## Requirement of a Minor

Students in the B.A. degree program are required to complete either a minor or, with the approval of the student's advisor and the Department of Mathematics chairperson, an additional nine credit hours of upper-division mathematics. The discipline chosen for the minor will reflect a student's post-baccalaureate goals. The department recommends completing a minor in the natural sciences (astronomy (<http://catalog.wcupa.edu/undergraduate/sciences-mathematics/earth-space-sciences/astronomy-minor/>), biology (<http://catalog.wcupa.edu/undergraduate/sciences-mathematics/biology/biology-minor/>), chemistry (<http://catalog.wcupa.edu/undergraduate/sciences-mathematics/chemistry/chemistry-minor/>), earth science (<http://catalog.wcupa.edu/undergraduate/sciences-mathematics/earth-space-sciences/earth-science-minor/>), geology (<http://catalog.wcupa.edu/undergraduate/sciences-mathematics/earth-space-sciences/geology-minor/>), and physics (<http://catalog.wcupa.edu/undergraduate/sciences-mathematics/physics-engineering/physics-minor/>)), computer science (<http://catalog.wcupa.edu/undergraduate/sciences-mathematics/computer-science/computer-science-minor/>), economics (<http://catalog.wcupa.edu/undergraduate/business-public-management/economics-finance/economics-minor/>), or finance (<http://catalog.wcupa.edu/undergraduate/business-public-management/economics-finance/finance-minor/>), but other minors may be selected with the approval of the student's advisor and the mathematics chairperson.

All mathematics major courses must be passed with a C- or better.

## Sample Course Plan

To track their individual degree progress, students are advised to access their Degree Progress Report (DPR) via myWCU regularly. For more information, visit [wcupa.edu/DegreeProgressReport](http://wcupa.edu/DegreeProgressReport) (<http://wcupa.edu/degreeprogressreport/>).
