

## STUDENT ORGANIZATIONS

---

West Chester University's Undergraduate Student Government Association recognizes student-run clubs and organizations in a variety of 12 different categories. These organizations categories include: Student Governing, Academic/Professional, Special Interest, Social Equity and Diversity, Political/Activism, Religious, Service, Greek Letter, Publications and Media, Sports, Musical, and Honor Societies. While the Office of Student Leadership and Involvement provides operational support for our Graduate student clubs and organizations, our Graduate Student Association is the governing body for all clubs and organizations that serve our Graduate student population.
