill checklists, certificates of merit, and public relations handouts. Spreadsheet software will be applied to budget and inventory projects. Grading, crossword puzzle, computer-assisted instruction, and physical fitness assessment software also will be applied. Students also will learn e-mail. Typically offered in Spring.

KIN 355. Deaf History. 3 Credits.
The deaf experience is similar in many ways to the experience of many oppressed populations. Unique to the deaf experience is the mode of communication and the desire of hearing people to “fix problems” associated with deafness. This course will provide an in-depth investigation into the deaf experience. Specifically, this course will focus on historical aspects of deaf people and apply that knowledge to understanding the attitudes and expectations of deaf people today.

KIN 360. Path for Adapted Phys Act Specialists. 3 Credits.
Study of common disabling conditions with regard to anatomical and physiological changes. Typically offered in Spring.

KIN 362. Assessment and Programming Adapt Phy Act. 3 Credits.
For students who want to specialize in adapted physical education. To improve students’ understanding of evaluation and programming in the psychomotor domain for special populations. Principles of therapeutic exercise, and guidelines for exercise programs for those disabilities commonly seen in schools and fitness centers. Typically offered in Spring.

KIN 400. Professional Seminar - Adapted Physical Activity. 3 Credits.
Issues and current events in the professional development of adapted physical activity specialists.

KIN 402. Physical Education Practicum. 3 Credits.
Field-based teaching experience in K-12 health and physical education.
Pre / Co requisites: KIN 402 requires prerequisites of KIN 102, KIN 104, KIN 201, KIN 202, KIN 203, KIN 300, KIN 302, and KIN 140 or KIN 275; field clearances; FATE (formal admission to teacher education required). Typically offered in Fall.

KIN 410. Linguistics of ASL. 3 Credits.
The linguistic structure of sign languages. How sign languages around the world differ, and what properties they share. Accents and dialects in sign languages. How sign languages are similar and different from spoken languages. How and why sign languages have emerged.
Pre / Co requisites: KIN 410 requires a prerequisite of KIN 210 or CSD 210.

KIN 448. Research Lab Techniques In Prevent Medicine. 3 Credits.
Research laboratory techniques in preventive medicine.
Pre / Co requisites: KIN 448 requires prerequisite of BIO 209.

KIN 452. Principles Of Coaching. 3 Credits.
Principles and methods of coaching sports in the school program.
Typically offered in Fall & Spring.

KIN 457. ASL Literature. 3 Credits.
Introduction to American Sign Language literature analyzes genres in their social and cultural contexts as expressions of Deaf identity and the Deaf experience, as well as how historical and current issues in Deaf culture are represented in literary form. Focus will be on art, traditional folklore, storytelling, poetry, drama, oratory, jokes, and nonfiction narrative.

KIN 458. Physical Disabilities Of Childhood. 2 Credits.
A course designed for students in special education. Common orthopedic and neurological disabilities of childhood, especially chronic deviations. Emphasis is on understanding the medical aspects and problems of rehabilitation.

KIN 465. Mechanical Analysis Of Motor Skill. 3 Credits.
A problem-solving approach to skill analysis using qualitative and quantitative video and cinematographic analysis as well as elementary force-time and accelerometer techniques. Useful for teachers, trainers, coaches, and exercise professionals.

KIN 473. Independent Study and Special Projects. 1-3 Credits.
Provide an opportunity for selected students to pursue areas of special interest and talent or to take advantage of special conferences or seminars. Consent: Permission of the Department required to add.

KIN 475. Mental Training In Sport. 3 Credits.
Paints the understanding of mental training for sport and physical activity, including relaxation training, concentration skills, breathing regulation, positive imagery, autogenic training, and meditation. Typically offered in Spring.

KIN 489. Student Teaching. 6 Credits.
Health and physical education teaching situations in elementary, junior, and senior high schools under qualified cooperating teachers and college supervisors.
Pre / Co requisites: KIN 489 requires prerequisites of KIN 402, HEA 304, HEA 306, HEA 440 with a grade of C or better and formal admission into teacher education. All field clearances required and successful completion of Praxis II test. Typically offered in Spring.

KIN 490. Student Teaching. 6 Credits.
Observation and participation in health and physical education teaching situations in elementary, junior, and senior high schools under qualified cooperating teachers and college supervisors.
Pre / Co requisites: KIN 490 requires prerequisites of KIN 402, HEA 304, HEA 306, HEA 440 and formal admission into teacher education. All field clearances needed and successful completion of Praxis II test. Typically offered in Spring. Repeatable for Credit.

KIN 498. Physical Education Workshop. 1-3 Credits.
Contact department for more information about this course. Repeatable for Credit.
PEA 100. Basic Swimming (Non Swimmers). 2 Credits.
Contact department for more information about this course.

PEA 115. Physical Conditioning. 2 Credits.
Contact department for more information about this course. Repeatable for Credit.

PEA 116. Personal Defense. 2 Credits.
Contact department for more information about this course. Typically offered in Fall & Spring.

PEA 120. Badminton. 2 Credits.
Contact department for more information about this course. Typically offered in Fall & Spring.

PEA 123. Golf. 2 Credits.
Contact department for more information about this course. Typically offered in Fall & Spring.

PEA 125. Women's Gymnastics. 2 Credits.
Contact department for more information about this course.

PEA 128. Tennis. 2 Credits.
Contact department for more information about this course. Typically offered in Fall & Spring.

PEA 129. Fitness Through Basketball. 2 Credits.
Contact department for more information about this course.

PEA 137. Strength Training. 2 Credits.
Contact department for more information about this course. Typically offered in Fall & Spring.

PEA 140. Aerobic Fitness. 2 Credits.
Contact department for more information about this course. Typically offered in Fall & Spring.

PEA 141. Water Fitness. 2 Credits.
Contact department for more information about this course.

PEA 142. Yoga. 3 Credits.
Contact department for more information about this course. Typically offered in Fall & Spring.

PEA 143. Yoga II. 3 Credits.
The purpose of this course is to provide each student with the opportunity to develop his or her yoga practice in order to realize the potential for self awareness and appreciation for healthy living that can be achieved through the continued practice of yoga. Pre / Co requisites: PEA 143 requires prerequisite of PEA 142. Typically offered in Fall & Spring.

PEA 144. T'ai Chi Ch'uan. 3 Credits.
This course will be the study of a martial art that combines movement with chi. T'ai Chi Ch'uan uses the principals of Yin-Yang and the Five Element theories and is compatible with Chinese medicine, acupuncture, and Chinese herb treatment. The name refers to the Chinese concept of the Grand Ultimate, of Yin and Yang. T'ai Chi Ch'uan is performed slowly and with smooth continuous motion, unlike most other martial arts that are performed with speed and power. T'ai Chi Ch'uan builds power internally and does not rely on body strength alone and can be practiced from childhood into old age with no risk to the practitioner. The study of movement, skeletal structure and T'ai Chi as a Meditative Art will be included in the courses. Typically offered in Fall & Spring.

PEA 146. Pilates. 3 Credits.
This course is designed to provide each student with the skill and knowledge to perform the 6 basic principles that are the core of the Pilates method - Centering, Concentration, Control, Precision, Breathing, and Flowing Movement. Exercises and activities are developed to assist students in strengthening musculature, in spinal alignment and in gaining effective breathing. Typically offered in Fall & Spring.

PEA 236. Developing Personal Fitness Programs. 2 Credits.
This course, designed for nontraditional students and students with disabilities, provides an understanding of the scientific basis of physical fitness. The course is intended to help each student develop a personal fitness profile and subsequent program of physical activity that will result in healthful living. The course will make use of practical experience and actual participation in fitness activities. Individual programs will be emphasized.

PEA 242. Yoga III. 3 Credits.
This course is the third in the Yoga sequence and will provide further development of Yoga skills for the participant. Individual interested in teaching Yoga will explore teaching methodology and will address the individual requirements established by the Yoga Alliance. Pre / Co requisites: PEA 242 PREREQ: PEA 142 and PEA 143 or permission of instructor. Typically offered in Spring.

PEA 244. T'ai Chi Ch'uan II. 3 Credits.
The goal of this course is to provide students with an advanced knowledge and skill sets required to practice the art of T'ai Chi Ch'uan and Push Hands. Longevity and rejuvenation are the primary goals of T'ai Chi, a system of slow, gentle, non-strenuous movements ideal for persons of any age who want to stay flexible, increase their energy and reduce stress. T'ai Chi promotes health, balance, coordination and tranquility. It leads to more graceful effortless movement in everyday life. This is an ideal opportunity to try out this wonderful, low stress form of exercise. Typically offered in Spring.

B.S. IN EXERCISE SCIENCE - PRE-CHIROPRACTIC CONCENTRATION

College of Health Sciences

Curriculum

The concentration is designed to prepare students for entrance into a school of chiropractic and to earn a doctor of chiropractic (D.C.) degree. To be accepted into a school of chiropractic, students must meet specific educational standards and requirements. This concentration is a rigorous, science-based curriculum intended to meet these specific requirements. The pre-chiropractic concentration requires students to complete 120 credits, as outlined below.

### B.S. IN EXERCISE SCIENCE - PRE-OCCUPATIONAL THERAPY CONCENTRATION

#### College of Health Sciences

#### Curriculum

The concentration is designed to prepare students for entrance into a professional graduate-level school of occupational therapy. Occupational therapists and occupational therapy assistants work with a variety of individuals who have difficulty accessing or performing meaningful occupations. Most commonly, these therapists and assistants work with people with disabilities to maximize their skills and abilities. Services typically include:

1. Customized intervention programs to improve one’s ability to perform daily activities
2. Comprehensive home and job site evaluations with adaptation recommendations
3. Performance skills assessments and treatments
4. Adaptive equipment recommendations and usage training
5. Guidance to family members and caregivers

MINOR IN COACHING

College of Health Sciences

Students successfully completing the minor in coaching earn transcript recognition attesting to school administrators that recipients have attained basic preparation for coaching. Skill acquisition, management techniques, and behavioral competencies are included in the program. The program is open to students from any major. Students should apply through the minor program adviser, Dr. John Helion. Course work is divided into six groupings in order to meet National Association for Sport and Physical Education (NASPE) guidelines.

Group I
SMD 271 First Aid and Athletic Training 2

Group II
KIN 452 Principles Of Coaching 3

Group III
Select one of the following: 3
- EXS 262 Biomechanics
- EXS 361 Body Systems and Applied Anatomy II
- EXS 585 Biomechanics

Group IV
EXS 364 Introduction to Exercise Physiology 3
or EXS 380 Exercise Physiology

Group V
EXS 482 Exercise Techniques and Physical Condition 4
or SMD 454 Theories/Practices of Conditioning & Tng

Group VI
KIN 475 Mental Training In Sport 3

Total Credits 18

MINOR IN DEAF STUDIES

College of Health Sciences

Curriculum

The minor in Deaf Studies is designed to enable students to understand and have greater awareness of, understanding of, and expertise in the Deaf community, their culture and language. Practical application of language use, cultural appreciation and understanding of deafness from a diversity viewpoint are stressed through three unique minor tracks, each with their own focus related to an integral aspect of the Deaf community. The minor prepares students from various majors to more greatly understand the population in which they provide services (Diversity track). The culture in which the Deaf individual is a member (Culture track), and develop proficiency in the cultural language of American Sign Language (Language track). The Deaf Studies minor is open to any WCU student with an interest in the area.

Core Requirements
- KIN/CSD 110 American Sign Language I 3
- KIN/CSD 111 American Sign Language II 3

Choose one of the following track:

Culture Track
- KIN/CSD 210 Intermediate American Sign Language I 3
- KIN/CSD 211 Intermediate American Sign Language II 3
- DST 357 Deaf Culture Perspectives 3

Language Track
- KIN/CSD 210 Intermediate American Sign Language I 3
- KIN/CSD 211 Intermediate American Sign Language II 3
- KIN 310 Fingerspelling and Numbers in ASL 3
- KIN 410 Linguistics of ASL 3

MINOR IN EXERCISE SCIENCE

College of Health Sciences

The Exercise Science minor is designed to impart fundamental knowledge, skills, and abilities in the theories and practice of exercise science. The minor will also provide learning experiences that lead to a basic understanding of exercise techniques, exercise testing, and exercise prescription. Students who wish to minor in exercise science must complete and submit a minor selection application to the Office of the Registrar. To enroll in this minor, students also must have permission from their major department and from the Department of Kinesiology. Students should make course selections in consultation with the minor program adviser. A minimum grade of C- is required in each of the minor courses taken before clearance for graduation with a minor will be granted.

A minor in Exercise Science requires students to complete six core courses in the exercise science (EXS) curriculum - four required courses and two electives, as noted below - for a total of 21-23 credits. Prerequisites related to individual courses apply.

Required Courses
- EXS 262 Biomechanics 3
- EXS 370 Motor Learning 3
- EXS 380 Exercise Physiology 3
- EXL 380 Exercise Physiology Lab 1

Electives
Select two of the following: 6-7
- EXS 180 Lifetime Fitness Concepts
- EXS 375 Introduction to Sport Exercise & Performance Psychology
- EXS 482 Exercise Techniques and Physical Condition

2017-2018 UNDERGRADUATE CATALOG 339
For French majors: FRE 101 may only fulfill general education student elective requirements, and/or overall graduation credits. This course will not fulfill their respective major requirements.

Minimum grade of C required in all courses.

Students may substitute 400-level courses in Tier 3.

See the department chairperson and student handbook for options.

- **PAPA**: Undergraduate foreign language students seeking initial certification must take the PAPA series of basic skills tests unless they have met SAT/ACT passing criteria set by the Pa Department of Education. For more information about this option or registering for the PAPA tests, click here (http://www.wcupa.edu/academics/coe/basicSkills.aspx).

- Basic skills
  - 8001- PAPA Module 1: Reading
  - 8002- PAPA Module 2: Mathematics
  - 8003- PAPA Module 3: Writing

- **Formal admission into teacher education (FATE)**: In addition to passing scores on PAPA (formerly PPST) exams, certification candidates seeking FATE must have:
  - a cumulative GPA of 2.8 or higher,
  - 48 completed college-level credits on their transcripts,
  - three earned credits in English literature, and d) six earned credits in college-level mathematics.

- **Praxis II Exams**: There are two Praxis II exams:
  - **Praxis II Fundamental Subjects: Content Knowledge (#0511/5511)**
    - The Fundamental Subjects (#0511/5511) Praxis II is a PDE requirement for all K-12 certification students in the state and, therefore, must be taken and passed in order to be recommended for certification. This exam is to be taken by world language certification students prior to enrollment in EDS 411/EDS 412.
  - **Praxis II World Languages** tests are no longer a requirement for program completion. Effective Spring 2013, language certification majors will need to take the ACTFL/LTI (American Council on the Teaching of Foreign Languages/Language Testing International) Oral Proficiency Interview (OPi) and the Writing Proficiency Test (WPT). Students failing to achieve either IH or AL will be permitted to complete the BA without certification in their language of specialization.

- For certification-track students in French, German, Russian, and Spanish, the Department of Languages and Cultures will delete the requirement of AL (advanced low) on ACTFL OPI and WPT exams as a prerequisite for entrance into EDS 411/EDS 412.

For national recognition, the Department of Languages and Cultures, along with ACTFL and CAEP (formerly NCATE), requires OPI and WPT testing with the expected achievement of Advanced Low (AL). The Pennsylvania Department of Education (PDE) requires teacher candidates score Intermediate High (IH) on the ACTFL OPI and WPT; consequently, those student who reach IH or AL on the OPI and WPT are recommended in PDE’s Teacher Information Management System (TIMS) for K-12 certification by the College of Education. Students enhance their career options and competitiveness in the job market by achieving AL. The Department of Languages and Cultures recognizes that school districts are looking for candidates who meet the ACTFL requirement of AL on the WPT and OPI. Therefore, for those teacher candidates who do not reach AL on the OPI or the WPT, we create remedial plans informed by a candidate’s OPI or WPT diagnostic feedback acquired from ACTFL/LTI.

See the Teacher Certification Programs (p. 260) section of this catalog for an explanation of related requirements.

Students enhance their career options and competitiveness in the job market by achieving AL. The Department of Languages and Cultures recognizes that school districts are looking for candidates who meet the ACTFL requirement of AL on the WPT and OPI. Therefore, for those teacher candidates who do not reach AL on the OPI or the WPT, we create remedial plans informed by a candidate’s OPI or WPT diagnostic feedback acquired from ACTFL/LTI.

See the Teacher Certification Programs (p. 260) section of this catalog for an explanation of related requirements.

Courses in the areas of science, humanities, behavioral science, and the arts. The result is a curriculum that is suited to the individual student's personal academic and career goals.

After completing at least 30 credits, and after achieving a minimum GPA of 2.00, the student may request an interview with the director of the appropriate program for the purpose of planning a curriculum in one of the available tracks. Students may enter the Liberal Studies program from other majors of the University, or as transfers from other colleges, by the same process and by meeting the same requirements.

It is University policy that no student, whether currently enrolled at West Chester or attempting to be admitted from another university, is permitted to enroll in the liberal studies arts and sciences, and science and mathematics programs after earning 80 credits. There is no limit on semester hours for students entering the professional studies track.

Three separate baccalaureate programs are available. The Bachelor of Arts in Liberal Studies - Arts and Humanities is designed for students interested in a well-rounded education emphasizing courses in the liberal arts. The Bachelor of Science in Liberal Studies - Science and Mathematics allows students to pursue courses in four different scientific disciplines, while also incorporating liberal arts courses to create a broad curriculum. The Bachelor of Science in Liberal Studies - Professional Studies provides students the capability to design a career-centered curriculum that may not be available at the University. The course of study includes the student’s selection of two academic minors, one of which must be a program offered by one of the four professional colleges (Business and Public Management, Education and Social Work, Health Sciences, or Arts and Humanities).

A minor in Youth Empowerment and Urban Studies (p. 462) also is available. See the curriculum listed under Interdisciplinary Studies.

Department of Literacy (http://www.wcupa.edu/literacy)  
Diane Santori (dsantori@wcupa.edu), Chairperson

The Department of Literacy offers literacy courses required in the Early and Middle Grades Preparation, Secondary Education, and Special Education programs. Students desiring a more thorough background in reading instruction may choose a reading minor. The department also offers courses in college reading and study skills for any University student.

All field placements for courses are arranged in conjunction with the Department of Early and Middle Grades Education and the Department of Special Education. Students are not to solicit placements. While student needs are considered in assigning placements, no particular placement can be guaranteed. West Chester University does not place students at religiously affiliated schools when public school placements are available. Transportation to and from field placements is the responsibility of the individual student.

Courses
EDR
EDR Q20. Reader's Workshop: Connecting Readers and Text. 3 Credits.
The intermediate level workshop will emphasize the development and improvement of college-level reading competencies. The course is designed to help the students improve their reading comprehension as well as effective study techniques and strategies. Additionally, vocabulary development, flexible reading rate, and critical reading will be taught in this course.
Typically offered in Summer.

EDR 100. College Reading and Study Skills. 3 Credits.
An individualized course to develop reading and study skills such as comprehension, vocabulary, speed, remembering, concentration, taking notes, mastering a text assignment, and preparing for and taking examinations.
Typically offered in Fall & Spring.

EDR 110. Developing Learning Skills. 1 Credit.
A course that reviews and develops specialized learning skills such as concentrating when studying, reading a textbook assignment, taking notes, and preparing for and taking examinations. Students who wish to review their study habits or who have special needs in the area of study skills should enroll in this course.
Typically offered in Fall & Spring.

EDR 302. Teaching the Language Arts. 3 Credits.
Study of teaching language skills in the elementary schools: listening, speaking, and writing. Pre / Co requisites: EDR 302 requires prerequisite of EDE 251.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

EDR 304. Teaching Language Arts Pre-K-4. 3 Credits.
This course examines theories, issues, methods, materials and assessments for a developmental PK-4 language arts program. Integrating reading, writing, speaking, listening, viewing and visually representing as tools for communication, discovery, and learning across the curriculum will be emphasized. As a writing emphasis course, students will develop their writing abilities over the course of the semester.
Gen Ed Attribute: Writing Emphasis.

EDR 306. Teaching Language Arts 4-8. 3 Credits.
This course is designed to study current trends for integrating language arts across curriculum in the middle school setting. Emphasis is placed on the connections between listening, speaking, writing and reading. Instructional strategies that link reading, writing, literature and language across the curriculum will be explored. Appropriate language arts curriculum, including pedagogy for early adolescents will be addressed.
Pre / Co requisites: EDR 306 requires prerequisite EDP 201.
Gen Ed Attribute: Writing Emphasis.

EDR 307. Foundation in Reading PreK-4. 3 Credits.
This course is designed to prepare students for teaching reading using a balanced approach of various theoretical teaching models based on current research and knowledge. Through readings, lectures, and class activities, students will develop a solid understanding of the reading process and how to construct and manage a classroom environment that promotes optimal literacy learning. Students will acquire knowledge about how to meet the diverse needs of learners at all stages of literacy development. In addition, students will learn how to formally and informally assess students to monitor reading progress and plan appropriate reading instruction. Some sections include a service learning component that requires field clearances.
Distance education offering may be available.
Typically offered in Fall.

EDR 308. Foundations in Reading 4-8. 3 Credits.
This course prepares candidates to teach reading in grades 4-8 using a balanced approach of theoretical teaching models based on current research and knowledge. Through readings, lectures, and class activities, students will develop a solid understanding of the reading process; how to construct and manage a classroom environment that promotes optimal literacy learning; how to meet diverse needs of learners at all developmental stages; and how to assess students, monitor their progress, and plan appropriate instruction.
Pre / Co requisites: EDR 308 requires prerequisite EDP 201.
EDR 309. Introduction to the Language Arts. 3 Credits.
The areas of listening, speaking, and writing are studied in depth. Knowledge, teaching, and evaluative techniques are addressed. Introduction to the reading process and the relationship of language to reading also will be studied.
Typically offered in Fall & Spring.

EDR 311. Introduction to Reading Instruction. 3 Credits.
An exploratory course investigating the reading process, language and learning theories, and their relation to reading. Historical scope and various programs of reading are studied and evaluated.
Pre / Co requisites: EDR 311 requires prerequisite of EDE 251 or HEA 206.

EDR 312. Reading Instruction and Practicum. 6 Credits.
Focus on mastery of the teaching of developmental reading, early reading, and prereading experiences. The students learn how to plan, teach, and evaluate reading/thinking skills related to the instruction of reading in the elementary classroom. Students work in the public schools with small and large reading groups teaching various aspects of the reading lesson. Students also learn how to evaluate pupil performance and remediate minor reading problems.
Pre / Co requisites: EDR 312 requires a prerequisite of EDE 200.

EDR 317. Reading Instruction and Practicum PreK-4. 6 Credits.
The teaching of reading and its mastery is the focus of this course. Students apply knowledge of theories and practices in supervised field placements in schools with children 5-9 years of age. Tutoring of individual children and small groups is integrated with planning and evaluation of lessons and activities as well as remediation. Field clearances are required.
Pre / Co requisites: EDR 317 requires prerequisite EGP 210, EGP 220, EDR 304, EDR 307 and FATE.

EDR 318. Reading Instruction and Practicum 4-8. 6 Credits.
A field-based course designed for planning, teaching, and evaluating literacy practices in grades 4-8. Through observations, study, implementation, and reflections, candidates will explore strategies for improving children’s literacy skills while examining how language, learning, and culture impact instruction. Guided by PA Standards-based curriculum, students will construct and teach a variety of literacy lessons. Candidates will analyze the effects of various contexts and instructional practices on children’s learning. Field clearances are required.
Pre / Co requisites: EDR 318 requires prerequisite EDP 201, MGP 220, EDR 306 and EDR 308 and FATE.

EDR 321. Assessment and Instructional Interventions in Reading and Language Arts. 3 Credits.
This course examines current theories and practices for assessing literacy performance. Students learn to apply knowledge by designing and implementing literacy interventions tailored to specific needs and diverse educational environments.
Pre / Co requisites: EDR 321 requires prerequisites of EDR 307 or EDR 308.

EDR 325. Teaching Reading and Field Experience. 6 Credits.
The teaching of reading and its mastery is the focus of this course. Students apply knowledge of theories and practices in supervised field placements in schools with children 5-8 years of age. Tutoring of individual children and small groups is integrated with planning and evaluation of lessons and activities as well as remediation.
Pre / Co requisites: EDR 325 requires prerequisites of ECE 309 or EDR 318 or EDR 319 and formal admission into teacher education.

EDR 341. Inclusion and Reading in Content Area. 3 Credits.
This course is co-taught by special education and literacy faculty. It will help prepare secondary education and special education to teach all students effectively, including those with disabilities, in general-education, content-specific settings. Practical guidelines, content literacy strategies and adaptations will be emphasized to prepare pre-educators to meet the academic, social, and affective needs of all students in the inclusive secondary classroom.
Pre / Co requisites: EDR 341 requires prerequisites of EDP 250 and EDF 100 or EDF 300. Honors students take HON 312 in lieu of EDF 300.
Gen Ed Attribute: Diversity Requirement.
Cross listed courses EDR 341, EDR 341.

EDR 345. Literacy Development and Students in Inclusive Classrooms. 3 Credits.
This course is designed to help students understand literacy acquisition and development for students with disabilities as defined in I.D.E.A. The course will focus on the challenges that reading and writing pose for students with disabilities and resulting appropriate assessment and instructional techniques. Content area literacy for students with disabilities will be addressed.
Pre / Co requisites: EDR 345 requires prerequisites of (EDR 304 and EDR 307) or (EDR 306 and EDR 308) or (CSD 204 and MUE 201).

EDR 347. Literacy Development and Secondary Students with Disabilities in Inclusive Classrooms. 3 Credits.

DEPARTMENT OF MANAGEMENT

College of Business and Public Management

404 Business and Public Management Center
50 Sharpless Street
West Chester, PA 19383
610-436-2304
Department of Management (http://www.wcupa.edu/management)
Evan Leach (ELeach@wcupa.edu), Chairperson
Lisa Calvano (lcalvano@wcupa.edu), Assistant Chairperson

The primary objective of the Department of Management is to provide students with the skills required to manage business and public organizations effectively.

To accomplish this objective, the faculty of the Department of Management will strive

1. To increase the student’s ability to reason analytically and critically and enhance information literacy;
2. To increase the student’s awareness of the concepts and terms used in current managerial practice;
3. To increase the student’s awareness of the international dimension of business;
4. To increase the student’s skills in written and verbal communication;
5. To increase the student’s ability to use quantitative methods and technology to analyze a business problem;
6. To give the student experience in working productively as part of a team; and
7. To increase the student’s ability to analyze ethical issues in business.

