Goals for the B.S.W. Program

The undergraduate Social Work program goals are linked to core practice competencies as set forth in the Council on Social Work Education's 2015 Educational Policy and Accreditation Standards (EPAS). With the liberal arts as its foundation, B.S.W. graduates are prepared to engage in entry-level social work practice through mastery of these ten core competencies. As such, the department’s goal is that, by completion of the program, students are prepared to engage in entry-level social work practice through mastery of the core competencies as set forth in the Council on Social Work Education’s EPAS. The B.S.W. program has three phases: the first is the pre-candidacy courses along with their general education requirements; the second occurs when students formally apply for candidacy, which is the professional social work track where advanced course work and the junior field experience are completed; and the third is at the conclusion of the spring junior year when students successfully complete a competency exam and enter the senior field experience. The Bachelor of Social Work is conferred on undergraduates who complete all the academic requirements of the program and West Chester University. The B.S.W. is recognized as the first professional level of social work practice.

Pablo Arriaza (parriaza@wcupa.edu), Chairperson

The Social Work program is accredited on the baccalaureate level as a professional degree in social work by the Council on Social Work Education.

The mission of the undergraduate Social Work program is to prepare students for beginning social work practice and lifelong learning. To this end, the program teaches the knowledge, values, and skills of generalist social work, with an emphasis on self-evaluation, critical thinking, information literacy, and understanding the intersections of people and their environments. Students apply micro, mezzo, and macro frameworks for assessment and intervention through experiential learning that includes two field placements over the course of three semesters. The program prepares students to adhere to the ethical standards of social work, to advocate for social and economic justice, and to promote the strengths and well-being of diverse individuals, families, groups, organizations, and communities. Students graduate with the core competencies appropriate to entry-level generalist social work as well as the foundation for graduate social work education.

Goals for the B.S.W. Program

The undergraduate Social Work program goals are linked to core practice competencies as set forth in the Council on Social Work Education’s 2015 Educational Policy and Accreditation Standards (EPAS). With the liberal arts as its foundation, B.S.W. graduates are prepared to engage in entry-level social work practice through mastery of these ten core competencies. As such, the department’s goal is that, by completion of the program, students are prepared to:

1. Engage in evidence-based, entry-level social work practice with individuals, families, groups, communities, and organizations within a multicultural society
2. Practice according to the principles, values, and ethics that guide the social work profession
3. Influence social policies with the goal of alleviating poverty, oppression, and social injustice as well as advocating for human rights
4. Identify and affect the bio-psycho-social, spiritual, and cultural functioning of people
5. Evidence practice from a culturally sensitive perspective that recognizes and appreciates diverse cultures, particularly those that differ from one’s own

The B.S.W. program has the following core competencies:

Competency 1: Demonstrate ethical and professional behavior
Competency 2: Engage diversity and difference in practice
Competency 3: Advance human rights and social and economic justice
Competency 4: Engage in research-informed practice and practice-informed research.

Competency 5: Engage in policy practice
Competency 6: Engage with individuals, families, groups, organizations and communities
Competency 7: Assess with individuals, families, groups, organizations and communities
Competency 8: Intervene with individuals, families, groups, organizations and communities
Competency 9: Evaluate practice with individuals, families, groups, organizations and communities

All students must demonstrate attitudes and professional behaviors consistent with the values and ethics of professional social work and the National Association of Social Workers (NASW) Social Work Code of Ethics.

The B.S.W. program is based in a strong liberal arts foundation. We believe this is covered by the current University degree requirements. In addition, since our last re-accreditation, our department has reviewed the curricular requirements and received feedback from multiple constituents (students, faculty, advisory board, field supervisors) that students would benefit from taking more social work electives and/or additional coursework at the university that supports the field experience. In addition, we have added a required summer bridge reading assignment for our seniors that fulfills the original purpose of the literature requirement: to expose students to more diverse life experiences through literature. Finally, the literature requirement disadvantages our transfer students, the majority of whom do not take a literature course at their community college.

