B.S. IN EXERCISE SCIENCE -PRE-OCCUPATIONAL THERAPY **CONCENTRATION**

College of Health Sciences

Curriculum

Code

The concentration is designed to prepare students for entrance into a professional graduate-level school of occupational therapy. Occupational therapists and occupational therapy assistants work with a variety of individuals who have difficulty accessing or performing meaningful occupations. Most commonly, these therapists and assistants work with people with disabilities to maximize their skills and abilities. Services typically include:

- 1. Customized intervention programs to improve one's ability to perform daily activities
- 2. Comprehensive home and job site evaluations with adaptation recommendations
- 3. Performance skills assessments and treatments
- 4. Adaptive equipment recommendations and usage training

Credits

5. Guidance to family members and caregivers Title

Pre-Occupational Therapy Concentration

Students graduating in the pre-occupational therapy concentration are prepared for entrance into a school of occupational therapy. Occupational therapy programs accept a limited number of students and are highly competitive - the student is encouraged to maintain a GPA of 3.3 or better while in this concentration.

¹ In order to graduate with a B.S. in Exercise Science - Pre-Occupational Therapy Concentration, a minimum grade of C- or better in all exercise science, related/cognate requirements, and Pre-OT related requirements is required.

² This course fulfills the Capstone requirement.

Sample Course Plan

To track their individual degree progress, students are advised to access their Degree Progress Report (DPR) via myWCU regularly. For more information, visit wcupa.edu/DegreeProgressReport (http://wcupa.edu/degreeprogressreport/).