The Department of Management offers a B.S. in Business Management.

All freshmen and those transfer students who have not completed the required courses will be admitted to the pre-business program.

Policies

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/ academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

Prerequisites for Entry into the Business Majors: Accounting, Economics, Finance, Management and Marketing

To apply for their business major, students must:

1. Complete ECO 111, ECO 112, ECO 251, MGT 200, MKT 250 and ACC 201 with a C or better in each course
2. Pass and complete both MAT 113 and MAT 143 with a C or better required in at least one of them. If a student is placed directly into MAT 143 and receives a C or higher or has completed MAT 161 or MAT 162 with a C or better, then the student does not have to take MAT 113 (replaced as a free elective).
3. Have a minimum overall GPA of 2.50
4. Pass an Excel basic skills exam with an 88% or better
5. Have at least 45 credit hours.

These requirements must be met to be eligible to register for 300 and 400 level business courses. The same rules apply to all transfer students—both internal (those from within the University) and external (those from a non-WCU institution).

Management Major Graduation Policies

To graduate with an earned degree from the Department of Management’s major programs, students must have a 2.50 overall GPA.

Policies

• See undergraduate admissions information. (p. 11)
• See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

Prerequisites for Entry into the Business Majors: Accounting, Economics, Finance, Management and Marketing

To apply for their business major, students must:

1. Complete ECO 111, ECO 112, ECO 251, MGT 200, MKT 250 and ACC 201 with a C or better in each course.
2. Pass and complete both MAT 113 and MAT 143 with a C or better required in at least one of them. If a student is placed directly into MAT 143 and receives a C or higher or has completed MAT 161 or MAT 162 with a C or better, then the student does not have to take MAT 113 (replaced as a free elective).
3. Have a minimum overall GPA of 2.50.
4. Pass an Excel basic skills exam with an 88% or better.
5. Have at least 45 credit hours.

These requirements must be met to be eligible to register for 300 and 400 level business courses. The same rules apply to all transfer students—both internal (those from within the University) and external (those from a non-WCU institution).

**Marketing Major Graduation Policies**

To graduate with an earned degree from the Department of Marketing’s major program, students must have a 2.50 overall GPA.

**Courses**

**MKT**

**MKT 200. Survey of Marketing. 3 Credits.**

Examines the impact of marketing systems in producing a standard of living in local and global economies. Topics include the structure and functions of marketing within an organization, the role of customers, and the competitive, political/legal/regulatory, economic, social-cultural, and technological environments in which these systems operate. May not be taken for credit after completion of any other marketing course. Open to nonbusiness majors. Typically offered in Fall & Spring.

**MKT 250. Principles of Marketing. 3 Credits.**

MKT 250 Principles of Marketing (3) Course facilitates an understanding of key marketing strategy concepts and frameworks in order to engage effectively cross-functionally, globally, and in diverse environments, to keep markets and their unique needs top-of-mind in decision-making processes, and to drive successful business performance. You will learn to evaluate, develop, implement, and upgrade marketing plans, and to understand marketing’s connection to the other functions. Assorted career opportunities in industry are also discussed. Pre / Co requisites: MKT 250 requires prerequisites of C or higher in ECO 111 or ECO 112, and sophomore standing. Distance education offering may be available. Typically offered in Fall, Spring & Summer.

**MKT 330. Consumer Behavior. 3 Credits.**

Foundations of consumer behavior. Market structure and consumer behavior, purchase strategy and tactics, determinants and patterns of consumer behavior. An integrated theory of consumer behavior is sought. Pre / Co requisites: MKT 330 requires prerequisites of MKT 250 or MKT 200 with a minimum grade of C and minimum 2.50 CUM GPA. Typically offered in Fall & Spring.

**MKT 340. Personal Selling. 3 Credits.**

Analysis of the selling process applied to sales calls and sales strategies, communication, persuasion, motivation, ethics, interpersonal relationships, negotiations, and professionalism. Emphasis on case studies. Pre / Co requisites: MKT 340 requires prerequisite of MKT 250 or MKT 200 with a grade of C. Minimum 2.50 CUM GPA. Majors only. Typically offered in Fall & Spring.

**MKT 350. Advertising & Buyer Behavior. 3 Credits.**

A study of advertising and sales promotion management with a major focus on organization, media, strategy, campaigns, legal control, consumer behavior, budgeting, and the coordination of these activities with overall marketing programs. Pre / Co requisites: MKT 350 requires prerequisite of MKT 250 or MKT 200 with a grade of C. Minimum 2.50 CUM GPA. Majors only. Typically offered in Fall & Spring.

**MKT 360. Marketing Research. 3 Credits.**

Systematic definition of marketing problems, strategies for data collection, model building, and interpretation of results to improve marketing decision making and control. Pre / Co requisites: MKT 360 requires prerequisites of MKT 250 and minimum 2.50 CUM GPA. Typically offered in Fall & Spring.

**MKT 380. International Marketing. 3 Credits.**

Historical and theoretical background of foreign trade, world marketing environment and world market patterns, marketing organization in its international setting, and international marketing management. Pre / Co requisites: MKT 380 requires prerequisite of MKT 250 and minimum 2.50 CUM GPA. Distance education offering may be available. Typically offered in Fall, Spring & Summer.

**MKT 399. Transfer Elective Upper Level. 1-10 Credits.**

Transfer Elective Upper Level. Repeatable for Credit.

**MKT 406. Managing Sales. 3 Credits.**

Source, technique, and theories applied to problems encountered in managing a sales force in the areas of administration, policy, organizational structure, personnel selection and evaluation, sales training, compensation, forecasting, establishing territories and quotas, and sales analysis. Emphasis on case studies. Pre / Co requisites: MKT 406 requires prerequisite of MKT 340 and minimum 2.50 CUM GPA.

**MKT 410. Independent Studies in Marketing. 1-3 Credits.**

Special research projects, reports, and readings in marketing. Open to seniors only. Pre / Co requisites: Minimum 2.50 CUM GPA. Consent: Permission of the Department required to add. Repeatable for Credit.

**MKT 425. Marketing Strategy and Planning. 3 Credits.**

Application of the skills required for effective managerial decision making and communication using a team approach. Emphasis on case studies, computer simulations, and the development of a marketing plan; oral and written presentation of results. Pre / Co requisites: MKT 425 requires prerequisites of MKT 250 and MKT 360 and minimum 2.50 CUM GPA, and is open to seniors only. Typically offered in Fall & Spring.

**MKT 440. Senior Seminar in Marketing. 3 Credits.**

Team research projects that require an in-depth investigation of a current topic in marketing, and the preparation and presentation of an oral and written professional report. Pre / Co requisites: MKT 440 requires prerequisites of MKT 250 and MKT 360 and minimum 2.50 CUM GPA, and open to seniors only. Typically offered in Fall & Spring.
MKT 460. Marketing Internship. 3 Credits.
The marketing internship is designed to enhance the student’s educational experience by
providing a substantive work experience in the business world. Students taking this course in
the fall or spring semester are limited to a total of 12 semester hours.
Pre / Co requisites: Minimum 2.50 CUM GPA.
Consent: Permission of the Department required to add.
Typically offered in Fall, Spring & Summer.
Repeatable for Credit.

MKT 461. Marketing Internship. 6 Credits.
The marketing internship is designed to enhance the student’s educational experience by
providing a substantive work experience in the business world. A minimum of 360 hours
of work in the internship is required. Students scheduling this course in the fall or spring
semester are limited to a total of 12 semester hours.
Pre / Co requisites: Minimum 2.50 CUM GPA.
Consent: Permission of the Department required to add.
Typically offered in Fall, Spring & Summer.
Repeatable for Credit.

The Department of Mathematics offers three different undergraduate programs: bachelor of arts degree in mathematics, bachelor of science degree in mathematics, and bachelor of science degree in education. All three programs require the same five core mathematics courses, and they share many upper-division courses, which gives students a great deal of flexibility in selecting their ultimate course of study.

• The B.A. in Mathematics is designed to prepare students for graduate study in mathematics. The B.A. degree has a language requirement (French, German, or Russian are recommended), which makes it particularly appropriate for students who want to enroll in doctoral programs that require a language.

• The B.S. in Mathematics provides students with a wide choice of career-oriented concentrations that prepare graduates for careers in the private and public sectors. Current concentrations include: actuarial science, applied and computational mathematics, mathematical finance, pure mathematics, and statistics.

• The B.S. in Education - Mathematics provides students with the mathematical content, pedagogical content knowledge, and professional education preparation required for certification to teach mathematics at the middle school, junior high school, or senior high school levels.

The Undergraduate Handbook for Mathematics Majors should be consulted for current degree program requirements.

Accelerated Program Policy
Refer to the Accelerated Programs page (p. 134) for more information.

Admission to the Accelerated B.S. in Mathematics - Statistics Concentration and M.S. in Applied Statistics Program
Students may conditionally enroll in the Accelerated Program at any point during their undergraduate career. If they are current West Chester students, or transfer students, they must have a minimum cumulative GPA of 3.0 in all MAT and STA courses for admission. While enrolled within the Accelerated Program, students must maintain this minimum cumulative GPA of 3.0 in their MAT and STA courses throughout their undergraduate career.

Courses

MAT

MAT Q20. Fundamental Skills in Arithmetic. 3 Credits.
This course is designed to strengthen basic arithmetic skills and to introduce the elements of algebra. Mathematics placement required. Credits earned in Q00-level courses do not count toward the 120 hours of credit needed for graduation.
Pre / Co requisites: MAT Q20 requires a prerequisite of an appropriate score on the Mathematics Placement Examination.
Typically offered in Fall, Spring & Summer.

MAT Q30. Fundamentals of Algebra. 3 Credits.
This course is designed to strengthen basic algebraic skills. Credits earned in Q00-level courses do not count toward the 120 hours of credit needed for graduation.
Pre / Co requisites: MAT Q30 requires a grade of C- or better in MAT Q20 or an appropriate score on the Mathematics Placement Examination.
Typically offered in Fall, Spring & Summer.

MAT 101. Mathematics for Teachers of Children I. 3 Credits.
Sets; functions; logic; development of whole numbers, integers, and rationals (including ratios, proportions, and percents); number theory; problem solving. For students seeking Certification in Grades PK-4 or 4-8 only.
Pre / Co requisites: MAT 101 requires a grade of C- or better in MAT Q30 or an appropriate score on the Mathematics Placement Examination.
Typically offered in Fall, Spring & Summer.

MAT 102. Mathematics for Teachers of Children II. 3 Credits.
Development of real numbers; geometry; measurement; probability and statistics; problem solving. For students seeking Certification in Grades PK-4 or 4-8 only.
Pre / Co requisites: MAT 102 requires prerequisite of MAT 101.
Typically offered in Fall, Spring & Summer.

MAT 103. Introduction to Mathematics. 3 Credits.
This course is a liberal arts introduction to the nature of mathematics. Topics are chosen from among logic, graph theory, number theory, symmetry (group theory), probability, statistics, infinite sets, geometry, game theory, and linear programming. These topics are independent of each other and have as prerequisite the ability to read, reason, and follow a logical argument.
Pre / Co requisites: MAT 103 requires prerequisites of a grade of C- or better in MAT Q30 or an appropriate score on the Mathematics Placement Examination.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

MAT 104. Introduction to Applied Mathematics. 3 Credits.
The course is designed to help prepare students to understand almost any quantitative issues they will encounter in contemporary society. Topics are selected from the following: principles of reasoning, problem-solving tools, financial management, exponential growth and decay, probability, putting statistics to work, mathematics and the arts, discrete mathematics in business and society and the power of numbers.
Pre / Co requisites: MAT 104 requires prerequisites of a grade of C- or better in MAT Q30 or an appropriate score on the Mathematics Placement Examination.
Typically offered in Fall, Spring & Summer.

MAT 113. Algebra and Functions. 3 Credits.
A review of basic algebra, followed by a thorough treatment of polynomial, rational, exponential, and logarithmic functions. Successful completion of this course prepares students for MAT 143.
Pre / Co requisites: MAT 113 requires a prerequisite of a grade of C- or better in MAT Q30 or an appropriate score on the Mathematics Placement Examination.
Typically offered in Fall, Spring & Summer.

MAT 115. Algebra, Functions, and Trigonometry. 3 Credits.
Topics include polynomial, rational, exponential, logarithmic, and trigonometric functions. An emphasis is placed on using technology to understand topics of importance in the life and earth sciences. Successful completion of this course prepares students for MAT 143 or MAT 145.
Pre / Co requisites: MAT 115 requires a grade of C- or better in MAT Q30 or an appropriate score on the Mathematics Placement Examination.
Typically offered in Fall, Spring & Summer.

MAT 121. Introduction to Statistics I. 3 Credits.
Basic concepts of statistics. Frequency distributions, measures of central tendency and variability, probability and theoretical distribution, significance of differences, and hypothesis testing.
Pre / Co requisites: MAT 121 requires a prerequisite of a grade of C- or better in MAT Q30 or an appropriate score on the Mathematics Placement Examination.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

MAT 122. Introduction to Statistics II. 3 Credits.
Continuation of MAT 121. Inference about the means, standard deviations and proportions, goodness of fit, analysis of variance, regression analysis, correlation, and nonparametric tests.
Pre / Co requisites: MAT 122 requires a prerequisite of a grade of C- or better in MAT 121 or ECO 251.
Typically offered in Fall & Spring.

MAT 131. Precalculus. 3 Credits.
Topics include polynomial, rational, exponential, logarithmic, and trigonometric functions. An emphasis is placed on understanding function properties and graphs without the use of technology. Successful completion of this course prepares students for MAT 161.
Pre / Co requisites: MAT 131 requires a prerequisite of a grade of C- or better in MAT Q30 or an appropriate score on the Mathematics Placement Examination.
Typically offered in Fall, Spring & Summer.

MAT 143. Brief Calculus. 3 Credits.
An intuitive approach to calculus with emphasis on conceptual understanding and applications to business. Topics include differentiation, curve-sketching, optimization, integration, and partial derivatives.
Pre / Co requisites: MAT 143 requires a prerequisite of a grade of C- or better in MAT 113, MAT 115, or MAT 131; or an appropriate score on the Mathematics Placement Examination.
Typically offered in Fall, Spring & Summer.

MAT 145. Calculus for the Life Sciences. 3 Credits.
An overview of differential and integral calculus, motivated through biological problems. Topics include mathematical modeling with functions, limits, continuity, differentiation, optimization, and integration. Graphing calculators are used as an aid in the application of calculus concepts and methods to realistic biological problems.
Pre / Co requisites: MAT 145 requires a prerequisite of a grade of C or better in MAT 115 or MAT 131; or an appropriate score on the Mathematics Placement Examination.
Typically offered in Fall, Spring & Summer.

MAT 151. Introduction to Discrete Mathematics. 3 Credits.
Set theory, Boolean logic, elementary combinatorics, proofs, simple graph theory, and simple probability.
Pre / Co requisites: MAT 151 requires a prerequisite of a grade of C- or better in MAT Q30 or an appropriate score on the Mathematics Placement Examination.
Typically offered in Fall, Spring & Summer.

MAT 161. Calculus I. 4 Credits.
Differential and integral calculus of real-valued functions of a single real variable with applications.
Pre / Co requisites: MAT 161 requires prerequisites of a C or better in MAT 131 or an appropriate score on the Mathematics Placement Examination.
Typically offered in Fall, Spring & Summer.

MAT 162. Calculus II. 4 Credits.
Continuation of MAT 161 including the study of series, methods of integration, transcendental functions, and applications to the sciences.
Pre / Co requisites: MAT 162 requires prerequisite of C or better in MAT 161.
Typically offered in Fall, Spring & Summer.

MAT 190. Topics in Mathematics. 3 Credits.
Topics announced at time of offering.
Consent: Permission of the Department required to add.

MAT 200. The Nature of Mathematics. 3 Credits.
Topics include the role of mathematics in contemporary society, career opportunities, mathematical notation and argument, structure of proofs, basic facts about logic, mathematical proofs, problem-solving techniques, and introductions to mathematical software packages.
Pre / Co requisites: MAT 200 requires a prerequisite of C or better in MAT 161. Course should be taken by the end of sophomore year.
Typically offered in Fall, Spring & Summer.
MAT 201. Elementary Functions Essential Calculus I. 3 Credits. 
Elementary functions from an advanced viewpoint with detailed discussion of formal manipulations. Special emphasis on applications and the use of technology. Open only to prospective Grade 4-8 certification students.
Pre / Co requisites: MAT 201 requires prerequisite MAT 102.

MAT 202. Elementary Functions and Essential Calculus II. 3 Credits. 
Elementary functions from an advanced viewpoint with detailed discussions of formal manipulations. Special emphasis on applications and the use of technology. Open only to prospective Grade 4-8 certification students.
Pre / Co requisites: MAT 202 requires prerequisite MAT 201.

MAT 203. Elementary Functions and Essential Calculus III. 3 Credits. 
Continued discussion of elementary functions. Introduction to the intuitive ideas of derivative and integral with applications.
Pre / Co requisites: MAT 203 requires prerequisite of MAT 202.

MAT 261. Calculus III. 4 Credits. 
The calculus of several variables. Topics include polar coordinates, vectors and three-dimensional analytic geometry, differentiation of functions of several variables, multiple integrals, and line and surface integrals.
Pre / Co requisites: MAT 261 requires a prerequisite of MAT 162 with a C or better. Typically offered in Fall, Spring & Summer.

MAT 301. The Scientific Revolution. 3 Credits. 
This course addresses how modern science began in the 17th century by examining its origins and including introductions to the heroes of science - Copernicus, Kepler, Galileo, and Newton. This course counts toward the writing emphasis requirement.
Gen Ed Attribute: Interdisciplinary Requirement, Writing Emphasis. Typically offered in Fall & Spring.

MAT 302. Mathematics and Social Justice. 3 Credits. 
In this course we will explore several social issues and we will discuss methods which can quantitatively illustrate that are taking place. By doing so, the hope is that each student will learn mathematical skills and techniques. This tool kit of basic mathematical skills is often referred to as Quantitative Literacy (QL). Moreover as attainment of QL is itself a social justice issue, we will explore ways to carry these skills to historically marginalized groups through service learning projects.

MAT 309. Topics in Math for Elementary Teachers. 3 Credits. 
Introduction to programming in BASIC; computer uses for the classroom teacher; descriptive statistics with applications for teaching; and measurements of length, area, volume, and temperature that focus on the SI metric system with practice in the classroom. Additional topics in applied mathematics will be considered.
Pre / Co requisites: MAT 309 requires prerequisite of MAT 102. Repeatable for Credit.

MAT 311. Linear Algebra. 3 Credits. 
An introduction to linear algebra. Topics covered include matrices, systems of linear equations, vector spaces, linear transformation, determinants, eigenvalues, spectral theorem, and triangulation.
Pre / Co requisites: MAT 311 requires Concurrent or Prerequisite of MAT 162. Typically offered in Fall, Spring & Summer.

MAT 312. Algebra for Teachers in Grades 4-8. 3 Credits. 
Formal structure of groups, rings, and fields with examples from the elementary curriculum. Topics from linear algebra including matrices, determinants, and linear programming.
Pre / Co requisites: MAT 312 requires prerequisite of MAT 102. Typically offered in Fall & Spring.

MAT 313. Geometry for Teachers in Grades 4-8. 3 Credits. 
Modern informal approach to two- and three-dimensional geometric figures, measurement, similarity, congruence, coordinate geometry, and the postulational method.
Pre / Co requisites: MAT 313 requires prerequisite of MAT 102. Typically offered in Fall & Spring.

MAT 319. Applied Statistics. 3 Credits. 
This course will cover simple and multiple linear regression methods and linear time series analysis with an emphasis on fitting suitable models to data and testing and evaluating models against data.
Pre / Co requisites: MAT 319 requires a prerequisite of MAT 143 or MAT 145 or MAT 161. Typically offered in Fall & Summer.

MAT 321. Combinatorics and Graph Theory. 3 Credits. 
Introduction to set theory, graph theory, and combinatorial analysis. Includes relations, cardinality, elementary combinatorics, principles of inclusion and exclusion, recurrence relations, zero-one matrices, partitions, and Polya’s Theorem.
Pre / Co requisites: MAT 321 requires prerequisites of C or better in MAT 162 and MAT 200. Typically offered in Fall.

MAT 325. Numerical Analysis I. 3 Credits. 
A basic introduction to numerical analysis and scientific computing. Topics which will be studied include: Computer arithmetic, approximation and interpolation of functions, numerical quadratures, solutions of linear systems by direct methods, numerical solutions of nonlinear scalar equations, numerical differentiation, introduction to one step methods for the numerical solution of ordinary differential equations.
Pre / Co requisites: MAT 325 requires a prerequisite of MAT 162 with a "C" or better. Typically offered in Spring.

MAT 330. Using Technology Teaching Elementary School Mathematics. 3 Credits. 
Using computer software, calculators, and the Internet as aids in teaching elementary school mathematics.
Pre / Co requisites: MAT 330 requires prerequisites of MAT 101 and MAT 102. Typically offered in Fall & Spring.

MAT 331. Foundations of Geometry. 3 Credits. 
Geometric foundations from an advanced viewpoint. Topics are chosen from euclidean and noneuclidean geometrics.
Pre / Co requisites: MAT 331 requires prerequisite of C or better in MAT 162. Typically offered in Spring.

MAT 332. Differential Geometry. 3 Credits. 
Classical differential geometry from a modern viewpoint. Curves and surfaces and shape operators. Introduction to Riemann geometry.
Pre / Co requisites: MAT 332 requires prerequisites of C or better in MAT 200, MAT 261 and MAT 331.

MAT 334. Differential Equations. 3 Credits. 
The general theory of n-th order, and linear differential equations including existence and uniqueness criteria and linearity of the solution space. General solution techniques for variable coefficient equations, series solutions for variable coefficient equations, and study of systems of linear equations.
Pre / Co requisites: MAT 334 requires a prerequisite of C or better in MAT 162. Typically offered in Fall, Spring & Summer.

MAT 335. Techniques of Teaching Middle School Mathematics. 3 Credits.
Techniques of Middle School Mathematics (3) Learning theory-based techniques for teaching children mathematical concepts in the middle school including: pedagogical content knowledge; techniques used to present specific mathematical concept; associated materials, including methods for exceptional students; levels of questioning; and motivational devices. Topics covered include number, measurement, algebra, geometry, and probability, and statistics.
Pre / Co requisites: MAT 350 requires prerequisites of MAT 261, EDA 304, Field Clearances, and Formal Admission to Teacher Education. MAT 350 requires a co-requisite of MAT 360. Gen Ed Attribute: Writing Emphasis. Typically offered in Fall.

MAT 351. Methods for Teaching Children Math. 3 Credits.
Concepts, learning aids, syllabi, texts, and methods in elementary school mathematics.
Pre / Co requisites: MAT 351 requires prerequisites of MAT 101 and MAT 102. Typically offered in Fall, Spring & Summer.

MAT 352. Methods for Teaching Children Mathematics II. 3 Credits.
Techniques for teaching children concepts such as geometry in two and three dimensions, number sentences, graphing, ratios and percentages, quantifiers, etc. Use of laboratory materials will be emphasized.
Pre / Co requisites: MAT 352 requires prerequisites of MAT 351, Field clearances and Formal Admission to Teacher Education. Typically offered in Spring.

MAT 353. Methods for Teaching Middle School Mathematics. 3 Credits.
Techniques for teaching children mathematical concepts in the middle school standards. Topics covered include number, algebra, geometry, and probability and statistics.
Pre / Co requisites: MAT 353 requires prerequisites of MAT 121, MAT 312, MAT 313, MAT 351, field clearances, and FATE. Typically offered in Fall & Spring.
MAT 354. Techniques of Teaching Secondary School Mathematics. 3 Credits.
Techniques used in the presentation of specific mathematical concepts, associated materials, including methods for exceptional students, levels of questioning, and motivational devices. Scope and sequence of secondary mathematics topics. Criteria for test evaluation. Preview of student teaching.
Pre / Co requisites: MAT 354 requires prerequisites of MAT 350 and Formal Admission to Teacher Education. MAT 354 requires a co-requisite of MAT 364.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Spring.

MAT 357. Teaching Mathematics to Diverse Learners. 3 Credits.
Methods and materials associated with the presentation of mathematics to the handicapped. Emphasis on individualization and involving thinking skills at the concrete level. Evaluative and interpretive techniques are included.
Pre / Co requisites: MAT 357 requires prerequisites of MAT 101 and MAT 102 and formal admission into teacher education.

MAT 360. Field Experiences in Middle School Mathematics. 1 Credit.
The objective of this course is to apply the skills, techniques, and dispositions required to be an effective middle and secondary mathematics teacher. This course will allow you to work in a classroom setting to examine how the curriculum is delivered in a middle and high school setting. You will work with students on an individual or group basis, work cooperatively with teachers, and participate in the lesson and assessment planning process. By the end of the course, you should teach at least one lesson in a classroom setting.
Pre / Co requisites: MAT 360 requires a prerequisite of Formal Admission to Teacher Education. MAT 360 requires a co-requisite of MAT 350.
Typically offered in Fall.

MAT 362. Calculus IV. 3 Credits.
The calculus of vector-valued functions of a vector variable. Derivatives and properties of the derivative including the chain rule, fields and conservative fields, integration, and Green’s, Stokes’, and Gauss’ theorems.
Pre / Co requisites: MAT 362 requires prerequisite of C or better in MAT 261 and C or better in MAT 311.

MAT 364. Field Experiences in Secondary School Mathematics. 1 Credit.
The objective of this course is to apply the skills, techniques, and dispositions required to be an effective secondary mathematics teacher. This course will allow you to work in a classroom setting to examine how the curriculum is delivered in a middle and high school setting. You will work with students on an individual or group basis, work cooperatively with teachers, and participate in the lesson and assessment planning process. By the end of the course, you should teach at least one lesson in a classroom setting.
Pre / Co requisites: MAT 364 requires prerequisites of MAT 360 and Formal Admission to Teacher Education. MAT 364 requires a co-requisite of MAT 354.
Typically offered in Spring.

MAT 371. Mathematics of Finance. 3 Credits.
The purpose of this course is to introduce students to computer algebra packages and review important topics in algebra, calculus and linear algebra.
Pre / Co requisites: MAT 371 requires prerequisite of MAT 162 with a “C” or better. Typically offered in Fall.

