COM 550. Listening: Verbal & Nonverbal Perception. 3 Credits.

A survey of research in listening behavior and related nonverbal variables. Identification of important characteristics of effective listeners. Application to communication activities in the classroom.

COM 551. Public Relations Research And Writing. 3 Credits.

Familiarizes student with the skills needed to work as a public relations writer and editor. Explores applicable media theories as well as ethical and legal issues.

COM 561. Strategic Media Content. 3 Credits.

Today's digital environment provides endless distribution options. The purpose of this course is to guide students through the process of creating and maintaining a digital media content strategy. Specifically, students will learn how to apply communication audience research measurements to strategic development of organizational goals. Next, students will apply knowledge towards the development of a strategic digital marketing plan for distribution. In this phase, students will study various social media platforms and the function and audience for each, as well as how they work together in cross-platform promotion. Finally, students are expected to complete a final marketing campaign to meet a local organization's digital media goals. The final project will require digital media creation and evaluation.

Distance education offering may be available.

Typically offered in Summer.

COM 563. Visual Communication. 3 Credits.

Digital communication these days is overwhelmingly visual. We consume visual content through websites, streaming video, and social media. The most engaging social media content typically consists of visual images. This course equips students with theoretical knowledge and practical skills needed to create compelling social media visuals in a variety of formats.

Distance education offering may be available.

Typically offered in Summer.