Department-Related Activities

The Social Work Club is a student organization that elects officers and sets a yearly agenda. The activities of this organization are open to all students. The honor society, Phi Alpha, is sponsored by the Department of Social Work and is the Chi Gamma Chapter of the National Social Work Honor Society. Eligibility requires an overall GPA of 3.0 and 3.25 in required social work courses. The Association of Black Social Workers is another social work organization that elects officers and sets a yearly service and program agenda. For more information, see the Student Activities and Service Organization sections of the catalog.

Department Field Placements and Volunteer Experiences

Social work students are expected to provide a minimum of 20 hours of volunteer work, approved by their advisor, as a requirement to be accepted into candidacy. During the second semester of the junior year and in both semesters of the senior year, students will be placed in various social work agencies (see partial listing of social work field placements).

Students must have completed the below with a cumulative average of 2.50 before they register to take the junior field placement in the spring semester.

- See academic policies. (http://catalog.wcupa.edu/undergraduate/academic-policies-procedures)

All undergraduate students are held to the academic policies and procedures outlined in the undergraduate catalog. Students are encouraged to review departmental handbooks for program tips, suggested course sequences, and explanations of procedures. When applicable, additional policies for specific department programs may be listed below.

Policy for Social Work Majors

Majors are required to meet with their social work advisor to plan an integrative course of study, to select courses prior to scheduling, to discuss career opportunities, and to keep abreast of departmental activities. Handbooks are provided to help students be aware of requirements and procedures in the department. Social work majors should be aware of social work prerequisite courses and must see their advisor before registering for classes.

Academic Promotion Policy

Social work students must achieve a grade of C or above in required professional practice courses that include SWO 320, 321, 375, 395, 450, 451, 495, 496. Social work students that have a grade of D, F, or NG (no grade) in other required social work courses must repeat these courses and achieve a satisfactory grade before entering the junior field placement. Students must achieve an overall GPA of 2.5 in order to be accepted into candidacy and to begin their first field practicum. Students must maintain a minimum 2.5 GPA in order to remain in the program and in order graduate with a B.S.W. that has been accredited by the Council on Social Work Education. Further information can be found in the student handbook and field manual that is updated annually and posted to the Department’s website (http://www.wcupa.edu/socialWork).

Admission Requirements

Applicants must meet University requirements for admission. After successfully completing the first year of pre-candidacy social work course requirements, students may apply for candidacy for the professional social work track.

For admittance to senior field placement, students must pass the junior competency exam requirements in social work and fulfill the requirements outlined on the guidance record sheet.

In compliance with the Council on Social Work Education, the national accrediting body for social work, the program only accepts upper-division social work courses from accredited programs that correspond with West Chester University B.S.W. program sequencing. No social work credits are granted for life and work experience.

Transfer Students

Students from other colleges and universities who desire to transfer to the West Chester University baccalaureate social work program should apply through the University’s Office of Admissions, which will coordinate the credit evaluations of social work courses with the baccalaureate social work program director. Transfer students are required to make application for candidacy.

A transfer credit analysis, listing all transfer credits accepted by the University, will be sent to the Department of Social Work and also directly to the student. The B.S.W. program director may accept social work transfer credits from CSWE-accredited undergraduate social work programs.

The field practicum and seminar are concurrent courses in the WCU undergraduate social work program; therefore, they are not transferable. The policies and requirements for the field practice are explicated in the Baccalaureate Program Field Instruction Manual. All other social work courses not meeting the requirements of the program may be accepted as SWO 199 course credit hours.

Internal Transfer Students

Internal transfer students meet the same standards for the program as other students.

Note: The Department of Social Work offers courses in the summer to assist transfer students to begin as a junior when they enter West Chester University in the fall. It is crucial that all transfer students be advised by the undergraduate program chair before the first session of summer.