MAT 381. Discrete Mathematics. 4 Credits.
This course is designed to provide a foundation for the mathematics used in the theory and application of computer science. Topics include mathematical reasoning, the notion of proof, logic, sets, relations and functions, counting techniques, algorithmic analysis, modelling, cardinality, recursions and induction, graphs, and algebra.
Pre / Co requisites: MAT 381 requires prerequisite of C or better in MAT 162.

MAT 390. Seminar in Mathematics Education. 3 Credits.
This course is the capstone course for grades 4-8 certification students completing the 30-credit mathematics certification option. Topics selected from mathematics, statistics, the history of mathematics, and mathematics education for their significance and interest. Field experience may be required.
Pre / Co requisites: MAT 390 requires prerequisite of Formal Admission to Teacher Education. Repeatable for Credit.

MAT 400. History of Mathematics for Elementary Teachers. 3 Credits.
History and development of elementary mathematics from primitive times to the discovery of calculus. Problems of the period are considered.
Pre / Co requisites: MAT 400 requires prerequisites of MAT 312 and MAT 313.

MAT 401. History of Mathematics. 3 Credits.
Development of mathematics from the Babylonian era to the 18th Century. Some modern topics included.
Pre / Co requisites: MAT 401 requires prerequisite of C or better in MAT 261.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall, Spring & Summer.

MAT 405. Special Topics in Mathematics. 3 Credits.
Topics announced at the time of offering. Consent: Permission of the Department required to add. Repeatable for Credit.

MAT 411. Algebra I. 3 Credits.
Abstract algebra. Algebraic systems, groups, rings, integral domains, and fields.
Pre / Co requisites: MAT 411 requires prerequisites of C or better MAT 200, MAT 261, and MAT 311.
Typically offered in Fall.

MAT 412. Algebra II. 3 Credits.
Abstract algebra. Algebraic systems, groups, rings, integral domains, and fields.
Pre / Co requisites: MAT 412 requires prerequisite of C or better in MAT 411.
Typically offered in Spring.

MAT 413. Computer Algebra. 3 Credits.
The focus of this course is to introduce students to computer algebra packages and review important topics in algebra, calculus and linear algebra.
Pre / Co requisites: MAT 413 requires prerequisites of MAT 162 and MAT 311 with a “C” or better.
Typically offered in Fall.

MAT 414. Theory of Numbers. 3 Credits.
Properties of integers; primes, factorization, congruences, and quadratic reciprocity.
Pre / Co requisites: MAT 414 requires prerequisites of C or better in MAT 200 and MAT 261.
Typically offered in Spring & Summer.

MAT 415. Introduction to Cryptography. 3 Credits.
An introduction to the mathematics behind various aspects of modern cryptography, including matrix cryptosystems, quadratic ciphers such as the Rabin cipher, exponential ciphers such as the Diffie-Hellman Key Exchange, the RSA algorithm and DES encryption.
Pre / Co requisites: MAT 415 requires prerequisites of MAT 161 and MAT 151 OR MAT 161 and MAT 200.
Typically offered in Spring.

MAT 421. Mathematical Statistics I. 3 Credits.
Probability theory, discrete and continuous random variables, distributions, and moment generating functions. Statistical sampling theory, joint and interval estimation, test of hypothesis, regression, and correlation.
Pre / Co requisites: MAT 421 requires a prerequisite of C or better in MAT 261.
Typically offered in Fall.

MAT 422. Mathematical Statistics II. 3 Credits.
Probability theory, discrete and continuous random variables, distributions, and moment generating functions. Statistical sampling theory, joint and interval estimation, test of hypothesis, regression, and correlation.
Pre / Co requisites: MAT 422 requires prerequisite of C or better in MAT 421.
Typically offered in Spring.

MAT 423. Applied Probability. 3 Credits.
Pre / Co requisites: MAT 423 requires prerequisites of MAT 261, MAT 311, and MAT 421 with a “C” or better.
Typically offered in Spring.
MAT 425. Numerical Analysis II. 3 Credits.
An examination of advanced topics in numerical analysis and scientific computing. Topics include: Approximation and interpolation of functions, numerical quadratures, matrix norms, iterative methods of numerical linear algebra, numerical solution of nonlinear systems of equations, and methods for the numerical solution of ordinary differential equations. Pre / Co requisites: MAT 425 requires a prerequisite of C or better in MAT 325. Typically offered in Fall.

MAT 427. Introduction to Optimization Techniques. 3 Credits.
Nature of optimization problems: deterministic and stochastic, and discrete and continuous. Computer methods of solution, systematic and random search, linear quadratic, dynamic programming, and others. Pre / Co requisites: MAT 427 requires prerequisites of C or better in MAT 261 and C or better in MAT 311.

MAT 432. Topology. 3 Credits.
Elements of point set topology. Separation axioms. Connectedness, compactness, and metrizability. Pre / Co requisites: MAT 432 requires prerequisites of C or better in MAT 200 and MAT 261.

MAT 441. Real Analysis I. 3 Credits.
Introduces the real line, limits of sequences, Cauchy sequences, limits of real functions, continuous functions, intermediate value theorem, the derivative, mean value theorems and Riemann integral. Pre / Co requisites: MAT 441 requires prerequisites of C or better in MAT 200 and MAT 261. Typically offered in Fall & Spring.

MAT 442. Real Analysis II. 3 Credits.
A continuation of MAT 441. Introduces infinite series, sequences and series of functions, Taylor's Theorem with applications and topics from integration theory. Pre / Co requisites: MAT 442 requires prerequisite of C or better in MAT 441. Typically offered in Fall.

MAT 443. Applied Analysis I. 3 Credits.
The techniques of analysis applied to problems in the physical sciences. Topics include partial differential equations, orthogonal functions, complex integration, and conformal mapping. Pre / Co requisites: MAT 443 requires prerequisite of C or better in MAT 261, MAT 311 and MAT 343. Typically offered in Fall.

MAT 444. Applied Analysis II. 3 Credits.
The techniques of analysis applied to problems in the physical sciences. Topics include partial differential equations, orthogonal functions, complex integration, and conformal mapping. Pre / Co requisites: MAT 444 requires prerequisite of C or better in MAT 443.

MAT 445. Complex Variables. 3 Credits.
Introduction to functions of a complex variable. Analytic functions, mappings, differentiation and integration, power series, and conformal mappings. Pre / Co requisites: MAT 445 requires prerequisite of C or better in MAT 261. Typically offered in Fall.

MAT 455. Industrial Mathematics Practicum. 3 Credits.
This is a case study, team problem-solving based course focused on solving real-world problems that can be modeled using discrete or continuous mathematics techniques and which emanate from industry. Ideally, the problems would be obtained from partnerships with local industry. Until these relationships develop, extant problems or problems arising in WCU faculty research (in math, physics, biology, geology, finance, etc.) will be used. Pre / Co requisites: MAT 455 requires prerequisites of MAT 319, MAT 425, and MAT 413 and any one of MAT 493 or MAT 427. Typically offered in Fall & Spring. Repeatable for Credit.

MAT 478. Fundamentals of Actuarial Science. 3 Credits.
Students completing this course will have a better understanding of actuarial models of life contingencies. More specifically, students will understand that life insurance payments, life annuity payments, pension payments, etc. are determined by financial random variables dependent on human life. Pre / Co requisites: MAT 478 requires prerequisite of MAT 371 and MAT 421 with a “C” or better. Typically offered in Spring.

MAT 479. Financial Calculus. 3 Credits.
This course aims to provide the undergraduate mathematics major with an introduction to the mathematics behind derivative pricing and portfolio management. Pricing theory is first developed through the typical binomial model and then is extended to continuous time via the Black-Scholes model. In addition, the student will be exposed to how arbitrage can be used to aid in the pricing more complicated derivatives, such as call options on dividend-paying securities and exotic options. Pre / Co requisites: MAT 479 requires prerequisite of MAT 371 and MAT 421 with a “C” or better. Typically offered in Spring.

MAT 491. Internship in Applied Mathematics. 2-4 Credits.
In cooperation with regional businesses and industrial companies, student will perform an internship in applied mathematics. Repeatable for Credit.

MAT 493. Mathematical Modeling. 3 Credits.
The idea of a mathematical model of a real situation. Techniques and rationales of model building. Examples from the life, physical, and social sciences. Pre / Co requisites: MAT 493 requires prerequisites of C or better in MAT 261 and C or better in MAT 343.

MAT 499. Independent Study in Mathematics. 1-3 Credits.
An examination of advanced topics in numerical analysis and scientific computing. Topics will include numerical solution of ordinary differential equations, orthogonal functions, complex integration, and conformal mapping. Pre / Co requisites: MAT 493 requires prerequisites of C or better in MAT 261 and C or better in MAT 343.

MTE
MTE 340. Using Technology Teaching Elementary Mathematics. 3 Credits.
Using computer software, calculators, and the Internet as aids in teaching elementary school mathematics. Pre / Co requisites: MTE 340 requires prerequisites of MAT 101 and MAT 102.

STA
STA 311. Intro Statistical Computing and Data Management. 3 Credits.
Course will give students the ability to manage and manipulate data effectively, conduct basic statistical analysis, and generate reports and graphics primarily using the SAS Statistical Software Program. Typically offered in Spring.

STA 320. Experimental Design. 3 Credits.
The purpose of this course is to guide students in learning how to design, conduct and analyze the results of scientific studies so that valid and objective inferences about the population are obtained. It will cover ANOVAs, block, factorial, and split plot designs, as well as response surface analysis. Pre / Co requisites: STA 320 requires a prerequisite of C or better in STA 319. Typically offered in Spring.

STA 321. Topics in Advanced Statistics. 3 Credits.
Course will cover select topics in categorical analysis, nonparametrics and time series analysis. Emphasis will be placed on statistical programming, particularly simulations. Pre / Co requisites: STA 321 requires prerequisites of STA 311, STA 320, and MAT 421. Typically offered in Spring.

STA 490. Capstone Course in Statistics. 3 Credits.
Course will synthesize lessons learned throughout the students career with the goal of preparing students for work as professional statisticians. Topics will include report writing, presentations, statistical consulting, sampling design, and resume writing. Typically offered in Spring.

Mathematics Electives
May be replaced by any course from the three areas above or any of the following:

MAT 521 Discrete Mathematics & Graph Theory
MAT 532 Geometry I
MAT 533 Geometry II
MAT 595 Topics in Mathematics

Student Electives
May be replaced by any course from the four areas above or any other 500-level
MAT, MTE, STA, or CSC course.

Requirement of a Minor
Students in the B.A. degree program are required to complete either a minor or, with the approval of the student’s advisor and the Department of Mathematics chairperson, an additional nine credit hours of upper-division mathematics. The discipline chosen for the minor will reflect a student’s post-baccalaureate goals. The department recommends completing a minor in the natural sciences (astronomy (p. 248), biology (p. 204), chemistry (p. 211), earth sciences (p. 248), geology (p. 248), and physics (p. 421)), computer science (p. 227), economics (p. 256), or finance (p. 256), but other minors may be selected with the approval of the student’s advisor and the mathematics chairperson.

All mathematics major courses must be passed with a C- or better.

Sample Course Plan
To track their individual degree progress, students are advised to access their Degree Progress Report (DPR) via myWCU regularly. For more information, visit wcupa.edu/DegreeProgressReport.

1 Satisfies general education requirement.
2 To be taken concurrently with MAT 350.
3 To be taken concurrently with MAT 354.

All math major courses must be passed with C or better.

All students seeking a B.S.Ed. must formally apply for admission to teacher education. (See Educator Preparation Programs (p. 260) in this catalog.) Only those students formally admitted to teacher education will be eligible to enroll in MAT 354.

DEPARTMENT OF MUSIC EDUCATION
School of Music

Overview

221 Swope Music Building
610-436-2739
Department of Music Education (http://www.wcupa.edu/music-education)
Marci Major (mmajor@wcupa.edu), Chairperson

The mission of the School of Music at West Chester University is to create a learning environment that provides the highest order of education in all major aspects of music, to establish a foundation for life-long growth in music, and to offer programs and degrees that are tradition based but future oriented. In pursuing this mission, we reaffirm our commitment to diversity within the School of Music. Our faculty members strive to be inspiring teachers as well as musical and intellectual leaders. Further, we endeavor to expand the music opportunities available to all university students and to enhance the quality of our community’s musical life.

Programs

Major in Music Education

- B.M. in Music Education (p. 377)

Graduate Opportunities

See the graduate catalog for more information on the Music Education program (http://catalog.wcupa.edu/graduate/school-of-music/music-education)

Policies

- See undergraduate admissions information (p. 11)
- See academic policies (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips,
suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

**PRAXIS II for Music Education Majors**

For required tests and scores, go to the following websites:

Music Ed program requirements:

http://catalog.wcupa.edu/undergraduate/arts-humanities/music-education/music-education-bm/

Educator Preparation Programs requirements:

http://catalog.wcupa.edu/undergraduate/education-social-work/educator-preparation-programs/

1. Candidates must take (but not necessarily pass) the required PRAXIS tests in order to enter the student teaching internship.
2. Candidates must provide scores of all PRAXIS tests (both passing and non-passing attempts) to the Chair of Music Education.
3. Candidates must take (but not necessarily pass) the required PRAXIS II test (Fundamental Subjects Content Knowledge) as a prerequisite for MUE 332.
4. Candidates must schedule and take (but not necessarily pass) the required PRAXIS II test (Music Content Knowledge) immediately upon completion of MHL 212 and as a prerequisite for MUE 431/MUE 432.
5. Music Education students must pass the PRAXIS II in order to obtain PA Teacher Certification.

**Courses**

**MDA 240. Integrating the Arts within the Elementary Classroom. 3 Credits.**

This course is designed to prepare the elementary classroom teacher (PK-4) to teach academic subjects more meaningfully through the art disciplines of creative movement, music, and visual art. The emphasis of this course is to study how the integration of the arts into the curriculum can provide children with essential problem solving skills that use both creative and critical thinking.

Gen Ed Attribute: Arts Distributive Requirement.

**MUE**

**MUE 001. Prof Qualifying Remediation. 0 Credits.**

Designed to present musicanship skills for students who have failed the Professional Qualifying Examination.

Repeatable for Credit.

**MUE 101. Elementary Choir. 0.5 Credits.**

The purpose of this course is to acquaint the student with the organization, administration, fundamental rehearsal techniques and resources for a successful beginning choral program in today's public schools. In this course future choral conductors continue their development of fundamental conducting skills learned in basic conducting, while incorporating those skills into a choral rehearsal setting.

Typically offered in Fall.

**MUE 201. Music Education Seminar. 0.5 Credits.**

A seminar introducing the philosophical foundations of music education and the structure of the school music program. Required for all music education majors prior to MUE 331.

**MUE 220. Teaching Special Learners in the Music Classroom. 2 Credits.**

This course provides undergraduate music education candidates with the skills, knowledge, understandings, and attitudes necessary to meet the needs of candidates with disabilities in an inclusive music education classroom. Field Clearances are required.

**MUE 232. Music in Early Childhood. 3 Credits.**

Designed to equip the teacher of early childhood to develop specific concepts utilizing singing, rhythmic, and melodic activities. Emphasis on listening and movement to music.

Typically offered in Fall & Spring.

**MUE 235. Teaching the Children's Choir. 3 Credits.**

This seminar will prepare the Music Education candidate to develop, administer, teach, and lead children's choirs. Candidates will gain hands on experience with management and rehearsal techniques. Class meets two times per week; 1 hour in class 2 hour lab.

**MUE 331. Music Methods and Materials I. 3 Credits.**

The study of music and the learning process at the elementary level to include Dalcroze, Kodaly, and Orff.
Pre / Co requisites: MUE 331 requires prerequisites of MUE 201 and VOC 311 or AIC 311 and formal admission into teacher education. Current Act 34, Act 114, ACT 151 clearances and TB test valid for semester.

Gen Ed Attribute: Writing Emphasis.

**MUE 332. Music Methods and Materials II. 3 Credits.**

The study of music and the learning process at the secondary level to include technology, listening skills, multicultural diversity, general music programs, and administrative skills.
Pre / Co requisites: MUE 332 requires prerequisites of MUE 331 and formal admission into teacher education. Current Act 34, Act 114, Act 151 Clearances and TB test valid for semester.

Gen Ed Attribute: Diversity Requirement, Writing Emphasis.

**MUE 333. Instrumental Methods and Materials. 2 Credits.**

Fundamentals underlying the development of instrumental programs in the public schools. Emphasis on program organization and administration, teaching procedures, and materials.
Pre / Co requisites: MUE 333 requires prerequisites of VOC 311 or AIC 311 and formal admission into teacher education and co-require of MUE 331 or MUE 332.

**MUE 335. Choral Methods and Materials. 2 Credits.**

Designed to acquaint the student with a variety of choral music suitable for school use. Program planning and rehearsal techniques are demonstrated.
Pre / Co requisites: MUE 335 requires prerequisites of VOC 311 or AIC 311 and MUE 331 or MUE 332 and formal admission into teacher education.

**MUE 337. Instrumental Techniques and Materials. 2 Credits.**

For juniors and seniors who desire to specialize in instrumental music. Considers rehearsal procedures, effective materials, minor repairs of instruments, competitions and festivals, and marching band procedures.
Pre / Co requisites: MUE 337 requires prerequisite of MUE 333.
Typically offered in Spring.

**MUE 340. Fundamentals of Music Therapy. 3 Credits.**

This course serves as an introduction to the music therapy profession. Students will learn about basic music therapy literature, current practice, and clinical applications of music as therapy through experiential learning, research, and writing.
Pre / Co requisites: MUE 340 requires a prerequisite of Music Major.

**MUE 430. Related Arts Pedagogy In Music Education. 3 Credits.**

Principles of related-arts teaching applicable to musical elements, art, and creative movement, with appropriate teaching techniques at specified grade levels. Materials for school music programs; basal music series, other texts and literature, and resources in related arts. Demonstration lessons and unit planning.

The mission of the West Chester University Department of Nursing is to provide the highest quality of undergraduate and graduate nursing education to students who come from diverse populations. All graduates are prepared to provide evidence-based quality nursing care, and to become nursing leaders within the nursing profession. The baccalaureate program provides the art and scientific foundations of entry into nursing practice. The graduate programs provide preparation into advanced nursing practice and education roles; thereby, giving students the ability to synthesize knowledge; strengthen communication; and empowerment to promote health care. The Doctor of Nursing Practice program further prepares advanced practice nurses at the highest level to fully evaluate and contribute to increasingly complex health care systems. These contributions are based on contemporary nursing science as well as organizational, political, cultural, and economic principles. Graduates of these nursing programs will be professionals capable of assuming leadership in present and emerging health care roles, citizens who contribute to society and who are committed to life-long learning and personal development.

Philosophy
The Department of Nursing affirms the WCU Vision, Mission and Values Statements and the College of Health Sciences Mission Statement. It shares the University’s commitment to teaching, research, and service to individuals, families, communities, and populations. The following statement reflects the Department of Nursing’s philosophical beliefs:

The Department of Nursing recognizes that individuals, families, communities, and populations are entitled to optimum health and quality health care. Nurses play an integral role in health promotion, disease prevention, and enhancing the quality of life throughout the lifespan. According to the ANA, “nursing is the protection, promotion and optimization of health and abilities, prevention of illness and injury, alleviation of suffering through the diagnosis and treatment of human response, and advocacy in the care of individuals, families, communities, and populations.” Advanced practice nursing roles include expert clinician, educator, researcher, consultant, and leader. The nursing programs at West Chester University recognize the responsibility to provide innovative educational programs that reflect the growing needs and current trends of diverse populations.

The faculty of the Department of Nursing provide a caring and supportive environment while respecting the diversity of the student body and communities which it serves. The University community cultivates and supports faculty/student collaboration and mentoring. The students are treated as individuals with unique qualities and learning needs. Through professional actions, the faculty reflects the department’s philosophy of excellence in nursing practice, creation of evidence-based research, establishing strong interdisciplinary associations, and fostering supportive relationships with colleagues, students, and the community.

The 2008 AACN Essentials document (The Essentials of Baccalaureate Education), the 2011 AACN Essentials document (The Essentials of Master’s Education), and the 2006 AACN Essentials document (The Essentials of Doctoral Education for Advanced Nursing Practice) provide structure for the curriculum content of all programs. The faculty designed all programs to facilitate the students’ abilities to creatively respond to a continuously changing health system. Innovative educational experiences are cooperatively planned to meet the needs of both the students and clients, empowering them in the nursing-client partnership. The interpretation, development, and implementation of ethical evidence-based research are stressed throughout the educational process.

Ethical decision making, accountability, critical thinking, and effective communication skills are emphasized. This is achieved by the application of nursing theory and empirical evidence to professional practice. All programs promote lifelong learning and leadership, and prepare the student for advance professional degrees or post-doctoral studies. (1/2016)

Bachelor of Science in Nursing
The Bachelor of Science in Nursing program is offered by the Department of Nursing, which is an integral part of the College of Health Sciences. The family-centered program is based on the concept that the person is a biopsychosocial being with basic health needs. The Department of Nursing believes that high-quality health care is a basic right of all people and that health care needs can be met through the practice of the professional nurse who has completed a systematic program of courses in the social and natural sciences, humanities, and the nursing major.

Characteristics of the graduate include the following:
1. Evidences a concerned awareness and a sense of responsibility for contemporary health and social issues as these affect diverse populations
2. Provides leadership through professional and civic activities to advocate for the improvement of health care within society
3. Demonstrates accountability and competency in using the nursing process to assist clients at various levels of health in a variety of settings
4. Uses nursing theory and research to support nursing practice
5. Collaborates, coordinates, and consults as a colleague within the interdisciplinary health team in managing client care
6. Characterizes learning as a life-long process

Philadelphia Campus
The RN-to-BSN program is also offered at the Philadelphia campus. Curriculums for programs offered at the alternative PASSHE Center City (http://wcupa.edu/philly) satellite campus in Philadelphia are equivalent to those found on WCU’s main campus. With state-of-the-art classrooms, the Center City location serves the needs of degree completers and/or adult learners who are balancing work and family obligations.

Policies
• See undergraduate admissions information. (p. 11)
• See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

Degree Program for Registered Nurses
The department offers an innovative and flexible program for registered nurses who wish to earn a baccalaureate degree in nursing. The program, which varies in length depending on the number of credits a student transfers in, features one night per week of nursing courses and individualized clinical arrangements, as well as distance education classes. Students receive credit for nursing and other courses as well as an option of a portfolio assessment for clinical experience.

Detailed information about this program may be obtained from the department website, www.wcupa.edu/nursing.

Advance-2-BSN
The department offers an accelerated second degree program. This 17-month intensive program builds upon a student’s previous education and enables an individual already with a baccalaureate degree in nursing. Upon successful completion of this program, the student will be eligible to take the National Council Licensure Examination (NCLEX). Detailed information about this program may be obtained from the department website.

Licensing Eligibility in Pennsylvania
In order to be employed in professional nursing in the Commonwealth of Pennsylvania, students must apply for a temporary practice permit in Pennsylvania as indicated by the following:

1. Students must meet all program requirements to be eligible for the Licensing Eligibility in Pennsylvania as indicated by the following:
   - CHE 107
   - SPK 208
   - WRT 220
   - WRT 200
   - WRT 120

All prerequisites are 3-credit courses.

2. Students in their final semester of an associate’s or diploma program may apply and be offered provisional admission prior to becoming licensed, however students may not start classes in the RN-to-BSN program without an active RN license.

Admission Criteria for the B.S. in Nursing
Applicants for nursing must have completed work equal to a standard high school course, including a minimum of 16 units: four units of English, three units of social studies, two units of mathematics (one of which must be algebra), and two units of science with a related laboratory course or the equivalent. A combined score of 1000 is expected on the SAT.

Admission Requirements for the RN-to-BSN Program
The RN-to-BSN program is a post-licensure, degree completion program for Registered Nurses seeking a baccalaureate degree. The successful applicant must:
• Have an active Registered Nurse license in at least one state,
• Be a graduate of an NLN or ACEN-accredited associate degree or diploma-granting professional nursing program, and
• Have a cumulative GPA of 2.75 in all college-level coursework.

1 Students in their final semester of an associate’s or diploma program may apply and be offered provisional admission prior to becoming licensed, however students may not start classes in the RN-to-BSN program without an active RN license.

Prerequisite Courses for Admission to the RN-to-BSN Program
Students are encouraged to utilize tools provided by the Office of the Registrar at WCU to evaluate their current credits’ eligibility for transfer to West Chester University. These tools can be found on the Registrar’s Office page of the WCU website.

Students must complete the four prerequisite courses prior to enrolling in the first RN-to-BSN course. Students who have not completed the four prerequisite courses may be admitted to the “Pre-BSN” major and will be assigned an academic support counselor to assist the student in selecting course to meet the prerequisite requirements.

All prerequisites are 3-credit courses.

Prerequisite Requirements
• WRT 120
• WRT 200, WRT 204, WRT 205, WRT 206, WRT 208, or WRT 220
• MAT 121
• SPK 208 or SPK 230 or applicable transfer equivalency

After the successful completion of the prerequisites, the student may complete a change of major request through myWCU and will be converted to the RN-to-BSN major and assigned a Nursing Faculty Advisor.

Nursing credits will be evaluated and awarded transfer credit by the WCU Nursing Department Chair on an individual basis or based on any existing articulation agreement between WCU and the pre-licensure nursing program (if applicable).

Academic Promotion Policy
Failures, D Grades, or NG (No Grade)
All nursing students who have a grade of D, F, or NG (no grade) in required courses during the freshman and sophomore years must repeat/complete these courses and achieve a satisfactory grade (C or above) before entering the junior-level nursing major courses with the exception of BIO 100 (or 110), BIO 259, BIO 269, and CHE 107/CRL 107, which require the cumulative 2.75 GPA.

A student must achieve a grade of C or better in the nursing major in the junior year for promotion to the senior year and achieve at least a C-
in the senior year for graduation. Students also must achieve at least a C- in BIO 307 and MAT 121.

If a student must repeat a nursing course, a grade of C or better in both the theory and laboratory (clinical practicum) components must be achieved. The theory and clinical portions of a nursing course must be taken concurrently.

Other policies are explained in detail in the current issue of the department handbook.

**Criminal and Pennsylvania Child Abuse History Clearance**

In accordance with Pennsylvania Nursing Law and Child Protective Services Law as an effort to protect client safety and property, students will be required to complete a criminal background check beginning their first-year classes in the fall and again before progressing to NSG 212/NSL 212, NSG 311/NSL 311/NSG 312/NSG 312, and NSG 411/NSL 411/NSG 411/NSL 412. In addition, students will be required to complete Delaware Child and Elder Abuse History Clearance prior to NSG 311/NSL 311/NSG 312/NSL 312.

**Transfer Policy**

Transfer students may be accepted into the nursing major each semester. The number accepted each semester is based on the number that the department can accommodate in a sound educational experience.

Students currently enrolled at West Chester University who wish to transfer in to the Department of Nursing must attend a transfer information session to begin the process and subsequently submit an application packet to the department. All application procedures must be completed in order for the candidate to be considered for entrance into the nursing major.

All students who wish to transfer into the Department of Nursing must:

1. Show evidence of satisfactory completion (70 percent or better) in BIO 100, BIO 110, or BIO 259, CHE 103 and CRL 103, or CHE 107 and CRL 107, PSY 100 or SOC 200, and WRT 120;
2. Complete the application form (available from the Department of Nursing);
3. Complete the required essay;
4. Submit one letter of reference from a West Chester University faculty member; and
5. Complete an interview with the assistant department chairperson.
6. Students must have a minimum composite 2.75 GPA in the following courses: BIO 100 or BIO 110, BIO 259, BIO 269; CHE 107; CRL 107 or CHE 103; CRL 103.

**Department Standards**

**Special Requirements**

1. Traditional nursing candidates are admitted once a year, in September.
2. Internal transfer students are admitted once a year, in November.
3. Nursing students are required to supply their own transportation to clinical facilities, as well as to class and lab located in the Exton location.

**Insurance**

Students are required to carry liability insurance coverage in the amount of $1,000,000/$3,000,000 during the junior and senior year at a yearly cost of approximately $30. Students also are required to carry health insurance.

**Uniforms**

Students are required to wear eggplant uniforms to some of the clinical experiences during the junior and senior years. For community clinical settings, students will be required to purchase a nursing polo shirt to be worn with black or khaki slacks. Uniform policies are presented in detail in the current issue of the department handbook.

**CPR Certification**

Students enrolled in nursing courses with a clinical component are required to be currently certified by the American Red Cross, American Heart Association, or other acceptable resource in Life Support (two-person) Cardiopulmonary Resuscitation. The CPR course must include resuscitation of children and infants.

**Calculations exam**

Competency in calculation of dosages is a prerequisite to NSG/NSL 311/312. The student is required to have attained 100 percent proficiency in calculating dosages as measured by a paper and pencil test. The nursing laboratory coordinator administers the calculations exam in the spring semester immediately prior to enrolling in the clinical courses.

**RN Exit Exam**

All senior students must complete the RN Exit Exam prior to graduation. Cost is assumed by the student. The student who does not score 70 on the exit exam and provide documentation of successful completion of a review course will not be approved by the department chair to take the NCLEX/RN exam.

**Health Requirements**

Nursing candidates must meet the general health requirements of all students at West Chester University for the freshman and sophomore years. Candidates must meet the following health requirements during the summer prior to the junior year: inoculations against diphtheria, tetanus, measles, mumps, Rubella and Rubeola, poliomyelitis (a series of four), Hepatitis B, varicella, and flu; a complete physical examination, two-step tuberculin skin test (TST) and meningococcal, eye examination, and any other diagnostic tests deemed necessary. Prior to the senior year, students must repeat the TST.

**Substance Testing**

Students must have urine drug screening performed at a designated laboratory during the stated testing period before progressing to each of the following courses: NSG/NSL 311/312 and NSG/NSL 411/412 (a total of two tests). Students are responsible for the costs associated with these tests. Students with a positive result will be dismissed from the nursing major. Refusal to be tested will result in dismissal from the nursing major.

**Nursing Laboratory**

The Nursing Laboratory in the Sturzebecker Health Sciences Center is available as a resource to help the nursing student in the learning process. There are three sections of the laboratory. One area contains hospital beds, examination tables, and other equipment found in clinical care settings. This area is used for the teaching and learning of nursing skills. The second area is a separate computer laboratory for students to study and review nursing theoretical and clinical skills, and to complete required computer software programs. The third section is the area designated for clinical simulation.

Every student is required to use the learning laboratory at specified times. In addition, students are expected to spend time using this resource for independent learning based on their individual needs. The laboratory is staffed by a full-time nursing laboratory coordinator who is a registered nurse.

Courses
NSG
NSG 109. Health Issues of Women. 3 Credits.
This course encompasses the needs and concerns of women as consumers in our present health care system. It examines various biological, psychological, and social topics related to women’s health care, including medical abuses, sexuality, sex roles, and women’s health in the workplace. This course is an enrichment to liberal education, encouraging inquiry into previously neglected areas of women and health. It is offered in the Women’s Studies Program and is open to all University students, regardless of major, as an elective.
Gen Ed Attribute: Diversity Requirement.
Distance education offering may be available.

NSG 212. Nursing Theories and Concepts. 3 Credits.
Nursing theories and concepts, conceptual frameworks, theories from other disciplines that may apply to nursing, and the nursing process are studied in this course.
Pre / Co requisites: Nursing Majors - Undergraduate.
Gen Ed Attribute: Writing Emphasis.

NSG 216. Healthy Aging in the New Millenium. 3 Credits.
The student will have the opportunity to form a relationship with a healthy, elderly individual. Students will utilize communication skills through interaction on a one-to-one basis with senior citizens in a private home setting. Students will become acquainted with the problems of day-to-day living and the crises that face this population along with the adaptive strengths and resources that are an essential part of the healthy older person's personality.

NSG 217. Loss and Grieving. 3 Credits.
Loss, grief, and/or depression are universal experiences. Concrete measures to help oneself and peers better cope with these experiences are presented. Barriers that make providing comfort and support to others difficult or uncomfortable are identified and discussed. Effective measures for talking with and helping those who are grieving, depressed, or suicidal are presented, and each student is assisted to develop his or her own style in comfortably using selected approaches. Classes will be participatory with minimal lecture.
Pre / Co requisites: NSG 217 prerequisite - Nursing majors only.

NSG 218. Concepts in Caring. 3 Credits.
The emphasis of this course is that caring is a universal concept that can be viewed from many disciplines. Nurses, professionals in the caring business, serve as the guides in a creative journey connecting human caring and the various disciplines.
Pre / Co requisites: NSG 218 prerequisite - Nursing majors only.

NSG 221. Skills for Professional Success. 1 Credit.
This one-credit elective for level III and IV nursing majors is designed to help students foster clinical judgment skills by focusing on study skills, critical thinking, and test-taking. Emphasis is placed on preparing students with skills that are essential for success on the National Council Licensure Examination for Registered Nurses (NCLEX-RN).
Pre / Co requisites: Nursing Majors - Undergraduate. Repeatable for Credit.

NSG 222. Issues Transcultural Health Care Del. 3 Credits.
This is a systems approach to health care delivery. Surveys health needs of diverse U.S. populations using a multidisciplinary approach. Introduces the origin and evolution of sociocultural health beliefs as they impact health behaviors and outcomes of culturally and ethnically diverse individual populations.
All concepts will be approached from a business/economics, health and political science perspective. Promote collaboration among disciplines, to improve health care services for diverse populations.
Gen Ed Attribute: Interdisciplinary Requirement.

NSG 223. Crime Victim Advocacy. 3 Credits.
This course provides introductory training for anyone wishing to work with victims and survivors of sexual assault and other forms of victimization. The course is an excellent basis for those seeking to volunteer or intern with community based agencies specializing in this field.

NSG 224. Domestic Violence Advocacy. 3 Credits.
This course provides introductory training for anyone wishing to work with victims and survivors of family violence. The course is an excellent basis for those seeking to volunteer or intern with community based agencies specializing in this field.

NSG 225. Health and Heredity in Human Caring. 3 Credits.
This course will expose students to historical, current, and emerging health issues experienced by the lesbian, gay, bisexual, transgender, queer/questioning, and asexual (LGBTQA) communities. This course is rooted in the minority stress approach to health promotion by the LGBTQA communities. This course is currently used to understand and treat diseases. The course will examine patterns of inheritance, genetic differences, and disease risks. The course also will focus on application of genetic information in different situations as individuals and families, employment and insurance settings, legal and ethical aspects, genetic counseling and long term care.
Pre / Co requisites: NSG 225 requires a prerequisite of BIO 100.
Distance education offering may be available. Typically offered in Fall & Summer.

NSG 234. Current Trends in LGBTQ+ Health. 3 Credits.
This course will expose students to historical, current, and emerging health issues experienced by the lesbian, gay, bisexual, transgender, queer/questioning, and sexual (LGBTQ+) communities. This course is rooted in the minority stress approach to health promotion problems amongst the sexual minorities. Introduction to health promotion activities, advocacy, prevention, and community health resources are emphasized. This course is open to all majors.
Gen Ed Attribute: Diversity Requirement.
Typically offered in Spring.

NSG 310. Human Response to Disease. 3 Credits.
Examination of core concepts of alterations of human responses to disease processes at the cellular and systemic level. This course focuses on illness as it affects major body systems.
Students will identify and analyze prototypical clinical situations, which will provide a foundation for their nursing practice. This course will link clinical situations to their underlying mechanism of disorder and provide a sound knowledge for the practice of professional nursing.
Pre / Co requisites: Nursing Majors - Undergraduate.
NSG 311. Care of Childbearing Family & Community Based Care. 4 Credits.
The emphasis of this course is the childbearing family and individuals in various community settings. Content will focus on prevention of illness and promotion of health by assessment of the health status, appropriate intervention, and evaluation of the health promotion plan. Chronic states as well as acute health conditions will be addressed as well. Content is organized around the concepts of wellness, chronicity and acuity. The nursing process provides the framework for the care to be given in a variety of settings with clients. Pre / Co requisites: NSG 311 requires prerequisites of BIO 307 and co-requisite of NSL 311. Nursing majors only.
Gen Ed Attribute: Writing Emphasis.
Distance education offering may be available.

NSG 312. Care of Older Adult & Care of Child. 5 Credits.
The emphasis of this course is on the assessment and maintenance and promotion of health of the older adult and child. Clients with chronic health problems in both these populations are addressed. Content is organized around the concepts of wellness, chronicity and acuity. The nursing process is used to assist these clients to grow and or adapt through supportive, therapeutic, palliative, and preventive measures. Pre / Co requisites: NSG 312 requires prerequisites of NSG 212 and NSL 212 and a corequisite of NSL 312. Nursing majors only.

NSG 313. Applied Nursing Research. 3 Credits.
This course is designed to provide students with a thorough understanding of the mechanism by which evidence is developed including the research process, clinical judgment, interprofessional perspectives and patient preference as applied to practice. This course is also a foundation for more complex research applications at the graduate level. Opportunities include development of a literature review, critique of a qualitative and quantitative nursing research study and participating in the conduct of nursing research with a faculty member. Pre / Co requisites: NSG 313 requires prerequisites of NSG 212, NSL 212, and MAT 121. Distance education offering may be available. Typically offered in Fall & Spring.

NSG 316. Coping With Cancer. 3 Credits.
The emphasis of this course is on coping with clients who have cancer. Various physiological and psychosocial effects this disease has on clients and their families will be examined. The course will allow students to explore their own feelings related to cancer and assist them in their contacts with cancer clients. Topics that will be discussed include dealing with loss, pain, pain management, hospice care, and communication with the cancer client. This course is open to all students.

NSG 317. Women's Sex and Sexuality. 3 Credits.
Women, Sex and Sexuality is a writing intensive course examining women's experience with sex and sexuality from a biopsychosocial perspective. The approach is inclusive of multiple foci including age, race, ethnicity, sexual orientation, (dis)ability and other aspects of human difference. Special attention is paid to women's sexuality within the context of gender analysis. Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

NSG 318. Selected Topics in Nursing. 1-3 Credits.
An in-depth study of selected, current topics relevant to nursing and health care. This course will emphasize the critical analysis of current topics on health care. Each student will develop a commitment to reading and critiquing nursing literature in professional journals as part of the teaching-learning process. Repeatable for Credit.

NSG 320. Care of the Inner Self. 3 Credits.
This course focuses on care of the inner self or spirit. The purpose of the course is to prepare one to understand the inner self and to know how to utilize the power within the self to maintain wellness and prevent illness.

NSG 323. Suggestive Therapeutics for the Healthcare Professional. 3 Credits.
This course will provide a practical framework for the healthcare professional to structure suggestions and pattern communication with patients. The most recent innovations and research in the field will be presented and a variety of approaches will be synthesized into a comprehensive approach to the practice of suggestive therapeutics.
NSG 408. Clinical Immersion. 3 Credits.
This course provides student immersion into the profession of nursing. It provides clinically based learning opportunities to deepen the integration of West Chester University’s Department of Nursing program objectives.
Pre / Co requisites: NSG 408 requires prerequisites of (NSG 311 and NSL 311), (NSG 312 and NSL 312), and either (NSG 411 and NSL 411) or (NSG 412 and NSL 412) with at least a B in all of these courses.

NSG 410. Independent Study. 3 Credits.
The student produces an independent, research-oriented project under close faculty advisement on a nursing topic of special interest to the student. Participation in a selected field experience is optional.
Pre / Co requisites: Nursing Majors - Undergraduate.
Consent: Permission of the Department required to add.
Repeatable for Credit.

NSG 411. Care of Individual in Acute Care & Behavioral Health Setting. 5 Credits.
The emphasis of this course is on the care of persons with acute medical surgical and acute behavioral health crises. Concepts of holistic care are highlighted throughout classroom and clinical experiences. The content will focus on the use of the nursing process to assist clients in crisis. The framework for the care to be given will reflect concepts including application of research, theory, ethical, legal and educational principles to assist clients in crisis.
Pre / Co requisites: NSG 411 PREREQ: NSG 311, NSL 311 and NSG 312 and COREQ: NSL 411. Nursing majors only.

NSG 412. Care of Communities & Individuals in Acute Care from a System’s Perspective. 5 Credits.
Must be taken during senior year, spring semester. NSG 412 is a continuation of NSG 411 with the emphasis on the subconcepts of decision making and advocacy. The nursing process is utilized interdependently in approaching multihealth care problems of clients. Special attention is given to inquiry as the student correlates nursing theories and concepts with identifiable research problems in varied environments. Opportunity is provided in this semester to develop organization and management skills.
Pre / Co requisites: NSG 412 requires PREREQ NSG 311, NSL 311, NSG 312, NSL 312 and COREQ: NSL 412. Nursing majors only.
Gen Ed Attribute: Writing Emphasis.
Distance education offering may be available.

NSG 414. Breastfeeding and Human Lactation. 3 Credits.
For students seeking in-depth knowledge about breast-feeding and human lactation. Emphasis is on understanding the physiology of human lactation and the health impact on infants and their mothers. The normal process of breast-feeding will be addressed with exploration of the barriers to breast-feeding as well as the supports available for breast-feeding.

NSG 420. Physical Health Assessment. 3 Credits.
The course combines comprehensive theoretical laboratory experience to enable the nursing student to perform a complete holistic health assessment physical examination of the adult, adolescent, pediatric client. Opportunity is provided to enhance the participant’s ability to collect relevant data via use of appropriate interviewing methods, developmental physical assessment techniques. Emphasis is placed on effective communication techniques essential assessment skills.
Typically offered in Fall & Spring.

NSG 480. Advanced Clinical Simulation in Nursing. 3 Credits.
In this class students will role play a variety of roles during advanced patient care scenarios using SIM- MAN technology. During scenarios students will assess patient condition, critically think through patient care problems, implement nursing interventions, and evaluate patient outcomes in crisis situations. Students will evaluate performance of self and peers during debriefing sessions for continued improvement in problem solving complex patient care situations and evaluate outcomes.

NSL

NSL 212. Health Assessment. 3 Credits.
This course provides the nursing student with skills in physical and psychosocial assessment of adult clients. The course also assists in the development and demonstration of selected skills in vital sign measurement, infection control, basic hygiene and comfort measures and body mechanics.
Pre / Co requisites: NSL 212 requires prerequisites of BIO 100, BIO 259, BIO 269, CHE 107 and CRL 107, and corequisite of NSL 212. Must have composite GPA of 2.75 in these prerequisite courses.
Gen Ed Attribute: Writing Emphasis.

NSL 311. Laboratory. 5 Credits.
Clinical experiences are provided in agencies where relatively well populations have been identified, such as schools, day care centers, senior citizen’s programs and childbirth settings. Pre / Co requisites: NSL 311 requires prerequisites of BIO 204 and BIO 259 and HEA 303 and NSG 212 and PSY 210 or HEA 206 and co-requisite of NSG 311.
Gen Ed Attribute: Writing Emphasis.
Distance education offering may be available.

NSL 312. Laboratory. 5 Credits.
Clinical experience is provided in rehabilitation centers, nursing homes, and acute care settings. These environments provide flexibility for students to implement changes for clients and acquire skills which will be utilized in other nursing courses. Pre / Co requisites: NSL 312 requires prerequisites: BIO 100, BIO 204, BIO 259, BIO 269, NSG 212, NSL 212, NTD 303, PSY 100, SOC 200; (CHE 103/CRL 103) and (CHE 104/CRL 104) OR (CHE 107/ CRL 107); HEA 206 or PSY 210; one of these: WRT 200, WRT 204, WRT 205, WRT 206, WRT 208, WRT 220.
Gen Ed Attribute: Writing Emphasis.

NSL 411. Laboratory. 5 Credits.
Clinical experiences are provided in acute care psychiatric in-patient and in medical surgical settings. Pre / Co requisites: NSL 411 requires prerequisites NSG 311, NSL 311, NSG 312 and NSL 312 and co-requisite of NSG 411.

NSL 412. Laboratory. 5 Credits.
The clinical experience is provided in acute care medical surgical settings and in Community/ Public Health settings. The student will have the opportunity to use leadership and systems level skills and to develop interdependency in their nursing practice. Pre / Co requisites: NSL 412 requires prerequisites of NSG 311, NSL 311, NSG 312 and NSL 312 and co-requisite of NSG 412.
Distance education offering may be available.

Advance-2-BSN (Accelerated Second-Degree Nursing Program)

The Advance-2-BSN program is for the student with a previously earned baccalaureate degree who wants to earn a Bachelor of Science in Nursing (BSN). Upon successful completion of the program graduates are then eligible to take the NCLEX-RN exam (National Council on Licensure Examination for the RN) for licensure as a Registered Nurse. This intensive 18-month program builds upon the student’s previous education. It follows the same curriculum as the traditional BSN program but at an accelerated pace.

### Sample Course Plan

To track their individual degree progress, students are advised to access their Degree Progress Report (DPR) via myWCU regularly. For more information, visit wcupa.edu/DegreeProgressReport.

The following is a suggested course sequence for this program; course offerings and availability are not guaranteed. Students should consult their academic advisor with any questions.

### Nursing Electives

Students must take enough nursing electives to reach the 120 credits required for graduation.

### Total Minimum Credits Required

1. To continue progression in the program, a minimum grade of C or better in all nursing core courses is required.
2. To enroll in NSG 212 and NSL 212, students will be required to have a minimum cumulative GPA of 2.75 in the following courses: BIO 100, BIO 259, BIO 269, and CHE 107/CRL 107.

### Department of Nutrition

**Bachelor of Science in Nutrition and Dietetics**

The Bachelor of Science in Nutrition and Dietetics prepares students for careers in dietetics, which include community nutrition, food service management, and clinical nutrition. The program is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND). Students who complete the program meet the didactic requirements of ACEND but must complete an ACEND-accredited supervised practice following graduation to be eligible to take the registration examination for dietitians. Those who complete the registered dietitian (R.D.) examination successfully are recognized as

1. CHE 107/CRL 107 cannot happen in freshman fall due to HON 100. Options are CHE 103/CRL 103 in fall and CHE 104/CRL 104 in spring or CHE 107/CRL 107 in the spring.
2. NOTE: this would normally be spring of the sophomore year but moving this lab class to the spring freshman term avoids later NSG field requirements.
3. Can be taken any time beyond freshman year.
4. Can be taken at any time.
5. Can be taken either fall or spring.

Courses

NTD

NTD 199. Transfer Credit Electives. 1-15 Credits.
Transfer Electives.
Typically offered in Fall, Spring & Summer.
Repeatable for Credit.

NTD 200. Nutrition and Culture. 3 Credits.
Students will increase awareness of the connection between health outcomes, diet and nutrition, and socio-cultural influences. Course studies will lay a foundation for understanding why people eat the foods that they do. A bio-cultural framework is applied to examine how individual dietary habits, choices, and nutritional health outcomes are influenced by social structure, historic patterns and events, and cultural beliefs and ideology. Students explore food ways, food scripts, health beliefs and practices, demographic characteristics, and population health across diverse communities within the United States. The course also employs a critical analysis of macro-structural inequalities, societal stresses, and cultural norms that alter access and availability to healthy foods and disparately undermine the nutritional health of some populations.
Gen Ed Attribute: Diversity Requirement.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

NTD 203. The Dietetic Profession. 1 Credit.
This is an introductory course for nutrition and dietetics majors to orient them to the profession of dietetics and the nutrition and dietetics curriculum. Topics such as West Chester University academic policies, the dietetics curriculum, careers in dietetics, post-secondary options, professional ethics, designing a professional portfolio, career mentoring, and volunteer and paid experiences relevant to the profession will be covered.
Typically offered in Fall & Spring.

NTD 205. Principles of food Selection and Preparation. 3 Credits.
A nutritionally based study of the basic principles of food selection and preparation with an emphasis on food safety. Course includes a comparative study and integration of convenience food and traditionally prepared food, enhanced by an experiential lab component.
Typically offered in Fall, Spring & Summer.

NTD 300. Nutrition Pedagogy. 3 Credits.
This course provides the knowledge and skills necessary to develop and teach K-12 nutrition education lessons and curricula.
Typically offered in Spring.

NTD 301. Consumer Nutrition. 3 Credits.
Consumer approach to the roles foods and nutrition play in improving the quality of our lives, socially, physically, mentally, and emotionally.
Typically offered in Fall, Spring & Summer.

NTD 303. Introductory Principles Human Nutrition. 3 Credits.
This course introduces students to the biochemical, physiological, and microbiological basics of human nutrition. Topics include dietary guidelines; digestion, absorption, metabolism, and use of carbohydrates, lipids, and proteins; food sources and functions of vitamins and minerals; and the relationship between nutrition and health.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.
**NTD 304. Global Nutrition. 3 Credits.**
This course is designed to examine the nature and scope of major nutritional issues and problems throughout the world, with an emphasis on developing countries. It includes consideration of specific nutrient deficiencies, as well as nutrition-related aspects of infectious and chronic disease. The role of food availability, food supply distribution and world food production in relation to nutrition and health will be discussed in the context of socioeconomic development and current economic policies and realities.
Typically offered in Fall & Spring.

**NTD 305. Vegetarian Nutrition. 3 Credits.**
This course will apply basic human nutrition principles to plant-based dietary approaches, addressing both the health-promoting aspects of vegetarianism and concerns about nutritional adequacy at all stages of the life cycle. A variety of vegetarian food preparation methods will be demonstrated and students will participate in meal planning as well as taste testing recipes.
Pre / Co requisites: NTD 305 requires prerequisite of NTD 303.
Typically offered in Spring.

**NTD 309. Nutrition Throughout the Lifecycle. 3 Credits.**
A study of nutritional needs and dietary concerns of people from conception to old age.
Pre / Co requisites: NTD 309 requires prerequisite of NTD 303.
Typically offered in Fall & Spring.

**NTD 310. Nutrition Research. 3 Credits.**
This course focuses on the process of research and statistical analysis and interpretation as it relates to nutrition and dietetics. Topics such as the foundation and ethics of research, research questions and hypotheses, research designs, statistical analysis and interpretation, evidence analysis, systematic reviews, and evidence based practice will be addressed. Practical projects will be assigned, such as article analysis, a small research project, and data analysis using SPSS.
Competence in reading, understanding, and analyzing research articles is the main goal of the course.
Pre / Co requisites: NTD 310 requires prerequisite of MAT 121 with a grade of C or better; and NTD 303 with a C or better.
Typically offered in Fall & Spring.

**NTD 311. Current Topics in Dietetics. 2 Credits.**
This course addresses timely and current topics in dietetics in an evidence-based way. Different topics are covered as they have current relevancy.
Pre / Co requisites: NTD 311 requires prerequisite of NTD 309.
Repeatable for Credit.

**NTD 315. Food - Mind - Spirit. 3 Credits.**
A study of the role of food and nutritional status in mental health, mood and memory, and overall well-being throughout the life cycle. Additional topics include nutrients and neurotransmission, appetite regulation and disordered eating, the gut-brain axis, and herbal supplements. Mindful eating, traditional food belief systems, and dietary practices of major religions are also reviewed.
Pre / Co requisites: NTD 315 requires prerequisite of PSY100 and NTD 303.
Typically offered in Fall & Spring.

**NTD 320. Strategies in Dietetics Education. 3 Credits.**
Practical study of theories of teaching and learning, health behavior change, program planning, and educational strategies as they relate to the field of dietetics. Presentation preparation and delivery will also be covered.
Pre / Co requisites: NTD 320 requires prerequisite of NTD 309.
Distance education offering may be available.
Typically offered in Fall & Spring.

**NTD 400. Clinical Nutrition Assessment. 3 Credits.**
The goal of this class is for the student to understand the profession and practice of nutrition and dietetics, nutrition and physical assessment and the nutrition care process. Classroom and simulated experiences in clinical issues, nutritional assessment, planning, implementing nutritional care, and documenting in medical records will be completed. Students will also be introduced to medical terminology and abbreviations. Nutritional assessment methods will be applied to evaluating nutritional status in the individual.
Pre / Co requisites: NTD 400 requires prerequisites of NTD 309, BIO 269, and CHE 310.
Typically offered in Fall & Spring.

**NTD 408. Food Science. 3 Credits.**
A study of the chemical, physical, and biological characteristics of food and the effects of processing, storage, and preservation on the structure, composition, palatability, and nutritive value of food. Sensory evaluation techniques and application of the scientific method are integral to this course.
Pre / Co requisites: NTD 408 requires prerequisites of C or better in CHE 310 and NTD 205 and NTD 303.
Typically offered in Spring.

**NTD 409. Professional Skills in Dietetics. 3 Credits.**
A focus on the development of nutrition counseling and communication/media technology skills. An appreciation of multiculturalism will be promoted. A familiarization with dietetics-related professional organizations, graduate school opportunities, and dietetic internships will be provided. Assistance with the dietetic internship and graduate school application process will be given.
Pre / Co requisites: NTD 409 requires prerequisite NTD 309.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall.

**NTD 410. Quantity Food Production. 3 Credits.**
A basic course in quantity food production. Emphasis is placed on the essentials of operating a foodservice facility - menu planning, purchasing, storage, issuing, food production, service, distribution, quality control, and food safety.
Pre / Co requisites: NTD 410 requires prerequisite of NTD 205.
Distance education offering may be available.
Typically offered in Fall.

**NTD 411. Advanced Human Nutrition I. 3 Credits.**
In-depth examination of the digestion, transport, and metabolism of carbohydrates, lipids, and proteins. Special emphasis is placed on metabolic interrelationships and hormonal control of the three processes mentioned above.
Pre / Co requisites: NTD 411 requires prerequisites of a C or better in BIO 100, BIO 259 and BIO 269; and a C or better in CHE 230, CHE 310, and NTD 309.
Typically offered in Fall & Spring.

**NTD 412. Advanced Human Nutrition II. 3 Credits.**
In-depth examination of the digestion, transport, and metabolism of vitamins, minerals, and water. Special emphasis is placed on digestive and metabolic interrelationships and hormonal control.
Pre / Co requisites: NTD 412 requires a prerequisite or co-require of NTD 411.
Distance education offering may be available.
Typically offered in Fall & Spring.

**NTD 413. Medical Nutrition Therapy I. 3 Credits.**
The goal of NTD 413, Medical Nutrition Therapy I, is for the student to understand the nutrition care process as it applies to disease management, develop a variety of disease specific case studies, and the process for determining the appropriate disease or health condition specific nutrition intervention. Students are expected to integrate nutritional assessment information, drug-nutrient interaction data, disease pathophysiology, and Medical Nutrition Therapy principles to design nutrition care plans and applying disease specific medical terminology and abbreviations.
Pre / Co requisites: NTD 413 requires prerequisites of NTD 400 and NTD 412.
Typically offered in Fall.

**NTD 414. Medical Nutrition Therapy II. 3 Credits.**
The goal of NTD 414 Medical Nutrition Therapy II, is for the student to apply the nutrition care process and MNT principles to critical and acute disease management including fluid-electrolyte/acid-base balance, nutrition support, nutritional therapy in critical care, oncology, pulmonary diseases and muscular skeletal, immunological diseases. The student will develop a variety of disease specific case studies and nutrition interventions. Students are expected to integrate nutritional assessment information; drug-nutrient interaction data, disease pathophysiology, and Medical Nutrition Therapy principles to design nutrition care plan and apply medical terminology and abbreviations.
Pre / Co requisites: NTD 414 requires a prerequisite of NTD 413.
Typically offered in Spring.
NDT 415. Community Nutrition. 3 Credits.
A study of the community nutrition programs and services at all levels of development. Course covers nutrition program planning, implementation, and evaluation; socioeconomic and cultural context of programs and services; an examination of the political and legislative process as it relates to nutrition legislation; and the role of the community nutritionist.
Pre / Co requisites: NTD 415 requires prerequisite of NTD 320.
Typically offered in Fall & Spring.

NDT 416. Food Service and Nutrition Systems Management I. 3 Credits.
A study of the organization and administration of foodservice systems and the functions and responsibilities specific to management: decision making, planning, organizing, and staffing. Management of human resources, food, materials, capital, facilities, and markets as related to various hospitality management systems will be examined.
Pre / Co requisites: NTD 416 requires prerequisite of NTD 410.
Distance education offering may be available.
Typically offered in Fall.

NDT 417. Food Service and Nutrition Systems Management II. 3 Credits.
A study of the organization and administration of foodservice and nutrition systems as well as the functions and responsibilities specific to management; leading, controlling operations, budgeting, and marketing. Management of human resources, food, materials, capital, facilities, and markets as related to various hospitality systems will be examined.
Pre / Co requisites: NTD 417 requires a prerequisite of NTD 410.
Distance education offering may be available.
Typically offered in Spring.

NDT 420. Perspectives on Obesity. 3 Credits.
This course explores the prevalence, origins, assessment, treatments, policy issues, and preventive strategies relative to obesity. The issue disordered eating is introduced, with special emphasis on Binge Eating Disorder.
Pre / Co requisites: NTD 420 requires a prerequisite of NTD 303.
Typically offered in Fall, Spring & Summer.

NDT 422. Nutrition for Health, Fitness & Sport. 3 Credits.
Study of nutrition and its effects on health, development, and performance; sound nutrition guidelines for optimal health and physical performance; energy and energy pathways as keys to physical activity; nutrients relative to health and physical performance; dining away from home; substances proposed to enhance performance; body composition and weight control.
Pre / Co requisites: NTD 422 requires prerequisite of NTD 303.
Typically offered in Fall, Spring & Summer.

NDT 435. Nutrition Workshops. 3 Credits.
Special workshops on contemporary nutrition and food service related problems and issues. Topics announced at times of offering.
Typically offered in Fall, Spring & Summer. Repeatable for Credit.

NDT 455. Nutrition Assessment, Education and Service in Honduras. 3 Credits.
This course offers an interprofessional-service-learning approach to clinical screenings and assessments, client/community education, and health related service in communities in underdeveloped or developing countries. Students gain exposure to the cultures of communities in underdeveloped or developing countries, thus enhancing the students’ cultural competence.
Pre / Co requisites: NTD 455 requires a prerequisite of NTD 303.
Consent: Permission of the Department required to add.
Typically offered in Fall & Spring.

Typically offered in Fall & Spring.

Gen Ed Attribute: Interdisciplinary Requirement.

The issue of justice as a factor in conflict receives special attention. To find ways of avoiding destructive conflict, whether through negotiation or other means, the student is encouraged to develop skills for both study and action.

PAX 200. Introduction to Peace and Conflict Studies. 3 Credits.

This course is intended to help students develop the competencies needed for the understanding of, and meaningful participation in, the world issues of the 1990s.

Pre / Co requisites: PAX 370 requires prerequisite: PAX 200.

Typically offered in Fall.

PAX 370. Israel, Palestine, Power and Peace. 3 Credits.

Hands-on learning about conflict strategy, negotiation, and non-violent resistance, in the context of in-depth study of the history, dynamics and prospects for the Israeli-Palestinian conflict. In an intensive workshop format, students conduct negotiations with each other, and strategize alternatives to negotiation, such as settlement-building, protests, blockade-running and war. Course includes significant readings, exercises using blogs and Twitter, a final paper-style resolution proposal. Includes a field trip to Washington, D.C. for briefings by experts on the contemporary course of the conflict.

Typically offered in Spring.

PAX 400. Peace & Conflict Studies Seminar. 3 Credits.

This course is a capstone experience for Peace and Conflict Studies students to solidify and integrate their study of social justice, activism, international relations and negotiation and conflict theory with real world experience. Students will examine and review the various theoretical insights of the discipline, get hands on experience with conflict resolution in the real world, and integrate the insights gleaned from both practical and classroom learning into an overarching model of conflict management to be developed over the course of the semester.

Typically offered in Spring.

Policies

• See undergraduate admissions information. (p. 11)

• See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

Courses

PAX 200. Introduction to Peace and Conflict Studies. 3 Credits.

An interdisciplinary inquiry into the nature and causes of social conflict. The aim throughout is to find ways of avoiding destructive conflict, whether through negotiation or other means. The issue of justice as a factor in conflict receives special attention.

Gen Ed Attribute: Interdisciplinary Requirement.

Typically offered in Fall & Spring.
Students are expected to attend six peace-and-conflict-related campus events. Those events that qualify will be announced on the peace and conflict studies website and tracked by the program coordinator.

**PHARMACEUTICAL PRODUCT DEVELOPMENT PROGRAM**

Pharmaceutical Product Development Program (http://www.wcupa.edu/pharm)
e-mail: ppd@wcupa.edu
Stephen J. Zimmiski (szimmiski@wcupa.edu), Director

The Bachelor of Science in Pharmaceutical Product Development prepares students for careers in the pharmaceutical industry. The curriculum was developed through extensive dialog with representatives of the pharmaceutical and biotechnology industries and was designed to meet the unique needs of students seeking careers in this dynamic area. The curriculum for the degree is interdisciplinary in nature; students acquire a solid foundation in the physical and pharmaceutical sciences, as well as experience in technical writing, oral communication, statistics, economics, and biomedical ethics. All of the drug design courses for the PPD major are taught by individuals employed at pharmaceutical companies, so that students can gain up-to-date knowledge about the industry. This innovative curriculum is coupled with up to two summers of paid internships following the sophomore and junior years. These internships are designed to provide experiences in key aspects of the pharmaceutical industry. This experience will be designed to complement the experience gained from PPD 484.

A second summer paid internship experience with a pharmaceutical or biotechnology company. These internships are designed to provide experiences in key aspects of the pharmaceutical industry. This experience will be designed to complement the experience gained from PPD 484.

**PPD**

**PPD 481. Drug Design I. 3 Credits.**

The first course in a three-semester sequence provides an overview of the pharmaceutical industry and the drug development process, followed by an in-depth study of the clinical trials portion of the process. Statistical design used in trials for demonstrating drug safety and efficacy are discussed. The role of IBIs, informed consent, and other medical legal issues are explored.

Pre / Co requisites: PPD 481 requires CO REQ STA 311 or permission of instructor. Typically offered in Spring.

**PPD 482. Drug Design II. 3 Credits.**

A course emphasizing pharmacokinetic and toxicokinetic aspects of drugs. Sites and mechanisms of drug reaction and drug metabolism are discussed. Drug toxicology is also explored in depth. Laboratory therapeutic drug monitoring as a measure of improving drug efficacy is considered.

Pre / Co requisites: PPD 482 requires prerequisites of PPD 481 and BIO 367. Typically offered in Fall.

**PPD 483. Drug Design III. 3 Credits.**

This course emphasizes the discovery portion of drug development and illustrates the major concepts in medicinal chemistry. The scientific tools used such as high throughput screening, genomics and computational chemistry, are considered. Criteria for making a compound workable as a drug are discussed, and the selection of the administration route is reviewed.

Pre / Co requisites: PPD 483 requires prerequisites of PPD 482, BIO 367, and BIO 467. Typically offered in Spring.

**PPD 484. Pharmaceutical Internship I. 1 Credit.**

A summer, paid internship experience with a pharmaceutical or biotechnology company. These internships are designed to provide experiences in key aspects of the pharmaceutical industry. Students will be supervised jointly by an on-site professional scientist and a member of the Pharmaceutical Product Development Program Committee.

Pre / Co requisites: PPD 484 requires a cumulative GPA of 2.75 or higher and departmental consent.

Consent: Permission of the Department required to add. Typically offered in Summer.

**PPD 485. Pharmaceutical Internship II. 1 Credit.**

A second summer paid internship experience with a pharmaceutical or biotechnology company. These internships are designed to provide experiences in key aspects of the pharmaceutical industry. This experience will be designed to complement the experience gained from PPD 484.

Typically offered in Fall, Spring & Summer. Repeatable for Credit.
PPD 490. Special Topics in Drug Development. 1 Credit.

This special topics course is designed to offer in depth seminars about novel and exciting areas of research in the field of pharmaceutical product development and drug discovery. Invited speakers will be industry experts presenting the most up-to-date information about their areas of expertise.

Pre / Co requisites: PPD 490 requires a prerequisite of PPD 481 and a corequisite of PPD 483.

Typically offered in Fall & Spring.

Repeatable for Credit.

Matthew Pierlott (mpierlott@wcupa.edu), *Chairperson*

The Department of Philosophy offers two concentrations leading to the bachelor of arts degree.

- **The Philosophy concentration** surveys the history of philosophy, explores its major disciplines, and focuses on selected topics of perennial interest. The purpose of the program is to develop the organizational, analytic, and expressive skills required for law school, graduate work in philosophy, and a wide range of careers in government, business, and industry.

- **The Religious Studies concentration** is a valuable preparation for careers in fields where an understanding of religious/cultural background and diversity is crucial, such as education, public relations, international affairs, and business. Undergraduate work in religious studies can also enrich students' personal lives and may be used to prepare students for seminary study at the graduate level.

###Minor Programs

Students may minor in either philosophy or religious studies. A minimum of 18 credits is required. Elective courses are selected in consultation with the student's minor advisor. Either of these minors may be taken as a concentration in the bachelor of arts in liberal studies degree program.

###Programs

**Majors in Philosophy**
- B.A. in Philosophy (p. 412)
  - B.A. in Philosophy to M.A. in Philosophy Accelerated Program (p. 412)

Cooperative Physics/Engineering Programs

The Department of Physics, in cooperation with The Pennsylvania State University (http://www.psu.edu) at University Park, offers degree programs in physics and engineering requiring three years at West Chester University plus two years at The Pennsylvania State University. At the end of this period, the student receives two baccalaureate degrees: a B.S. in Physics from West Chester and a B.S. in Engineering from Penn State.

Transfer students and students who have completed a bachelor's degree are not eligible for this program.

Areas of study in engineering at The Pennsylvania State University at University Park are the following:

- Biological Engineering
- Computer Engineering
- Electrical Engineering
- Energy Engineering
- Engineering Science
- Environmental Systems Engineering
- Materials Science and Engineering
- Mining Engineering
- Nuclear Engineering

A similar, dual degree cooperative physics/engineering program is available through West Chester University's affiliation with the School of Design and Engineering of Philadelphia University (http://www.philau.edu/engineeringandtextiles). This program is available to all freshmen as well as transfer students. Areas of study in engineering at Philadelphia University are the B.S.E. programs in general engineering and mechanical engineering with minor tracks in industrial, architectural, composites, and textile engineering. Contact the Department of Physics for further information on either of these cooperative programs.

Admission to The Pennsylvania State University or to Philadelphia University is contingent on a recommendation from the Department of Physics and the student having maintained the overall average for the specific engineering major. Most areas of engineering require a minimum of 3.0 GPA for admission at the junior level. Some are higher.

Programs

Majors in Physics and Pre-Engineering

- B.S. in Physics (p. 417)
- B.S.Ed. in Physics (p. 420)
- B.S. in Physics/B.S. in Engineering (p. 419)

Minor in Physics and Pre-Engineering

- Physics (p. 421)

Courses

**PHY**

**PHY 100. Elements of Physical Science. 3 Credits.**
A study of motion, energy, light, and some aspects of modern physics.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

**PHY 105. Structure of the Universe. 3 Credits.**
A survey of phenomena and objects in the universe from the very smallest distance scales to the grandest in the cosmos. Includes a historical consideration of the developments of modern theories of the physical world.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

**PHY 115. Engineering Graphics I. 1 Credit.**
Use and preparation of engineering drawings. Topics include the use of instruments, linework, geometric construction, lettering, four types of projections, dimensioning, and sections.
Typically offered in Fall.

**PHY 116. Engineering Graphics II. 1 Credit.**
A continuation of PHY 115, to include topics such as layout, detail, and assembly drawings, developments, auxiliary drawings, various types of drafting, machine tool processes, and computer drafting.
Pre / Co requisites: PHY 116 requires prerequisite of PHY 115.
Typically offered in Spring.

**PHY 123. Food, Fire, and Physics: The Science of Cooking. 3 Credits.**
An exploration of food and cooking from a physical science perspective. Principles of soft matter physics (e.g. phase diagram, intermolecular forces, rheology, diffusion, self-assembly, polymer physics) are discussed and used to gain insight into food and cooking.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Spring.

**PHY 125. Theology and Science: Enemies or Partners. 3 Credits.**
An inquiry into the relationship of theology to the natural sciences. Team taught by both a physicist and a philosopher, the course investigates how ideas of God have been affected by advances in physics and biology.
Typically offered in Spring.

**PHY 130. General Physics I. 4 Credits.**
LEC (3), LAB (2), DIS (1)
An introductory, noncalculus, physics course. Mechanics of solids and fluids, wave motion, heat and temperature, thermodynamics, and kinetic theory.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall, Spring & Summer.

**PHY 140. General Physics II. 4 Credits.**
LEC (3), LAB (2), DIS (1)
An extension of PHY 130. Electricity and magnetism, geometrical and physical optics, and modern physics.
Pre / Co requisites: PHY 140 requires prerequisite of PHY 130.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall, Spring & Summer.

**PHY 170. Physics I. 4 Credits.**
LEC (3), LAB (2), DIS (1)
An introductory laboratory-based course. Includes mechanics, kinetic theory, waves, heat, and thermodynamics. The laboratory emphasizes error analysis, the writing of technical reports, and data analysis using computers.
Pre / Co requisites: PHY 170 requires a prerequisite of MAT 161.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

**DEPARTMENT OF PHYSICS AND PRE-ENGINEERING PROGRAM**

**WEST CHESTER UNIVERSITY**

- See academic policies. ([http://catalog.wcupa.edu/undergraduate/academic-policies-procedures](http://catalog.wcupa.edu/undergraduate/academic-policies-procedures))

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

Transfer students must take a minimum of six credits at West Chester at the 250 level or above. A 2.0 GPA or better must be maintained for all physics courses.

PHY 180. Physics II. 4 Credits.
LEC (3), LAB (2), DIS (1)
A continuation of PHY 170. Includes electricity and magnetism, geometrical and physical optics, electronics, and modern physics.
Pre / Co requisites: PHY 180 requires prerequisite of PHY 170 and co-requisite of MAT 162.
Gen Ed Attribute: Science Distributive Requirement.
Typically offered in Fall & Spring.

PHY 240. Introduction to Modern Physics. 3 Credits.
An atomic view of electricity and radiation, atomic theory, special relativity theory, X-rays, radioactivity, nuclear fission, and introductory quantum mechanics.
Pre / Co requisites: PHY 240 requires prerequisites of PHY 140 or PHY 180 and MAT 162.
Typically offered in Spring & Summer.

PHY 260. Engineering Statics. 3 Credits.
Composition and resolution of forces, equivalent force systems, equilibrium of particles and rigid bodies, centroids and center of gravity, analysis of simple structures, internal forces in beams, friction, moments and products in inertia, and methods of virtual work.
Pre / Co requisites: PHY 260 requires prerequisites of PHY 130 or PHY 170 and MAT 162.
Typically offered in Spring.

PHY 300. Mechanics. 3 Credits.
Particle kinematics, dynamics, energy, and momentum considerations; oscillations; central force motion; accelerated reference frames; rigid body mechanics; Lagrangian mechanics.
Pre / Co requisites: PHY 300 requires prerequisites of PHY 140 or PHY 180 and MAT 162.
Typically offered in Fall.

PHY 310. Intermediate Physics Lab I. 3 Credits.
LEC (1), LAB (2)
A lecture and laboratory course designed to familiarize students with modern physics laboratory equipment and practices through a series of experiments. Students write three research papers and give one research talk describing the experiments and their results in a style consistent with scientific conventions.
Pre / Co requisites: PHY 310 requires prerequisite of PHY 240.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

PHY 320. Intermediate Physics Lab II. 3 Credits.
LEC (1), LAB (2)
This course is a continuation of PHY 310, a lecture and laboratory course designed to familiarize students with modern physics laboratory equipment and practices through a series of experiments. Students write three research papers and give one research talk describing the experiments and their results in a style consistent with scientific conventions.
Pre / Co requisites: PHY 320 requires prerequisite of PHY 310.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall & Spring.

PHY 330. Electronics I. 3 Credits.
Emphasis is divided between theory and experiment. The course begins with a brief review of resistive and RC voltage dividers. Electronic circuits studied include basic operational amplifiers, timers, instrumentation amplifiers, logic circuits, flip flops, counters, and timers.
Pre / Co requisites: PHY 330 requires prerequisites of MAT 161 and PHY 140 or PHY 180.
Typically offered in Fall.

PHY 350. Heat and Thermodynamics. 3 Credits.
Equations of state, first and second laws of thermodynamics, ideal and real gases, entropy, and statistical mechanics.
Pre / Co requisites: PHY 350 requires prerequisite of PHY 240 or co-requisite of MAT 262.
Typically offered in Fall.

PHY 370. Mathematical Physics. 3 Credits.
Selected topics in mathematics applied to problems in physics, ordinary differential equations, vector calculus, Fourier analysis, matrix algebra, and eigenvalue problems.
Pre / Co requisites: PHY 370 requires prerequisites of MAT 261 and PHY 140 or PHY 180.
Typically offered in Fall & Spring.

PHY 390. Fundamentals of Astrophysics. 3 Credits.
An advanced physics course that deals with a broad range of topics in modern astrophysics. Topics include, but are not limited to, astronomical measurements, celestial mechanics, radiative transfer theory, stellar structure, and both Newtonian and relativistic cosmology.
Pre / Co requisites: PHY 390 requires prerequisites of PHY 240.
Typically offered in Spring.

PHY 400. Analytical Dynamics. 3 Credits.
Wave propagation, Lagrange’s equations and Hamilton’s principle, rigid body motion, and special relativity.
Pre / Co requisites: PHY 400 requires prerequisites of PHY 300 and MAT 343.
Typically offered in Spring.

PHY 410. Optics. 3 Credits.
Geometrical and physical optics. Reflection and refraction at surfaces, lenses, interference and diffraction, and polarization.
Pre / Co requisites: PHY 410 requires prerequisites of PHY 140 or PHY 180 and co-requisite of MAT 262.
Typically offered in Fall.

PHY 420. Quantum Mechanics I. 3 Credits.
This course is an introductory quantum mechanics course. The following fundamental topics will be covered: the Schrödinger equation, solutions to systems with stationary states (potential step, potential well, potential barrier, and harmonic oscillator), an abstract view of quantum mechanics (Dirac notation, Operator methods), the hydrogen atom, Angular momentum, and Spin.
Pre / Co requisites: PHY 420 requires prerequisites of PHY 240 and PHY 300 or MAT 343 or PHY 370.
Typically offered in Spring.

PHY 425. Quantum Mechanics II. 3 Credits.
This course is the second-semester quantum mechanics course. The following fundamental topics will be covered: Time-independent Perturbation Theory, the Variational Principle, the WKB approximation, time-dependent Perturbation Theory, and advanced topics.
Pre / Co requisites: PHY 425 requires prerequisite of PHY 420.
Typically offered in Spring.

PHY 430. Electricity and Magnetism I. 3 Credits.
Electrostatics of point charges and extended charge distributions, fields in dielectrics, and magnetic fields due to steady currents. Ampère’s Law and induced emfs. Topics in electromagnetic waves as time permits.
Pre / Co requisites: PHY 430 requires prerequisites of PHY 300 and MAT 343 or PHY 370.
Typically offered in Fall.

PHY 440. Microcomputer Electronics. 3 Credits.
Laboratory study of special circuits, integrated circuits, microcomputers, and microcomputer interface applications.
Pre / Co requisites: PHY 440 requires prerequisites of PHY 330 and MAT 343 or PHY 370.
Typically offered in Spring.

PHY 450. Advanced Physics Lab I. 1 Credit.
A course to familiarize students with contemporary laboratory equipment and methods.
Typically offered in Fall.

PHY 460. Advanced Physics Lab II. 1 Credit.
A continuation of PHY 450.
Typically offered in Spring.

PHY 470. Seminar in Physics. 1 Credit.
Oral and written reports on approved topics. Variation in topics from year to year, depending on the interest and needs of students.
Typically offered in Spring.
Repeatable for Credit.

PHY 480. Special Topics in Physics. 1-3 Credits.
Topics of special interest to be presented once or twice. Enrollment requirements to be specified by the instructor. Course may be repeated by student for credit any number of times when different topics are presented.
Typically offered in Spring.
Repeatable for Credit.

PHY 490. Introduction to Research. 1-9 Credits.
Specific problems in consultation with the faculty adviser.
Typically offered in Fall.
Repeatable for Credit.

1. Course fulfills the University’s General Education requirement. For a list of approved courses, consult the Undergraduate Catalog.
2. SCB 210 recommended, but not required.
3. "I" Course recommended, but not required.
Course fulfills the University’s General Education requirement. For a list of approved courses, consult the Undergraduate Catalog.

This course is strongly recommended, but not required.

The nine credits of Physics electives must be selected from among the following options: PHY 330, PHY 350, PHY 370, PHY 410, PHY 420, and PHY 430. Speak with your advisor about the appropriate elective for your engineering discipline.

SCB 210 recommended, but not required.

The 3-2 Elective Courses should be selected to satisfy course requirements at the engineering institution. Recommended courses for each institution are:

- **Pennsylvania State University**: ENG 371, an Art Course, a Health Course, or a course that fulfills the requirement of a particular major.
- **Philadelphia University**: a History course, an Art course, a Language or Geography course, a Literature course, or a Philosophy course. You should consult with your advisor about specific courses.

1. Majors shall not be permitted more than one repeat of a Physics course.
2. Upper-level courses (numbered 300 or above) must be completed with a grade of C or higher.
3. MAT 161, MAT 162, PHY 170, and CHE 103/CRL 103 must be completed with a grade of C or higher.

Transfer to The Pennsylvania State University or to a Philadelphia University is contingent upon recommendation by the Department and having a minimum GPA of 3.0.

**Note:** The program with Penn State is not available to transfer students and must be completed in three years. These restrictions do not apply to the program with Philadelphia University. In addition, Penn State is currently not accepting 2-3 students into Aerospace Engineering, Architectural Engineering, Bioengineering, Chemical Engineering, Civil Engineering, Computer Engineering, Industrial Engineering, Mechanical Engineering, Nuclear Engineering, Petroleum and Natural Gas Engineering.

Philadelphia University offers Bachelor of Science in Engineering degrees in Mechanical Engineering and Engineering, which have concentrations in Architectural Engineering, Industrial and Systems Engineering, Composites Engineering and Textile Engineering.

Students intending to enroll in Electrical Engineering should take PHY 330 and PHY 430.
MINOR IN PHYSICS

Students must maintain a GPA of 2.0 or greater in their physics courses. Transfer students must take nine or more physics credits at West Chester at the 250 level and above for graduation. See the Educator Preparation Programs (p. 260) section of this catalog for an explanation of related requirements.

Learning Goals and Outcomes

The Department of Political Science strives to provide students with the following:

1. Knowledge: Students will demonstrate knowledge of the discipline of political science and its subfields in terms of content, purpose, and methods and will be able to transfer and apply this knowledge in applied settings inside and outside the classroom.
2. Information literacy: Students will develop the knowledge and skills necessary to identify the information needed for a task, critically evaluate the sources and content of information, and use that information efficiently and effectively within appropriate ethical and legal limits.
3. Critical and analytical thinking: Students will develop and master critical thinking and analytical reasoning skills. This includes the ability to apply major methodological tools in political science to effectively describe, explain, and predict political phenomena.
4. Oral and written communication skills: Majors will demonstrate the necessary oral and written skills to convey their knowledge about political science to others.
5. Global perspectives: Students will develop the ability to view politics from diverse global perspectives and will understand the interconnectedness of political processes, cultures, and institutions.

Rules Applying to All B.A. Students in Political Science

1. Students must complete the last 15 hours of their political science program at West Chester University, including PSC 401. Exceptions may only be granted by the chair of the department for compelling personal reasons. (Examples: A student's family has moved a great distance, and he or she needs to complete only one or two courses; the student and/or the student's spouse has been relocated to another state by his/her employer.)
2. Students must have a C average or better in all political science courses, and no more than two grades below C in political science courses. A grade of C- is considered a grade below C.
3. Internal transfers must have an overall cumulative average of 2.0 to enter any political science programs.

Additional Requirements for Student Teaching and Certification

To apply for formal admission to the Department of Educational Foundations and Policy Studies (p. 257) and to register for the last three semesters of education methods and student teaching courses, students must
1. complete at least 48 credits, including the academic foundation requirements of writing, literature, and two math courses;
2. attain an overall GPA of 2.80 or better;
3. successfully pass the reading, math, and writing sections on the Pre-Service Academic Performance Assessments (PAPA).
To receive the social studies teaching certificate, students must
1. complete all of the required education courses listed above with a "C" or better;
2. complete the required courses for the political science major;
3. attain an overall GPA of 3.0 or better;
4. successfully pass the Praxis II social studies major content exam.
See the Educator Preparation Programs (p. 260) section of this catalog for an explanation of related requirements.

PSC

PSC 100. U.S. Government and Politics. 3 Credits.
Devoted to understanding how the system works: political action, elections, interest groups, civil liberties, Congress, the presidency, and the courts are among the topics considered. Seeks to provide a framework in terms of which process and current issues become meaningful. Gen Ed Attribute: Behavioral and Social Science Distributive. Typically offered in Fall, Spring & Summer.

PSC 101. Politics of Diversity in the U.S.. 3 Credits.
Uses the issues of our time as vehicles to an understanding of the political process. Emphasis is on American politics but in a world-wide perspective. Topics considered may include economic, race, gender, and civil liberty issues among others. Gen Ed Attribute: Behavioral and Social Science Distributive, Diversity Requirement. Distance education offering may be available. Typically offered in Fall, Spring & Summer.

PSC 200. Political Analysis. 3 Credits.
Incorporates techniques for analyzing political questions logically and systematically, and introduces basic research design and methodological and library usage skills appropriate to the political science discipline. Pre / Co requisites: PSC 200 requires prerequisite of PSC 100. Gen Ed Attribute: Writing Emphasis. Typically offered in Fall, Spring & Summer.

PSC 202. Elements of Public Administration. 3 Credits.
Considers public administration in the United States as a process of implementing public policy. Uses case studies and projects with texts focusing on organizational theory, human behavior and motivation, budgeting, personnel, and administrative responsibility. Typically offered in Fall & Spring.

PSC 213. International Relations. 3 Credits.
Politics among nations, including politics carried on through international organizations. Examines power politics, techniques of diplomacy, and methods of current international organizations. Special attention to U.S. interests and policies. Offered each semester. Gen Ed Attribute: Behavioral and Social Science Distributive.

PSC 230. Introduction to Political Thought. 3 Credits.
Examination of key ideas that animated the great thinkers of Western thought. Special emphasis will be placed both on specific historical context and possibility of continuing relevance of considered ideas. Class will conclude with in-depth “case study” of contemporary dilemma that forces student to examine to what extent past ideas can aid our understanding of our present political landscape. Gen Ed Attribute: Writing Emphasis. Distance education offering may be available. Typically offered in Fall, Spring & Summer.

PSC 240. Introduction to Comparative Politics. 3 Credits.
An introduction to the comparative study of political systems at various stages of cultural, social, economic, and political development. Typically offered in Fall, Spring & Summer.
PSC 250. The Politics of the Judicial Process. 3 Credits.
The courts are the last democratic of the major American political institutions. Yet, the role of the courts is also essential to maintaining not only the rule of law, but the basic rights necessary to maintain a functioning democratic republic. In this course, we will critically analyze the American legal system in terms of its democratic nature and its essential functions for society. Topics explored include, the role of law in society, the structure and functioning of judicial institutions, the selection and behavior of judges, the function and role of lawyers and interest groups in the legal process, and the role of judges in the policy making process. We will examine both state and federal courts and both trial and appellate courts, including the United State Supreme Court. Our focus in this course will be on legal actors and institutions rather than legal doctrine or specific court decisions. Typically offered in Fall.

PSC 301. Women and Politics. 3 Credits.
The role of women in politics is surveyed. Considerations include the relationship between the sexes as it impacts politics.
Gen Ed Attribute: Diversity Requirement.

PSC 304. Urban Politics. 3 Credits.
This course examines the politics of governing American urban areas. In doing so, a number of social science perspectives are explored. Particular attention is paid to theories of urban power and democracy and the politics of urban development.
Gen Ed Attribute: Interdisciplinary Requirement.

PSC 310. The United States and Latin America. 3 Credits.
This course examines U.S. relations with the nations of Latin America. Emphasis is on understanding the goals of U.S. policies and the real impact of those policies. U.S. views of Latin America, both contemporary and historical, are explored as are Latin American attitudes and views toward the United States. The extent to which the United States has been motivated in its dealing by great power hegemonic concerns, economic self interests (dollar diplomacy), cultural imperialism, human rights, and desire to champion democratic governance are all examined. Contemporary concerns with promoting market economics, narcotic trafficking, and immigration are also considered.

PSC 311. Russian Foreign Policy. 3 Credits.
Emphasis on Soviet-American relations since 1945 and a comparison of the two societies. Topics treated include the influence of Marxism, Great Russian nationalism, and historical experience on Soviet foreign relations.

PSC 315. The European Union. 3 Credits.
This course examines the politics, policies, and institutional processes of the European Union. Theoretical and analytical approaches will be employed to understand the historical and institutional development of the EU as well as current EU- US relations. Experiential learning via a simulation will be part of the course.
Typically offered in Fall.

PSC 317. Contemporary International Relations. 3 Credits.
Recent issues and problems with special emphasis on superpower behavior around the world. Also, third world revolutions, international terrorism, human rights, international law and the United Nations, and the changing international economic order.

PSC 318. International Political Economy. 3 Credits.
The focus is the politics of international economic relations. Alternative analytical and theoretical perspectives will be examined for their value in helping to understand and evaluate the historical developments and current operation of the global economy. Special attention is given to system governance (international regimes such as the World Trade Organization and the International Monetary Fund) and the ability of the nations of the world to provide stability to the international political economy. The primary objective of this course is to develop analytical and theoretical skills in the application of various international political economy perspectives (liberalism, mercantilism, Marxism/structuralism) which examine the interrelationship between states and markets.
Gen Ed Attribute: Interdisciplinary Requirement.

PSC 319. Middle Eastern Politics. 3 Credits.
Topics include the Arab-Israeli conflict, the politics of the Persian Gulf, the role of OPEC, and the superpower conflict in the region.

PSC 320. U.S. Foreign Policy. 3 Credits.
Principles of U.S. foreign policy; processes of policy formulation; roles and influences of the President, Congress, the State Department (and other government agencies), media, and interest groups. Topics include national security and intelligence analysis, terrorism, Cold War, economics/trade, and international organizations.
Gen Ed Attribute: Writing Emphasis.
Typically offered in Fall, Spring & Summer.

PSC 322. Public Opinion, Media and Politics. 3 Credits.
This course examines the dynamics of public opinion and public policy. It also closely examines the role of public opinion measurement and the vital role the national and international media are playing in forming and changing public opinion. Various theories about media effects are analyzed.

PSC 323. Racial/Ethnic Politics. 3 Credits.
This course examines the relationship between racial and ethnic groups’ political behavior and the American political system’s response to them in terms of its public policies.
Gen Ed Attribute: Diversity Requirement.

PSC 324. U.S. Political Parties. 3 Credits.
Patterns, functions, and history of the American political party system at national, state, and local levels. Theoretical and empirical studies of political interest groups, public opinion, and voting behavior.

PSC 325. Campaigns and Elections. 3 Credits.
This course analyzes American elections and voting behavior, with an emphasis on recent presidential elections. Course objectives include understanding American voting patterns in elections.

PSC 329. Courts, Law and Policy. 3 Credits.
This course examines the judicial branch as an actor in law-making and policy-setting, not merely interpreting legal texts. It examines the advisability of the courts playing such a role and their potential effectiveness in doing so. Typically, this will include a focused case study on a policy area of contemporary relevance.

PSC 330. Politics of the Holocaust and Genocide. 3 Credits.
This course examines the political causes of the Holocaust and genocide both in a historical and current context. Case studies include the Jews in Europe as well as the Americans and Cambodians.

PSC 333. U.S. Political Thought. 3 Credits.
Examination of political ideas and political thought in the United States. Emphasis on historical context and continuing relevance.

PSC 339. Contemporary Political Thought. 3 Credits.
Consideration of the most influential political thinkers over roughly the last one hundred years. While emphasis will be placed on particular thinkers, course will be organized around key topics such as: What is justice and how much should the government do to ensure it? To what extent are human- and by extension, collections of humans that wield political power capable of rational behavior? In what ways can competing values clash and how do we decide which ones to promote forcefully?

PSC 340. Latin American Culture and Politics. 3 Credits.
Comparative analysis of contemporary Latin-American systems. Political cultures, decision making, ideologies, and political processes. Emphasis is on Mexico and Central America.
Typically offered in Fall, Spring & Summer.

PSC 342. European Politics. 3 Credits.
Comparative analysis of political cultures, parties, and decision-making processes in principal European political systems. Strong focus on major European nation states: France, Germany, UK and Italy. Additional attention given to the European Union.

PSC 343. Culture and Politics of Asia. 3 Credits.
Study of cultural, philosophical, and political systems of modem Asia with special emphasis on China, Japan, and India.
Gen Ed Attribute: Writing Emphasis.
PSC 346. Russian Government and Politics. 3 Credits.
Manichiasm-Leninism, the functioning of the political system, and its domination of all areas of Soviet life. Some brief mention to the conduct of Soviet foreign policy.
Gen Ed Attribute: Foreign Language Culture Cluster, Russia & Eastern Europe Culture Cluster.

PSC 348. African Politics and Society. 3 Credits.
The course explores African politics, economics, and society through the critical lens of structuralist analysis. A strong focus on the historical and colonial framework's impact on current African developments will be emphasized. Case studies, political analysis, and current events will be used to illustrate the common misperceptions of Africa today.
Gen Ed Attribute: Diversity Requirement.

PSC 350. Constitutional Law I: Government Institutions: Power and Constraints. 3 Credits.
Survey of power relationships among branches of government (checks and balances) and between levels of government (federalism). Course will be guided by focus on important constitutional provisions and historically critical Supreme Court decisions, but with time reserved for specific focus on areas of high contemporary interest (detainee treatment and the war on terror, globalization and the U.S. economy, takings of private property).

PSC 351. Energy and the Political Process. 3 Credits.
Stresses the process of policy making and implementation in the field of energy. Emphasis also is given to foreign policy and natural security implications.

PSC 352. Constitutional Law II: Civil Liberties and Civil Rights. 3 Credits.
Examination of relationship between government and its citizens, both in terms of restrictions on government interference with the individual freedom (civil liberties) and obligations on government to prevent discrimination and ensure equality (civil rights). Heaviest focus will be on the constituent clauses of both the First (free speech, free press, free assembly, and the religion clauses) and the Fourteenth Amendments (equal protection and due process).

PSC 353. Latino Politics. 3 Credits.
This is a "hands on" course for upper-level social science students as research methods are explored and put into practice in coordination with local organizations working with Latinos. Service learning projects with Latinos in the region are required. Content material included demographics of Hispanics in the United States, critical theories from Latino perspectives, interdisciplinary immigration studies, and Hispanic perspectives in relation to social welfare, education, employment, crimes and justice, and politics.
Consent: Permission of the Department required to add.

PSC 354. Environmental Politics and Policy. 3 Credits.
This course explores the politics of the governing the environment both nationally and globally. During the semester students will investigate the policymaking process as it relates to current environmental challenges.

PSC 355. Congressional Politics. 3 Credits.
Deals with the internal and external factors that influence Congressional behavior, including the roles of constituents, pressure groups, parties, the committee system, rules, and the leadership. Their relationships to the president and court structure and their impact on electoral politics also are considered. Comparisons with state legislatures.

PSC 356. US Public Policy. 3 Credits.
Policy formation and execution. Policy areas considered vary from semester to semester. May include role-playing.

PSC 357. Advanced Political Analysis. 3 Credits.
Discussion and application of research design, conceptualization, measurement, operationalization, research models, sampling, and data analysis for political science.

PSC 358. Applied Public Policy Analysis. 3 Credits.
An examination of public policy issues of state or national concern. Both analysis of current policy and research resulting in new policy recommendations will be included.

PSC 359. Presidential Politics. 3 Credits.
In-depth analysis of the nature and significance of the American presidency, including constitutional development, presidential roles and customs, the recruitment process, the executive branch, and the politics of the presidency.

PSC 370. Pennsylvania Government & Politics. 3 Credits.
This class will explore Pennsylvania’s political system from both a historical and contemporary perspective. It will include analysis and evaluation of the legislative, executive and the judicial branches of the state’s government. The political history of Pennsylvania, particularly in regards to elections in the Commonwealth will be focused upon in detail as will contemporary events and policy. Typically offered in Spring.

PSC 371. State and Local Government. 3 Credits.
Examination of the organization, functions, and politics of state and local government, including analysis of politics in states, counties, cities, and towns in urban, suburban, and rural areas. Intergovernmental relations in education, transportation, and welfare policy are examined.

PSC 372. Organization and Management. 3 Credits.
Introduction to public and nonprofit organization management. Broad coverage of key elements of organizational functions and structure for potential managers. Uses both macro sociological and micro psychological levels of analysis. Case studies integrated into conceptual frameworks.

PSC 373. Intergovernmental Relations. 3 Credits.
Designed to familiarize students with the complex network of conflict, cooperation, and interdependence among national, state, and local government units. Topic areas, among others, include an analysis of the continuing evolution of American federalism, an examination of this relationship from state to city government perspectives and a description of specific intergovernmental fiscal programs and policies.

PSC 398. PSC Upper Level Transfer Credit. 3 Credits.
Transfer credit. Repeatable for Credit.

PSC 399. Political Science Special Topics. 3 Credits.

PRE-MAJOR ACADEMIC ADVISING

Dr. Jack Kinslow (jkinslow@wcupa.edu), Advisor
Prof. Courtney Lloyd (cloyd@wcupa.edu), Advisor
Mrs. Linda Missanelli (lmissanelli@wcupa.edu), Clerical Support

The faculty advisors in Pre-Major Academic Advising (PMAA) help undecided WCU students explore majors and also guide students regarding course selection and grade requirements for those majors. We recognize that choosing a major and career direction is an important step in life, and making this decision is a complex process. In addition, we stress the importance of transferable skills, which are obtainable in every WCU major and which can be applied to almost every career, regardless of major.

At WCU, academic advising is an educational partnership between an advisor and a student whose goal is the student’s academic, personal, and professional success. Advisors and advisees collaborate to help students achieve their aims. The advising relationship thus mirrors other teaching relationships at West Chester University. Advisors explain policies, identify resources, and give advice; however, students are ultimately responsible for making the decisions that will keep them on track to successfully graduate in a timely way.

Students accepted into PMAA might fit one of four broad categories:

1. Students who have applied to other majors but have not yet been accepted into that major.
   a. These students work with their PMAA advisors to meet the entrance requirements for their desired majors and are able to change their majors to their originally intended major when they have taken the necessary courses and have the minimum required GPAs.

2. Students who have two or three possible major interests and need to narrow down their choices before entering their chosen major.
   a. These students work with their PMAA advisors, the Career Development Center, and other resources to reflect on their strengths and interests.
   b. Students also schedule and take courses which might work for several of their major interests to aid in their decision-making process.
   c. It is possible to create such flexible schedules for up to two semesters; after that, students must have determined a major direction.

3. Students who may have no idea what they want to major in, in part because they have limited knowledge about what the options are.
   a. These students work with their PMAA advisors, the Career Development Center, and other resources to reflect on their strengths and interests.
   b. These students attend special workshops and programs offered by PMAA in collaboration with the Career Development Center and various academic departments.
   c. PMAA advisors remind students that they will not make a mistake in choosing a major since all majors can lead to many careers because of the flexible skills that college degree programs impart.
   d. Students deliberately schedule courses to engage in major and career exploration.
   e. It is possible to create such flexible schedules for up to two semesters; after that, students must have determined a major direction.

4. Students who have been accepted into other WCU majors but change their minds and transfer to PMAA to begin the process of deciding upon and earning entrance to their desired new major.

**Policies**

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

**Undeclared Major Declaration Policy**

**Policy Requirements**

First year students who entered West Chester University as undeclared/pre-major must declare a major at the completion of 45 West Chester University earned credits. This is most often equivalent to three semesters of full-time study at the University. Transfer students (Internal and External) who are undeclared must declare a major after two semesters of full-time study as an undeclared student. Students must be in good academic standing and must meet all admission requirements specified by the program s/he plans to transfer into.

Exception to this policy may be granted to students who are planning to declare a major with highly restrictive admission requirements and may need additional semesters to complete those requirements. Any undeclared student who does not declare a major within the stipulated period of time will be required to develop an action plan addressing his/her academic area(s) of interest before the advisor hold will be lifted to enable the student schedule for the next semester.

**Request to Postpone/Defer Declaring a Major**

An undeclared/pre-major student may submit a request to defer declaring a major if the student is postponing major declaration because s/he has yet to complete the prerequisites for the anticipated major. The process of postponing a major declaration requires an established plan of action by the student, which must be approved by the student’s academic advisor, the chairperson of the department of Educational Development Services (EDS), and the dean/designee of Undergraduate Studies and Student Support Services (USSS).

The Pre-Medical Program prepares undergraduate and post-baccalaureate students for application to the health professional schools of medicine, osteopathic medicine, dentistry, veterinary medicine, and physician assistant programs. The program also prepares students for careers in optometry, podiatry, chiropractic, and biomedical research. The program consists of an individualized selection of course work, personal counseling, and academic support. optional internships in biomedical research at medical schools or research institutes are available to qualified students.

All of the primary majors in the Pre-Medical Program offer internship opportunities; however, only the B.S. Chemistry-Biology major allows a substitution of up to 12 credits for specific courses, enabling students to replace a full semester with a research internship. Internship opportunities from other preferred majors are available over the summer or on a part-time basis for varying academic credit. In all cases, the internships must be approved by academic advisors, department chairs, and internship coordinators.

For highly select undergraduates, medical school early assurance programs are available in affiliation with Penn State University College of Medicine (http://www.hmc.psu.edu/college) (undergraduate), Philadelphia College of Osteopathic Medicine (http://www.pcom.edu) (undergraduate), Lake Erie College of Osteopathic Medicine (http://www.lecom.edu) (undergraduate), Temple University School of Dentistry (http://www.temple.edu/dentistry) (undergraduate), Arcadia University’s (http://www.arcadia.edu) M.S. in Physician’s Assistant Studies (undergraduate), and University of Guelph, Ontario Veterinary College (http://www.ovc.uoguelph.ca) (undergraduate).

The B.S. in Chemistry-Biology major was specifically designed to meet the academic need of the pre-professional student. However, if a student has a particular interest in a healthcare field, other majors to consider include the B.S. in Biology (p. 198); B.S. in Biology: Cell and Molecular (p. 194); B.S. in Chemistry (p. 208); B.S. in Forensic and Toxicological Chemistry (p. 210), B.S. in Pharmaceutical Product Development (p. 408); B.S. in Physics (p. 417); or B.A. in Psychology (p. 435). Students in the Pre-Medical Program may have two advisors - one from their major field and one from the Pre-Medical Committee. The advisor from the major field serves as their academic advisor, while the one from the committee offers advice about professional schools and their requirements, as well as their professional development, including volunteering and shadowing opportunities.
Because of the intense competition for health professional school admission, only academically talented and highly motivated students should apply to the Pre-Medical Program. Applicants are selected on the basis of their potential for achievement in the program. Students in the program are expected to maintain a minimum 3.20 grade point average and the high standards of performance necessary for health professional school admission.

It is essential for incoming students contemplating a medical career to apply to the Pre-Medical Program immediately upon matriculation at the University. Similarly, it is essential for students who, at some later time, develop an interest in a medical career to apply to the Pre-Medical Program. Students who fail to consult with the Pre-Medical Office prior to taking the Medical College Admissions Test (MCAT) or who fail to report the results of any MCAT exam to the Pre-Medical Office are not eligible to receive a Pre-Medical Committee letter of evaluation when they apply to medical school.

All West Chester students who wish to apply to a health professional school should ask their professors to forward letters of evaluation to the Pre-Medical Committee and should process their applications through the committee. It is recommended that students accumulate a minimum of five letters of evaluation in their confidential file. The committee will send a composite letter of evaluation to the professional school for students who meet the academic requirements and have an acceptable interview with the committee. Further information is available in the Pre-Medical Office, 117A Schmucker Science Center South.

The B.A. in Psychology prepares students to understand variables such as heredity, learning, and the environment, which shape and change behavior. Careers are possible in clinics, guidance centers, industry, hospitals, schools, and government. The department prepares those students who wish to work immediately after they graduate from its undergraduate program by training them in the use of computers for statistical analysis, supervising their work in clinical and research settings that can later be translated to many business pursuits, and working with them as they learn to express themselves clearly in writing and in speech. The department also prepares students for specific careers working with them as they learn to express themselves clearly in writing and in speech. These careers include teaching, research, and the delivery of clinical services.

SCHOOL OF MUSIC INFORMATION

School of Music

Music Tests - Bachelor of Music in Music Education

1. Each candidate must demonstrate skill in at least one performance medium in which he or she excels: piano, organ, voice, classical guitar, or a band or orchestra instrument. It is preferable, although not required, for pianists and vocalists to perform at least part of their audition from memory.
2. All candidates are tested in music theory, sight-singing, and piano.
3. Piano, organ, or voice majors with band or orchestra instrument experience may demonstrate their ability on their instruments.

NOTE: All candidates must bring music for the vocal, piano, and instrumental compositions they intend to perform.

Music Tests: Bachelor of Music with a Concentration in Theory, Composition, or History; Bachelor of Music in Performance; or Bachelor of Music in Elective Studies in an Outside Field

Each candidate in performance must demonstrate an advanced level of proficiency in the major area of performance as evidenced by the ability to perform compositions representing a variety of musical periods and styles, and must show potential as a professional performer. Memorization is required for pianists and vocalists. Each candidate in theory and composition or elective studies in an outside field must demonstrate an acceptable background in a major performing area; candidates in theory and composition must interview with the Department of Music Theory, History, and Composition.

Equivalency in Music Therapy

Music majors may pursue courses toward certification in music therapy through a cooperative program with Immaculata University (http://www.immaculata.edu), located ten miles from West Chester. The Handbook for Students in Music – Undergraduate Division should be consulted for current requirements.

DEPARTMENT OF SOCIAL WORK

College of Education and Social Work

114 W. Rosedale Avenue
610-436-2527
Department of Social Work (http://www.wcupa.edu/socialWork)
Travis Ingersoll (ingersoll@wcupa.edu), Chairperson

The Social Work program is accredited on the baccalaureate level as a professional degree in social work by the Council on Social Work Education.

The mission of the undergraduate Social Work program is to prepare students for beginning social work practice and lifelong learning. To this end, the program teaches the knowledge, values, and skills of generalist social work, with an emphasis on self-evaluation, critical thinking, information literacy, and understanding the intersections of people and their environments. Students apply micro, mezzo, and macro frameworks for assessment and intervention through experiential learning that includes two field placements over the course of three semesters. The program prepares students to adhere to the ethical standards of social work, to advocate for social and economic justice, and to promote the strengths and well-being of diverse individuals,
families, groups, organizations, and communities. Students graduate with the core competencies appropriate to entry-level generalist social work as well as the foundation for graduate social work education.

The B.S.W. program has three phases: the first is the pre-candidacy courses along with their general education requirements; the second occurs when students formally apply for candidacy, which is the professional social work track where advanced course work and the junior field experience are completed; and the third is at the conclusion of the spring junior year when students successfully complete a competency exam and enter the senior field experience. The Bachelor of Social Work is conferred on undergraduates who complete all the academic requirements of the program and West Chester University. The B.S.W. is recognized as the first professional level of social work practice.

**Goals for the B.S.W. Program**

The undergraduate Social Work program goals are linked to core practice competencies as set forth in the Council on Social Work Education's 2015 Educational Policy and Accreditation Standards (EPAS). With the liberal arts as its foundation, B.S.W. graduates are prepared to engage in entry-level social work practice through mastery of these ten core competencies. As such, the department's goal is that, by completion of the program, students are prepared to:

1. Engage in evidence-based, entry-level social work practice with individuals, families, groups, communities, and organizations within a multicultural society
2. Practice according to the principles, values, and ethics that guide the social work profession
3. Influence social policies with the goal of alleviating poverty, oppression, and social injustice as well as advocating for human rights
4. Identify and affect the bio-psycho-social, spiritual, and cultural functioning of people
5. Evidence practice from a culturally sensitive perspective that recognizes and appreciates diverse cultures, particularly those that differ from one's own

The B.S.W. program has the following core competencies:

**Competency 1:** Demonstrate ethical and professional behavior

**Competency 2:** Engage diversity and difference in practice

**Competency 3:** Advance human rights and social and economic justice

**Competency 4:** Engage in research-informed practice and practice-informed research.

**Competency 5:** Engage in policy practice

**Competency 6:** Engage with individuals, families, groups, organizations and communities

**Competency 7:** Assess with individuals, families, groups, organizations and communities

**Competency 8:** Intervene with individuals, families, groups, organizations and communities

**Competency 9:** Evaluate practice with individuals, families, groups, organizations and communities

All students must demonstrate attitudes and professional behaviors consistent with the values and ethics of professional social work and the National Association of Social Workers (NASW) Social Work Code of Ethics.

The B.S.W. program is based in a strong liberal arts foundation. We believe this is covered by the current University degree requirements. In addition, since our last re-accreditation, our department has reviewed the curricular requirements and received feedback from multiple constituents (students, faculty, advisory board, field supervisors) that students would benefit from taking more social work electives and/or additional coursework at the university that supports the field experience. In addition, we have added a required summer bridge reading assignment for our seniors that fulfills the original purpose of the literature requirement: to expose students to more diverse life experiences through literature. Finally, the literature requirement disadvantages our transfer students, the majority of whom do not take a literature course at their community college.

**Department-Related Activities**

The Social Work Club is a student organization that selects officers and sets a yearly agenda. The activities of this organization are open to all students. The honor society, Phi Alpha, is sponsored by the Department of Social Work and is the Chi Gamma Chapter of the National Social Work Honor Society. Eligibility requires an overall GPA of 3.0 and 3.25 in required social work courses. The Association of Black Social Workers is another social work organization that elects officers and sets a yearly service and program agenda. For more information, see the Student Activities and Service Organization sections of the catalog.

**Department Field Placements and Volunteer Experiences**

Social work students are expected to provide a minimum of 20 hours of volunteer work, approved by their advisor, as a requirement to be accepted into candidacy. During the second semester of the junior year and in both semesters of the senior year, students will be placed in various social work agencies (see partial listing of social work field placements).

Students must have completed the below with a cumulative average of 2.50 before they register to take the junior field placement in the spring semester.

- **SWO 200** Introduction to Social Welfare 3
- **SWO 220** Introduction to Generalist Practice 3
- **SWO 225** Race Relations 3
- **SWO 300** Family Systems 3
- **SWO 320** Generalist Social Work Practice I 3
- **SWO 332** Social Welfare Policies and Services 3
- **SWO 350** Human Behavior in Social Environment I 3

**Insurance**

Students are also required to carry liability insurance coverage during the second semester of their junior and the entire senior year. Students may join NASW and become a member of a national social work organization and receive liability insurance at a reduced rate. Students need to apply for child abuse clearance and state police background check in the fall semester of their junior year prior to being matched with a field placement. Field sites may have additional requirements of students prior to the start of their field placement.

**Social Work Field Placements**

Below is a sampling of settings where students have been placed to fulfill their field experience requirements:

- ARC of Chester County
- Bucks County Children and Youth
- Chester County Children, Youth, and Families
- Chester County Intermediate Unit
- Chester County Juvenile Probation
- Chester County Office of the Aging
- Chester County Opportunities Industrialization Centers (OIC)
- County Office of Services for Older Adults
- Delaware County Adult Probation and Parole
- Department of Human Services
- Devereux Foundation
- Domestic Abuse Project of Delaware County
- Elwyn
- Family Services of Chester County
- Friend's Association
Admission Requirements

Applicants must meet University requirements for admission. After successfully completing the first year of pre-candidacy social work course requirements, students may apply for candidacy for the professional social work track.

For admittance to senior field placement, students must pass the junior competency exam requirements in social work and fulfill the requirements outlined on the guidance record sheet.

In compliance with the Council on Social Work Education, the national accrediting body for social work, the program only accepts upper-division social work courses from accredited programs that correspond with West Chester University B.S.W. program sequencing. No social work credits are granted for life and work experience.

Transfer Students

Students from other colleges and universities who desire to transfer to the West Chester University baccalaureate social work program should apply through the University’s Office of Admissions, which will coordinate the credit evaluations of social work courses with the baccalaureate social work program director. Transfer students are required to make application for candidacy.

A transfer credit analysis, listing all transfer credits accepted by the University, will be sent to the Department of Social Work and also directly to the student. The B.S.W. program director may accept social work transfer credits from CSWE-accredited undergraduate social work programs.

The field practicum and seminar are concurrent courses in the WCU undergraduate social work program; therefore, they are not transferable. The policies and requirements for the field practice are explicated in the Baccalaureate Program Field Instruction Manual. All other social work courses not meeting the requirements of the program may be accepted as SWO 199 course credit hours.

Internal Transfer Students

Internal transfer students meet the same standards for the program as other students.

Note: The Department of Social Work offers courses in the summer to assist transfer students to begin as a junior when they enter West Chester University in the fall. It is crucial that all transfer students be advised by the undergraduate program chair before the first session of summer.

Courses

SWO

SWO 199. Transfer Credits. 1-10 Credits.
Transfer Credits. Repeatable for Credit.

SWO 200. Introduction to Social Welfare. 3 Credits.
An introduction to the social work profession, this course emphasizes the historical, economic, political and philosophical foundations of the social welfare system in the United States, social policy, and social services. It introduces a framework for the critical analysis of social welfare policy from a system perspective.

SWO 220. Introduction to Generalist Practice. 3 Credits.
In this course, students are introduced to the knowledge base, values and skills of the social work profession that guides practice with individuals, families, groups, organizations, communities, and societal systems.

SWO 225. Race Relations. 3 Credits.
The course takes an interdisciplinary approach to the study of race, ethnicity and culture. By integrating findings from history, political science, sociology, and social work, students are introduced to cultural differences as they affect family life, the development of law, and the nature and magnitude of racism in our society. The overarching goal of this course is to encourage the student to embark on the process of becoming culturally competent.
Gen Ed Attribute: Diversity Requirement, Interdisciplinary Requirement.

SWO 300. Family Systems. 3 Credits.
This course is an introduction to the family from a systems theory perspective. The course includes discussion of historical and contemporary definitions of the family, types of families, the social function of families, and an overview of the family life cycle. Particular attention is paid to diversity in order to highlight variations in family forms and styles along the lines of race, ethnicity, class and sexual orientation.
Gen Ed Attribute: Writing Emphasis.
Distance education offering may be available.
Typically offered in Summer.

SWO 320. Generalist Social Work Practice I. 3 Credits.
Students apply their knowledge of the strengths and ecological perspectives to the processes of engagement, assessment, planning, implementation, evaluation and termination for social work practice with individuals and families. Social Work majors only.
Pre / Co requisites: SWO 320 requires a corequisite or prerequisite of SWO 220 with a minimum of C or better.

SWO 321. Generalist Social Work Practice II. 3 Credits.
Students apply their knowledge of the strengths and ecological perspectives to the processes of engagement, assessment, planning, implementation, evaluation and termination for social work practice with groups, organizations and communities. Social Work majors only.
Pre / Co requisites: SWO 321 requires a prerequisite of SWO 320 with a minimum grade of C or better.

SWO 332. Social Welfare Policies and Services. 3 Credits.
This course introduces students to policy analysis. A main focus is an examination of how the US Government supports or inhibits social and economic justice through social welfare, social security social policy, and social services.

SWO 350. Human Behavior in Social Environment I. 3 Credits.
This course examines the life cycle from pre-natal development through young adulthood with an emphasis on micro and mezzo theories of human behavior from a strengths and ecological systems perspective. The course is designed to provide the theoretical foundation that informs the knowledge and skill bases of the generalist social work practitioner.

SWO 351. Human Behavior and the Social Environment II. 3 Credits.
This course examines the life cycle from middle adulthood through older adulthood and death and dying with an emphasis on mezzo and macro theories of human behavior from a strengths and ecological systems perspective.
Gen Ed Attribute: Diversity Requirement, Writing Emphasis.

SWO 375. Field Experience I. 6 Credits.
Junior-year field experience for the social work major in an approved setting and under the supervision of an approved field instructor. Social Work majors only.

SWO 395. Junior Seminar. 3 Credits.
The integration of knowledge, values, and skills within the theoretical framework of generalist social work practice. This course is the beginning foundation for students to examine ways social work theory and values are integrated into the reality of practice.
Pre / Co requisites: SWO 395 requires corequisite of SWO 375 with a minimum grade of C or better.
Consent: Permission of the Department required to add. Repeatable for Credit.

Special research projects or practices in social work.
Consent: Permission of the Department required to add.
Typically offered in Fall, Spring & Summer.
Repeatable for Credit.

SWO 421. Mental Health & Social Work. 3 Credits.
This course introduces students to the signs and symptoms of mental illnesses and substance abuse disorders. Specific practice skills for social work practice, the range of mental health services, and relevant social policies are covered.

SWO 423. Child Welfare Practice And Policy. 3 Credits.
Emphasis is placed on assessment of and understanding child abuse and neglect, the long term effects of child maltreatment, how to engage families in which child maltreatment is an identified issue, the child protective service system and relevant policies.

SWO 431. Methods Of Social Inquiry. 3 Credits.
The course introduces students to qualitative and quantitative research, ethical and cultural issues in research, and fosters critical thinking in evaluating existing research. Students learn how to conduct a research project and the skills of social work practice evaluation.

SWO 432. Advanced Policy Practice. 3 Credits.
The relationship between social policy and social work practice is strengthened as students are taught the concept of policy practice or how to develop, influence and implement social policy in their social work practice everyday.

SWO 450. Field Experience II. 6 Credits.
Senior field experience for the social work major in an approved setting and under the supervision of an approved field instructor. Senior social work majors only.
Repeatable for Credit.

SWO 451. Field Experience III. 6 Credits.
Senior field experience for the social work major in an approved setting and under the supervision of an approved field instructor. Senior social work majors only.
Repeatable for Credit.

SWO 490. Topical Seminar In Social Work. 3 Credits.
This course is a one-week intensive cultural immersion experience that will include a field trip to two reservations of the Great Sioux Nation.
Repeatable for Credit.

SWO 491. Sexuality Concepts for Social Workers. 3 Credits.
Human sexuality is one of the basic foundations for life. From before birth, individuals are sexed, gendered and bombarded with messages about who they are, who they should be and how they are expected to behave. In adult life, whether individuals choose to date, to partner or to remain single; to have children, to adopt or to create other forms of family, sexuality is one of the central and organizing components of the human experience. In this course, human sexuality is explored in three separate sections from a biopsychosocial perspective. The first of these units addresses an overview of sexuality information and functioning. The second examines psychosocial issues, as they exist within sexuality. Lastly, the manifestations of human sexuality as they occur within the Social Work and human services context are investigated.
Gen Ed Attribute: Writing Emphasis.
SWO 495. Social Work Senior Seminar I. 3 Credits.
Integration of field and classroom experiences in discussing the application of the generalist model to the helping process. Emphasis is on all levels of practice (individuals, families, groups, organizations, and communities). Social Work majors only.
Pre / Co requisites: SWO 495 requires a prerequisite of SWO 395 and a corequisite of SWO 450. Gen Ed Attribute: Writing Emphasis.

SWO 496. Social Work Senior Seminar II. 3 Credits.
Integration of field and classroom experiences in discussing the application of the generalist model to the helping process. Emphasis is on advocacy and social justice. Social work majors only.
Pre / Co requisites: SWO 496 requires a prerequisite of SWO 495 and a corequisite of SWO 451.

DEPARTMENT OF SPECIAL EDUCATION

College of Education and Social Work

304 Recitation Hall
Department of Special Education (http://www.wcupa.edu/specialEducation)
Beatrice Adera (badera@wcupa.edu), Interim Chairperson

The Department of Special Education stands out in the southeastern Pennsylvania and the tri-state region with its extensive early practicum experiences for its students; professionally diverse faculty; a high rate of employment opportunities; a heightened sense of collegiality and volunteerism among its students; and national (Council for Exceptional Children, National Council for Accreditation of Teacher Education), regional (Middle States Association of Colleges and Secondary Schools), and state (Pennsylvania Department of Education [PDE]) approvals, recognition, and accreditations.

The faculty is committed to supporting the development of teachers who acquire the knowledge, skills, and dispositions to construct effective, high-quality educational programs for children with disabilities. The mission is to foster knowledgeable, passionate, competent, and reflective graduates who will serve as eloquent, articulate advocates for all children, families, and special education professionals. This program provides students with field placement and experience in the same block of courses where they are concurrently learning characteristics, teaching methods, application, and theory. These placements give students an opportunity to reflect and question what they observe and experience in these settings, which is vital to the success of integrating theory and practice.

The field experiences in private or public schools are designed to give students first-hand opportunities with children in high-incidence and low-incidence settings. The course work taken concurrently provides students with the theory and research necessary to become effective teachers.

Programs of Study

The Department of Special Education offers two programs of study leading to certification at the PreK-8 or the 7-12 level. Students seeking certification in special education may be required to seek certification in an additional content area.

- The B.S.Ed. Special Education PreK-8 (dual major with PreK-4 or Middle Grades 4-8) will qualify students for PDE special education certification at the PreK-8 level and certification in PDE early grades preparation (PreK-4) or middle grades preparation (4-8).
- The B.S.Ed. Special Education 7-12 will qualify students for PDE special education certification at the 7-12 level when paired with PDE certification in a secondary content area, including biology, chemistry, earth and space science, English (literature or writing), general science, mathematics, physics, or certain K-12 education programs.

To graduate, students enrolled in the B.S.Ed. Special Education PreK-8 program are required to double-major with either Early Grades Preparation (PreK-4) or Middle Grades Preparation (4-8). To graduate, students enrolled in the B.S.Ed. Special Education 7-12 program are not required to double-major with a secondary or K-12 teacher certification program. However, to be eligible for PDE teacher certification in Special Education 7-12, students must double-major with a secondary education or K-12 education program. Students who do not double-major with a secondary or K-12 education program will not be eligible for PDE Special Education 7-12 certification. See the PDE for certification requirements.
Upon completion of the program and achievement of passing scores on state certification exams, students will qualify for a Pennsylvania Instructional I Certificate in both areas of their dual course of study (if applicable), which is valid for six years of teaching. Passing scores on state certification exams are not required for graduation.

**Minor Programs**

**Minor in Special Education**

Current trends, enforced by recent litigation, have increased the need for a general understanding of the individuals with disabilities in our culture, the department also offers a Minor in Special Education, which is designed to introduce students to individuals with disabilities through course work and field experiences. Students who desire admission to the Minor in Special Education must have achieved the minimum cumulative GPA required for their earned credits: 2.65 for students with 12-47 credits, and 2.80 for students with 48 or more credits. Students admitted to this minor must maintain that minimum cumulative GPA in order to continue. Students who fall below the minimum cumulative GPA required are permitted to retake, in accordance with University policy, course work in the minor that contributed to their fall below the minimum required GPA. Such students will not be permitted to take additional course work in the minor until they achieve the minimum cumulative GPA.

**Minor in Autism**

The Minor in Autism Education is an 18-credit program designed to provide students knowledge of, and the opportunity to demonstrate competencies related to, research-based assessment, intervention, instruction, and program management for persons with autism in PreK-12 settings. The minor is applicable for future professionals serving students with autism across age/grade levels (preschool through completion of high school) and various ranges of functioning. The need for professionals with working knowledge of autism continues to grow as the prevalence for individuals with autism continues to increase.

These minors do not lead to Instructional I teacher certification by the Pennsylvania Department of Education. However, students who complete the Minor in Autism Education are eligible for the PDE Autism Endorsement upon receipt of their Instruction I certification.

**Programs**

**Majors in Special Education**

- B.S.Ed. in Special Education - PreK-8 And Early Grades Preparation (PreK-4) (p. 446)
- B.S.Ed. in Special Education - PreK-8 And Middle Grades Preparation (4-8) (p. 444)
- B.S.Ed. in Special Education (7-12) (p. 447)

**Minors in Special Education**

- Autism Education (p. 448)
- Special Education (p. 448)

**Graduate Opportunities**

See the graduate catalog for more information on the Special Education program. (http://catalog.wcupa.edu/graduate/education-social-work/special-education)

**Policies**

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

**Requirements for B.S.Ed. Programs**

In order to be eligible for graduation, an undergraduate student must satisfactorily complete the following requirements:

1. 135 credits for the B.S.Ed. in Special Education/Early Grades Preparation; 135 credits for the B.S.Ed. in Special Education/Middle Grades Preparation; 136–154 credits for the B.S.Ed. in Special Education/secondary (dual program content area) or B.S.Ed. in Special Education/B.A. in History (dual degrees); and 120 credits for the B.S.Ed. - Special Education (7-12) as a single degree

2. Formal Admission to Teacher Education (FATE) (see below)

3. Minimum GPA of 3.0

4. State licensure examinations relevant to each area of the chosen dual major/dual degrees noted above, which would grant teacher certification in both special education and the selected dual program (if applicable). Exams must be taken prior to student teaching.

**Admission to Special Education Degree Programs**

For formal admission to the special education degree program, see the Educator Preparation Programs (p. 260) section of this catalog.

**Requirements for Transfer to the Majors in Special Education**

Students seeking to transfer in to the Special Education PreK-8 program must simultaneously obtain admission in to the Early Grades Preparation (PreK-4) or Middle Grades Preparation (4-8) programs. Students seeking transfer in to the Special Education 7-12 program may opt—but are not required—to seek enrollment into a secondary content area. These students must secure the signatures from the chair of the Department of Special Education as well as the chair of the department in which the desired dual major program resides.

Students may apply for "external transfer" when transferring from another post-secondary institution. Students already admitted to West Chester University as pre-majors or in another major may apply for "internal transfer." Students seeking external or internal transfer must require minimum of 12 college-level credits. Students with 12-47 credits must also have a minimum GPA of 2.65. The required minimum cumulative GPA for students with 48-59 earned credits is 2.80. Students with 60 or more earned credits must have a minimum cumulative GPA of 2.80; must have achieved passing scores on either the PPST (if testing was started prior to April 2, 2012) or the PAPA; and must have completed college-level studies in English composition (three credits), literature taught in English (three credits), and mathematics (six credits). External or internal transfer to the major in special education does not represent or confer formal admission to teacher education (See "Formal Admission to Teacher Education" in the Educator Preparation Programs section (p. 260)).

In addition to the general requirements for Formal Admission to Teacher Education, B.S.Ed. candidates who are admitted to the major in special education must also complete 20 hours of pre-approved, unpaid community service for agencies/organizations serving children and/or youth and/or adults with special needs and/or families (at least ten of these hours must be provided in one setting); and (2) a written reflection that has been assessed as satisfactory on how this service has influenced their development as teachers. The nature of the service must provide a direct, concrete benefit to the population(s) an agency/organization serves. The hours that candidates devote to this community service requirement may not also be used to fulfill any requirement for a credit-bearing course.
Application and Approval for Student Teaching

Students must apply through the Office of Field Placements and Student Teaching for approval for student teaching placements. Prerequisites for student teaching include the following:

- Formal Admission to Teacher Education (FATE)
- 96 credits, including all professional educational courses and all specialized preparation courses with necessary grade prerequisites, with a cumulative GPA of 2.8
- Completion of the following forms: student teaching application, child abuse history clearance form, request for criminal record check, FBI records check, and a TB test. Students should allow enough time to receive responses for clearance. All clearance forms are valid for one year, except the TB test, which is valid for the duration of attendance at WCU but must be administered within three months prior to entering the initial field placement.

The application for student teaching must be filed within one full year prior to the academic semester in which student teaching is to be scheduled. Application meetings will be announced at the beginning of the fall semester each year. Students register for student teaching as they would for any other University courses.

Field Placement in Schools

All field placements, including student teaching, are arranged by the department. Students are not to solicit placements. While student needs are considered in assigning placements, no particular placement can be guaranteed. Transportation to and from field placements is the responsibility of the individual student.

West Chester University does not place students at religiously affiliated schools when public schools are available for a student teaching experience. In addition, the University will make every attempt to first place students into public (vs. private) schools for student teaching and related activities. Further, students will not be assigned student teaching or other related duties at nonsectarian private schools or agencies unless they specifically request such placement. Each request will be considered individually to ensure that the private entity does not receive special benefit from the arrangement that outweighs the benefit to the University and its students.

Courses

EDA

EDA 101. Foundations of Special Education. 3 Credits.
This course is designed to acquaint the prospective teacher with the historical legal evolution of the field, as well as characteristics of individuals with disabilities.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

EDA 175. Introduction to Autism: Characteristics & Etiology. 3 Credits.
This course is designed to inform students about the characteristics and etiology of autism.
Students will complete observations of individuals with autism in multiple school- and community-based settings.
Pre / Co requisites: EDA 175 requires prerequisite EDA 103 or KIN 205 and KIN 206.
Typically offered in Spring.

EDA 195. Workshop. 1-3 Credits.
Intensive examination of a selected area of study in the field of special education. Topics will be announced in advance.
Typically offered in Summer.
Repeatable for Credit.

EDA 203. Field: Students with Exceptionalities. 3 Credits.
This course is designed to have the prospective teacher observe and reflect upon the characteristics of students with disabilities within the context of school and clinical settings.
The content will focus on issues relative to special education in a diverse society and will rely heavily on reflective teaching and learning.
Pre / Co requisites: EDA 203 requires prerequisite EDA 103.
Typically offered in Fall, Spring & Summer.

EDA 212. Understanding Disability through Cultural Perspectives. 3 Credits.
This course will provide students with a general introduction to social justice theory, human rights issues, and social constructs surrounding disability on a global scale. Content will include perspectives of individuals with disabilities and will be delivered through a multimedia format.
This course is designed for any student who is interested in learning more about disability within the context of today's society.
Typically offered in Fall.

EDA 230. Inclusive Classroom. 3 Credits.
The purpose of this course is to prepare preservice early childhood, elementary and special education students to teach students with disabilities effectively in general settings. The course will be co-taught by special education and early childhood education faculty.
Gen Ed Attribute: Diversity Requirement.

EDA 250. Inclusive Practices in Music Education. 1 Credit.
Designed to acquaint music educators with the philosophy of inclusive education and provide them with skills to accommodate students with disabilities in music classes. For music educators only.

Claire Verden (cverden@wcupa.edu) (2006)
B.S., West Chester University; M.Ed., Temple University; Ed.D., Arcadia University
York Williams (ywilliams@wcupa.edu) (2009)
B.A., North Carolina Central University; M.A., West Chester University; M.Ed., Ph.D., Temple University
EDA 275. Autism: Families, Inter-agency, and Community Collaboration. 3 Credits.
This course is designed to foster professional relationships between future service providers and families that are supporting an individual with autism and make those relationships meaningful, cooperative and productive. Pre / Co requisites: EDA 275 requires a prerequisite of EDA 175; field clearances. Typically offered in Summer.

EDA 280. Integrating the Arts. 3 Credits.
Fine art, music, puppetry, and dance are combined as creative processes to be adapted for use with children with disabilities. Typically offered in Fall & Spring.

EDA 303. Special Ed: Processes/Procedures for General Educators. 2 Credits.
The purpose of this course is to prepare preservice students to teach students with disabilities effectively in general education settings. Pre / Co requisites: EDA 303 requires prerequisite EDA 103 and Formal Admission to Teacher Education. Typically offered in Fall & Spring.

EDA 304. Special Ed Processes/Procedures for Secondary Educators. 3 Credits.
The purpose of this course is to prepare pre-service students to teach students with disabilities effectively in secondary general education settings. Pre / Co requisites: EDA 304 requires prerequisite EDA 103, EDP 250 and field clearances. Typically offered in Fall & Spring.

EDA 307. Families and Special Education. 3 Credits.
The Families and Special Education course is a writing emphasis course designed to help pre-service teachers' foster family professional relationships that are meaningful, cooperative, and productive. Roles that parents have played in the education of children and youth with disabilities will be emphasized. This course bases its objectives on the knowledge that involvement of families of individuals with disabilities is essential for the person’s education and well being, and is necessary from a legal perspective. The family is studied so that the perspective teacher can best know how to work with diverse families of children with disabilities, and within family systems. Gen Ed Attribute: Writing Emphasis.

EDA 312. Introduction to Early Intervention. 3 Credits.
This course is an overview of the field of early childhood special education. Students will explore the processes of early intervention including screening, assessment, instructional programming, integrating children with and without disabilities, and family involvement.

EDA 314. Curriculum and Instruction for Individual Learning Differences I. 3 Credits.
This course is designed to prepare students to assist children with disabilities achieve skills in academics and functional domains. Emphasis is placed on understanding and analysis of learning problems, and the design and planning of instructional interventions. Pre / Co requisites: EDA 314 requires prerequisites of EDA 103, EDA 203, and Formal Admission to Teacher Education. Typically offered in Fall, Spring & Summer.

EDA 320. Behavior Management. 3 Credits.
An exploration of current practices in management of behavior with emphasis on teacher-delivered systems. Pre / Co requisites: EDA 320 requires prerequisites of EDA 104 co-requisite of EDA 347.

EDA 321. Behavior Management & Field Experience. 6 Credits.
An exploration of current practices in management of behavior with emphasis on teacher-delivered systems. It includes a field placement in a school where students will assess and develop interventions for a child with behavioral challenges. Pre / Co requisites: EDA 321 requires prerequisite of EDA 103 and EDA 203. Typically offered in Fall, Spring & Summer.

EDA 341. Inclusion & Reading in the Content Area. 3 Credits.
This course is co-taught by special education faculty and literacy faculty. It will help prepare secondary education and special education majors to effectively teach all students, including those with disabilities, in general education, content-specific settings. Practical guidelines, content literacy strategies, and adaptations will be emphasized to prepare pre-educators to meet the academic, social and affective needs of all students in the inclusive secondary classroom. Pre / Co requisites: EDA 341 requires prerequisites of EDP 250, and EDF 100 or EDF 300. Honors students take HON 312 in lieu of EDF 300. Gen Ed Attribute: Diversity Requirement. Cross listed courses EDA 341, EDR 341.

EDA 361. Assessment and Special Education. 3 Credits.
An introduction to instructional assessment in special education and the development of relevant educational plans to meet federal regulations. Pre / Co requisites: EDA 361 requires prerequisites of EDA 103, EDA 203, and Formal Admission to Teacher Education. Typically offered in Fall, Spring & Summer.

EDA 375. Autism Studies: Assessment & Instruction I. 3 Credits.
This course is designed to inform students about assessment and instructional planning for individuals with autism. Emphasis will be placed on students demonstration of planning for and implementing assessments across the range of domains including behavior. Pre / Co requisites: EDA 375 requires prerequisite EDA 175; Field Clearances. Typically offered in Summer.

EDA 380. Career Development and Transition. 3 Credits.
This course is a study of life-span issues for individuals with disabilities. It stresses curriculum content and instructional strategies that are sensitive to human diversity and promote career development and transition. Pre / Co requisites: EDA 380 requires prerequisites of EDA 104; EDA 320/347 or EDA 302/350/360; and formal admission to teacher education.

EDA 410. Independent Study. 1-3 Credits.
Special topics or projects initiated by the student that will enable her or him to do extensive and intensive study in an area of special education. Consent: Permission of the Department required to add. Repeatable for Credit.

EDA 413. PreK-8 Aspects of Transition. 3 Credits.
This course will address support structures that serve students with disabilities as they transition from homebound to and throughout K-8 school based instruction, stressing legislative foundations, interagency linkages, school partnerships, referral processes, and systems of service delivery. The teacher practitioner as change agent will be an underlying theme. Pre / Co requisites: EDA 413 requires prerequisite Formal Admission to Teacher Education, EDA 103, EDA 203. Distance education offering may be available. Typically offered in Fall & Spring.

EDA 414. Secondary Career Development and Transition. 3 Credits.
This course will address support structures that serve students with disabilities as they transition from middle to high school and to adult life, stressing legislative foundations, interagency linkages, school partnerships, referral processes, and systems of service delivery. The teacher practitioner as change agent will be an underlying theme. We will examine the life span issues for persons with disabilities - addressing assessment, planning, and instructional strategies that promote career development and transition education at secondary age levels. Attention will be given to curricular benchmarks and standards, and how functional outcomes interact with those benchmarks and standards. Pre / Co requisites: EDA 414 requires prerequisites of EDA 103, EDA 203, and Formal Admission to Teacher Education. Distance education offering may be available. Typically offered in Fall & Spring.

EDA 416. Student Teaching for Exceptional Learners. 6 Credits.
Participation in teaching and all other activities in the student teaching role related to the teacher's work. PREREQ: 96 semester hours including all professional education courses and all specialized preparation courses with standards. Field clearances required. Pre / Co requisites: EDA 416 requires formal admission into teacher education, EDA 103, EDA 203, EDA 314, EDA 321, EDA 361, EDA 413, EDA 421, and EDA 429. Typically offered in Fall & Spring.

EDA 417. Student Teaching for Exceptional Learners. 6 Credits.
Participation in teaching and all other activities in the student teaching role related to the teacher's work. PREREQ: 96 semester hours including all professional education courses and all specialized preparation courses with standards. Field clearances required. Pre / Co requisites: EDA 417 requires formal admission into teacher education and prerequisites of EDA 103, EDA 203, EDA 314, EDA 321, EDA 361, EDA 413, EDA 421, and EDA 429. Typically offered in Fall & Spring.
EDA 421. Curriculum and Instruction for Individual Learning Differences II and Field. 6 Credits.
This course and field is designed to prepare students to assist children with disabilities achieve
skills in academics and functional life domains. Emphasis is placed on understanding and
analysis of learning problems, and the design, plan and implementation of instructional
interventions. Field clearances required.
Pre / Co requisites: EDA 421 requires prerequisites of EDA 103, EDA 203, EDA 314, EDA 321,
EDA 361, and formal admission to Teacher Education.
Typically offered in Fall, Spring & Summer.

EDA 429. Communication Development and Assistive Technologies for Students w/ Disabilities. 3 Credits.
This course will provide a broad overview of normal and atypical communication development.
Importance will be given to communication disorders, characteristics of students with
disabilities and the impact of high and low technology.
Pre / Co requisites: EDA 429 requires prerequisite EDA 103, EDA 203 and Formal Admission to
Teacher Education.
Typically offered in Fall & Spring.

EDA 475. Autism Studies: Assessment & Instruction II. 3 Credits.
Students will use the science of applied behavior analysis to evaluate the strengths and
weaknesses of current instructional strategies for students with autism. Students will
demonstrate evidence-based instructional strategies and apply these strategies in field
settings supporting individuals with autism.
Pre / Co requisites: EDA 475 requires prerequisite EDA 375; Field Clearances.
Typically offered in Summer.

Students enrolled in the B.S.Ed. in Special Education: 7-12 program are not required to double-major in order to graduate. However, to be eligible for PDE teacher certification in Special Education: 7-12, students must double-major with a secondary education or K-12 education program. Students who do not double-major with a secondary or K-12 education program will not be eligible for PDE Special Education: 7-12 certification. See the PDE for certification requirements.

DEPARTMENT OF SPORTS MEDICINE

College of Health Sciences

216 Sturzebecker Health Sciences Center
610-436-3293
Department of Sports Medicine (http://www.wcupa.edu/sportsMed)
Katherine Morrison (kmorrison@wcupa.edu), Interim Chairperson
Neil Curtis (ncurtis@wcupa.edu), Undergraduate AT Program Director
Sandra Fowkes-Godek (sfowkes-godek@wcupa.edu), Coordinator of Physician Services
The Department of Sports Medicine offers the B.S. in Athletic Training, a CAATE-accredited program, which prepares students to achieve national certification from the Board of Certification, Inc. (BOC). Students completing this major also are eligible for entry-level athletic training positions, as well as graduate study in such fields as athletic training, physical therapy, exercise physiology, biomechanics, and sports medicine.

The current B.S. in Athletic Training is being phased out after the admission of the fall 2016 class. Students who are interested in athletic training will complete a 3+2 accelerated program earning both a B.S. degree in Health Science and a M.S. degree in Athletic Training. Interested students should contact Dr. Neil Curtis, Undergraduate AT Program Director, at (610) 436-2119 or via e-mail at ncurtis@wcupa.edu.

**Facilities**

Offices, classrooms, and laboratories for the Department of Sports Medicine are housed in the Russell L. Sturzebecker Health Sciences Center. Clinical experience is offered in two athletic training rooms on campus, one located in Hollinger Fieldhouse and the recently expanded facility located in the Sturzebecker Health Sciences Center. The athletic training rooms offer students the opportunity to work with state-of-the-art equipment, including numerous electrical modalities, Cybex isokinetic dynamometers, and the latest in proprioceptive apparatus.

**Pre-Physical Therapy Options**

A student may follow several academic paths to prepare for a professional physical therapy program. Students who are interested in preparing for a professional physical therapy school may meet the prerequisites through:

1. The College of the Sciences and Mathematics by enrolling in the Department of Biology (p. 189)
2. The College of Health Sciences by enrolling in the Department of Sports Medicine (p. 448)

Students also may elect to take their undergraduate degree in the School of Interdisciplinary and Graduate Studies in the Liberal Studies - Science and Mathematics track (p. 346) with a Biology minor. Students interested in Pre-Physical Therapy should contact Dr. Neil Curtis in Sports Medicine or Dr. Sharon Began in Biology (p. 189).

**Programs**

**Major in Athletic Training**

- B.S. in Athletic Training (p. 451) (no longer accepting new students)

**Graduate Opportunities**

See the graduate catalog for more information about the Athletic Training Program. (http://catalog.wcupa.edu/graduate/health-sciences/sports-medicine)

**Policies**

- See undergraduate admissions information. (p. 11)
- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department program(s) may be listed below.

Applicants should have a combined SAT score of 1100 and rank in the top 20% of their high school class. Qualified students are required to participate in an interview with department faculty prior to admission.

**Technical Standards for the B.S. in Athletic Training Major**

The B.S. in Athletic Training program at West Chester University prepares students for careers as certified athletic trainers where they will enter employment settings and render athletic training services to individuals engaged in physical activity. The clinical, classroom, and laboratory experiences place specific demands on the students enrolled in the program. The technical standards developed for the degree establish the essential qualities necessary for students to achieve the knowledge, skills, and competencies of an entry-level certified athletic trainer and meet the expectations of the agency (CAATE) that accredits the program.

Students must possess the abilities outlined below to be admitted into the program. Students selected for admission must verify that they understand and meet these technical standards with or without a reasonable accommodation. A student with a condition who may need a reasonable accommodation to meet these standards will be referred to the Office of Services for Students with Disabilities (OSSD) for an evaluation of whether the condition is a disability as defined by applicable laws, and a determination of what accommodations are reasonable. The determination will specifically take into consideration whether the requested accommodations might jeopardize the safety of the patient, and the ability to complete the classroom, laboratory, and clinical course work required for the athletic training program. The OSSD, with input from the Department of Sports Medicine, will make this determination. Whenever possible, reasonable accommodations will be provided for those individuals with disabilities to enable them to meet these standards and ensure that students are not denied the benefits of, excluded from participation in, or otherwise subjected to discrimination in this program.

The following are technical standards for the B.S. program, which are not inclusive of all expected abilities:

1. Critical thinking ability sufficient for clinical judgment
2. Interpersonal abilities sufficient to interact with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds
3. Communication abilities sufficient for interaction with others in verbal and written form
4. Physical abilities sufficient to maneuver in small or confined spaces and to provide emergency care
5. Gross and fine motor abilities sufficient to provide safe and effective athletic training care
6. Tactile dexterity sufficient for physical assessment
7. Visual ability sufficient for observation and assessment necessary in athletic training care
8. Auditory ability sufficient to monitor and assess health needs
9. Ability to maintain composure and function in highly stressful situations such as those associated with critical injury or illness

Courses

SMD

SMD 100. Foundations of Sports Medicine. 2 Credits.
An overview of the professions in the discipline of sports medicine.
Distance education offering may be available.
Typically offered in Fall.

SMD 204. First Aid for Health Professionals. 3 Credits.
LEC (3), LAB (2)
Prepares health professionals to meet emergencies requiring first aid. Includes First Responder
training.
Typically offered in Spring & Summer.

SMD 210. Psychosocial Perspectives of Sports/Recreational Injuries. 3 Credits.
Present active individuals with information on the incidence, prevention, and management
of sport/recreational injuries. In addition, the psychological impact and sociological factors
affecting health care delivery will be addressed. Taken together students will be better
prepared and more informed consumers of sport/recreational health care.
Typically offered in Fall, Spring & Summer.

SMD 212. Pathology & Eval Athletic Injury/Illness I. 3 Credits.
A presentation of the pathology, pharmacology, and management strategies relevant to
sports medicine. Emphasis will be on nonorthopaedic conditions commonly encountered in a
physically active population.
Pre / Co requisites: SMD 212 requires prerequisites of BIO 269 and SMD 312. Athletic Training
Majors only.
Distance education offering may be available.
Typically offered in Spring.

SMD 261. Surface Anatomy. 3 Credits.
Orientation to major anatomical landmarks and underlying structures.
Pre / Co requisites: SMD 261 requires prerequisites of BIO 259.
Typically offered in Fall & Spring.

SMD 271. First Aid and Athletic Training. 2 Credits.
A course designed to qualify students in First Aid and CPR, and to introduce the principles of
athletic injury prevention and management. For non majors only.

SMD 272. Athletic Training Techniques. 3 Credits.
A course designed to develop athletic training skills for beginning athletic training students.
Pre / Co requisites: SMD 272 requires prerequisite of SMD 100 or SMD 204.
Typically offered in Fall & Spring.

SMD 300. Therapeutic Modalities. 3 Credits.
Physical agents used in athletic training are presented with regard to the physics, physiological
effects, indications, contraindications, and progression.
Pre / Co requisites: SMD 310 requires prerequisite of SMD 312. Athletic Training majors only.
Typically offered in Spring & Summer.

SMD 311. Therapeutic Exercise for Athletic Training. 3 Credits.
The principles, objectives, indications, contraindications, and progression of various exercise
programs used in the rehabilitation of athletic injuries are presented.
Pre / Co requisites: SMD 311 requires prerequisites of SMD 312. Athletic Training Majors only.
Typically offered in Fall & Summer.

SMD 312. Pathology/Evaluation of Athletic Injury/Illness II. 3 Credits.
A continuation of SMD 312 with emphasis on the pathology of injuries to the extremities
commonly seen in athletics and the techniques for their evaluation.
Pre / Co requisites: SMD 312 requires prerequisites of BIO 259, BIO 269. Athletic Training
Majors only.
Typically offered in Spring & Summer.

SMD 313. Pathology/Evaluation of Athletic Injury/Illness III. 3 Credits.
A continuation of SMD 312 with emphasis on the head, neck, and trunk.
Pre / Co requisites: SMD 313 requires prerequisite of SMD 312.
Typically offered in Fall & Summer.

SMD 315. Sports Injury Management I. 3 Credits.
Clinical experience of 200 or more hours with specific behavioral objectives in athletic
equipment selection and fitting, and the presentation of illness, injuries, and conditions.
Pre / Co requisites: SMD 315 requires co-requisites of SMD 311 and SMD 312 and SMD 311.
Distance education offering may be available.
Typically offered in Fall.

SMD 316. Sports Injury Management II. 3 Credits.
Clinical experience of 200 or more hours with specific behavioral objectives in case study
presentations of injuries, illnesses, and/or conditions, and hospital emergency department
medical care.
Pre / Co requisites: SMD 316 requires co-requisite of SMD 310 and SMD 313 and SMD 311.
Distance education offering may be available.
Typically offered in Spring.

SMD 361. Kinesiology. 3 Credits.
Basic Fundamentals of movement, articulation, and muscular actions; analysis of the related
principles of mechanics.
Pre / Co requisites: SMD 361 requires prerequisite of BIO 259 or KIN 241.
Typically offered in Fall.
Cross listed courses EXS 361, SMD 361.

SMD 400. Special Topics in Athletic Training. 3 Credits.
An in-depth study of selected topics as it relates to athletic trainers and their treatment and
management of musculoskeletal injuries. Course will examine current topics through the
reading and critical analysis of literature related to athletic training using professional journals
and practical experiences.
Repeatable for Credit.

SMD 414. History, Organization & Administration of Sports Medicine. 3 Credits.
A presentation of the historical and current perspectives of athletic training, including
techniques for organizing and administering athletic training programs.
Pre / Co requisites: SMD 414 requires prerequisite of SMD 315. Athletic Training majors only.
Gen Ed Attribute: Writing Emphasis.
Distance education offering may be available.
Typically offered in Fall.

SMD 417. Sports Injury Management III. 3 Credits.
Clinical experience of 200 or more hours with specific behavioral objectives in case study
presentations of injuries, illnesses, and/or conditions, plus group discussions of clinical
situations.
Pre / Co requisites: SMD 417 requires prerequisite of SMD 316. Athletic Training majors only.
Distance education offering may be available.
Typically offered in Fall.
SMD 418. Sports Injury Management IV. 3 Credits.
Clinical experience of 200 or more hours and participation in critical reviews of sports
medicine research combined with seminars which afford interaction with various medical and
paramedical practitioners.
Pre / Co requisites: SMD 418 requires prerequisites of SMD 417. Athletic Training majors only.
Distance education offering may be available.
Typically offered in Fall.

SMD 420. Sports Medicine 1. 3 Credits.
This course introduces common orthopedic injuries to the lower extremity. Students will
learn anatomy, biomechanics, injury signs and symptoms which will allow for the recognition
and identification of orthopedic and neurological injuries. The course will also introduce the
theoretical and evidence based approach to the rehabilitation of lower extremity injuries.
Special emphasis is placed on understanding the physiological impact of injury on tissues,
recognition of the signs, symptoms, indications, contraindications for the evaluation and
rehabilitation of musculoskeletal and neurological injuries in the physically active. This course
is not intended to meet educational competencies required for athletic training. Majors only.
Pre / Co requisites: SMD 420 requires prerequisites of SMD 261, BIO 259, and BIO 269.
Distance education offering may be available.
Typically offered in Fall & Spring.

SMD 430. Sports Medicine 2. 3 Credits.
This course introduces common orthopedic injuries to the upper extremity, head, neck, spine,
thorax and pelvis. Students will learn anatomy, biomechanics, injury signs and symptoms
which will allow for the recognition and identification of orthopedic and neurological
injuries. The course will also introduce the theoretical and evidence based approach to the
rehabilitation of upper extremity, head, neck, spine, thorax and pelvis. Special emphasis is
placed on understanding the physiological impact of injury on tissues, recognition of the
signs, symptoms, indications, contraindications for the evaluation and rehabilitation of
musculoskeletal and neurological injuries in the physically active. This course is not intended
to meet educational competencies required for athletic training.
Pre / Co requisites: SMD 430 requires prerequisite of SMD 420. Majors only.
Distance education offering may be available.
Typically offered in Fall & Spring.

SMD 450. Capstone in Sports Medicine. 3 Credits.
This course is one of the final courses for students in the program. Learners will review, assess
and then apply many of the concepts taught during the undergraduate program through the
creation of a portfolio and senior capstone project. The purpose of the capstone project is
to demonstrate achievement of the program level learning outcomes and engage in self,
reflection and self-evaluation. The portfolio will also serve as a tangible artifact that houses
acquired knowledge. An investigation of the job market in the field of Sports and Health will
take place through career focused discussions and students will create a professional resume
and cover letter.
Pre / Co requisites: Majors Only.
Typically offered in Spring.

SMD 454. Theories/Practices of Conditioning & Tng. 3 Credits.
Application of principles of physiology, psychology, and kinesiology for the design and use of
conditioning programs for various sports.
Pre / Co requisites: SMD 454 requires prerequisites of EXS 380 and SMD 361.
Distance education offering may be available.
Typically offered in Fall.

SML

SML 310. Therapeutic Modalities Lab. 1 Credit.
Lab experiences in the application of physical agents presented in SMD 310.
Pre / Co requisites: SML 310 requires co-requisite of SMD 310.
Typically offered in Spring & Summer.

SML 311. Therapeutic Exercise Lab. 2 Credits.
Lab experiences in the application of exercises presented in SMD 311.
Pre / Co requisites: SML 311 requires co-requisite of SMD 311.
Typically offered in Fall & Summer.

B.S. IN ATHLETIC TRAINING

College of Health Sciences

Curriculum

(\*Note: As of Spring 2017, no new students will be accepted into
the program. Undergraduate students interested in athletic training
should consider the B.S. in Health Science: General - Sports
Medicine Studies Concentration (p. 291.).

Includes the Commission on Accreditation of Athletic Training
Education [CAATE] accredited athletic training education program.

2017-2018 UNDERGRADUATE CATALOG 451
Clinical experiences are provided in a number of high school, college, and university settings under the supervision of a certified athletic trainer. Due to potential scheduling conflicts, athletic training students may be excluded from playing varsity sports during their four semesters of clinical experience. Students enrolled in SMD 315-SMD 316 and SMD 417-SMD 418 must have current certification in CPR and first aid, be vaccinated with hepatitis B vaccination or sign a vaccine declination, and have professional liability coverage. Clinical experiences may begin prior to the official start of the semester. Students are also responsible for criminal background checks, child abuse history clearance, and TB test if required. Students must supply their own transportation to clinical sites. Students in clinical assignments are required to purchase and wear specified uniforms.

Students must earn a minimum grade of C in the following courses. In order to be recommended for the BOC Certification Exam, students must have a minimum cumulative GPA of 2.5 in the following courses:

DEPARTMENT OF WOMEN'S AND GENDER STUDIES

College of Arts and Humanities

143 Main Hall
610-436-2464

Women's and Gender Studies (http://www.wcupa.edu/womensstudies)
Simon Ruchti (eruchti@wcupa.edu), Chairperson

The Women's and Gender Studies department consists of an interrelated group of courses offered in a wide variety of academic disciplines. The department operates under the supervision of the Women's and Gender Studies Steering Committee. This department is envisaged both as an enrichment to liberal education and as a pre-professional field. The social transformation that is taking place in society and in intellectual life is making study in this area an asset in many arenas.

The aim of the department is to integrate the perception and experience of women into the curriculum and to encourage inquiry into previously neglected areas, such as women's history, women's literature and art, psychology of women, and women's position in society.

The Women's and Gender Studies Department provides an excellent learning environment that places an analysis of structural inequality, with a primary focus on gender inequality, at the center of the curriculum. It prepares students for careers, graduate study, and life choices through an interdisciplinary curriculum that integrates feminist values in its pedagogy and content. Women's and Gender Studies faculty are productive teacher-scholars who provide leadership and scholarship for integrating gender, race, ethnicity, class, sexuality, age, nationality, and disability issues into the curriculum.

Courses

WOS

WOS 100. Body Politics: Gender, Culture, and Representation. 3 Credits.
This course examines the body as a contested site of both pleasure and oppression. Considerable focus will be placed on the impact of culture on our understandings of the body, including ideas about gender, race, and sexuality. Students of all genders will be encouraged to explore how their own body image has been shaped by social norms that are simultaneously accepted and resisted. This course thereby provides an opportunity to question a variety of norms surrounding the body, including ideas about beauty, size, shape and ability.
Gen Ed Attribute: Diversity Requirement.
Typically offered in Fall.

WOS 225. Intro to Women’s and Gender Studies. 3 Credits.
An interdisciplinary course designed to enable students to analyze the lived experience of women to evaluate the impact of gender, to question the implications of changing cultural patterns, and to sample first-hand efforts for social change. Satisfies interdisciplinary requirement. Offered every semester.
Typically offered in Fall, Spring & Summer.

WOS 250. Women’s Self Representation. 3 Credits.
An interdisciplinary approach to ways women record their lives.
Distance education offering may be available.
Typically offered in Fall, Spring & Summer.

WOS 276. Sexual Identity. 3 Credits.
Interdisciplinary introduction to meanings attached to human sexuality, exploring intersections between theories of sexual identity and theories of gender, class, race, ethnicity, age, and nationality.
Gen Ed Attribute: Interdisciplinary Requirement.
Typically offered in Spring.

WOS 305. Intellectual Roots of Western Feminism. 3 Credits.
The course examines the major issues and themes that have historically been included in feminist theorizing about women’s situation and experiences, including: ethical foundations, the origins of patriarchy, feminist epistemology, education, body issues, issues of difference, religion, civil rights, and psychological development. Chronologically, the course covers from the enlightenment (Mary Wollstonecraft’s A Vindication of the Rights of Women) through Simone de Beauvoir’s The Second Sex.
Gen Ed Attribute: Diversity Requirement.
Typically offered in Fall.

WOS 306. Transnational Feminisms. 3 Credits.
This course explores current issues and debates relating to the gendered effects of globalization and women’s political responses to it and dynamically re-conceptualizes the relationship between women and nation; between gender and globalization; and between feminist theory and practice.
Typically offered in Fall.

WOS 310. Women and Activism. 3 Credits.
Although often misrepresented or ignored, women were and continue to be active in a wide range of social justice movements. This course focuses specifically upon women activists in the United States and their resistance to structural inequalities based upon gender. In addition to social justice movements focused on sexism, this course uses intersectional theory to recognize the feminist value of women who work against racial, economic, sexual, and other oppressions.
Pre / Co requisites: WOS 310 requires a prerequisite of WOS 225 or WOS 250.
Gen Ed Attribute: Diversity Requirement, Writing Emphasis.
Distance education offering may be available.
Typically offered in Fall.

WOS 315. Women of the Global South. 3 Credits.
This course will examine the nature of women’s lives in the global South, focusing on topics such as family, education, health, development policies, and political change. Geographic areas studied include Africa, Asia, Latin America, and the Middle East.
Gen Ed Attribute: Diversity Requirement, Interdisciplinary Requirement.
Typically offered in Fall.
WOS 320. Independent Study. 3 Credits.
Independent research and study for upper-division students. Topic to be approved by supervising faculty member.
Pre / Co requisites: WOS 320 requires prerequisite of WOS 225.
Typically offered in Summer. Repeatable for Credit.

WOS 325. Special Topics. 3 Credits.
Selected (and changing) topics, e.g., Ethnic Women; Women and Work; Love and Sexuality. Offered as projected enrollments warrant.
Typically offered in Fall, Spring & Summer. Repeatable for Credit.

WOS 326. Women and Witchcraft in Africa. 3 Credits.
This course utilizes witchcraft belief and accusation as a lens through which to examine the oppression of women in sub-Saharan Africa. It examines historical and contemporary beliefs and manifestations of witchcraft, and analyzes the centrality of women (and children) as victims. It also examines the impact of witchcraft accusation on women’s social and economic development.
Typically offered in Spring.

WOS 329. Gender and Peace. 3 Credits.
An examination of the ways in which social constructions of gender intersect with perceptions and the experience of war.
Gen Ed Attribute: Interdisciplinary Requirement.
Typically offered in Spring.

WOS 335. Gender, Race and Science. 3 Credits.
An interdisciplinary course on the role of gender and race in the formation of science.
Gen Ed Attribute: Diversity Requirement, Interdisciplinary Requirement.
Typically offered in Fall & Spring.

WOS 350. Lesbian Studies. 3 Credits.
This course offers an interdisciplinary introduction to lesbian studies that focuses on the historical and contemporary diversity of lesbian genders and sexualities, especially as shaped by race, class, culture, and nation. Special attention will be placed upon lesbian activism as well as contestations within lesbian communities about racism, classism, and cissexism.
Gen Ed Attribute: Interdisciplinary Requirement.
Distance education offering may be available.
Typically offered in Fall & Spring.

WOS 366. Gender, Labor and Globalization. 3 Credits.
Sociological and feminist analysis of global labor issues such as immigration, citizenship, motherhood, childcare, emotional labor, guest workers, commodification, and exploitation.
Pre / Co requisites: WOS 366 requires a prerequisite of SOC 200 or permission of instructor.
Typically offered in Fall. Cross listed courses SOC 366, WOS 366.

WOS 400. Internship. 3 Credits.
This course is designed to allow students the opportunity to put into practice, outside the academic setting, the knowledge regarding women's experiences gained in other courses. Some possible sites might be a women's health clinic, a business, a newspaper, a social service agency, or an electoral campaign. There will be both an on-site and a faculty supervisor.
Pre / Co requisites: WOS 400 requires prerequisite of WOS 225 and two other women’s studies courses.
Typically offered in Fall, Spring & Summer. Repeatable for Credit.

WOS 405. Feminist Theory. 3 Credits.
Designed to introduce and discuss basic questions in contemporary feminist theory, the course will explore different philosophies of feminism and include such issues as motherhood, intersections with other theories of oppression, and body politics.
Pre / Co requisites: WOS 405 requires prerequisite of WOS 225.
Typically offered in Spring. Cross listed courses WOS 405, PHI 405.

WOS 410. Senior colloquium. 3 Credits.
Sample topics include global feminism, mothering, the experiences of women of color, and feminist utopias.
Pre / Co requisites: WOS 410 requires prerequisite of WOS 225 and two other women’s studies courses.
Typically offered in Fall, Spring & Summer. Repeatable for Credit.

WOS 415. Senior Project. 3 Credits.
Preparation of research in any area of women's studies, to be decided by student and adviser. Supervision includes exercises in method and bibliography. Usually, a lengthy research paper will be the final result.
Pre / Co requisites: WOS 415 requires prerequisite of WOS 225 and two other women's studies courses.
Typically offered in Fall, Spring & Summer. Repeatable for Credit.

YOUTH EMPOWERMENT AND URBAN STUDIES PROGRAM

College of Education and Social Work

543 Main Hall
845-337-5000
Youth Empowerment and Urban Studies (http://www.wcupa.edu/yes) Hannah Ashley (hashley@wcupa.edu), Coordinator

The purpose of this program is to equip future professionals to work in urban communities and with agencies and organizations that particularly focus on urban youth, including but not limited to schools, social service agencies, and youth and community development organizations. Through an experiential approach to learning and a philosophy of empowerment, the program will help WCU students to understand the complex context of American cities, the strengths and capabilities of families of diverse backgrounds, and the implications of public policy for large urban systems.

The minor will enable students who are preparing for urban careers to develop a deep understanding of the economic, social, cultural, and political context of urban social systems and community factors that affect youth. The Youth Empowerment and Urban Studies (YES) minor is in the liberal studies program and open to all students in every college.
